Vote: 2 to 0 to 3 (abstentions)

### **Continuation of Public hearing Decas Co. Mayflower Rd.:**

Chairman Garretson stated the continuation of the hearing from the prior week. Ian Ward stated that they would like to substitute the plan which would decrease the potential to effect neighboring wells. He stated that the DPW suggested a larger buffer. Scott Hannula discussed moving around the corner of the original site, not touching the water hole at this time, a three year time frame which would not begin until site A was finished. He indicated that he would like to begin possibly around the beginning of next year. Chairman Garretson stated that the rules from the original order of conditions from site A would apply. He also indicated that the 50 trucks per day rule would apply regardless of which part of the project was under construction. Chairman Garretson also requested that he receive correspondence from John Woods regarding his recommendation for the buffer area. He also requested that Scott Hannula notify him when he begins this part of the project. B. Ieronimo motioned to approve the permit for site C with the existing conditions for Site A; 240,000 yards of removal over a 3 year period, 50 truck loads per day where a right turn only is enforced and also utilizing recommendations from John Woods is used regarding the buffer,
