The Carver, Marion, Wareham Regional Refuse Disposal District is estimating that **the cost of a transfer station sticker could increase in 2021 to approximately \$250-\$300.** Covanta/Semass has been subsidizing the cost for the last 30 years and that will end in 2020. The transfer station is run by the Carver, Marion, Wareham Regional Refuse Disposal District. This is not a Town of Carver operation, it is a separate regional governmental body.
