TOWN OF CARVER
COMMUNITY PRESERVATION COMMITTEE

General Criteria

The Carver Community Preservation Committee requires that all proposed projects be eligible for CPA funding according to the requirements described in the CPA legislation. As a requirement of the legislation, a minimum of 30% of the available funds will be allocated for open space, affordable housing and historical preservation (10% each). If not spent in a fiscal year, these funds will be reserved for future projects in these categories. Projects will be evaluated according to the following criteria:

- Are consistent with the Master Plan, Open Space and Recreation Plan and other planning documents that have received wide scrutiny and input and have been adopted by the town;
- Preserve the essential character of the town as described in the Master Plan;
- Save resources that would otherwise be threatened and/or serve a currently under-served population;
- Either serve more than one CPA purpose (especially in linking open space, recreation, and community housing) or demonstrate why serving multiple needs is not feasible;
- Demonstrate practicality and feasibility, and demonstrate that they can be implemented expeditiously and within budget;
- Provide the best value for the Town;
- Leverage additional public and/or private funds;
- Preserve or utilize currently owned town assets; and
- Receive endorsement by other municipal boards or departments.

NOTE: Community Preservation Act funds may not include maintenance of real or personal property or the use of land for a stadium, gymnasium or similar structure. Please refer to the Community Preservation Coalition web-site at www.communitypreservation.org for more detailed information.
