

# The Town of Carver is at **MODERATE RISK** for **WEST NILE VIRUS**

**PLEASE BE ADVISED THAT THE OUTDOOR BAN HAS BEEN LIFTED.**

Mosquitoes may continue to be active well into the fall and risk for mosquito-borne illness will continue until the first hard frost in your area. Hard frosts occur when temperatures fall below 28 degrees for several hours.

## **Do all you can to prevent the bite:**

- **Avoid outdoor activities Dusk to Dawn**
- **Wear Insect Repellant when outdoors, Even during the Day!**
- **Remove Standing Water**
- **For More Information:**
  - **See the MA Department of Public Health web site: [www.mass.gov/dph](http://www.mass.gov/dph)**
