APPROPRIATION FOR 1879.

The following appropriations are recommended by the Selectmen:

Support of schools,	\$1,200 00
Support of poor,	1,300 00
Repair of highways,	1,170 00
Repair of bridges,	200 00
Repair of school-houses, and incidentals,	50 00
Total appropriations recommended,	<u>\$3,920 00</u>
Income from Corporation and Bank tax estate,	<u>1,000 00</u>
Amount to be assessed,	\$2,920 00

SCHOOLS.

There stands to the credit of schools a balance of \$40, after paying the expenses, all the schools being closed. On consultation with a member of the committee, it was thought advisable to have eight months school the present year, which is the same

as last, and as the estimated cost per month is \$200.00, it will require \$1,600 to support the schools that length of time. It is safe to say that we shall receive \$300 from the State School Fund and license of dogs, while \$100 is available annually from the Pratt Fund, which added together, gives us \$400, leaving \$1,200 to be raised by assessment, according to our estimate.

POOR.

The expenses of the poor the past year, have not been so large as anticipated, being some \$400 less than the previous year, consequently we have a balance of \$356.22 unexpended, estimating the expenses the present year at \$1,600. We ask for an appropriation of \$1,300.

It was thought advisable to cut the lumber and wood standing in the swamp on the town farm, as it was dying out from flowage, the expense of which has been charged in the poor account. The white pine logs have been sold; the cedar stuff will be; while the wood was hauled up to the Almshouse to be used there. The estimated value of the same is \$75.00.

It should be stated that the expense of cutting and hauling this lumber is charged in the expense of the poor at the Almshouse, as is also the cost of maintaining 181 tramps over night the past year.

Sally Denham, Patience Robbins, and Willard Sears have been supported at the Almshouse the whole year, and Allen Bennett, 7 weeks.

HIGHWAYS.

The appropriation of \$1,170 last year, proved quite sufficient for repair of highways, surveyors as a rule expended the money faithfully. We heard no unusual complaints of bad roads. We call for the same this year.

That piece of road widened and straightened by the Selectmen, in Wenham, has not been worked, owing to the committee in charge not finding any one who would contract to do the work according to their specifications for the sum appropriated.

BRIDGES.

It will be necessary to have an appropriation of \$200 for repair of bridges this year, as some of our largest bridges are out of repair.

SCHOOL HOUSES AND SCHOOL INCIDENTALS.

We ask for an appropriation of \$50 to meet the ordinary wear and tear of the school-houses; should the town order specific changes, a larger sum will be required.

ALMSHOUSE.

Our Almshouse was found early in the summer leaky to that extent as to require re-shingling and some other repairs, which have been made at an expense of about \$75.00.

At the commencement of the year it was thought that we should not hold our own financially, at the end of the year, as the town ordered a less sum by about \$500 assessed than recommended; but a fortunate turn in circumstances lessens the balance in favor of the town only a little more than \$200, and leaving it at present at about \$2,900. Our tax rate, \$7 per \$1,000, was the lowest for twenty years, and is likely to be equally as low the present year.

In conclusion, it may not be out of place for your chairman to say, that he thanks the people of Carver for the generous support that he has received at their hands for the past fifteen years of continuous service; a support which has been one among other incentives to a faithful performance of duty, but owing to circumstances, he feels compelled to decline a re-election.

Respectfully submitted,
