REPORT OF THE SELECTMEN

Citizens of Carver:—

The Selectmen submit their annual report for the year ending December 31, 1917, conveniently indexed, and containing such other items as may be of interest, the most interesting of all doubtless will be the fact that we report but few overdrawn accounts.

REPORT OF THE LOCAL MOTH SUPERINTENDENT.

Our work of 1917 consisted almost entirely of protection work to the cranberry bogs. And I think a great deal of good was done for the bog owners. We are now starting January 28th to continue the bog work as there are some few bog owners, who have not yet had any work done around their bogs.

I would like to say here, that the State Department wishes it to be made plain to the bog owners, that it would be impossible for anyone to get more protection, that has already once had his shores cut and cleaned up, and has not kept them from growing up again.

In regard to Arsenate of Lead after taking the matter up with the Selectmen and Cranberry Committee we decided to use the State lead as we did not feel that it would be advisable to ask for an appropriation of about nine hundred dollars (\$900) the difference between the State and other Manufactures prices, and nearly all other towns are using it.

While the last spraying season was not the most satisfactory we must remember that we lost the first two weeks on account of rainy weather, which is the best part of the season to get results as the Moths are small and easy to kill.

The four small sprayers are in the factory being over-hauled and with good weather conditions we hope for better results the coming season.

HERBERT F. ATWOOD,
Local Superintendent.

The average number of pupils in all the schools, including High and elementary, for the past ten years has been 204. The average number of pupils in the High School for the same time has been 23. There has been an average of 11 pupils in every 100 in the High School for the past ten years.

Ten years ago 7 pupils in every 100 were in the High School. Today 16 pupils in every 100 are in the High School. There has been a gain of 229 per cent. in High School attendance in the past ten years.

Miss Viola Merrifield resigned from the High School in June 1917. She was assistant in the school from September 1911 to June 1914, and principal from September 1914 to June 1917. She was thorough in her work and a highly efficient teacher. The school steadily improved during the three years of her principalship. The present teachers speak highly of the condition of the school, and the excellent work that has been done by Miss Merrifield and her assistants.

There have been a number of changes in teachers since the

close of the last school year in June, 1917. Mrs. Lulu Pratt was transferred from the East school to the North Primary. She has resigned, and her place is taken by Mrs. Emma S. Smith of Taunton. Miss Cora Shannon resigned from the Centre Grammar, and was succeeded by Mrs. Mildred E. Shaw. Miss Ina Durling resigned from the South Grammar, and was succeeded by Miss Mary McGrath of Fall River. Miss Amy Felton resigned from the South Primary, and Miss Elizabeth Tillson was transferred from the Bates Pond to that school. Miss Tillson was succeeded at Bates Pond by Miss Bertha Richmond of North Middleboro. Miss Abbie Nickerson resigned from Popes Point, and was succeeded by Miss Zelda Goodwin of Rayham. Miss Merrifield and Miss Phinney were succeeded by Mr. Walton S. Hall of Malden and Miss Adrienne Fitts of Medfield. The present teachers are:—

North Grammar, Mrs. Helen C. Griffith, Carver, Mass.; North Primary, Mrs. Emma S. Smith, Taunton, Mass.; Center Grammar, Mrs. Mildred E. Shaw, Carver, Mass.; Center Primary, Miss Alice M. Russell, Northampton, Mass.; South Grammar, Miss Mary McGrath, Fall River, Mass.; South Primary, Miss Elizabeth Tillson, Carver, Mass.; Bates Pond, Miss Bertha Richmond, North Middleboro, Mass.; Popes Point, Miss Zelda Goodwin, Raynham, Mass.; High School, Mr. Walton S. Hall, Malden, Mass.; High School, Miss Adrienne Fitts, Medfield, Mass.

The East Carver school was closed at the end of the year in June, and the pupils were carried to the north schools. There were nine pupils in the school.

The Center schools together have but 26 pupils. The Popes Point school has 24 pupils. The three schools have 50 pupils. These three schools should be merged into two, until a change in numbers of pupils make it advisable to return to the three schools. The South schools have 38 pupils, and the Bates Pond has 21. The three schools have 59 pupils. These three schools also should be merged into two for the present. These

changes would benefit the pupils, and the cost would not be increased. Satisfactory transportation would probably cost less than teaching, care of the buildings, fuel and repairs.

There is an unavoidable increase in the cost of maintaining schools, which can be met only by increased appropriation. I ask your consideration of the following extract from a letter by the Massachusetts Commissioner of Education, sent to school officials throughout the state.

“With the approach of the annual town meetings, when the question of appropriations is to be taken up, our people should give thoughtful attention to the unusual conditions confronting the schools. Increased costs in every direction bring the towns and cities face to face with the necessity of increasing school appropriations for the coming year. The schools have never before required more thoughtful attention to their needs, and it will not be safe to handicap them with a policy of retrenchment.

It is worthy the attention of the American people that, in spite of enormous expenditures for war purposes, France is giving unprecedented attention to her public schools, and England, for the current year, increased her expenditures for public schools 30 per cent. over that of any preceding year.

In the school year of 1915-16, Massachusetts expended approximately \$27,000,000 for public education. This amount was increased to \$28,500,000 for the school year of 1916-17. This increase of approximately 6 per cent. shows the serious intention of our people to maintain a vigorous educational policy. In view of the present situation Massachusetts can not afford to relax in any degree her efforts to carry on her schools at highest efficiency.”

In addition to the increased cost of maintaining schools the situation is further complicated by a shortage of teachers, which is revealed by an investigation by the board of education, and which is apparent on attempting to fill vacancies that occur. This is attributed by the commissioner to teachers

leaving their positions for better paid ones offered by the government and private concerns. This should be considered in fixing salaries for another year.

Respectfully submitted,

C. W. HUMPHREY,

Carver, Mass., January 1, 1918. *Superintendent of Schools.*

It is desired that the above named committees cooperate with the different organizations in the Town of Carver and with all individuals as far as possible, and that all cooperate with the said Committees and with Mr. Henry S. Griffith who has lately been appointed Food Administrator by Mr. Charles P. Holland, Food Administrator for Plymouth County.

There is abundant proof before the people of our town that Food Will Win the War, that it must be produced and distributed in enormous quantities, consequently fuel is needed in

large quantities in the transportation of the same to those who will otherwise starve to death.

Shall we not therefore lay aside all desire for individual or social agandizement and work as never before to win Life and Freedom for ourselves, for our State and Nation, and for those abroad.

We recommend that the difference between the overdrafts and balances on hand Dec. 31, 1917, and those of Dec. 31, 1918, and all unappropriated incomes to different departments be turned into the Treasury at the close of business on said dates to be used by the Assessors to reduce taxation; and that the town make sufficient appropriations to meet all current expenses, so as to begin each year's work with a clean slate.

ELLIS G. CORNISH,
HERBERT A. STANLY,
HENRY S. PINK,

Selectmen of Carver.
