

ANNUAL REPORT
OF THE
TOWN OFFICERS
OF THE
Town of Carver

For the Year Ending December 31

1922

Annual Town Meeting March 5, 1923,
at 8 A. M.

Theron M. Cole

Theron M. Cole, son of Harrison G. and Lucy (Chase) Cole, was born in Carver Oct. 13, 1843. His ancestors were mill men and when he was born Cole's Mill was a land-mark of the town. Thus Mr. Cole fell naturally to the life of a mill man, increasing the facilities of his mill and continuing the manufacture of box boards, shipping boxes, barrels, etc., with pronounced success.

Although never aspiring to public positions, he was actively interested in public affairs and in all movements that had the well-being of the world for a purpose. He was specially interested in local history and he could talk entertainingly of characters and homesteads that have been hidden by the ravages of Time.

Mr. Cole was a patriot and his patriotism began at home. He loved his family, his town, and his country. He was essentially a Carver man; he loved the town and he never expressed a desire to leave it. He loved his work; his soul was in the shops, the woods, the fields, the meadows, the brooks, all of which he mobilized for help in his life-work.

						(uninvested \$7.99)
	\$7,100.00	\$2,139.07	\$452.25	\$159.45	\$2,431.87	

That there is an accumulated income in the funds of Charles W. Griffith, Ellis Griffith, Thomas B. Griffith and Joseph Pratt funds that is difficult to expend under the law presents an unusual

condition. In the first two funds named it will be noticed that the accumulated income exceeds the principal. These incomes have reached a dangerous point and the officials of Union Cemetery should try to solve the problem before it gets beyond their control.

REPORT OF THE LOCAL MOTH
SUPERINTENDENT

Office of
THE BOARD OF SELECTMEN
Carver, Mass.

NOTICE TO PROPERTY OWNERS

You are hereby required on or after January 1, 1923 to destroy the gypsy and brown tail moths on your property in this town.

This notification is in accordance with Chapter 381, Acts of 1905, as amended by Chapter 268, Acts of 1906, which require cities and towns to destroy the eggs, caterpillars, pupae and nests of the gypsy and brown tail moths

under heavy penalty for failure to comply with the provisions of the law.

If a property owner fails to destroy such eggs, caterpillars, pupae and nests, then the city or town is required to destroy the same, and the cost of the work, in whole or in part, according to the value of the land, is assessed upon and becomes a lien on the land. (See Section 6, Chapter 381).

The Selectmen ask owners and tenants to co-operate with the town in its work on highways and other public grounds by doing effective work on their premises. Citizens who have cleaned their premises of the moths, but find their trees endangered by the neglect of owners of adjoining estates should make complaint to the Selectmen. The infestation of a residential neighborhood by the neglect of a few will not be tolerated.

The eggs of the gypsy moth should be destroyed at once with creosote. They should never be scraped off the object on which they are laid. Careful search should be made for gypsy moth egg clusters, not only on trees but also on house walls, stone walls, fences and in rubbish heaps, etc. Trees in which cavities occur and which it is not desirable to cut should have the cavities tinned or cemented. This is important. The present and future cost of combating this insect can be greatly reduced by cutting and burning worthless brush, hollow trees etc. A few trees well cared for are more valuable to the property owner and the community than a large number of neglected trees.

The nests of the brown tail moth should be cut from the trees, carefully collected and burned in a stove or furnace.

Full instructions as to best methods of work against the moths may be obtained from the Local Superintendent, James S. McKay, or from the State Forester, State House, Boston, Mass.

Work done by contractors should be inspected and approved by the local superintendent before payment for the same is made.

HERBERT A. STANLY,
HENRY S. PINK,
JESSE A. HOLMES,

Selectmen.

CONSTABLES' REPORT FOR THE YEAR ENDING
DECEMBER 31, 1922

Constable Work

--------------------------	---------

The School Committee wish to thank the Superintendent, the Finance Committee, and the people in general for their co-operation which has made it possible to do many things for the best interests of the schools which otherwise could not have been accomplished. New steps need to be taken to further safeguard the health and general welfare of our boys and girls.

ALICE G. SHAW

ELLIS G. CORNISH

CHARLES H. ATWOOD, 2nd.

School Committee of Carver.

REPORT OF THE SUPERINTENDENT OF
SCHOOLS

To the School Committee of Carver :

I herewith submit my third report as superintendent of the Carver Public Schools.

We were very fortunate to be able to retain the larger part of our last year's teaching force. No matter how good the equipment, no matter how interested the pupils,

the success of our schools depends on the ability of the teacher. A school may have everything needed in the way of equipment, but with a poor teacher the school will be a failure. The Carver teachers have worked faithfully the past year to improve the standard of our schools and have spared no pains to accomplish all that was planned for them to do. It is a real pleasure to work with such an enthusiastic and faithful body of teachers.

At the end of the school year in June Miss Prendergast, Miss Perkins, Miss Bassett and Mrs. Shurtleff resigned. To fill these vacancies we engaged Miss Mildred Sprowl, Miss Frances Cornish, Miss Mary Eldredge and Miss Elizabeth Sampson. By means of teachers' meetings and by personal conference the new teachers were able to take up the work of those who had resigned without loss of time or effort.

The work at the High School has gone along this year in a very satisfactory manner under the direction of Mr. MacLeod. Excellent discipline has been maintained, the spirit of the school has been good and the results obtained satisfactory. I hope the day may soon come when our high school may expand by the addition of the new courses of study in addition to those already in the school.

At the present time but one course is available. This of course is strictly academic, fitting pupils for college or normal school but making no provision for the boy or girl who wants a vocational training. To a pupil who wishes to pursue a business career a course like ours offers little of interest. I do not have much sympathy with those who would compel every child to take the same course, no matter what he was planning to do after leaving school, nor do I have any use for those courses which teach only carpentry or brass pounding. A wisely administered course, planned to give a pupil training in those fundamental subjects that all should have and also training along the lines of his inclination will be most satisfactory to all. It is useless to

force a pupil through Latin and Geometry if he has no desire to learn them, sees no value in them and is simply serving time until he can take up work that appeals to him. "Whether the causes of leaving school and going to work is economic pressure in the home or lack of interest in school, the unfortunate result to the child is the same. Some way must be found not only to make it possible for the poor family to keep its children in school, but for the school to keep the interest of the restless pupil.

I believe a business course would be of great assistance in keeping some of our boys and girls in high school. I would not like to see such a course established unless it was a good one, taught by a capable teacher. I should hope that only those pupils who were fitted for such work would take this course. I would also have the first two years of this course devoted to practical work in English, History and Mathematics, and the last two years devoted to intensive work in Stenography, Bookkeeping, Arithmetic and Typewriting. Of course nothing can be done at the present time as we have not enough room for our present work. It would be better to have no business course than to begin it without the proper place, proper equipment and proper teaching. I had hoped that by this time some steps might have been taken to bring all the schools of the town to one building. When this is done we can allow sufficient room for high school puposes. With three teachers in the high school the work could be reorganized to improve the work of the school.

Last year I devoted nearly all my report to the matter of school consolidation. I believe that we cannot advance much more until we have done something to do away with duplication of work. If two schools have five pupils in a certain grade far better results will be obtained if they are combined into one grade of ten pupils. In one of our schools there is a first grade of one pupil. The teacher is compelled to take away time from fifteen others to allow

this pupil to recite. The child has no interest in the work because there is no rivalry in the class. The teacher cannot become very enthusiastic hearing one pupil recite. It amounts to private tutoring for this pupil. At the same time within a mile and a half from this school there is a large first grade where this pupil would receive much more time and attention and would have the spirit of emulation created through trying to keep on even terms with the other members of the class. It does not seem wise to take time from a large group and devote it to a small group when the smaller number could be better accommodated at another school. The present plan of grading is a decided improvement over the old plan in force when I first came to this district but needs to be further developed to be fully satisfactory.

A new departure this year has been the establishment of courses in millinery and dressmaking. So much interest was shown by the ladies that three classes in millinery and three in dressmaking were successfully conducted last spring. We were fortunate in securing competent instructors to teach the classes. By the accompanying table the work of these classes is shown. I feel that courses of this kind are very beneficial and should be continued. It should be understood that we are desirous to make these courses reach all the ladies in town. Every one is invited to join. Under no circumstances must the impression be gained that this work is only for a few.

Mrs. Eleanor Shaw, Mrs. James McKay and Mrs. Alice Shaw have been of great assistance in making these courses a success.

Place	Course	Number of pupils	Cost of materials	Value of Completed product
North	Dressmaking	12	\$106.97	\$414.00
North	Millinery	10	44.50	180.00

North Dressmaking	12	34.27	110.00
Centre Dressmaking	12	23.95	91.18
South Dressmaking	16	46.24	143.00
Total cost of courses			\$188.97
Reimbursement from State			94.49
Net cost to town			94.48
Cost per pupil			1.33

Last spring the State Board of Education required from each city and town an enrollment list by age and grade. I have added this at the end of this report. As our pupils enter school at the age of five and one-half years the rate of progress may be seen by studying this table. I also want to speak in praise of the pupils who have had perfect attendance for the year or a part of a year. Pupils who gain the habit of punctuality have acquired a habit that will be of great help to them in business life.

All the schools have made greater efforts to decrease inattendance. The pupils at Popes Point have been very much interested in good attendance. Only a case of sickness will cause a pupil from this school to remain at home.

In closing this report allow me to thank you for your uniform kindness and consideration. I have thoroughly appreciated all that you have done to assist me and to aid me in making the school year successful.

Respectfully submitted,

W. J. B. MACDOUGALL,

Superintendent

Membership by Age and Grade, April 1, 1922.

(EXCERPTS FROM TOWN MEETING RECORDS)
(March 6)

Voted that taxes become due Oct. 15.

Voted that the dog fund be appropriated for the use of the schools.

Voted that it is the opinion of the townspeople that the compensation for labor on the highways be less than last year.

Voted that the School Committee be authorized to establish and maintain State-aided vocational education in accordance with the provisions of Chapter 74, General Laws, and that said Committee be further authorized to expend for this purpose a sum not to exceed Three Hundred dollars.

Voted to rescind that part of the town's action under the warrant for the last annual town meeting whereby it was voted that no member of the Finance Committee, after his or her term has expired, shall be eligible to reappointment until after a period of three years.

Voted to adopt the following town by-laws as reported by the By-Law Committee:

Art. 1.

The annual town meeting shall be held the first Monday in March, except that the Selectmen may, at their discretion, call it at a later date in March or April.

Art. 2.

The town warrant shall be posted in the town hall and in each post office in town.

Art. 3.

All by-laws shall take effect on their adoption by the town and by the approval of the Attorney General.

Art. 4.

The Moderator shall be elected for one year, the name to appear on the official ballot.

Art. 5.

The powers and duties of the presiding officer not especially provided for by law shall be determined by rules of practice as contained in Cushings' manual so far as they are adapted to the conditions and powers of the town.

ART. 6.

The Selectmen shall be elected, one for one year, one for two years and one for three years, and annually thereafter one shall be elected for the term of three years.

Art. 7.

The yards of field drivers shall be town pounds providing the field drivers are chosen pound keepers.

OWNERS OF DOGS LICENSED IN 1922.

TOWN MEETING, WARRANT

Art. 1. To choose a Moderator to preside in said meeting.

Art. 2. To see if the town will authorize the Town Treasurer, with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year, beginning January 1, 1923.

Art. 3. To see if the town will authorize the Selectmen to prosecute, compromise or defend any suits for or against the town.

Art. 4. To decide when taxes shall become due.

Art. 5. To see if the town will make the yards of field drivers town pounds, provided they are also chosen pound keepers.

Art. 6. To see if the town will make an appropriation for a police force, or act anything thereon or thereto.

Art. 7. To choose all necessary town officers not elected by ballot.

Art. 8. To see what disposition the town will make of the dog fund.

Art. 9. To raise and appropriate such sums of money as may be necessary to defray town charges the ensuing year.

Art. 10. To choose all necessary town officers. The following officers to be voted for all on one ballot viz: Town Clerk, three Selectmen, Treasurer, Collector of Taxes, three Overseers of the Poor, three Auditors, three Constables, one Tree Warden, three Herring Committeemen, each for one year, one Cemetery Commissioner for one year, two Library Trustees, one Assessor, one School Com-

mittee, one Road Commissioner, one Park Commissioner, one Cemetery Commissioner each for three years, one Cemetery Commissioner for two years, and to vote by ballot "yes" or "no," in answer to the following questions: "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?" "Shall the town petition for the installation of an accounting system by the Commonwealth? (This question is submitted under the provisions of Chapter 516, Acts of 1922.)"

Art. 11. To see what pay the town will vote the Treasurer, Collector of Taxes and other town officers for the ensuing year.

Art. 12. To see what compensation the town will vote for labor and teams on the highways, and act thereon.

Art. 13. To see if the town will raise and appropriate a sum of money for the observance of Memorial Day, and act thereon.

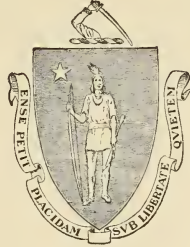

Art. 14. To see if the town will accept the report of the Selectmen, and other town officers.

Art. 15. To see if the town will vote to raise and appropriate a sum of money not exceeding \$4,500.00 for the purpose of resurfacing with a Bituminous top or otherwise improving Main street, provided an allotment is received from the State, and act thereon.

The Commonwealth of Massachusetts

DEPARTMENT OF CORPORATIONS
AND TAXATION

DIVISION OF ACCOUNTS

REPORT OF AN AUDIT

OF

THE ACCOUNTS OF

TOWN OF CARVER

For the Period January 1, 1921, to
November 8, 1922

Made in Accordance with the Provisions of Section 40,
Chapter 44, General Laws

January 25, 1923

Department of Corporations and Taxation
 State House, Boston.
 Henry F. Long, Commissioner

Division of Accounts
 Director of Accounts
 Theodore N. Waddell

January 25, 1923.

To the Board of Selectmen,
 Mr. Jesse A. Holmes, Chairman,
 Carver, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the accounts of the town of Carver for the period January 1, 1921 to November 8, 1922, made in accordance with the provisions of Section 40, Chapter 44, General Laws. This report is in the form of a report made to me by Mr. Edward H. Fenton, Chief Examiner of this Division, who was placed in charge of the work.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts.

Mr. Theodore N. Waddell,
 Director of Accounts,
 Department of Corporation and Taxation,
 State House, Boston.

Sir:—

In accordance with your instructions and pursuant to the provisions of Section 0, Chapter 44, General Laws, I

have made an audit of the accounts of the town of Carver and submit the following report:

The books and accounts of the treasurer were examined and checked in detail. The recorded receipts were checked with records in the several departments collecting money for the town, and the payments were checked with the selectmen's orders authorizing the treasurer to disburse town funds.

The cash on hand was verified by an actual count and the bank balance was proved with the statement furnished by the bank.

The books of the tax collector were examined and checked. The commitments were checked with the warrants and it was found to be necessary to foot and adjust each commitment book to prove the taxes and reconcile the outstanding accounts. The payments to the treasurer were verified and the outstanding accounts listed and verified.

The outstanding accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing to the town, and from the replies returned I am satisfied that the accounts are correct.

The appropriation accounts were checked with the town clerk's records of appropriations voted by the town, and it was found that several accounts had been overdrawn. In this connection attention is called to Section 31, Chapter 44, General Laws, which reads as follows:

No department of any city or town, except Boston, shall incur liability in excess of the appropriation made for the use of such department, except in cases of extreme emergency involving the health or safety of persons or property, and then only by a vote in a city of two-thirds of the members of the city council, and in a town by a vote of two thirds of the selectmen.

The board of selectmen in a town is, in realty, the

director of the Municipal Corporation, and should have at its service books and records which will furnish complete information as to the finances of the town, in order that as much time as possible may be given to selecting the work most essential to be done with the means at hand. Every department official responsible for the expenditure of money should be constantly advised of the amounts expended and the amounts available for the balance of the year, and should plan the work of the department accordingly.

The surety bonds given by the treasurer and collector for the faithful performance of their duties were examined and found to be in proper form. No bond was provided for the town clerk, as required by Section 13, Chapter 41, General Laws, which reads as follows:

Every town clerk shall, within ten days after his qualification, give bond to the town for the faithful performance of his duties, in such sum and with such sureties as the selectmen may approve. If he does not give bond within the time prescribed, the selectmen may declare the office vacant and fill the vacancy in the manner prescribed in the following section.

The records of the town clerk's department were checked in detail, the records of licenses and permits issued being compared with the receipts shown by the cash book. The records of dog, hunting and fishing licenses were examined, and the reported payments to the County and the State were verified.

The investments of the several trust funds in the custody of the treasurer were examined and checked, and a summary of the receipts and expenditures on account of the same was prepared.

Appended to this report are tables showing a reconciliation of the treasurer's cash, summaries of the tax, moth,

public library, and public trust funds accounts, together with a general balance sheet showing the condition of the town's finances as of November 8, 1922.

While engaged in making the audit, I received the hearty co-operation of the several town officials, and on behalf of my assistants and for myself I wish to express my appreciation for the courtesies received and the assistance rendered.

Respectfully submitted,

EDW. H. FENTON,

Chief Examiner.
