TO THE VOTERS OF THE TOWN OF CARVER

In connection with the appropriation made at the annual Town Meeting on March 2nd, 1925, relative to the purchase of Fire Equipment for the Town of Carver, the selectmen beg to advise you that after due consideration and a careful investigation, it was thought advisable to again consult the town before entering into an expenditure of \$1,800.00 for apparatus which in their opinion might prove unsatisfactory in serving the needs of this town.

Our investigation has led us to believe, that as first aid towards the protection of fire in this town that the purchase and careful distribution of a proper number of hand extinguishers would not only save the town money, but would be a step forward towards solving the fire question of this town.

HAROLD E. CARLETON,
HERBERT A. STANLEY,
JESSE A. HOLMES,
Selectmen of Carver.

NOTICE TO PROPERTY OWNERS.

You are hereby required on or after January 1, 1926, to destroy the gypsy and brown tail moths on your property in this town.

This notification is in accordance with Chapter 381, Acts of 1905, as amended by Chapter 268, Acts of 1906, which require cities and towns to destroy the eggs, caterpillars, pupae and nests of the gypsy and brown tail moth, under heavy penalty for failure to comply with the provisions of the law.

If a property owner fails to destroy such eggs, caterpillars, pupae and nests, then the city or town is required to destroy the same, and the cost of the work, in whole or in part, according to the value of the land, is assessed upon and becomes a lien on the land. (See Section 6, Chapter 381).

The Selectmen ask owners and tenants to co-operate with the town in its work on highways and other public grounds by doing effective work on their premises. Citizens who have cleaned their premises of the moths,

but find their trees endangered by the neglect of owners of adjoining estates, should make complaint to the Selectmen. The infestation of a residential neighborhood by the neglect of a few will not be tolerated.

The eggs of the gypsy moth should be destroyed at once with creosote. They should never be scraped off the object on which they are laid. Careful search should be made for gypsy moth egg clusters, not only on trees, but also on house walls, stone walls, fences and in rubbish heaps, etc. Trees in which cavities occur and which it is not desirable to cut, should have the cavities tinned or cemented. This is important. The present and future cost of combating this insect can be greatly reduced by cutting and burning worthless brush, hollow trees, etc. A few trees well cared for are more valuable to the property owner and the community than a large number of neglected trees.

The nests of the brown tail moth should be cut from the trees, carefully collected and burned in a stove or furnace.

Full instructions as to best methods of work against the moths may be obtained from the Local Superintendent, James S. McKay, or from the State Forester, State House, Boston, Mass.

Work done by contractors should be inspected and approved by the local superintendent before payment for the same is made.

HAROLD E. CARLETON,
JESSE A. HOLMES,
HERBERT A. STANLY,
Selectmen.

THE SUPERINTENDENT'S REPORT.

To the School Committee of Carver :

I have the honor to submit my third annual report. The past year has been one involving greater advances in the school policy of the town than have occurred in the history of the department. These have been brought about through the hearty cooperation of your honorable board and the citizens' committee working so earnestly for the best interest of the children of Carver.

By the decision of the town to send the High School pupils to Plymouth and Wareham, these pupils are afforded the opportunity to secure a broader and better education than could possibly be given in town even though the teaching force had been increased. Furthermore the vacating of the former High School building has enabled us to grade the elementary pupils to better advantage and give a single grade to a teacher. This means more than doubling the time which each pupil receives and permits of much better individual attention.

The results of the administration of the Dearborn Intelligence Tests, the Lippincott and the Stanford Achievement Tests show that there will be next year fifteen or more children, three or more years behind their normal grade. This will, under Section 41, Chapter 71, of the Revised Laws of Massachusetts, require that these children be placed in a special class and in this way relieve the regular class. These pupils can be cared for in one of the unused buildings or in the Center, inasmuch as the pupils in grades five, six and seven will next year be in each case over thirty, making it necessary to provide two extra rooms. This can probably best be done by

making an addition to the present Center building and using the rear room for the special class work.

IMPROVEMENTS

The changes in the heating and ventilating at the North and South Schools have been a great benefit. Sinks are very much needed at both the Center and the North to prevent overflow from the bubblers damaging the floors, as well as to make it possible to wash properly.

CHANGES IN THE TEACHING FORCE

Miss Margaret Robinson resigned to accept a position in Westboro. The pupils of Bates Pond were transferred to the Center, and grade five was assigned to Mrs. Marion Shaw. Mr. Cornish, who had finished the year at the North, taking the place of Mrs. Richter, who resigned because of serious illness, was elected principal of the Barnstable Grammar School. Miss Marjorie Griffith was chosen for the sixth grade.

REVISION OF CURRICULA AND IMPROVEMENT OF TEACHING

Teachers have attended the Institute at Middleboro and the Association meeting at Brockton, and local meetings have been held for the discussion of work and the general management of the schools. This fall the Franklin Course in Drawing was introduced. Mr. Adams, the author, has held meetings of the teachers giving suggestions for the advancement of the work. The course is thoroughly sound and is producing greater results than we anticipated, due to the enthusiasm and conscientious work which the teachers are manifesting. All speak highly of the course, and the children show a vital interest in the work. The training in this subject now shows a carry-over in other lines and in the home.

The course of study in Geography is in process of revision and the outlines with suggestions as to method are issued in type-written form for the sixth grade; other grades will be given out in the near future. In all such revision the effort is being made to stimulate thought, train the pupils to reason rather than merely cram the memory as so much of the work in previous years has tended to do.

HEALTH

The School Nurse has assisted the School Physician at the annual examination and reports the following:

School visits, 19.

Home visits, 50.

Children with enlarged tonsils, 20.

Children with decayed teeth, 100.

Children 10% under-weight, 50.

The condition of the teeth would seem clearly to call for a dental clinic. Some arrangement might be made with the dentists of Plymouth whereby our children could be treated, going with the nurse, or a dentist might give a day a month at the Town Hall. The benefits of care of the teeth are so well determined that it would seem as though the town ought not to allow nearly fifty per cent. of the school children to suffer from neglect.

HOUSEHOLD ARTS

The State Department has notified us that the work as carried out in Carver has not been developing as it should to warrant its continuance. New members have been too few, and the attendance of old members has been less regular than is expected. In consequence the work has been discontinued. Those who have been accustomed to attend could well get together under the direction of the County Agents of the Farm Bureau for further work.

STANDARD AND ACHIEVEMENT TESTS

In order to determine the ability of the pupils and bring about a better grading, the Dearborn Intelligence Tests were given in the Spring, and the grading in September was based as far as possible upon the results, in conjunction with the regular marks for the year.

In October the Stanford Achievement Test was given to all pupils above Grade three. This test seemed the best available among many for our purposes. The results of all the tests will be used not merely to gratify curiosity as to how our pupils stand with reference to other schools, but to give a better basis for classifying pupils according to their attainments in the different subjects. Whenever such tests are given, it is always found that there is a wide range of attainment of the pupils of a given class, and by re-classifying them so as to reduce this range, it is possible to increase the efficiency of instruction by fitting it more nearly to the needs of the individual pupil.

In analyzing the results of the tests, the *educational age* based on the complete scores as well as the subject scores, was worked out and these results are taken into account in the grading for the coming year rather than the grade norms, since the efficiency of a school should be judged by what it accomplishes by any given age rather than what each grade does. A pupil who shows at the end of the year an educational age as much as twelve months or more higher than the average for the grade should ordinarily be given an extra promotion. To hold back a pupil whose educational age, i. e., his ability to do work of older pupils, is shown to be two or three years in advance, because he has not been through the traditional steps, is doing him a grave injustice. To hold such pupils back often leads to habits of indolence, as the work makes no real demands upon their abilities.

The results for the schools and grades in the October test are shown in the following table:

	Reading Tests		Arithmetic Tests		Science	Hist.	Lang.	Spell.	
	Para-graph	Sen-tence	Word-Meanings	Funda-mentals					Reasoning
GRADE VIII									
Carver	84	52	63	133	105	64	54	40	173

Stuart	58	44	42	77	48	32	15	23	109
North	59	58	39	100	64	49	26	25	111
Normal Average	62	37	41	99	58	41	25	21	107
GRADE V									
Carver	52	26	30	82	48	29	16	12	98
Rochester Center	56	38	35	87	54	29	18	16	79
Pierceville	46	38	32	79	34	29	26	17	122
Waterman	50	33	37	78	44	25	15	14	84
Stuart	50	28	33	88	44	23	9	10	93
North
Normal Average	56	31	31	81	45	26	14	15	78

Taking a comprehensive view of our results we can see that in reading our pupils need more skill in interpreting the printed page. So far we have but made a beginning in remedying this by bringing our texts in the upper grades more nearly up to date. Methods in this subject have changed more in recent years than in any other subject. Another year we should have in use more modern texts along the line of silent reading, and since the results in mathematics show that this phase of the work has been over-emphasized, we may cut down our efforts there and bend our energies to the more needed lines. Spelling has been found very satisfactory, as the text was one of unusual difficulty, and language usage is well in hand. The history and science tests were of interest in showing the lack of outside information along these lines, and opening up suggestive avenues of instruction to our teachers.

Meetings of the teachers for analysis and discussion of the result are being held, and the results of our June tests should show a better result.

In December the State-Wide Arithmetic Test was given, and we find the following results:

STATE-WIDE TEST DECEMBER, 1925

	Arithmetic														Fractions			Business Situations		
	Addition			Subtraction			Multiplication			Division			Fractions			Business Situations				
	V	VI	VII	V	VI	VII	V	VI	VII	V	VI	VII	V	VI	VII	V	VI	VII		
Carver	46	48	48	46	43	48	37	37	42	39	36	42	23	28	42	9	25	33		
Rochester Center	45	48	50	46	46	48	37	42	48	41	44	46	14	43	40	20	34	33		
Pierceville	45	50	46	46	49	49	34	36	40	29	45	45	20	34	40	21	24	34		
Waterman	46	46	48	43	45	49	38	41	47	34	40	48	20	30	42	22	30	32		
Stuart	50	50	49	45	30	12	..		
North	46	48	46	46	34	32	..		
Lakeville:																				
Assawomp	48	46	49.5	45	47	48	40	46	43	48	46	48	20	48	46	23	26	33		
North	44	48	50	39	49.6	48.6	38	42	46	35	45	49.8	18	40	41	32	27	34		
Canedy	39	49	46	43	46	47	27	40	42	23	40	44	15	44	45	24	34	36		

No standards have as yet been determined for this test. The standing can be judged by the fact that 50 represents 100 percent. In grade V the work in fractions has been given only since the beginning of the year and a rating of twenty would seem to be a satisfactory return.

Respectfully submitted,

ARTHUR B. WEBBER.

January 12, 1926.

REPORT OF THE SCHOOL COMMITTEE

Pursuant to action taken at the last Annual Town Meeting considerable attention has been given to the school property. At Center Carver the school building has been reinforced by undergirding with iron rods, new hard wood floors have been laid, new entrances have been built on the front and south side, both furnaces have been reset and the larger one fitted with a fresh air duct of the required size. At North Carver and South Carver cellars have been excavated and finished with cement, hot air heaters have been installed and pumps and water tanks have been removed from the school rooms to the cellars. The walls and ceilings of the three school houses have been treated with paint and kalsomine and more or less extensive minor improvements and repairs, some made necessary by the more important changes, have been made at each place. At North Carver tables and chairs have taken the place of desks in a portion of one room thus making it possible to accommodate a larger number of pupils and, also, facilitating the work of the teacher. Although some unforeseen expenditures were necessary it was found possible to pay all bills without an overdraft.

The report of the Superintendent of Schools shows that the staff of grade teachers will, doubtless, need to be increased at the opening of the next school year. This fact, together with a prospective increase in the number of High School pupils, makes a larger budget unavoidable. But the excess of the present askings for the support of schools over those of last year is nearly equalled

by the increased reimbursement due our town by the State under the present reimbursement law.

Our town received the sum of \$1,510.00 last year as reimbursement on account of tuition. There is reason to expect that this item will be larger this year. There will also be reimbursement, in a substantial sum, on account of transportation of high school pupils.

With the report the itemized school account is submitted.

WILLIAM I. WARD,
MAYNARD W. PETERSON,
FRANK D. COSTELLO,
School Committee.

TOWN CLERK'S REPORT

MARRIAGES RECORDED IN CARVER FOR THE YEAR 1925.

Feb. 1—John Alloria and Mrs. Emma J. Thomas.

Feb. 23—Theodore Broullard and Miss Noella Adams
of New Bedford.

June 6—Leslie M. Woodward of Framingham and Miss
Katherina L. Goetz of Boston.

June 14—Robert William Melville and Miss Viola
Hammond Shaw.

June 24—Augustus George Lattenville and Miss Irene
Bertha Weightman of Middleboro.

June 27—Leon Bertrand Shorey of Haverhill, and Miss
Priscilla Thaine Shaw.

Sept. 19—Nathaniel Francis Shurtleff of Middleboro,
and Miss Ruby Elvira Hayden.

Oct. 3—Andrew Freeman Griffith and Miss Elise My-
riva Sawyer of Middleboro.

Nov. 2—Joseph Philip Joncas of Middleboro and Miss
Minnie Elisabeth Blair.

Dec. 27—Antone Santos Resende and Miss Georgianna
Pimental.

HENRY S. GRIFFITH,
Town Clerk.

EXCERPTS FROM TOWN MEETING RECORDS

(March 2)

Voted that the building for town machinery be located on the town house lot, and that the selectmen be constituted a committee of construction of said building or buildings.

Voted: 29 yes; and 24 no.

That the selectmen of the town be authorized, at their discretion, to purchase for the town at a cost not to exceed \$1,800., a two-tank chemical engine, with motor and fire fighting equipment, and that the sum of \$1,800. be raised and appropriated for that purpose.

Voted to raise and appropriate the sum of \$500. for the purpose of housing and operating fire fighting equipment under the supervision of the selectmen.

Voted that the selectmen be instructed to secure quarters for the fire fighting apparatus in a heated garage.

Voted to adopt Art. 19 amended as follows: That the moderator appoint a committee of 13 consisting of the School Committee, 2 members of the finance committee, 2 members of the Parent-Teachers Association, and 6 other voters, who shall hold 3 public meetings and report to the adjourned town meeting what in their judgment

is for the best interests of the town in regard to school houses and schools, and their report shall be printed and sent to every voter before said meeting.

Under the above order the moderator appointed the following committee: William I. Ward, Maynard W. Peterson, Frank D. Costello of the school committee; Ellis D. Atwood and Annie G. Boardway of the finance committee; Reba A. Murray and Helen M. Carleton of the Parent-Teachers' Association; and Cordelia F. Pink, Mary R. L. Goetz, Bernard E. Shaw, Frank F. Weston, T. T. Vaughan and William H. Stoddard at large.

Voted to authorize the selectmen to sell to the Julian M. Southworth Post, A. L., the old town building and lot for the consideration of one dollar with the stipulation that building and lot in question shall revert to the town when building ceases to be used as a hall for said Post.

Voted to adopt the following town by-law:

“All articles to be acted upon at the regular town meeting in March shall be in the hands of the Board of Selectmen on or before Feb. 1st, preceding said meeting.”

(Adjournment May 9)

Voted to accept the report of the school-housing committee under Article 19, as follows:

(1) That necessary repairs be made upon and in the high school house. Probable cost \$1,400.

(2) That cellars be excavated under the school house at South Carver and North Carver and hot air furnaces installed therein. Probable cost not more than \$2,500.

(3) That a porch for coat room and entrance to the east room of the North Carver school be built. Probable cost \$100. more or less.

(4) That steps be taken by the school committee to ascertain whether the high school pupils of this town can be advantageously placed in the reasonably near future in the high school of some neighboring town.

(5) That action upon further questions of arranging for the general school plan of the town, and of housing its schools, be deferred pending the inquiry concerning the placing of the high school pupils of this town as proposed in paragraph 4 of these recommendations.

Voted that articles 1, 2, and 3 of said report be adopted.

Voted to adopt articles 4 and 5 of said report.

Voted that the thanks of the town be given the said school housing committee.

Voted that further arrangements concerning the high school and any needed adjustment of the grade schools be left to the discretion of the school committee.

(June 15)

Motion that an addition to the high school building be built according to the plan drawn by Frank E. Barrows

for the purpose of holding the High School in town.

Voted to take the vote by written ballot, yes or no.

The check list was used and the result of the ballot as declared by the moderator was:

Yes, One Hundred Forty-Three (143).

No, One Hundred Ninety-Two (192).

TOWN MEETING WARRANT

Art. 1. To see if the town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year, beginning January 1, 1926.

Art. 2. To see if the town will authorize the Selectmen to prosecute, compromise or defend any suits for or against the town.

Art. 3. To decide when taxes shall become due.

Art. 4. To see if the town will make an appropriation for a police force, or act thereon or thereto.

Art. 5. To choose all necessary town officers not elected by ballot.

Art. 6. To see what disposition the town will make of the dog fund.

Art. 7. To raise and appropriate such sums of money as may be necessary to defray town charges the ensuing year.

Art. 8. To choose all necessary town officers. The following officers to be voted for all on one ballot, viz:

Town Clerk, Treasurer, Collector of Taxes, Three Auditors, Three Constables, Three Herring Committee, One Tree Warden, Moderator, each for One Year.

One Selectman, One Overseer of the Poor, One School Committee-man, One Assessor, One Road Commissioner, One Park Commissioner, One Cemetery Commissioner, Two Library Trustees, each for three years; and to vote by ballot "yes" or "no" in answer to the following question: "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?"

Art. 9. To see what pay the town will vote the Treas-

urer, Collector of Taxes, and other town officers for the ensuing year.

Art. 10. To see what compensation the town will vote for labor and teams on the highways, and act thereon.

Art. 11. To see if the town will raise and appropriate a sum of money for the observance of Memorial Day, and act thereon.

Art. 12. To see if the town will accept the report of the Selectmen, and other town officers.

Art. 13. To see if the town will vote to build an addition to the Schoolhouse at Center Carver, providing for two school-rooms and a basement, with a central heating plant for the completed structure, and all necessary furnishings and equipment; and to raise and appropriate the sum of \$14,000 or any other sum, to meet the cost of the same, and act anything thereon or thereto.

Art. 14. To see if the town will vote to raise and appropriate a sum of money not to exceed \$2,000 for the purpose of resurfacing with a Bituminous Top or otherwise improving Tremont Street from end of present Bituminous road towards the Plymouth Line, provided an allotment is received from the State and act thereon or thereto.

Art. 15. To see if the town will vote to raise and appropriate a sum of money not exceeding \$5,000. for the purpose of resurfacing with a Bituminous top or otherwise improving Main Street from the southerly end of said street to the Wareham line, provided an allotment is received from the State and act thereon or thereto.

Art. 16. To see if the town will vote to raise and appropriate the sum of \$50.00 for the American Legion for rent for 1925 and act thereon or thereto.

(By request of the American Legion, No. 164)
