NOTICE TO PROPERTY OWNERS

You are hereby required on or after January 1, 1926, to destroy the gypsy and brown tail moths on your property in this town.

This notification is in accordance with Chapter 381, Acts of 1905, as amended by Chapter 268, Acts of 1906, which require cities and towns to destroy the eggs, caterpillars, pupae and nests of the gypsy and brown tail moth, under heavy penalty for failure to comply with the provisions of the law.

If a property owner fails to destroy such eggs, caterpillars, pupae and nests, then the city or town is required to destroy the same, and the cost of the work, in whole or in part, according to the value of the land, is

assessed upon and becomes a lien on the land. (See Section 6, Chapter 381).

The Selectmen ask owners and tenants to co-operate with the town in its work on highways and other public grounds by doing effective work on their premises. Citizens who have cleaned their premises of the moths, but find their trees endangered by the neglect of owners of adjoining estates, should make complaint to the Selectmen. The infestation of a residential neighborhood by the neglect of a few will not be tolerated.

The eggs of the gypsy moth should be destroyed at once with creosote. They should never be scraped off the object on which they are laid. Careful search should be made for gypsy moth egg clusters, not only on trees, but also on house walls, stone walls, fences and in rubbish heaps, etc. Trees in which cavities occur and which it is not desirable to cut, should have the cavities tinned or cemented. This is important. The present and future cost of combating this insect can be greatly reduced by cutting and burning worthless brush, hollow trees, etc. A few trees well cared for are more valuable to the property owner and the community than a large number of neglected trees.

The nests of the brown tail moth should be cut from the trees, carefully collected and burned in a stove or furnace.

Full instructions as to best methods of work against the moths may be obtained from the Local Superintendent, James S. McKay, or from the State Forester, State House, Boston, Mass.

Work done by contractors should be inspected and approved by the local superintendent before payment for the same is made.

HAROLD E. CARLETON,
JESSE A. HOLMES,
HERBERT A. STANLY,
Selectmen.

HENRY S. GRIFFITH,

Town Clerk.

EXCERPTS FROM TOWN MEETING RECORDS.

(March 1)

Voted that the Road Commissioners be instructed to purchase an additional snow plow to be kept at South Carver.

Voted that compensation for labor and teams on the highways be referred to the Road Commissioners.

Voted that the Town authorize the building of an addition to the school house at Centre Carver as proposed by the school committee, providing for two new school-rooms with suitable arrangements for toilet and heating and all necessary furnishings and equipment.

(Adjournment March 6)

Voted unanimously that there be appropriated the sum of fourteen thousand dollars (\$14,000) to pay for the addition to the Centre school building in accordance with the recommendations of the school committee, and to meet said appropriation that there be raised in the current year's tax levy the sum of four thousand dollars (\$4,000), and that the treasurer, with the approval of the selectmen, be and hereby is authorized to borrow the sum of ten thousand dollars (\$10,000) and to issue bonds or notes of the town therefor, said bonds or notes to be payable in accordance with the provisions of Section 16, Chapter 44 G. L.; and that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note, or at such earlier date as the treasurer and selectmen may determine.

Voted that the selectmen be, and hereby are, instructed to sell at public auction, either separately or together, the

land in East Carver known as the Wenham schoolhouse lot and the buildings thereon.

Voted that the selectmen be, and hereby are, instructed to sell at public auction, either separately or together, the land in Centre Carver known as the Centre Primary schoolhouse lot and the buildings thereon.

Voted unanimously to instruct the Park Commissioners, together with four citizens that shall be appointed, to act as a committee to look into, and report at some future town meeting on the advisability of acquiring land along the easterly and westerly sides of Savery's Avenue for the purpose of preserving in the town of Carver, with its natural surroundings, what is considered to be one of the most noted and beautiful driveways in Massachusetts.

TOWN BY-LAWS

The following town bylaws have the force of law :

Article 1

The annual town meeting shall be held the first Monday in March, except that the selectmen may, at their discretion, call it at a later date in March or April.

Article 2

The town warrant shall be posted in the town hall and in each post office in town.

Article 4

The moderator shall be elected for one year, the name to appear on the official ballot.

Article 5

The powers and duties of the presiding officer not especially provided for by law, shall be determined by rules

of practice as contained in Cushing's manual so far as they are adapted to the conditions and powers of the town.

Article 6

The selectmen shall be elected, one for one year, one for two years, and one for three years, and annually thereafter one shall be elected for the term of three years.

Article 7

The yards of field drivers shall be town pounds providing the field drivers are chosen pound keepers.

Article 8

On or before the first day of April the moderator shall appoint a finance committee of five for one year, five for two years, and five for three years, and annually thereafter on or before the first day of April the moderator shall appoint five for the term of three years.

Article 9

The overseers of poor shall be elected, one for one year, one for two years, and one for three years, and annually thereafter one shall be elected for the term of three years.

Article 10

All articles to be acted upon at the regular town meeting in March, shall be in the hands of the Board of selectmen on or before February first, preceding said meeting.

THE SUPERINTENDENT'S REPORT

To the School Committee of Carver:

I have the honor of submitting my fourth annual report.

Changes

Only one teacher has left our force this year. Miss Marjorie Griffith resigned her place at the Center School to accept a better position in Attleboro. We regret that we could not have kept the corps unbroken as she was doing so well. Miss Mabel Dwight was elected to fill the position, and has brought to her work a fine enthusiasm and preparation which is bringing results in a difficult situation. Owing to the increase in numbers it was necessary to divide the upper classes and Miss Dorothy Howes of Avon was given the seventh grade. This makes the grading of the school exceptionally good. The classes are almost ideal in numbers and the new rooms most attractive, and certainly our children should respond with a more diligent spirit.

Health

As Carver employs a school nurse only one day in two weeks, it is manifestly impossible to give the attention which most schools receive, and so it rests with the parents to be on the watch for signs of illness. The epidemic of whooping cough at the North was most unfortunate yet unavoidable. If children show a tendency to cough for more than a day or two they should be kept at home and a doctor consulted. Parents should be very careful that the general health as influenced by plenty of sleep, proper food and exercise is carefully guarded. Many of our children are not getting enough sleep and have too much tea and coffee.

The help of the Parent-Teacher Association in providing cups for the hot lunch during the cold weather is very much appreciated. It has been found that children work much more efficiently if they partake of something hot at the noon period, and this move is certainly to be commended.

As stated in the nurse's report, the condition of the teeth of our pupils presents a problem which demands attention. So many of those needing care are unable to reach a dentist it would seem imperative that some action be taken to establish a dental clinic. The results in other places show a marked relation between good teeth and good school work. The new methods of treatment have now been in use for a long enough time to prove their worth, and it would seem that there was every opportunity, with the help of the Red Cross and the Parent-Teacher Association for the starting of the work at least.

REPORT OF SCHOOL NURSE

Mr. Arthur B. Webber,
Superintendent of Schools.

I am pleased to submit the following report for the year of 1926:—

School visits, 57; home visits, 70; children 10% under weight, 30; defective eyesight, 5; enlarged tonsils, 25; teeth needing treatment, 60.

Respectfully submitted,

MARY E. FULLER.

TESTING PROGRAM

This year as the result of the State-wide Test we used the Wisconsin Inventory Tests in Arithmetic, checking up individual weaknesses and giving drill upon both class and individual errors. The New England Test was given early in December and the results have made clear a distinct improvement.

To determine our success in language work the test in letter writing developed by F. L. Clark of Kansas City, and used in the Nation-wide Test for 1926, was given in November. This is a test to determine the child's ability in writing business and social or friendly letters, which is certainly a major objective of the elementary school, as this is one of the skills which a graduate must use in all after life. The papers in this test as in the others, were carefully checked to find the individual and class needs for intensive drill.

REPORT OF THE SCHOOL COMMITTEE

The movement for improving school property, initiated by vote of the town in the early part of 1925 and carried forward during the succeeding months, and in furtherance of which more important action was taken a year later, has been still farther advanced. At North Carver a section of the rear wall of the schoolhouse has been newly shingled, undergirding rods have been put in to check incipient spreading of the building, cement steps have replaced the worn out wooden ones at the front, and the schoolhouse and outbuildings have been freshly painted. The proposals for enlarging the Center schoolhouse, which were submitted to the Town last March, have been consummated. Two new schoolrooms with suitable entrances, have been built, a steam heating plant for the whole structure has been installed, a water system provided and connected with an independent well, such new furnishings as were necessary procured and new outbuildings constructed. A flag-staff and flag have also been added to this school's equipment.

The budget for the coming year includes some further items in the way of general improvement. Considerable grading should be done around the Center schoolhouse for the sake of the safety of the foundations and steps and of the general appearance of the grounds as well. At South Carver the schoolhouse should be painted and solid steps be built before the front doors. Hitherto no fire insurance has been carried on the schoolhouses. Last summer a policy on the Center schoolhouse was taken out covering a period expiring at about the date of the annual town meeting. It is believed that all our school buildings should be insured and plans to this end are being made.

Notification has been received from the State Department of Education that the sum of \$2,949.80 has been

credited to this town in reimbursement on account of transportation of high school pupils during the last complete school year. The reimbursement on account of teachers salaries for the same period is \$1,470. Two neighboring towns pay small sums to Carver for tuition of pupils in elementary schools. These several items make a total cash income to the town of about \$5,000 on account of our public schools.

The report of the Superintendent of Schools and the financial statement of the School Committee are herewith submitted.
