NOTICE TO PROPERTY OWNERS

You are hereby required on or after January 1, 1925, to destroy the gypsy and brown tail moths on your property in this town.

This notification is in accordance with Chapter 381, Acts of 1905, as amended by Chapter 268, Acts of 1906, which require cities and towns to destroy the eggs, caterpillars, pupae and nests of the gypsy and brown tail moth, under heavy penalty for failure to comply with the provisions of the law.

If a property owner fails to destroy such eggs, caterpillars, pupae and nests, then the city or town is required to destroy the same, and the cost of the work, in whole or in part, according to the value of the land, is assessed upon and becomes a lien on the land. (See Section 6, Chapter 381).

The Selectmen ask owners and tenants to co-operate with the town in its work on highways and other public grounds by doing effective work on their premises. Citizens who have cleaned their premises of the moths, but find their trees endangered by the neglect of owners of adjoining estates, should make complaint to the Selectmen. The infestation of a residential neighborhood by the neglect of a few will not be tolerated.

The eggs of the gypsy moth should be destroyed at once with creosote. They should never be scraped off the object on which they are laid. Careful search should be made for gypsy moth egg clusters, not only on trees, but also on house walls, stone walls, fences and in rubbish heaps, etc. Trees in which cavities occur and which it is not desirable to cut, should have the cavities

tinned or cemented. This is important. The present and future cost of combating this insect can be greatly reduced by cutting and burning worthless brush, hollow trees, etc. A few trees well cared for are more valuable to the property owner and the community than a large number of neglected trees.

The nests of the brown tail moth should be cut from the trees, carefully collected and burned in a stove or furnace.

Full instructions as to best methods of work against the moths may be obtained from the Local Superintendent, James S. McKay, or from the State Forester, State House, Boston, Mass.

Work done by contractors should be inspected and approved by the local superintendent before payment for the same is made.

HAROLD E. CARLETON,
HERBERT A. STANLY,
JESSE A. HOLMES,

Selectmen.

EXCERPTS FROM TOWN MEETING RECORDS

March 8

Voted to instruct the Moderator to appoint a committee of three to plan for a base ball park to be financed by the Soldier's war bonus of \$680.62, and to be known as a war memorial.

Voted to authorize the selectmen to appoint a committee of three to act with the Savery Avenue committee in considering the desirability of acquiring a town forest and report at some future town meeting.

The Savery Avenue Committee submitted the following report which was referred to the town forest committee:

"Your committee, after careful study of the matter of preserving Savery's Avenue and the woodland along its border herewith submit for your consideration, two plans:

First, the acquiring of about five rods along each side which could be trimmed and cleared of underbrush in such a manner as not only make more attractive Savery's Avenue, but would also be of some assistance in preventing possible loss by small fires that are becoming frequent during the Summer season.

Second, your committee learns that through an article that appears in the town warrant you will have before you the matter of a town forest. We are unanimous in the opinion that the best solution towards the preservation of Savery's Avenue is placed before you in this article. By the acquiring of the land on both sides from swamp to swamp you will not only solve the problem in question, that of preserving Savery Avenue, but you will, by a town forest here, greatly add to the natural beauties of Savery's Avenue, and at the same time build a monument to the town of Carver. Savery's Avenue is recog-

nized and recorded as one of the most noted and most beautiful scenic drives in Massachusetts. The wood lots bordering these drives have in years past been cut off so that today they are in most part covered with handsome white pine and oak in all stages of growth. We further believe that the clearing of this strip of underbrush from swamp to swamp under this second plan would be of much greater fire protection than the five rod plan, and might mean the saving of large property values to the town of Carver, the loss of which would mean many times the present cost of acquiring.

Your committee unanimously recommend this second plan, and would earnestly urge its adoption.

FRANK E. BARROWS,
FREDERICK ANDERSON,
JAMES S. MCKAY,
JACK L. MARTIN,
ERNEST W. SHAW,
NANCY A. SHAW,
MARJORIE E. TELFER,

(June 15)

Voted unanimously, That the town raise and appropriate a sum of money to repay the County of Plymouth for money furnished by it in the first instant to finance the Weweantic River Drainage District in accordance with Chapter 252, General Laws. Also to direct the Assessors to immediately assess this amount upon the persons benefited according to said Chapter 252. Also to instruct the Town Treasurer to pay to said County an amount equal to all assessments collected by July 1st, 1927, in accordance with this vote, and to pay the balance of the total sum of money due the County; the Assessors shall raise the same in the tax levy of the current year.

SUMMARY BY THE SELECTMEN AND FINANCE COMMITTEE

Of Appropriations, Balances and Recommendations Tabulated for the Use of Voters
in Town Meeting, March 5, 1928

TOWN MEETING WARRANT

COMMONWEALTH OF MASSACHUSETTS

PLYMOUTH, SS. To either of the Constables of The Town of Carver, in said County, Greeting:—

In the name of the Commonwealth of Massachusetts, you are directed to notify the inhabitants of The Town of Carver, qualified to vote in elections and in town affairs to meet at the Town Hall in said Carver on Monday the 5th day of March, 1928, at 8 o'clock in the forenoon then and there to act on the following articles.

Art. 1. To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time, in anticipation of the revenue of the financial year, beginning January 1, 1928.

Art. 2. To see if the Town will authorize the Selectmen to prosecute, compromise or defend any suits for or against the Town.

Art. 3. To decide when taxes shall become due.

Art. 4. To choose all necessary Town Officers not elected by ballot.

Art. 5. To see what disposition the Town will make of the dog fund.

Art. 6. To raise and appropriate such sums of money as may be necessary to defray Town charges the ensuing year.

Art. 7. To choose all necessary Town Officers. The following officers to be voted for all on one ballot, viz:

Town Clerk, Treasurer, Collector of Taxes, Three Auditors, Three Constables, Three Herring Committeemen, One Tree Warden, Moderator, each for one year.

One Selectman, One Member Board of Public Welfare, One School Commitman, One Assessor, One Road Com-

missioner, One Park Commissioner, One Cemetery Commissioner, Two Library Trustees, each for three years.

One School Committeeman for two years.

Art. 8. To see what pay the Town will vote the Treasurer, Collector of Taxes, and other Town Officers for the ensuing year.

Art. 9. To see if the Town will raise and appropriate a sum of money for the observance of Memorial Day and act thereon.

Art. 10. To see if the Town will accept the report of the Selectmen, and other Town Officers.

Art. 11. To see if the Town will vote to raise and appropriate for the use of the Plymouth County Trustees for County Aid to Agriculture a sum not exceeding \$100, and choose a Town Director as provided in sections 41 and 45 of Revised Chapter 128 of the General Laws and act thereon.

Art. 12. To see if the Town will vote to raise and appropriate a sum of money not to exceed \$2,000 for the purpose of widening or otherwise improving Center or Wenham Streets and act anything thereon or thereto.

And you are directed to serve this warrant, by posting up attested copies thereof, at the several places designated by vote of the Town, seven days at least before the time of holding said meeting.

The polls will be open at 12 o'clock noon and will be open for at least four hours.

Hereof fail not and make due return of this warrant, with your doings thereon to the Town Clerk, at the time and place of meeting as aforesaid.

Given under our hands this 8th day of February in the year one thousand nine hundred and twenty-eight.

A true copy,

Attest.

HERBERT A. STANLY,
JESSE A. HOLMES,
Selectmen of Carver.

SCHOOL DEPARTMENT

School Committee

William I. Ward, Chairman. Term expires 1928.

Frank D. Costello, Secretary. Term expires 1929.

Mary Josephine Turner, Financial Secretary. Term expires 1928.

Superintendent of Schools

Arthur B. Webber. Residence 46 Pierce Street, Middleboro. Telephone Middleboro 31-J.

School Calendar

Winter Term: Opens January 3; closes February 24.

Spring Term: Opens March 5; closes April 27.

Summer Term: Opens May 7; closes June 15.

Fall Term: Opens September 5; closes December 20.

Holidays: October 12, November 21-23, February 22, April 19, May 30.

REPORT OF SCHOOL COMMITTEE

In the summer of 1927 Maynard W. Peterson resigned his position as a member of the School Committee. Acting under the legal provision for filling vacancies the Selectmen and the remaining members of the School Committee elected Mrs. Mary Josephine Turner to the vacant place.

The report of the Superintendent of Schools and the financial statement so nearly tell the whole story of the school department that only a few additional items need be mentioned.

Insurance has been placed on all the school houses in town and is so arranged that one policy will be due for renewal in each of the coming years.

Considerable attention has been given to equipment and improvement of property at the Center school. A system of electric bells has been installed and each room is now provided with a wall clock. A much needed set of books on hygiene has been provided. The grading of grounds and cement work around the building, which has been done under the efficient direction of Mr. Frank E. Barrows, add much to the appearance as well as to the security of the schoolhouse foundations.

A coat of paint has been given to the South Carver schoolhouse.

Referring to the Superintendent's report it will be seen that the enrolment in the grades reached a total of 290 last October, showing an increase of about one-third in a period of three years. This means greater expense, a growing budget. Constituting a substantial offset to this the state reimbursement on account of elementary teaching and high school transportation amounting to \$5,476.90.

WILLIAM I. WARD,
FRANK D. COSTELLO,
MARY JOSEPHINE TURNER,
School Committee.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee:

I have the honor to submit herewith my fifth annual report as Superintendent of Schools.

Changes in the Teaching Corps

Miss Elizabeth Tillson resigned in June to be married. Mrs. Violet Tillson was engaged for the South School, but owing to her health left us at the end of the Fall term; her place has been taken by Miss Margaret Hansberry of Osterville.

Miss Dwight of the Center School left in June, and her place was filled by Mrs. Madeline Wood of Middleboro. Miss Howes also left at the same time, and Mrs. Katherine Sears started the term but moved to Natick in October, her place being taken by Mrs. Ann McFarlin of Plymouth.

Owing to the large entering class at the South School, it was necessary to engage an additional teacher. The numbers in Grades three and four at the North were also large, and the new teacher was given the fourth grades from the South and West located in the vacant room at the Center. Miss Dorothy Brennan of New Bedford was chosen for the position. Despite such unusual changes the work this term has progressed most satisfactorially.

Health

The past year has been marked by unusual activity along the lines of health education. The State Department of Health selected Carver as one of the centers in which they conducted a nutrition clinic. All the children were examined physically, especial attention being paid to the condition of the teeth and diet. As yet the examiners have not made full return to us. The condition of the children's teeth, however, was found to be very poor in many cases. Last year I urged the establishment of a dental clinic, and these returns should further emphasize the need of such action. The matter has been

taken up by the school nurse, and plans are under way to use part of the money secured thru the sale of Christmas seals to defray the expense of the preliminary examination. The clinic could then be started by the Parent-Teacher Association and the Red Cross, as has been done in many places.

In June the children whose parents were willing, were given a thorough examination by doctors and nurses from the State Department to determine the condition of their lungs. Four cases of incipient or active tuberculosis were reported after X-rays had been taken of all who reacted to the tuberculin test. These cases will be carefully followed up both by our local nurse and the State Department.

The average parent, so long as the child is apparently well, have no reason to suspect anything wrong. It is to give them warning in time to head off any trouble that the school doctor and nurse weigh and measure the children and compare their figures with the normal standards which have been worked out by careful survey made in different parts of the country by specialists. So if Johnny brings home a card stating that he is under weight, the parents should seek advice from a doctor at once, for underweight children are peculiarly susceptible to contagious diseases. Dr. Holt, a specialist in children's diseases says, "One of the most striking things children suffering from malnutrition is their vulnerability. They 'take' everything. They tire easily; are able to take but little exercise, and their circulation is sluggish. They are cross and fretful." A little extra care can often convert such a child into a healthy one. If parents will heed the warnings sent, and get advice at once, the work of the doctor and the nurse will be well repaid, and the work of the child in school will show improvement.

Special Classes

By the enactment in 1921 of chapter 231 R. L. all towns in which there are ten or more children three or more years mentally retarded, must establish classes for such children in which handwork shall have a large part. To select such children the school record alone is inadequate. We have given standard intelligence tests and Achievement Tests. Children who show three years backwardness are then tested by specialists from the Department of Mental Diseases, and upon their report the classes are formed. The returns of last June's examination were delayed until after school opened. At that time it was too late to open a class. The results of our tests this term indicate the impossibility of further postponement. There are two ways of handling the situation. (1) A building adjacent to the Center School, to take care of the entire fourth grade and special classes, with an unfinished hall for play in inclement weather. (2) Sending the special class children either to Middleboro or Wareham, paying tuition and transportation, if either place will accept them.

ENROLLMENT—OCTOBER 1927
