## In Memoriam

JESSE ALLEN HOLMES

1885 - 1951

Jesse Allen Holmes was born December 30, 1885, the only son of Philander J. and Ellen F. (Bent) Holmes, in the old family home in Quitticas (West Carver). As a boy he attended school at the little red school house at Pope's Point and later at the Center.

While his father conducted a cooper-shop and a saw

---

---

mill run by water power near by his home, making nail kegs and barrels for the shipping of cranberries, young Jesse received there a business training that proved of great value to himself and the community in later years, for at an early age he took over the management of his father's business. His career in the wooden package line saw the great transition of the packaging of cranberries over the years from the barrel to the half barrel box, then to the quarter barrel and eighth barrel boxes, all of which now are mainly superseded by the cellophane and paper window box.

The expansion of the wooden box business soon caused the removal from the old mill at Quitticas to a modern box factory at the Center, which then became one of the leading industries of the town and more recently incorporated as Jesse A. Holmes and Son. This industry afforded a good market for the local woodland products of box logs and the possession of many choice timber tracts.

Endowed with a keen insight, an honesty of purpose, a devotee of progress, a lover of Nature, steadfast to duty, a believer in God, trusting in his Saviour; his opinions and counsel were called upon in many capacities.

He served for many years as a director of the Middleborough Co-operative Bank, also of the Plymouth Five Cents Savings Bank and the New England Cranberry Sales Company.

But it was to his native Town of Carver that he gave the full measure of devotion in public service. "For the good of Carver" was his creed. With sincerity of purpose he accordingly served the Town for several years as Chairman of the Finance Committee and for the past nine years as Selectman, which office he conducted with the dignity and honor to the Town so that a grateful people returned him to the office several times. In fact he carried the burdens of his office upon his sick bed and his best wishes and hopes for Carver to the grave.

---

---

His patriotism and reverence for the past led him to become a charter member of the Captain William S. McFarlin Sons of Veterans Camp No. 132 in 1907, of which he later became Past Commander. His father, Philander J. Holmes, was a veteran of the Civil War, having served in the Navy. Jesse was always on hand to join the Memorial Day parade, to introduce the orator of the day and marching to the cemetery, lend a willing hand in the decoration of the graves of the old soldiers.

And again his leadership and humanity were evidenced in his life long interest in Carver's Old Home Day observance, that one day in the year, which for the past fifty years has been given over to the one purpose of good fellowship among the assembled townspeople, former residents and friends. It is with deep regret that we record here of his confinement in the hospital at the time of the celebration of the fiftieth observance of Old Home Day on August 4, 1951. As President of the Carver Old Home Day Association for many years, he saw to it that the utmost was done to give everyone a good time. The continued success of the "Day" through the trying times of World War II bears evidence of this to his credit.

He was a regular attendant and benefactor of the Carver Baptist Church, together with his family.

But it was his home life that meant most to him. He married Blanche E. Vinal in December, 1907, and lived near by to his birthplace all his life, a devoted husband and father of two sons, Norman V. and Donald, and a daughter Laura, who survive him.

His hobbies included the love of the great out-doors, motoring, clam-digging at the seashore, amateur photography, as well as a good cigar; in short a man's man as this life goes.

He passed to the great beyond on October 19, 1951.

A FELLOW TOWNSMAN.

---

**OFFICERS AND COMMITTEES**  
**FOR THE YEAR 1951**

---

Moderator — Norman V. Holmes (1954).

Town Clerk, Treasurer and Collector of Taxes — Jack L. Martin (1953).

Auditors — Harrison W. Jordan, Francis A. Merritt, Elizabeth C. Ryder.

Selectmen — Jesse A. Holmes (1953) deceased October 19, 1951; Bernard W. Roby (1952), Onni Hj. Erickson (1954).

Board of Public Welfare — Selectmen.

Assessors — Ralph E. Washburn (1952), George A. Perkins (1953), Alexander Colin McLure (1954).

Highway Surveyor — John E. Atwood.

School Committee — Frank H. Cole (1953), Doris E. Dunklee (1952), John Carter (1954).

Park Commissioners — S. Byron MacFarlane (1953), James V. Santarpia (1952), William E. Holmes (1954).

Cemetery Commissioners — Alexander Colin McLure (1953), Thomas H. Reynolds (1952), Ralph L. Linton (1954).

Library Trustees — Helen F. McKay (1952), Elthea E. Atwood (1952), Henry M. Shaw (1953), Grace W. Pass (1953), A. Viola Griffith (1954), Constance L. Kenney (1954).

Constables — Edwin E. Bisbee, Ellis S. Bumpus, A. Tremaine Smith.

Town Director, County Aid to Agriculture — Carroll D. Griffith.

Field Drivers and Pound Keepers — Edwin E. Bisbee, Ellis S. Bumpus, William E. Holmes.

Fence Viewers — Edwin E. Bisbee, Ellis S. Bumpus, William E. Holmes.

Surveyors of Lumber and Measurers of Wood — Frank H. Cole, Jesse A. Holmes (deceased), Norman V. Holmes, Bradford H. Cole, Everett F. Cassidy, William E. Holmes, Ebenezer A. Shaw, James E. Thomas, Jr.

Tree Warden — Dana Edward Thomas.

#### APPOINTED OFFICERS

Inspector of Animals — Alexander C. McLure.

Inspector of Slaughtering — Alexander C. McLure.

Inspector of Wires — James Patterson.

Sealer of Weights and Measures — Edwin E. Bisbee.

Forest Warden — A. Tremaine Smith.

Gypsy Moth Superintendent — Dana Edward Thomas.

Finance Committee — Term expires in 1952: John Kenney, August Keating, Olive S. Ward, Edwin M. Ryder, Aime N. Desroches; term expires in 1953: Franklin P. Wilbur, Leonard N. Heikkila, William R. Holmes, James H. Jennings, Harry C. Morris; term expires in 1954: George T. Harriman, Bernard E. Shaw, Earl B. Ware, Russell A. Trufant, Harold L. Ballard.

## REPORT OF THE HIGHWAY SURVEYOR

---

To the Honorable Board of Selectmen:

The following work was done by the Highway Department during the year 1951:

### CHAPTER NO. 81

Appropriation:

Town Share	\$6,500.00
State Share	\$17,875.00

The following streets hardened with penetration and sealed with asphalt:

So. Meadow, 1584 ft.; Forest, 2,000 ft.; Plymouth 2,000 ft.

The following streets honed:

Cross St., 2,050 ft.; Main St., 900 ft.

One-half mile of road sealed with stone.

Five miles of roads sealed with sand.

Work completed other than General Maintenance:

Catch basin installed on Wenham St.

Drainage pipe installed on Hines Ave.

6,864 ft. of secondary roads re-gravelled.

Expenditure of Chapter No. 81 Funds:

Plympton Street	\$696.11
Plymouth Street	3,028.93
Wenham Street	462.12
South Meadow Road	2,129.35
Meadow Street	1,047.14
Cross Street	986.99
Tremont Street	2,773.87
Wareham Street	1,227.48
Main Street	2,648.02
Purchase Street	153.75
Forest Street	2,021.33

Fuller Street	91.90
High Street	966.18
Brook Street	52.75
Pleasant Street	426.90
Spring Street	78.45
Gates Street	46.10
Pond Street	372.37
Center Street	242.95
Shurtleff Street	47.07
Ward Street	14.30
West Street	144.20
Fosdick Street	461.35
Holmes Street	521.71
Pope's Point Road	411.69
France Street	297.08
Mayflower Road	623.35
Rochester Road	114.12
Pine Street	265.40
Indian Street	515.97
Church Street	
Seipet Street	22.17
Cranberry Road	879.28
Federal	187.19
Hammond Street	55.10
Old Center Street	
Pine City Street	21.55
Snappit Street	65.10
East Head	65.36
Hines Avenue	196.70
Green Street	12.42
	<hr/>
	\$24,373.80

CHAPTER NO. 90

Appropriation:	
Town Share	\$3,000.00
County Share	3,000.00
State Share	6,000.00

5,800 ft. of Tremont St. completed as follows:

48 ft. of 36" reinforced concrete drainage pipe installed.

96 ft. of 24" reinforced concrete drainage pipe installed.

48 ft. of 12" reinforced concrete drainage pipe installed.

Street raised 10" between reservoirs and one hill cut 18". The street was widened to 24 ft. and resurfaced with an average of 3" of Mixed in Place. Shoulders and slopes were completed. Cement posts were installed.

A total of \$11,999.58 was expended.

Respectfully submitted,

JOHN E. ATWOOD,

Highway Surveyor.

---

## REPORT OF INSPECTOR OF WIRING

To the Honorable Board of Selectmen:

Gentlemen:

The following is my report as Inspector of Wiring for the year of 1951.

Number of Inspection Calls	86
Number of Hours as Inspector	172
Number of Miles Traveled	602
Telephone and Postage	\$6.88

Respectfully submitted,

JAMES PATTERSON,

Inspector of Wiring.

## REPORT OF TOWN AUDITORS

We, the Auditors of Carver, have completed an audit of the records and books of the Town of Carver, and find them to be correct and in good order, as of December 31, 1951.

FRANCIS A. MERRITT,  
HARRISON W. JORDAN,  
ELIZABETH C. RYDER,  
Board of Auditors.

## STATE AUDIT

---

To the Board of Selectmen  
Mr. Jesse A. Holmes, Chairman  
Carver, Massachusetts  
Gentlemen:

I submit herewith my report of an audit of the books and accounts of the Town of Carver for the period from December 10, 1950, to December 8, 1951, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,  
FRANCIS X. LANG,  
Director of Accounts.

Mr. Francis X. Lang  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston  
Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the Town of Carver for the period from December 10, 1950, the date of the previous audit, to December 8, 1951, and submit the following report thereon:

The appropriations were checked with the Town Clerk's record of Town meetings and compared with the aggregate amounts expended from each appropriation, while the transfers from the reserve fund were checked with the authorizations of the Finance Committee and general ledger accounts were compiled. A balance sheet showing the financial condition of the Town on December 8, 1951, was prepared and is appended to this report.

The books and accounts of the Town Treasurer were examined and checked. The receipts as recorded were compared with the records of the several departments

collecting money for the Town and with other sources from which money was paid into the Town treasury. The payments were checked with the Selectmen's warrants authorizing the Treasurer to disburse Town funds. The cash balance on December 8, 1951, was proved by actual count of the cash in the office and by reconciliation of the bank balance with a statement furnished by the bank of deposit.

The payments on account of maturing debt and interest were checked with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust and investment funds in the custody of the Treasurer and the Trustees were examined and listed. The income was proved, the transfers to the Town were checked with the receipts as entered on the Treasurer's cash book, and the disbursements were verified by comparison with the approved vouchers on file.

The records of tax titles held by the Town were examined and checked with the deeds on file, the amounts added to the tax title account were compared with the Collector's records, and the tax titles on hand were listed and compared with the records in the Registry of Deeds.

The books and accounts of the Tax Collector were examined and checked. The tax and excise accounts outstanding according to the previous examination and all subsequent commitments were audited and proved. The collections as posted on the commitment books were compared with the cash books and with the recorded payments to the Town as shown on the Treasurer's cash book. The abatements as entered on the commitment books were checked with the Assessors' records of abatements granted, and the outstanding accounts were listed and proved.

Verification of the outstanding accounts was made by sending notices to a number of persons whose names appeared on the books as owing money to the Town, the

replies received thereto indicating that the accounts, as listed, are correct.

The Town Clerk's records of dog and sporting licenses issued were examined, the payments to the State being verified by comparison with the receipts on file and the payments to the Town being checked to the Treasurer's recorded receipts.

The records of departmental accounts receivable were examined and checked. The charges were proved, the payments to the Treasurer were compared with the Treasurer's cash book, and the outstanding accounts were listed.

The surety bonds of the Town officials required by law to furnish them were examined and found to be in proper form.

The records of licenses and permits issued by the Board of Selectmen and the Police Department were examined and checked and the payments to the Treasurer were verified.

In addition to the accounts mentioned, the records of all other departments collecting money for the Town or committing bills for collection were examined and checked and the payments to the Treasurer were verified.

The attention of the Cemetery Commissioners is called to the provisions of Section 51 of Chapter 550 of the Acts of 1948 relative to the delivery of records of deeds of burial lots to the Town Clerk.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the Treasurer's cash, summaries of the tax, excise, tax title, and departmental accounts, together with tables showing the transactions and condition of the trust and investment funds.

For the cooperation extended by the Town officials during the progress of the audit, I wish, on behalf of my assistant and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,  
Assistant Director of Accounts.

## SCHOOL DEPARTMENT

### SCHOOL COMMITTEE

John Carter, Chairman	Term expires 1954
Doris E. Dunklee, Secretary	Term expires 1952
Frank H. Cole	Term expires 1953

George R. Austin, Superintendent of Schools  
Office: Room 4, Peirce Bldg., Middleboro  
Office Tel.: Middleboro 1295-W

### STAFF

Consolidated School — Henry M. Shaw, Principal  
Betsy A. Burkhead, Grade 1  
Mabel Macomber, Grade 2  
Gladys E. Burgess, Grade 3  
Florence L. Gordon, Grades 2 and 3  
Constance B. Holmes, Grade 4  
Doris F. Moore, Grade 5  
Alice R. Shurtleff, Grade 6 (Section 1)  
Marion L. Griffith, Hattie J. Griffith, Lawrence J.  
Costa, and Henry M. Shaw, Grade 6 (Section 2),  
and Grades 7 and 8.

Drawing Supervisor: Stella F. Morrison, Plympton.  
Music Supervisor: Eunice M. Sherman, Middleboro.  
School Physician: W. Vernon Mayo, M.D., 119 Summer  
St., Kingston.  
School Nurse: Madeline A. Baker, R.N., 72 S. Main St.,  
Middleboro.

### SCHOOL CALENDAR

- 1952 Winter Term: Begins Wednesday, January 2; Closes  
Friday, April 18. Vacations: February 21 and 22  
only, April 21 and 22 only; closed Good Friday,  
April 11.
- 1952 Spring Term: Begins Wednesday, April 23; Closes  
Friday, June 20. Holiday, May 30; graduation exer-  
cises June 19.

1952 Fall Term: Begins Monday, September 8; Closes Friday, December 19. Holidays: October 13, Teachers' Convention, October 24; November 11, 27, 28.

1953 Winter Term: Begins Monday, January 5.

---

#### REQUIREMENTS FOR ADMISSION TO FIRST GRADE

1. A child who will reach his sixth birthday on or before December 31st may be admitted to the first grade in September, 1952, without examination.

2. A child whose sixth birthday occurs in the two months after December 31st may be admitted the preceding September if readiness for school can be demonstrated by means of appropriate tests. Parents having a child whom they wish to be examined under this rule are required to make application to the Superintendent of Schools on or before August 15th preceding the opening of school in September. A special form will be furnished for this purpose upon written request from the parent.

---

#### CLOSING OF SCHOOLS

It is the policy of the School Committee to close schools only under the severest weather conditions or on such occasions when it is dangerous to operate school busses. At other times, parents are expected to use their own judgment in sending children to school. When a decision to close schools has been made, this information will be broadcast through the courtesy of radio stations WBZ and WNBH.

---

From records of the School Committee:

Voted: That the report of the Superintendent of Schools and other officers of the school system be hereby adopted as the report of the School Committee for 1951.

JOHN CARTER, Chairman  
DORIS E. DUNKLEE, Secretary  
FRANK H. COLE

School Committee.

State Wards: Tuition and Transportation	2,431.13
City of Boston	
Wards: Tuition and Transportation	722.50
Vocational Tuition	2.25
	<hr/> \$27,589.09

ESTIMATES of School Aid and other reimbursements to be received in 1952, these estimates being furnished as required under Section 10, Chapter 643, Acts of 1948:

School Aid (Chap. 70, G. L., as amended)	\$9,500.00*
Transportation (Chap. 71, G. L., as amended)	14,500.00
Superintendent of Schools, Small Towns	1,300.00
Other anticipated income:	
Division of Child Guardianship	
State Wards: Tuition and Transportation	1,600.00
City of Boston	
Wards: Tuition and Transportation	500.00
	\$27,400.00

\*This figure subject to change if the Legislature revises the table of equalized valuations for the towns. Present figure set by Acts of 1945.

Estimated Reimbursement on Account of  
Schoolhouse Construction, (Chap. 645, Acts of 1948)

Due for 1951 .....	\$4,800.00
Due in 1952 .....	4,800.00

(The exact amount of this reimbursement cannot be quoted by figure until the Building Committee closes the account with the School Building Assistance Commission.)

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Committee:

Once again it is my duty to present a brief report on the affairs of the public schools of Carver, which is a member-town of the superintendency union #41. This becomes the eleventh such report which I have filed. Your attention is called to the reports of others of the system who touch upon special features of their work.

The program of public education in Carver has reached another milestone in its onward development and it is time once again to examine the status of it. The opening of the new school has made possible the opportunity to develop the school program at its best in Carver. For the first time the pupils are gathered at one spot, they share in equal opportunities for teaching and use of facilities, a superior lunch program is available, the chance to develop a good program in health education is here and with these new features goes a strong enthusiasm for what they are doing, both from teachers and pupils. It is thus that we are entering upon a new era in the training of the Carver children at the elementary and junior high level and we expect to make the most of the opportunity. We are engaged at the moment in becoming acquainted with the physical plant and learning to avail ourselves of the new features. The transition from the old, traditional-type building to the modern facility makes it necessary to re-direct the teaching approach so as to get the most from the building. The program of studies is up for revision and the time allotment for grades and subjects can be re-evaluated. All of this leads to a better program and we expect to spend the year doing these things while the school program is under way.

A brief note will be found in the principal's report concerning the additions to the staff. The persons elected to the staff have worked out well and are a welcome addition to the teaching force. In setting up the school, much

more time had to be set aside for the principal to give to administrative duties and he consequently had that much less time for teaching classes. On account of this and so as to offer additional work in physical education and science in the school program, Mr. Costa was added to the school staff. In the field of music education there has been no supervisor since the spring of 1945. At that time the committee voted to leave the position vacant until better facilities would be available and until the time when it might be possible to retain a qualified supervisor whose services could justify the expenditure. With the opening of the new building it was possible to return this service to the schools, and Mrs. Eunice M. Sherman, living in Middleboro and an experienced supervisor of music, was hired for one day, weekly. The services of both the new teachers have been very satisfactory and the opportunities which are offered in their departments represent added enrichment in the curriculum for the pupils.

This report would not be complete without a compliment to the teachers in general for the fine way in which they all assisted in that most disagreeable task — moving three schools into one. They were available for service as needed and most patient with the petty inconveniences and annoyances connected with moving and sorting out the materials used in the teaching program. Mr. Shaw was available throughout the entire summer and on call for whenever needed.

The transportation routes which were laid out last spring were put to public bid and sealed bids were filed for opening at a public meeting on April 2, 1951. Specifications had been previously adopted by the committee covering miles travelled, size and age of busses, etc. Bids were awarded to Theo Thomas, G. Roger Williams and Aime Desroches for the several routes, Mr. Thomas being low bidder on two routes and the others low bidder on one each. The erection of the central school has increased the transportation needs in terms of number and size of

busses and consequently the expense of transportation. However, the generous formula for state aid in the matter of transportation makes the net cost to the town no greater than before the change. The greater expenditure is offset by a greater reimbursement as shown in the table for anticipated reimbursements for 1952, elsewhere with this report. Two of the four busses do double duty on elementary runs, each having a short second run so as to permit handling the number of pupils we do with four busses. Without this doubling feature six busses would be necessary. The conduct of high school pupils being transported on busses has had our attention this year a number of times and we have endeavored in as patient a way as possible to obtain cooperation of pupils and their parents in the problem cases. It may be that we are guilty of being too considerate in the matter and that more stringent measures will have to be taken to protect the welfare of all the children being transported. During the fall months I have conferred with the Department of Education, the Registry of Motor Vehicles and other superintendents of schools on the questions involved and it may be possible that the law respecting pupil transportation which is general in nature now will have to be amended specifically so as to remove the possibility of dual interpretation.

The school lunch program, new to the school and town, is discussed in some detail in the report of the principal, with attention given to personnel and finance. We are indebted to those running the program and Mr. Shaw for the fine financial record made to date. When the program was organized it was impossible to do other than predict whether or not we would be able to make it operate on a price of 20¢ per complete lunch. More systems than not have already abandoned this price for the meal and raised it in order to have more income to meet the bills. Except for the indirect subsidies of light, heat and water, this program is operated entirely without town appropriation

and it is our intention to continue to keep it self-supporting. It is operating in a superior manner in every respect.

Rising costs for the support of education continue to be with us and there is no immediate prospect of a decrease from this pressure. Yet a consideration of the value of the several reimbursements and other income to the town on account of schools helps to reduce the net local cost. Referring to the financial reports elsewhere, it will be noted that the reimbursements for the year just closed amounted to approximately 38% of the gross amount expended. The expected income for the next year is estimated to be about the same, as closely as can be determined so far in advance, and, in addition, the town should begin this year to receive the aid due on account of schoolhouse construction. In order that some comparison might be had which would better enable us to see our position with respect to averages, both state-wide and in towns of the class of Carver, the following figures are included in this report:

Item	Cost Per Pupil State Average	Cost Per Pupil Class IV Towns (1)	Carver's Cost Per Pupil, 1951
General Control*	\$8.48	\$11.47	\$9.34
Salaries	151.75	106.21	97.11
Textbooks	2.59	3.26	1.15
Supplies	7.46	5.27	3.46
Operating Expenses	25.65	22.52	21.42
Repairs	10.78	4.76	.69
Libraries	.24	.17	.00
Health	3.37	3.06	3.76**
Transportation*	6.14	40.50	44.91
Tuition*	2.22	47.79	41.04

\*These items figured over total average enrolment, including high school; others figured on average enrolment in local schools only.

\*\*Not including school doctor.

(1) Towns under 5,000 population and not maintaining high schools.

In view of the costs per pupil shown above Carver need have no fear of being out of line in any item and we will continue to strive to keep costs within all reasonable bounds as we advance into the future.

The conclusions of our study conducted the last month of this year concerning the advisability of retaining the grade 9 in Carver, beginning in September, 1952, are included herewith, together with my recommendation. From the outset of the study, two principal points have been kept in mind, first, how the pupils might fare under such a change and, second, the costs or savings to the town through such a program. An examination was made of the program of studies as offered to our pupils in the Plymouth Junior High School and efforts made to see how the same might be adapted to the local school, if the grade were to be retained here. Briefly summarized, the evidence, both from the point of view of what would be offered the pupils and the cost, is entirely in the favor of retaining the ninth grade here. The important points follow:

#### *A. Educational*

1. A program could be developed locally that would offer separated courses in English, Mathematics and Science to correspond with Plymouth courses. Latin instruction could be worked in, when and if needed.

2. The availability of a modern building would meet every need which a ninth grade program would demand.

3. The need for being graduated at the eighth grade in Carver and the ninth and twelfth in Plymouth will be removed. Under this plan the pupils will graduate from the ninth in Carver and the twelfth in Plymouth.

4. The change between the grades and high school can be better met on this proposed plan. A program of train-

ing can be worked out which will meet the principles and ideals of Junior High school training.

*B. Financial*

5. The additional cost to the town would be the salary for an additional teacher plus a first-year expense for necessary textbooks and an annual expense for the supplies used.

6. No large scale saving can be anticipated the first year the plan is put into operation as the ninth grade will be opened in September thereby relieving the budget only of 4/10 of the annual tuition charge for each pupil of this classification. Following the year the program starts, however, there will be a reduction of an estimated \$5,000 in the tuition item. Against this saving would be the salary of the added teacher and the supplies used, etc., but there should be a saving of at least \$2,000 annually in the local appropriation on this account. Even with the year 1952, I estimate the school committee will have to request the town for an additional \$1,000 more than the amount it presently plans to request if the ninth grade is sent to Plymouth in September, 1952.

7. The ninth grade located at the new school will not add to the local transportation problem. They can be absorbed into the local runs as they are now operated.

8. Retaining grade nine locally will relieve what may develop into additional transportation for high school purposes. If the town were to continue under its present plan it is possible there would be a total of 95 pupils to be transported to Plymouth next year. While we use busses having a registered capacity of 60, this is in terms of the registry's figure of 13" per child, (elem.) three to a seat. This is not adequate for high school pupils and about 40 per bus are all that can be handled with any degree of comfort. It is entirely possible that a third bus might

have to be added to the high school transportation if the grade nine were to be continued at Plymouth.

9. The formulas in the present state aid laws base the calculation of aid, whether as school aid, transportation, or whatever it is (except aid on salary of superintendent) on the *numbers* of children living in town, regardless of their school location, in town or out. The amount of aid which the town will continue to receive will not change whether the ninth grade is local or out of town.

*C. General*

10. There is more than sufficient space for seating a ninth grade in the new building and still leave some space for growth.

11. The time for the change will never be more ideal than it is at present while the building is new and the children are enjoying the pleasure of living in a new building.

It is my recommendation at the close of this year that plans be made to open the ninth grade of instruction locally in Carver, in September, 1952.

Most people agree that it is impossible to stand still—that one must either go forward or backward. The citizens of Carver have taken the necessary forward step in providing a modern school plant for their children's needs. We in the schools will do our best to carry on in the same direction. We are ever appreciative of the many hours spent by the members of the school committee in deciding upon the best policies to be set up as a basis for operating the schools.

Respectfully submitted,

GEORGE R. AUSTIN,

Superintendent of Schools, Union No. 41.

## REPORT OF THE PRINCIPAL OF THE CARVER CONSOLIDATED SCHOOL

To the Superintendent of Schools:

The last class to graduate from the Center School numbered twenty-nine. Graduation exercises, featuring a production of *EVANGELINE* adapted and directed by Mrs. Hattie Griffith, were held Thursday evening, June 7, 1951. The prize in the essay contest sponsored by the Julian Southworth Post of the American Legion was awarded to Cynthia Simmons and was presented by Commander George Harriman. A list of graduates follows:

Irene Amado	a	Marjorie A. Kingman	a
June Arponen	a	Manuel F. Lopes	a
James Beal	a	Margaret J. Maki	a
Louis J. Brier, Jr.	a	Sonja E. Maki	a
Jean M. Caron	a	Joan Mosher	a
Elaine A. Desroches	a	Ronald W. Patterson	a
Mary Ferriera	b	Johnathan A. Perkins	a
Ronald R. Gomes	a	Danine E. Potter	a
Robert G. Gonsalves	c	Priscilla I. Russell	a
Curtis B. Holmes	a	Peter R. Saisa	a
Fred Hurd	b	Robert F. Shurtleff	a
Edwin L. Jokinen	a	Cynthia Simmons	a
Patricia E. Keating	a	John E. Thornhill	d
Lois E. Kenny	c	George B. Williams	a
Shirley A. Williams		a	

a—Enrolled in Plymouth

b—Not in School

c—Moved from Carver

d—Bristol County School of Agriculture

The opening of the new Carver Consolidated School was postponed from September 5 to October 8. The school was opened for public inspection on Thursday, October 11, 1951. One hundred and eighty visitors signed the register. Since

that date we have been hosts to people from such far away places as Hawaii, Ontario, and Alaska.

The enrollment on the opening day was two hundred and seventy-four. The grades ranged in size from twenty-seven to thirty-nine. A grade numbering thirty-nine presents a problem: it is too big for one teacher to handle effectively, and it is too small to warrant the expenditure of dividing it into two classes. We have tackled this problem in two ways. In one case an outright division was made. In this particular grade it was felt that the progress to be made by the pupils would justify the extra teacher. The other solution of the problem was to make three home rooms out of two grades. Thus we have one room devoted to grade II, one to grade III, and a third which is a combination of these two grades. In this way we divide seventy-two pupils among three teachers rather than thirty-nine between two.

Two additions to the teaching staff have been made. Mrs. Eunice Sherman of Middleboro comes to the school once a week as music supervisor. Mrs. Sherman has had teaching experience in Westport, Mass., and Little Compton, Rhode Island, and now teaches in a similar capacity in Lakeville and Rochester. She has aroused much enthusiasm for the instrumental lessons which are now being carried on. More of this will be found in her report as music supervisor. Mr. Lawrence Costa, a graduate of the Massachusetts State Teachers' College of Bridgewater, has been engaged to teach manual training, science, physical training, and to do departmental work in the upper grades. Mr. Costa came to us highly recommended by the staff of the Teachers' College and his stay with us has confirmed this opinion given us by the teachers of that institution.

Changes in the teaching schedule have been made. Mrs. Morrison now devotes all of her time to art teaching. Mrs. Gordon who formerly taught grades III and IV now has the above mentioned combined section of grades II and

III. One section of grade VI has been departmentalized.

What changes in the school program have been made possible by the erection of the new school building? For the most part we have done away with the combined grades. Before we came to the present building there were five rooms out of ten housing two or more grades. At the present time there is one, and this was made by choice rather than necessity. In this way a greater part of the teacher time is spent at a level within the range of the pupils in the room.

Under the present set-up all the visual aid equipment is accessible to all the pupils in the system. Up to this time the schools at the north and south ends of the town were in no position to make use of the visual equipment owned by the town.

With the consolidation of the schools no supervisor time is spent in traveling from one school to another. Mrs. Sherman in her day spent in Carver is able to visit all the grades in the course of a day, devoting thirty minutes to the lower grades and forty to the upper grades. Such a schedule would be impossible if any of the school day were spent in travel.

The all-purpose room has enabled us to undertake a definite sports program. Carver is now a member of a league made up of schools from Marion, Rochester, Middleboro, Lakeville, and Wareham. Ten basketball games have been scheduled for the coming season. Later in the year baseball will be added. During the fall tag football games were played with Rochester and Lakeville.

Mention should also be made of the auditorium programs. Since the installation of the curtains in the all-purpose room, two opening assemblies, a Christmas program, and a demonstration of the instruments of the orchestra have been held. Such programs give the student body a sense of unity which would be difficult to obtain in any other way.

The addition to the school program which has received

the most publicity is the school lunch. A modest but practical kitchen was installed at a cost exceeding four thousand dollars. The lunches are served in cooperation with the Office of School Lunch Program of the Massachusetts Department of Education. Requirements of a complete lunch which should provide one-third to one-half of a day's nutritive requirements are:

- a One-half pint of whole unflavored milk.
- b Two ounces of fresh or processed meat, fish, or cheese; or one-half cup peas or beans, or one egg.
- c Six ounces of raw, cooked, or canned vegetables and/or fruit.
- d One portion of bread or muffins.
- e Two teaspoons of butter or fortified margarine.

Certain commodities such as canned fruit and vegetables, dried milk and eggs, and fresh apples have been supplied by the federal government. Nine cents per student meal is contributed by the Commonwealth. The cost of a meal to the pupil is twenty cents; to the teacher, thirty cents. All expenses of the program are paid from the money received from the lunch program. None of the expense is met by appropriations from the town. We are fortunate in the personnel engaged to carry out the program. Mrs. Eveline McLure is head cook, Mrs. Irene Williams is serving as her assistant, Mrs. Albert Raymond is part time helper. The success of the program can be best demonstrated by the increase in the average number fed daily from month to month. The daily average for October was 244 pupils fed; for November, 246; and for December, 250. The receipts for the period covering October 8 to December 31 are as follows:

Pupil Lunches	\$2,365.35
Teacher Lunches	152.40
Received from Commonwealth	358.17
Other	8.03

The expenditures for the same period:

Wages	\$570.00
Food	1,882.06
Transportation	22.05
Services	109.65
Other	14.83

The success of the program rests, I believe, on several factors. We are feeding the maximum number of pupils that can be cared for by the number of workers engaged, the quality of the meals served, and our policy of serving seconds whenever possible. The program has brought one change much noticed by the teachers—the absence of afternoon fatigue and the resulting restlessness.

Great pride in the new building is shared by pupils and teachers alike. We appreciate the generosity of the voters which made this school building possible. It seems a fitting year to rededicate ourselves to the education of our young people that they in their turn may be citizens worthy of Carver's trust. To you and to the School Committee we of the Consolidated School are greatly indebted for guidance and support.

Respectfully submitted,

HENRY M. SHAW,  
Principal.

---

### REPORT OF SUPERVISOR OF ART

Mr. George R. Austin  
Superintendent of Schools, Union #41

Dear Mr. Austin:

In compliance with your request, I herewith submit the annual report of the Art Department for the year 1951.

The Art Program, as in the past, endeavors to meet the conditions of child growth and to develop art ability in each individual, according to his own powers.

Areas of Interest for Art Experiences which have been

carried out in every class are as follows: Activities On the Farm, In the Home, Out-of-doors, At School, Buildings, People, Transportation, and Nature with studies of Birds, Animals and Butterflies, Trees, and Flowers.

The Farm Unit includes work on various activities, as people, buildings, trees, animals, vegetables and fruit, represented by posters, murals and panels. Construction work, through the medium of clay, paper craft, boxes for buildings and corrugated paper for roofs, was used in making sand tables and dioramas.

All classes represented Special Areas of Interest for Art Experiences in Seasonal subjects as Hallowe'en, Book Week, Good Citizenship, Thanksgiving, Christmas, Washington's Birthday, Easter, Mother's Day, Health, Safety, Animal Posters observing "Be Kind to Animals Week," and Junior Red Cross Activities.

Making gifts developed creativeness and good workmanship. Useful, worthwhile objects emerged from cereal and dairy cartons which were covered with colored construction paper, decorated with designs in tempera or finger paint, and finished with a coat of shellac.

Banks, blotters, spelling booklets, bookmarks, decorated bottles and cans were some of the projects that proved ART CAN BE FUN!!

Thus Creativeness and Skill is developed by planning and working together, and by using many kinds of Art materials in many different ways.

The Art room, in the Consolidated School, is much appreciated. It seeks to develop richness of experience through the integration of many subjects, by having all art materials in one room, the use of tables and chairs whereby children can work together in groups, and the large bulletin board, which is an asset when working on murals and wall panels.

Respectfully submitted,

STELLA F. MORRISON,  
Supervisor of Art.

## REPORT OF SUPERVISOR OF MUSIC

To the Superintendent of Schools:

The actual classroom work is mainly vocal, with certain objectives I try to keep in mind while planning the music.

I. Tone Quality — The daily music period is usually started with a song or exercise given to produce the right kind of tone. It is started in the first grade to help uncertain singers get the right placement of tone. The upper grades sing “loo” to the scale, or a song they already know. This will help them use the right kind of tone throughout the entire music period.

II. Music Reading — or the ability to read music easily. Here we have the two factors — time and tune.

A.—*Time* involves the musical rhythms. This is started the first week of school in the first grade with marching—the next step is walking. Doing this they learn the difference between left and right foot, and gives them the idea of doing things together. This leads to skipping, clapping and other rhythmic activities. Orchestral organization is started in the first grade with rhythm band work. At the end of the first grade we start the quarter, half, dotted half and whole notes — the four basic rhythms, and build on these all the different combinations of rhythms, throughout the entire elementary system. Interesting variations of rhythms, such as folk dances are used in all the grades.

B.—*Tune* in music reading begins first with the scale and repeated notes; then easy skips and simple melodies follow. Tune grows through the grades

to two and three part harmony. Chromatics, adding color to the music, are another phase of tune, important in music reading. It is the desire of the supervisor that any pupil after graduating from the eighth grade, participating in any musical organization, will be able to read music easily at sight.

- III. Instrumental classes have already made a beginning with one violin class of nine students after school each Tuesday. This is a valuable beginning as violins are the nucleus of any orchestra. Interest has been shown in other instruments and with this in mind a live instrumental program has been started. The school was able to purchase through the War Surplus Board, one trombone, one cornet, one clarinet, and two violins. Of these, two violins have been repaired and are in use along with two other violins that were a gift to the school by Mr. H. Leonard Conant of Taunton.

Throughout the entire music education program we aim for an appreciation of music through active participation. This involves an enjoyment of music so the pupils want to participate. Through rote songs, we learn about the famous composers, folk dances and songs of the holidays. The seventh and eighth grade chorus presented the Christmas Cantata "The Wondrous Story" at the December Parent-Teachers meeting.

How can all of this be put into a 30-minute music period? One seems to overlap into another, and the cooperation of the teachers plus the responsiveness of the pupils makes for every kind of accomplishment.

Respectfully submitted,

EUNICE M. SHERMAN,  
Supervisor of Music.

## REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

Herewith I submit my seventh Annual Report for the Town of Carver, year ending December 31, 1951.

The Public Health Nurse, like the teachers and all other personnel, can do her best work when given adequate and suitable accommodations, and with the opening of the new Consolidated School, this is a dream come true. A very splendid and well equipped health room has been provided where conferences with pupils and teachers can be held in quiet and privacy. Vision and hearing tests can also be given without upsetting the class rooms, and the results have greater reliability, since conditions are such that both the Public Health Nurse and the pupils are working in closer harmony. It is here too that the annual physical examinations are conducted, dental inspections are carried on, as well as our first aid treatments.

The Massachusetts vision test is the recommended method for testing vision of school children in the Commonwealth. This year 229 pupils were tested and there were 27 failures. Of this number 12 have visited eye specialists and are now wearing glasses, two are under treatment and two reported no correction advised at the present time. Children who wear glasses are interviewed and urged to keep their glasses straight, to see their doctor frequently for re-examination and to wear their glasses as advised. Children with "squint" or "cross-eyes" need immediate and skilled treatment. If this condition is allowed to go untreated after a child is 7 years old blindness may result. The teachers are most helpful and try to give special attention to all children who are handicapped in any way.

The purpose of testing hearing in schools is to find hearing losses in order that children may be referred to ear specialists for advice and early treatments. When notices are sent to parents reporting the failure of their child to

pass the hearing test it means he has been tested by the "Pure Tone" Audiometer, the very best method known at the present time. We are fortunate to own this fine equipment and all pupils beginning with Grade 3 were given this test in groups of 20 and six failures were noted.

In the spring we held our first Double-Antigen Clinic which immunizes against both diphtheria and lock-jaw. This was conducted by Dr. Mayo, school physician, and your Nurse, when 145 pupils were given preventive treatments. We were ably assisted by Mrs. Raymond Nourse, Mrs. Bernard Tillson, and Miss Christine Higgins, Massachusetts State Department of Health. Thirty pupils received their first inoculations of three shots each and 115 were given booster shots. Since that time several children have had accidents where serious infection was probably prevented by their having had these lock-jaw preventive treatments.

The annual physical examinations were conducted in October by our School Physician, Dr. Mayo, and three defects were noted.

Weighing and measuring is done twice each year and it will be interesting to note weight differences next spring, after a winter of our new school lunches. These lunches are most popular and the menus are planned to conform with nutritional principles and patterns. No pupil can help but benefit by this new and wonderful service.

In review I find I made 121 school visits, 63 home visits, and took one accident case to Dr. Ragonetti's Plymouth office.

My thanks once again to Mr. Austin, the School Committee, Teachers, Parents and American Red Cross for their continued interest and support.

Respectfully submitted,

MADELINE A. BAKER, R.N.,  
Public Health Nurse.

## SCHOOL CENSUS

**SCHOOL SUPERINTENDENCY UNION NO. 41**  
**Report of the Secretary**

The annual meeting of School Superintendency Union No. 41 was held at the Pierceville School in Rochester on the evening of April 23, 1951.

The officers elected for the year were Ernest Sherman, Chairman, and Doris E. Dunklee, Secretary.

Miss Washburn started working full time for the Union on February 12, 1951. Mr. Austin reported that he is now able to spend a more adequate time in visiting the schools and assisting the teachers.

During the year we have given considerable thought to the building of a regional high school for the three towns in this district and the towns surrounding which might see fit to join with us. At the semi-annual meeting in October, the school committees of the towns of Marion and Mattapoisett met with our Union committee at the Carver School to consider this subject. Mr. Marshall of the Massachusetts School Building Assistance Commission spoke to us about the state's role in such an undertaking and he answered questions that we had concerning this matter. The towns of the Union decided individually not to take any further steps at this time, but instructed Mr. Austin to collect any additional information coming from the state or surrounding towns and keep us informed.

The Union has shown considerable progress in elementary school facilities. The Lakeville and Carver schools are completed and in operation. Rochester has secured the vote of the town, but due to rising costs has been unable to start construction.

Again we wish to express our thanks to Mr. Austin for his good leadership and his able assistance to us throughout the year.

Respectfully submitted,

DORIS E. DUNKLEE,  
Secretary.

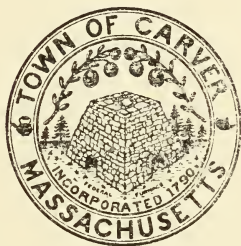

**TOWN WARRANT**  
**AND REPORT OF**  
**FINANCE COMMITTEE**  
**OF THE**  
**TOWN of CARVER**  
**MASSACHUSETTS**

**Annual Town Meeting, March 3, 1952**

**at 12:00 Noon**

## **TOWN WARRANT AND REPORT OF FINANCE COMMITTEE**

Plymouth, ss. To either of the Constables of the Town of Carver, Plymouth County, Greetings:

In the name of the Commonwealth of Massachusetts, you are directed to notify the Inhabitants of the Town of Carver qualified to vote in elections and in town affairs to meet at the Town Hall in said Carver on Monday, the third day of March, 1952, at twelve o'clock noon then and there to act on the following article, namely:

Article 1. To choose all necessary town officials, the following officers to be voted for all on one ballot, viz: Three Auditors, Three Constables, Three Herring Committeemen, One Tree Warden, One Highway Surveyor, One Selectman and One Member of Board of Public Welfare, each for one year; One Assessor, One Selectman, One School Committeeman, One Cemetery Commissioner, One Park Commissioner, One Member Board of Public Welfare, and Two Library Trustees, each for three years.

The polls will be open for at least seven hours.

And you are directed to further notify said Inhabitants of said Town that as soon as the ballots have been counted the meeting will adjourn to Tuesday, March 4, 1952, at nine o'clock A.M. and at that time will reconvene at said Town Hall in said Carver, then and there to act on the following articles, namely:

Article 2. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1952, and to issue a note or notes therefor, payable within one

year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 2. Recommended by the Finance Committee.

Article 3. To see if the Town will vote to appropriate a sum of money not to exceed one thousand dollars (\$1,000.00) from free cash in the town treasury for the sole purpose of meeting charges against the cemetery funds in the town treasury.

Article 3. Recommended by the Finance Committee.

Article 4. To see if the Town will vote to accept the cemetery fund or funds paid into the town treasury under perpetual care statutes, or act anything thereon or thereto.

Article 4. Recommended by the Finance Committee.

Article 5. To see if the Town will authorize the Selectmen to prosecute, compromise or defend suits for or against the Town.

Article 5. Recommended by the Finance Committee.

Article 6. To see what disposition the Town will make of the Dog Fund.

Article 6. Recommended by the Finance Committee that the Dog Fund be transferred to the Library Account.

Article 7. To see what amount the Town will vote to raise and appropriate for the use of Plymouth County Trustees for County Aid to Agriculture and choose a Town Director as provided in Sections 41 and 45 of Chapter 128 of the General Laws, and act thereon.

Article 7. Recommended by the Finance Committee.

Article 8. To see if the Town will vote to fix the salary

and compensation of all elective officers of the Town as provided by Section 108 of Chapter 41, General Laws, as amended:

Highway Surveyor .....	\$1.50 per hour
Town Treasurer .....	\$1,200.00
Town Clerk .....	600.00
Tax Collector .....	1,200.00

Moderator \$20.00 for the Annual Town Meeting and \$5.00 for each Special Town Meeting.

Members of School Board \$2.50 for each meeting, plus \$1.25 per hour for all meetings of over 2 hours.

All other elective Town Officers \$1.25 per hour.

Article 8. Recommended by the Finance Committee.

Article 9. To see if the Town will vote to transfer from the overlay reserve account to 1952 Reserve Account the sum of three thousand and three hundred dollars (\$3,300.00), and act anything thereon or thereto.

Article 9. Recommended by the Finance Committee.

Article 10. To see if the Town will vote to authorize the Board of Public Welfare to use the Federal Government Reimbursement for administration, and act anything thereon or thereto.

Article 10. Recommended by the Finance Committee.

Article 11. To choose all necessary Town Officers not elected by ballot.

Article 12. To see if the Town will vote to raise and appropriate or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Highway Construction, or take any action in relation thereto.

Article 12. Recommended by the Finance Committee and the Selectmen that \$3,500.00 be raised and appropriated, and not over \$10,500.00 to be transferred from unappropriated available funds in the Treasury to meet the State's and County's shares of the cost of work, the reimbursements from the State and County to be restored, upon their receipt, to unappropriated available funds in the Treasury.

Article 13. To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 81 Highways, or take any other action in relation thereto.

Article 13. Recommended by the Finance Committee and the Selectmen that \$6,500.00 be raised and appropriated, and not over \$17,875.00 be transferred from unappropriated available funds in the treasury to meet the State's share of the cost of the work, the reimbursements from the State to be restored, upon their receipt, to unappropriated available funds in the treasury.

Article 14. To see if the Town will vote to authorize the Cemetery Commissioners and the Park Commissioners to employ themselves as laborers in the Cemeteries and Parks, and act anything thereon or thereto.

Article 14. Recommended by the Finance Committee.

Article 15. To see if the Town will vote to raise and appropriate the sum of six hundred and fifty dollars (\$650.00) to be used to pay for all private work and material in Town Cemeteries, such as, opening graves, building foundations, etc., as according to General Laws, Chapter 44, Section 53.

Article 15. Recommended by the Finance Committee.

Article 16. To hear the report of any standing committees and act anything thereon or thereto and establish any new committees.

Article 16. Recommended by the Finance Committee to hear the report of any standing committees and to establish any new committee and/or committees and act anything thereon or thereto.

Article 17. To see if the Town will vote to transfer the sum of sixteen hundred and forty-five dollars (\$1,645.00) from Road Machinery Fund to the Machinery Account, and act anything thereon or thereto.

Article 17. Recommended by the Finance Committee.

Article 18. To see if the Town will vote to raise and appropriate the sum of money not to exceed five thousand nine hundred and seventy-five dollars (\$5,975.00) to purchase a tractor and front-end loader, and act thereon.

Article 18. Recommended by the Finance Committee that a sum not exceeding three thousand nine hundred and seventy-five dollars (\$3,975.00) be raised and appropriated and that the sum of two thousand dollars (\$2,000.00) be transferred from the Machinery Fund for the purchase of a tractor and front-end loader.

Article 19. To see if the Town will vote to raise and appropriate the sum of six hundred and thirty dollars (\$630.00) to pay the following unpaid bills for 1951, namely:

Public Welfare .....	\$18.00
Old Age Assistance .....	216.00
Disability Assistance .....	396.00

and act thereon or thereto.

Article 19. Recommended by the Finance Committee.

Article 20. To see if the Town will vote to raise and appropriate a sum of money not exceeding one hundred dollars (\$100.00) to be used for the purpose of making necessary repairs, providing adequate insurance, and otherwise maintaining in suitable condition the three vacated schoolhouses, namely, the Benjamin Ellis School, The Center School, and The E. Tillson Pratt School, and act thereon.

Article 20. Recommended by the Finance Committee.

Article 21. To see if the Town will vote to raise and appropriate a sum of money not to exceed one thousand dollars (\$1,000.00) to be used by the Board of Assessors for the purpose of preparing an Assessors' Plan or map of the Town, and act anything thereon or thereto.

Article 21. Recommended by the Finance Committee.

Article 22. To see if the Town will vote to accept the provision embodied in Chapter 537 of the Acts of 1951, which provides for a compulsory step-rate increase of one hundred and eighty dollars (\$180.00) annually for the Welfare Worker until the maximum yearly salary of three thousand dollars (\$3,000.00) has been reached as set forth in the Welfare Compensation Plan and act thereon.

Article 22. Recommended by the Finance Committee.

Article 23. To see if the Town will vote to appropriate a sum of money not to exceed fourteen thousand dollars (\$14,000.00) from free cash in the town treasury for the sole purpose of meeting the town's obligation relative to the Consolidated School Bond, and act thereon.

Article 23. Recommended by the Finance Committee.

Article 24. To see if the Town will vote to raise and appropriate a sum of money not to exceed thirty-seven

hundred and sixty-five dollars (\$3,765.00) for the sole purpose of meeting the town's obligation relative to the interest due on the Consolidated School Bonds, and act thereon.

Article 24. Recommended by the Finance Committee.

Article 25. To see if the Town will vote to accept, as a gift, a certain parcel of land situated on the northerly side of Plymouth Street, now owned by George A. Perkins, and being about 1000 square feet in area, and act thereon.

Article 25. Recommended by the Finance Committee.

Article 26. To see if the Town will vote to raise and appropriate the sum of two thousand five hundred dollars (\$2,500.00) for the purpose of constructing a fire station at North Carver, on a certain lot of land on the northerly side of Plymouth Street now owned by George A. Perkins, said building to be constructed when and if the Town acquires title to said premises, and act thereon.

Article 26. Recommended by the Finance Committee.

Article 27. To see if the Town will vote to raise and appropriate the sum of eight hundred and fifty dollars (\$850.00) to be used for salaries for the members of the Board of Public Welfare, to conform to the Local Personnel Practises Plan and act thereon.

Article 27. Recommended by the Finance Committee.

Article 28. To see if the Town will vote to raise and appropriate the sum of fourteen dollars (\$14.00) to be used to pay land damages on Tremont Street and act thereon or thereto.

Article 28. Recommended by the Finance Committee.

Article 29. To raise and appropriate such sums of

money as may be necessary to defray Town charges for the ensuing year.

Article 29. Recommended by the Finance Committee.

And you are directed to serve this warrant by posting up attested copies thereof, at the several places designated by vote of the Town seven days at least before the time of holding said meeting.

Hereof fail not and make due returns of this warrant, with your doings thereon, to the Town Clerk at the time and place of meeting aforesaid.

Given under our hands this 8th day of February in the year One Thousand Nine Hundred and Fifty-two.

BERNARD W. ROBY,  
ONNI HJ. ERICKSON,  
Selectmen of Carver.

FINANCE COMMITTEE,  
Harold L. Ballard, Chairman  
Olive S. Ward, Secretary
