Thereupon, after considerable discussion and after motions duly made and seconded, it was Voted to raise and appropriate the sum of \$183.00 to pay the City of Boston bill, and that the Andrew Wilson Co., Demco, Adirondock Chair Company and the Roby's, Inc. bills be paid from the Library Building Construction Account.

Article 12. Upon motion duly made and seconded it was Voted to raise and appropriate the sum of \$18295.00 to purchase a new 1¾ yard front-end loader for the Department of Public Works, and to authorize and empower the Department of Public Works, with the Board of Selectmen, to dispose of the Trojan loader now owned by the town and apply the proceeds thereof to the purchase price of the new loader.

Article 13. VOTED, unanimously, to appropriate the sum of \$3750.00 from available funds in the treasury for the sole purpose of meeting charges against the cemetery funds in the town treasury.

Article 14. VOTED, unanimously, to raise and appropriate the sum of \$2250.00 to be used to pay for all

private work and material in town cemeteries such as opening graves, building foundations, etc.

Article 15. VOTED to raise and appropriate the sum of \$5,500.00 for the purpose of graveling, otherwise preparing, penetrating, and oiling graveled roads that are accepted Public Ways within the Town of Carver.

Article 16. VOTED to raise and appropriate the sum of \$1581.80 for a lawn and garden tractor and attachments for the Department of Public Works to be used in the cemetery, park and highway divisions.

Article 17. Upon motion duly made and seconded, it was Voted that Article 17 be postponed until action is taken on Article 26. Thereupon, a motion duly made and seconded, it was unanimously Voted that Article 26 be taken up out of order.

Article 26. VOTED, unanimously to raise and appropriate the sum of \$8000.00 for the purpose of purchasing two (2) new station wagon type cruisers and to authorize the Selectmen to dispose of the two (2) 1971 station wagon type cruisers.

Article 17. Upon motion duly made and seconded, it was Voted to raise and appropriate the sum of \$750.00 for the purchase of one of the Police Cars traded, for the use of the Department of Public Works.

Article 18. VOTED to raise and appropriate the sum of \$15,000.00 for a drainage account to be expended by the Department of Public Works on various streets (Fosdick and Rochester Roads, Church and Center Streets) where drainage problems exist.

Article 19. VOTED, unanimously, to raise and appropriate the sum of \$950.00 to purchase the Huber Roller now on a lease-purchase arrangement.

Article 20. VOTED, unanimously, to raise and appropriate the sum of \$250.00 for the purpose of completing mapping the Central Cemetery.

Article 21. VOTED to raise and appropriate the sum of \$50.00 to be added to the existing Lakenham and Wenham mapping account.

Article 22. VOTED to return the following unexpended appropriation balances to the Treasury:

Article 23. To see if the Town will vote to authorize the Library Building Construction Committee to purchase, or to have built, a desk for the Library for the sum of \$1200.00 from the balance of the Library Building Construction Account. Motion, duly seconded, that Article 23 "be laid on the table." So Voted, unanimously.

Article 24. Upon motion duly made and seconded, it was unanimously Voted "to transfer from the Revenue Sharing Trust Fund Account the sum of \$1900.00 for the purpose of purchasing and installing a base radio and two State Police receiver sets for the Police Department."

Article 25. VOTED, unanimously, to transfer from the Revenue Sharing Trust Fund Account the sum of \$14,625.00 for the purpose of providing dispatching service for the Fire and Police Departments for the period starting June 1, 1973 to July 1, 1974. The dispatcher will be appointed by the Board of Selectmen and subject to rules and regulations adopted by said Board pertaining to the dispatcher's duties.

Article 26. Acted upon after Article 16 herein.

Article 27. VOTED, unanimously, that the County Dog Fund be applied to the Library Account for the sole purpose of keeping library open additional hours.

Article 28. VOTED, unanimously, to accept as a gift, a parcel of land from Robert J. Springer of Plympton, Massachusetts, with Quitclaim Covenants the land in Garver, Plymouth County, Massachusetts, between Main Street and Route 58, bounded and described as follows: Beginning at a point in the Easterly line of Route 58, at a corner of land supposed to be of Harold C. McKay, thence by said Route 58, North $7^{\circ} 45' 20''$, East 204.44 feet to a corner; thence by land of Robert J. Springer, by a curve to

the right with a radius of 35 feet, a distance on the arc of 101.76 feet to the Westerly line of Main Street; thence by said Street South 21° 10' 35" West 208.44 feet to land of said McKay; thence by said land North 64° 57' 03", West 21.63 feet to the bound first mentioned.

Article 29. VOTED to raise and appropriate the sum of \$4500.00 to be used for School Zone Lights on Route 58 at the Governor John Carver School, said sum to be 100% reimbursed by the State under Chapter 616, Section 6, Acts of 1967, School Zone program in accordance with Chapter 44, Section 6A of the General Laws.

Article 30. VOTED to raise and appropriate the sum of \$6000.00 to be used for the installation of Safety Islands in order to channelize the traffic at the intersection of Tremont and Lakeview Streets in South Carver, said sum to be 100% reimbursed by the State under Chapter 90, Section 338 of the General Laws in accordance with Chapter 44, Section 6A of the General Laws.

Article 31. VOTED, unanimously, to authorize the Board of Selectmen to have twelve (12) street lights installed by the New Bedford Gas and Edison Light Company on electric light poles on Crystal Lake Association roads. Location of lights to be designated by the Board of Directors of the Crystal Lake Association, and said cost of lights to be taken from the Street Light Account of 1973 and to be fully paid for by the Town of Carver hereinafter.

Article 32. VOTED, unanimously, to raise and appropriate the sum of \$1000.00 for Chapter 90 Highway Maintenance, and to transfer the sum of \$2000.00 from available funds in the treasury to meet the State's and County's shares of the cost of the work, the reimbursements from the State and County to be restored, upon their receipt, to Free Cash in the Treasury.

Article 33. VOTED, unanimously, to raise and appropriate the sum of \$8500.00 for Chapter 90 Highway Construction to meet the Town's share and to authorize and empower the Treasurer, with the approval of the Selectmen, to borrow the sum of \$25,500.00 in anticipation of reimbursements to meet the State and County shares of the cost of the work, in accordance with Chapter 44, Section 6A of the General Laws.

Article 35. VOTED, unanimously, to transfer the sum of \$31,550.00 from the Revenue Sharing Trust Fund Account for the purpose of purchasing a new 750 gallon per minute combination pumping engine and equipment for the Carver Fire Department.

Article 36. To hear the report of any standing committee and act anything thereon or thereto and to establish any new Committees.

Mr. Randall Look presented the report of the School Needs Study Committee, and upon motion duly made and seconded, it was unanimously Voted to accept said report.

Mr. Alan I. Dunham presented the report of the Personnel Board Study Committee, and upon motion duly made and seconded it was unanimously Voted to accept said report.

This Committee held seven formal meetings, including one with Town Counsel in January, since its inception in June 1972. Between meetings the members studied Personnel Board By-Laws of several area towns, and during early meetings evaluated these established By-Laws, relating them to the needs of Carver. The *Handbook for Municipal Personnel Boards* was used for reference in our deliberations.

The Study Committee realized early that to create a complete, comprehensive Personnel By-Law for the Town of Carver, including classification and compensation plans, as well as definitions, recruitment programs, promotion, demotion and transfer rules, and regulations pertinent to morale, leaves, and discipline, was a task of greater magnitude than time allowed and our combined talents could accomplish before this Annual Town Meeting. The Committee,

however, was in unanimous agreement that a Personnel Board should be established for the Town of Carver at the earliest possible time. It was our feeling that an established Personnel Board could more easily and efficiently promulgate the necessary parts of the By-Law such as compensation and classification plans, and so forth; they, after all are the people who will have to work with and administer all facets of the Personnel By-Laws. We are all aware that the Town of Carver is growing, and as it grows its municipal services will have to be expanded. As the governmental services are increased there will be a need for economic and efficient handling of these requirements, and we sincerely feel that a well established personnel system will best serve these needs.

It is with this in mind that this Committee respectfully calls your attention to Article 39 of this Annual Town Meeting Warrant wherein we are submitting for your approval a basic Personnel By-Law that will establish a Personnel Board at the outset, and this Board will in turn establish a well designed personnel program that will render the best municipal management possible. The report of this Committee will continue to, and will conclude with your action on Article 39.

Mr. William J. Doherty, President of Crystal Lake Association, moved that the Town vote to form a

Committee to study the feasibility of providing assistance for non-accepted Streets and Ways in existing private residential developments. The Committee to consist of five (5) members appointed by the Moderator and to be reported at the next Annual Town Meeting. Motion was duly seconded, and it was unanimously so Voted.

At this time it was duly moved and seconded to adjourn until Thursday, March 29, 1973, at 7:00 o'clock P.M. So Voted. Adjourned at 10:25 P.M.

ANNUAL TOWN MEETING
ADJOURNED SESSION
MARCH 29, 1973

The adjourned session of the Annual Town Meeting was called to order at 7:14 P.M., March 29, 1973, by the Moderator, Robert O. Mott, there being a quorum present. Town Counsel, Edward Angley, Esquire, was present throughout the meeting. Article 36 not having been completed at the last session, the meeting proceeded to act on Article 36, as follows:

Article 36. (Relating to Committee reports, etc.) Mrs. Margaret Johnson moved to thank the Library Building Committee for their efforts, discharge the Committee and return the remaining funds to the Town Treasury. Motion duly seconded. Mr. Matthew Mendes spoke against the motion, stating that the work of the Committee had not been completed, and that there were bills remaining to be paid. Thereupon, the motion was duly withdrawn.

Article 37. After some discussion and explanation from Committee members, it was voted to proceed to vote by ballot on the following question: "Shall the Town of Carver accept the provisions of sections 44A to 44K, inclusive, of Chapter 40 of the General Laws providing for the establishment of a regional refuse district, together with the Towns of Marion and Wareham, and the construction, maintenance and operation of a regional refuse disposal facility of said district in accordance with the provisions of a proposed agreement filed with the Selectmen?" Balloting on the question was completed at 8:25 P.M., at which time the ballot box register showed a total of 125 ballots cast. result of the vote: "Yes" 108, "No" 17, and it was so Voted.

At this time it was unanimously Voted to consider Articles 39 thru 42 out of order.

Article 39. Upon motion duly made and seconded, it was unanimously Voted to adopt the "Personnel By-Law of 1973," as amended, as follows:

SECTION I. SHORT TITLE AND DECLARATION OF POLICY

“Personnel By-Law of 1973,” and is hereby adopted pursuant to the provisions of General Laws, Chapter 41, Section 108A, 108C and amendments thereof.

Par. 2. (a) It is well recognized that proper personnel administration is essential to effective and economical work performance; and that major factors in proper personnel administration are intelligent human relations, valid administrative practices, and a realistic and equitable system of compensation, with fair and swift solution of compensation problems.

(b) The purpose of the By-Law is to deal with these problems directly and through the establishment of a Personnel Board; and thus to encourage stability and improvement of the Town’s working forces, and the effective and productive performance of their work.

SECTION II. JURISDICTION

Par. 1. The Compensation for every job and position on which the Town employs or intends to employ any person except those filled by election by the registered voters of the Town and except those under the control and direction of the School Committee shall be governed by the provisions of this by-law.

Par. 2. Any job or position which is not

specifically classified hereinunder shall continue to be paid for at the rate in effect for it during the sixty (60) days immediately before the date this by-law is accepted by the Town until it is classified.

Par. 3. Any provision in conflict with Chapter 31, General Laws, shall not apply to a job or position governed by Civil Service, but every other provision herein shall apply to such job or position.

Par. 4. The advisory benefit of this by-law may be taken by the School Committee, when it sets the compensation of jobs or positions within its jurisdiction.

Par. 5. The advisory benefit of this by-law may be taken by the Town to set the compensation for posts, filled by election by the registered voters of the Town.

Par. 6. It is to be noted that Chapter 41, Section 108A, General Laws states that this by-law shall not be subject to Section 32 of Chapter 40.

SECTION III. ADMINISTRATION

Par. 1. Within 45 days following the date of adoption of this by-law, a committee composed of the Town Moderator, the Board of Selectmen and the Finance Committee, hereinafter called the Committee, shall appoint five (5) persons who shall serve, without compensation, as the Personnel Board, hereinafter called the Board as

follows: The Moderator shall appoint one person, the Board of Selectmen shall appoint two persons and the Finance Committee shall appoint two persons.

- (a) a term of one year, two for two years and two for three years.
- (b) The Committee shall appoint all successor members of the Board to fill vacancies in the same manner and by the same authority with the advice, but not necessarily the consent of the Board.
- (c) Successor appointment shall be for terms of three years each, except that when to fill a vacancy in an unexpired term shall be only for the unexpired term.
- (d) Each member shall serve until his successor is qualified.
- (e) A person shall not be appointed to the Board unless he qualifies as follows:
 - (1) is a registered voter of the Town
 - (2) is not an elected or paid official or employee of the Town; and does not hold a position involving financial responsibility for the Town.
- (f) A member may be appointed to succeed himself.
- (g) Within thirty (30) days after the Board has been appointed, it shall convene and

by majority vote, elect from among the Board membership:

1 – a chairman

2 – and a clerk.

- (h) The Chairman shall call the Board together, preside at its meetings, be responsible for the orderly and expeditious conduct of its business by due process.
- (i) The Clerk shall in writing keep the minutes of the Board, receive and deliver its official communications, immediately and not later than thirty (30) days after its occurrence notify in writing the Town Clerk of a vacancy on the Board, be responsible for all its files and records, and prepare its annual report.
- (j) In the event that the Committee fails to appoint a Personnel Board, the Board of Selectmen shall administer this by-law until such time as a Board is appointed and qualified.

SECTION IV. DUTIES OF THE PERSONNEL BOARD

A. The Board shall establish such policies, procedures and regulations as it deems necessary for the administration of the classification and compensation plans and may employ assistance and incur expenses as it deems necessary, subject

to appropriation of funds therefor.

B. The Board shall immediately following the annual appointment of the new members or member meet and organize by electing a chairman. A majority of the Board shall constitute a quorum for the transaction of business. The votes of a majority of all the members of the Board shall be necessary on any matter upon which it is authorized or required to act.

C. The Board shall maintain written descriptions of the jobs or positions in the plan describing the essential characteristics, requirements and general duties. The descriptions shall not be interpreted as complete or limiting definitions and employees shall continue to perform any duties assigned by their superiors.

D. The Board by its own authority may reclassify an existing position to a different class, and no position may be reclassified until the Personnel Board shall have determined that such reclassification is consistent with the provisions of the classification and compensation plans. Such reclassification of a position, however, shall be subject to the appropriations of the necessary funds to adjust the compensation of the incumbent employee.

E. The Personnel Board from time to time shall review the work of all positions covered by the Plan, such reviews to be scheduled so as to cover all such positions at intervals of not more than three years.

F. The Personnel Board shall from time to time review the Salary Schedules. It shall keep informed as to pay rates and policies outside the service of the Town and shall recommend to the Town any action deemed desirable to maintain a fair and equitable pay level.

G. Upon recommendation of a department head, supported by evidence in writing of special reasons and exceptional circumstances satisfactory to the Board, the Board may authorize and entrance rate higher than the minimum rate for a position and such other variance in the plan as it may deem necessary for the proper functioning of the services of the Town. No variance shall become effective unless, or until, the necessary funds have been appropriated therefor.

H. The Board shall make an annual report in writing to the Board of Selectmen on or before January 31st of each year.

SECTION V. AMENDMENT OF THE CLASSIFICATION AND COMPENSATION PLANS

A. The Classification and Compensation plans may be amended at the Annual Town Meeting in the same manner that other by-laws may be amended; provided, however, that no amendment shall be made unless a request therefor, in writing and signed by the petitioners or petitioner, is addressed to and submitted to the

Personnel Board, and a copy thereof filed with the Town Clerk.

B. Upon receipt of such request, the Board shall hold a hearing thereon at which time all persons interested shall be entitled to be present and heard. Written notice of such hearing shall be given, not less than three days preceding the date thereof, to the petitioner or petitioners, and to the heads of department and employees affected.

C. The Board shall, after such hearing, submit a report with recommendations at the Annual Town Meeting.

D. The Board may of its own motion, after like notice to all persons interested and after a hearing, submit to the Annual Town Meeting a proposal for amending plans.

Article 40. Article duly moved and seconded. After some discussion of the matter, Mr. Philip H. Gibbs moved to amend the motion by deleting the words "direct" wherever they occur in the original motion. Motion was duly seconded, and it was so Voted.

Thereupon, it was Voted "to authorize and empower the Board of Selectmen to investigate the legality of the Agreement between Process Disposal Inc. and the then Board of Selectmen, acting as a Board of Health, regarding the use of the Town-owned land on the Easterly side of Main Street (Route 58), in that part of Carver known as North Carver, as a "Sanitary Land-fill Rubbish Disposal

Area,” and, further, to authorize and empower the Board of Selectmen to engage legal counsel to institute appropriate Court action for the purpose of obtaining a Judicial determination of the validity of said Agreement, and to take any further necessary and appropriate action for the protection of the interests of the Town in the premises.”

Article 41. VOTED, unanimously, to raise and appropriate the sum of \$250.00 to be used for the personnel Board Expenses.

At this time it was Voted to return to the consideration of Articles 37 and 38. Results of the balloting on Article 37: “Yes” 108, “No” 17.

Article 38. VOTED, unanimously, to raise and appropriate the sum of \$663.54 and to transfer the sum of \$326.46 from the account “Regional Refuse Disposal Planning Committee Expense” voted under Article 3 at the Special Town Meeting November 21, 1972 for the “Regional Refuse Disposal District Committee Expense,” for the purpose of planning for the operation of the Carver, Marion, and Wareham district facility.

Article 42. Upon motion duly made and seconded, it was unanimously Voted to adopt the proposed revisions and additions to the Protective Zoning By-laws as submitted by the Carver Planning Board, as follows:

Page 1. Section II. . . . Definitions

Delete: “DETACHED TWO-FAMILY HOUSE:” and its definition.

Page 2. Section II. . . . Definitions

Amend definition of Apartment House or Multiple Dwelling by striking out the word “three” in the second line and inserting in its place the word “two.”

Page 3. Section IV A, 1, 1. . Permitted Uses

After the words: “Detached one-family” delete the words: “or two family.”

Page 5. After Section IV, A, 2, d. . . . Uses which may be granted a special permit . . .

Delete the words following “e. Apartment buildings:” in this paragraph and add the following: “or multiple dwellings:” Special permits may be granted for this use by the Board of Appeals under the following conditions:

1. Density

- a. The minimum lot area requirement for each apartment unit shall be 40,000 square feet exclusive of any swamp or other land as defined by MGLA, Chapter 131, Section 40, generally known as the Hatch Act.
- b. Buildings designed for this use shall have a maximum of two stories for living space.

2. Minimum set-backs

- a. Front yard, 100 feet
- b. Side yard, 100 feet
- c. Rear yard, 100 feet

 - b. Parking areas, adequately lighted, shall be provided at the minimum rate of 2 autos per apartment unit and located a minimum of 100 feet from any existing street line and at least 50 feet from any lot line.
 - c. Driveways, parking areas and storm drainage shall be constructed and paved according to the rules and regulations of the Carver Planning Board governing the subdivision of land as adopted under the subdivision control law. No such driveway or parking area will be allowed to shed water upon the town ways.
4. All outside use areas to be at least 50 feet from any lot line.
 5. Sewage disposal construction shall follow the health regulations set down by the Carver Board of Health
 6. 50 foot buffer zones will be required adjacent to side and rear lot lines, and screen plantings, hedges, or such will be required where existing natural screening is not sufficient.
 7. Applications for special permits for this use will be accompanied by plans drawn by a Registered Professional Engineer for layout and design of all buildings and outside use

areas such as driveways, surface drainage, parking and recreation areas.

8. In the case of 3c and 4 and 5 above, certification by a Registered Professional Engineer satisfactory to the Building Inspector that construction has been completed in accordance with applicable regulations will be required before occupancy permits are issued. Costs of inspection and certification are to be borne by applicant.

Page 5. Section IV, B, 1. . . . Permitted Uses

Add the following new paragraph: "d. Display of a sign, lighted or unlighted, attached to the building but not more than four feet higher than the highest point of same, limited to fifty square feet and pertaining to use of premises."

Page 6. Section IV, C, 3. . . . Prohibited Uses

Add the following new paragraph: "c. Apartment Houses."

Page 9. Section VI. B. . . . Trailers

Add the following new paragraph: "2. The Building Inspector acting with the Board of Appeals and without a Public Hearing may grant written permission for the immediate use of a mobile home in an area of town not designated for such use. Such permission, not to exceed six months, is to be granted only in case of emergency when the applicant's home has been damaged so as to be uninhabitable."

(NOTE: The foregoing Amendment to the Protective Zoning By-laws was approved by the Attorney General on June 30, 1973, and was published, as required by law, on July 11, 1973.)

There being no further business to come before the meeting, and upon motion duly made and seconded, it was unanimously Voted to adjourn.

SPECIAL TOWN MEETING

MAY 31, 1973

A Special Town Meeting was held at the Governor John Carver School on Thursday, May 31, 1973, pursuant to a Warrant of the Board of Selectmen dated May 16, 1973. There not being a quorum present at 8:00 o'clock P.M., the Moderator, Robert O. Mott, declared the meeting in recess until such time as a quorum should appear.

At 8:55 P.M., there being a quorum present, the meeting proceeded to act on the Articles in the Warrant, as follows:

Article 1. Mr. Philip H. Gibbs, Chairman of the Planning Board, presented the written recommendations of the Planning Board and the record of the required hearing which was held on May 30, 1973. The Article, having been duly moved and seconded, and there being no further discussion of the matter, it was unanimously Voted "to amend the Protective By-Law Section IV. Use Regulations: A. Agricultural-Residential District; 1. Permitted Uses; b., by adding after the words "educational or municipal use" the words "or use for a Regional Refuse Disposal Facility by the Regional Refuse Disposal District established under General Laws, Chapter 40, Section 44A to 44K, inclusive."

Article 2. VOTED, unanimously, to rename a section of Route 58 leading from the Plympton-Carver Line Southerly to the intersection of Purchase Street to the name of North Main Street; and to rename that portion of said Route 58 leading from the intersection of Purchase Street to the intersection of Mayflower Road to the name of Main Street; and, further, to rename that section of said Route 58 leading from the intersection of Mayflower Road to the intersection of Tremont and Seipet Streets to the name of South Main Street.

Article 3. VOTED, unanimously, to rename Green Street and Old Main Street to the intersection of North Main Street, Route 58, to the name of Green Street.

Article 4. VOTED, unanimously, to transfer the sum of \$300.00 from the unexpended balance remaining in the

purchase of Police Cruiser Account which was voted under Article 26 of the Warrant for the Annual Town Meeting on March 24, 1973, said sum of \$300.00 to be used for the purpose of purchasing a new Portable Resuscitator for the Police Department.

Article 5. To see if the Town will vote to appropriate from available funds in the treasury the sum of \$629.00 to pay the following unpaid bill of 1971:

Simeone Stone Corporation	
(Chapter 81)	\$629.00

Article duly moved and seconded. Voice vote being had and the vote not being unanimous (a 9/10 majority vote required), the Moderator called for a standing vote. Standing vote being had, and 50 voting in the affirmative with 18 opposed, the motion was declared Lost.

Article 6. VOTED to transfer the sum of \$4000.00 from the Revenue Sharing Trust Fund Account, and to transfer the sum of \$500.00 from available funds in the treasury for the purpose of purchasing a new half-ton, six cylinder, four-wheel drive pickup truck and snow plow for the Board of Public Works.

Article 7. Upon motion duly made and seconded, it was Voted to approve the \$375,000.00 indebtedness authorized on May 2, 1973, by the Regional Refuse Disposal District Committee of the Carver, Marion and Wareham Regional Refuse District for the purpose of

constructing and originally equipping the District's Refuse Disposal Facilities, as provided in the General Laws of the Commonwealth, Chapter 40, Section 44F.

There being no further business to come before the meeting, and upon motion duly made and seconded, it was unanimously Voted to adjourn.

SPECIAL TOWN MEETING

NOVEMBER 15, 1973

A Special Town Meeting of the Inhabitants of the Town of Carver was held on Thursday, November 15, 1973, at the Governor John Carver Schoolhouse, pursuant to a Warrant of the Board of Selectmen dated November 1, 1973. The meeting was called to order at 7:30 o'clock, P.M., by the Moderator, Robert O. Mott, there being a quorum present. Town Counsel, Donald L. Connors, Esquire, was present throughout the meeting.

Reading of the Warrant being dispensed with the meeting proceeded to act on the Articles in the Warrant as follows:

Article 1. Voted, unanimously to transfer from available funds and appropriate the sum of \$6,075.35 to reimburse the Treasury of the County of Plymouth, said amount being payable from the Treasury of said County as awards for damages caused by taking of land for highway purposes on part of Holmes Street and all of Beaver Dam Road, under the provisions of Plymouth County Commissioners' Decree No. 1445.

Article 2. Mr. Randall Look presented the report of the School Needs Study Committee, a copy of which is on file in the Town Clerk's office. Thereupon, on motion duly made and seconded, it was Voted to hear the report of the School Needs Study Committee, to dissolve said committee, and establish a Local School Building Committee to consist of the School Committee and four additional members appointed by the Moderator, who shall if possible, be persons who have served on the School Needs Study Committee.

Article 3. Voted to transfer and appropriate to the Local School Building Committee the following unexpended appropriation balances:

1. School Needs Study Committee	\$250.00
2. Vocational Regional District Planning Committee	97.61

Article 4. Upon motion duly made and seconded, standing vote being had and 128 voting in the affirmative

and 30 opposed, it was Voted to transfer the sum of \$7,524.82 and appropriate for partial cost of obtaining Local School Building Plans to be expended by the Local School Building Committee. Such sums to be transferred as follows:

1. School Building Committee expense account (Art. 21 – 1964 Town Meeting)	\$ 210.19
2. School Building Construction account	2,314.63
3. Available funds in Treasury	5,000.00
	<hr/>
Total	\$7,524.82

Article 5. VOTED, unanimously, to place the Town Mechanic and the Town Mechanic Account under the supervision of the Department of Public Works.

Article 6. VOTED, to transfer the sum of \$891.20 from available funds in the Treasury and appropriate to the Town Mechanic Account for the purpose of increasing the weekly salary of the Town Mechanic from \$137.15 to \$165.00.

Article 7. VOTED to transfer the sum of \$4,723.27 from the Revenue Sharing Trust Fund Account and appropriate for the purpose of purchasing, registering, and insuring a twelve passenger Mini-Bus for the Carver Council on Aging.

Article 8. VOTED to dissolve the Library Building Construction Committee and to transfer and appropriate the unexpended balance in said account to the Library Account to be used for the purpose of acquiring a Librarian's desk, any then unexpended balance to be returned to the Treasury no later than the 1974 Annual Town Meeting.

Article 9. VOTED to empower the Board of Selectmen to appoint a committee of seven (7) registered voters to be known as the Police Building Study Committee.

Article 10. To see if the Town will vote to allow Process Disposal, Inc. to use approximately 3 additional acres of land at the present North Carver Dump Site presently used by Process Disposal, Inc. for sanitary land fill disposal as shown on Lot #13, Sheet 16 of Assessors' Plan, and also to accept the offer of Process Disposal, Inc. to construct, for recreation purposes, an area to include the following facilities, all at no cost to the Town:

1. One combination baseball and softball field.
2. One Little League ball field.
3. Four tennis courts.
4. Toilet facilities.
5. Park area.
6. Remaining area loamed and seeded.

All improvements to be shown on plans and written agreement to be presented at Town Meeting or to take any other action relative thereon or thereto. (by Petition.)

Article 10 was duly moved and seconded. Mr. Raymond Silva moved that representatives of Process Disposal, Inc. be allowed to speak on the motion. Motion was duly seconded, and it was so Voted. Thereupon, Mr. Robert Fletcher, who identified himself as Chief Engineer for Process Disposal, Inc., spoke in behalf of Process Disposal and in favor of the proposal. Mr. Matthew J. Mendes, a member of the Finance Committee, and Mr. Raymond Silva, an employee of Process Disposal, Inc., also discussed the matter at considerable length; both speaking in favor of the proposal. Town Counsel, Donald L. Connors, Esquire, explained the applicable law and gave his opinion that it would be illegal for the Town to allow this land to be used for this purpose, citing several cases in support of his opinion; also, that inasmuch as the land in question had been placed under the jurisdiction, management and control of the Conservation Commission it could not be used for any other purposes without an enabling Act of the Legislature.

Thereupon Mr. Walter W. Correia, Chairman of the Board of Selectmen, moved that action on the Article be "postponed indefinitely"; the motion was duly seconded. Thereupon motion was duly made and seconded to "cut off debate." Standing vote being had, and 132 voting in the affirmative and 49 opposed, it was Voted to "cut off debate." Thereupon, standing vote being had, 117 in the affirmative and 65 opposed, it was Voted to "postpone indefinitely."

There being no further business to come before the meeting, and upon motion duly made and seconded, it was unanimously Voted to adjourn. Adjourned, at 9:50 P.M.

PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT
PROJECT FOR CARVER 1973

Board of Selectmen
Town Hall
Carver, Massachusetts

Gentlemen:

This past season Massachusetts witnessed a serious outbreak of equine encephalitis. Seventy cases were confirmed in horses, forty-two of them in Plymouth and Bristol Counties. Acting under advisement of the Lakeville Encephalitis Field Station, the State Department of Public Health undertook an aerial spray program that eventually covered 1,600,000 acres. The epidemic was broken, no human cases were reported.

Two acts of the Legislature established two additional Mosquito Control Projects in the Commonwealth during 1973. Chapter 583 established the Central Massachusetts Mosquito Control Project. Thirty-one towns and one city in Middlesex and Worcester Counties, will participate. Chapter 606 formed the Suffolk County Mosquito Control Project, comprised of the cities of Chelsea and Boston. Ten projects are now serving the Commonwealth under Section 5A, Chapter 252 of the General Laws enacted July 15, 1957.

The following is a summary of the various activities of this Project: hand sprayers, mist blowers, thermol

foggers and ultra low volume cold aerosol foggers were used in treating 36,608 acres from mid-April through mid-September. In the remaining months, 59,380 feet of ditches and streams were cleared to eliminate breeding areas. Additionally, 28,000 feet of ditches and streams were reclaimed, using back hoes of special design.

The Project thanks the various town departments for their valuable aid.

Respectfully submitted,
Alan C. BAILEY
Superintendent

EDGAR W. SPEAR, Director

To the Honorable Board of Selectmen
Town of Carver, Massachusetts
Gentlemen:

In accordance with the General Laws of the Commonwealth, Chapter 128, the Trustees for Plymouth County Cooperative Extension Service are empowered to receive, on behalf of the County, money appropriated by any town or by the Federal Government for carrying out the provisions of the law under which they are appointed.

Their agents have made contacts during the past year in every community either by public meetings, individual visits, group discussions, demonstrations or otherwise, in attempting to assist the needs of the citizens toward helping to solve management problems, better living and better community service and have been ably assisted by many local volunteer leaders.

A total expense of \$70.28 was incurred during the year for the purchase of material needed in carrying on the various Extension programs. The appropriation made by your town was used for residents and programs of the town and expended as follows:

Books and Manuals purchased for Town officials	\$12.50
Town Director's expense	8.30
Bulletins, Paper, etc.	49.48
BALANCE in Town Account	\$29.72

FINANCIAL SUMMARY

1973-74 Appropriation	\$100.00
Total Expenditures	70.28
Suggested appropriation for next 12 months (July 1, 1974-June 30, 1975)	100.00

Director

The Plymouth County Cooperative Extension Service's office is located on High Street, Hanson and can be reached by calling 293-3541 or 447-5946.

This is repetitious but for the information of new residents, we are the educational arm of the University of Massachusetts and the U.S.D.A. at the county level. This is where the name "Cooperative Extension" is derived.

We have many and varied educational programs.

Free bulletins are on display at our office on lawn care, gardening, nutrition, home canning and freezing, to name just a few.

The number of soil samples tested continues to increase each year which is a free service to Plymouth County residents.

Posters and leaflets describing our staff services have been placed in every town hall and library in the county along with timely leaflets for distribution.

Town Directors met twice this past year with staff members. Citizens are encouraged to bring to the attention of their Town Director any suggestions to improve our services.

Plymouth County continues to have the most active 4-H Program in Massachusetts. Increased enrollment continues in our new Urban 4-H program and we have had added to our staff a new Associate 4-H Agent's position.

In addition to our regular staff, we have five Regional Community Resource Development Specialists who work closely with all the towns on varied projects and are available for assistance to all towns.

REPORT OF THE LIBRARY TRUSTEES

This has been a year of expansion and improvement in our library program. In March we welcomed Nancy Mott, replacing Laura Hudson, who had faithfully served the Library for 19 years and who is now a Trustee Emeritus.

National Book Week was observed with two exhibits—Nelson Sampson displayed his original oil paintings and Marjorie Griffith loaned old school books from District No. 8, Bates Pond School.

The Friends of the Library sponsored an interesting lecture by John Mott, Director of Historical Agriculture at Sturbridge Village.

The Summer Reading Program was a first for Carver. Two hundred reading programs were distributed by the school. Twenty-nine pupils received certificates on completion of the requirements.

The Puppet Show presented by former School Principal Richard Eldridge and family was enjoyed by seventy children and parents.

Movies, a program on the Ashanti Family, and a trip to the Plymouth Airport completed the activities.

We thank interested patrons for their gifts. Among these were town reports from 1895, garden craft books, Child World, world atlas, books, puzzles, and lamps.

The Carver Garden Club continues to provide attractive seasonal arrangements.

Appreciation and thanks to Elthea Atwood for establishing a permanent fund, the interest of which is to be used for the benefit of the Library—also for the glass display case.

Much interest stemmed from monthly exhibits. These included Nutrition, Finland, Adult Education, Old Quilts, Cape Verdi Islands, Pilgrim Thanksgiving, Rare Books, and Original Christmas Trees and Decorations.

The much-awaited book deposit has been installed at the south door. It is proving its worth.

Staff Members are:

Mary Anne DeLucia, Librarian
 Margaret Turpin, Substitute
 Margaret Mulligan, Substitute
 Lynne Vaughan, Library Aid
 Debra Faria, Part-time Helper
 sponsored by Federal Aid
 Hjalmar Alkio, Custodian

The Trustees express thanks and appreciation to those who have helped make the Library an asset to the town.

Respectfully submitted,

CATHARINE H. SHAW, Secretary

REPORT OF THE
CARVER PUBLIC LIBRARY
FOR THE YEAR ENDING
DECEMBER 31, 1973

Gentlemen:

The library staff would like to thank all those friends of the library who have contributed to the library either through their time or through gifts.

This has been a year of gratifying growth. Our library was open to the public a total of 15 hours weekly until June of 1973 when we increased to 21 hours weekly. Our circulation has increased 32% and the number of patrons has increased 50%.

We have added to our reference collection the World Book Encyclopedia, Webster's Third New International Dictionary, Webster's New Collegiate Dictionary, Thorndike-Barnhart Junior Dictionary, and the Thorndike-Barnhart Beginning Dictionary.

And now patrons over the age of 65 are not required to pay fines on overdue books.

This fall Diane Farrell from the Eastern Regional Library System conducted four storytelling training sessions in our library. Volunteers learned storytelling

techniques which they have used in our storytelling sessions. A massive publicity campaign this fall advertising story hour for 3-5 year old children resulted in over 60 children registering. The overwhelming response to this program was extremely gratifying.

In closing we would like to thank the Eastern Regional Library System for sending us Diane Farrell to train our storytellers, the Taunton bookmobile for supplying us with books on extended loan, and the New Bedford Public Library for supplying us with Interlibrary Loan books to fill special requests made by patrons.

Respectfully submitted,

MARY ANNE DE LUCIA

REPORT OF THE BOARD OF HEALTH

The Board of Health became a separate entity from the Board of Selectmen for the first time in the March 1973 elections. The first months of the new Board were a time of painful adjustment for the Board and for those working with them. Mrs. Molly D. Gomes, elected for a one-year term, resigned on June 4, 1973, and Mr. Charles E. Erwin was appointed to serve the unexpired term on June 27, 1973.

In order to provide more comprehensive supervision of water supply and sewage disposal within the Town, new regulations were issued on March 22, 1973.

Mr. Brant Haworth has assisted the Board as Consultant, receiving a fee of \$1.00 for his valuable services.

The following licenses and permits have been issued:

- 10 Well Installer's Permits
- 25 Disposal Works Installer's Permits
- 1 Sewage Dumping Permit
- 78 Disposal Works Construction Permits
- 73 Well Permits
- 4 Camp or Trailer Park Licenses
- 2 Food Service Establishment Licenses

The following Clinics have been conducted:

- 2 Flu Clinics

1 Rabies Clinic
1 Mumps Clinic

With the help of a part-time Health Officer, all percolation or test holes, new wells and sewage disposal works have been personally inspected by a representative of the Board. All plans for new construction have been reviewed from a Health standpoint. Samples of water from local bathing beaches were tested monthly during the bathing season.

Two members of the Board have successfully completed the course requirements in Responsibilities and Functions of a Board of Health, conducted by the State Department of Public Health. They have attended lectures and symposiums relative to Public Health matters whenever possible and pertinent to Carver problems.

They have cooperated with the Public Health Nurse and Public Health Nurse Association.

\$2,115.00 has been turned over to the Town Treasurer as receipts from licenses, percolation tests, etc.

With the cooperation of the Southeastern District of the State Department of Public Health, the officials, builders and citizens of the Town of Carver, it is felt that great strides have been made in the enforcement of the State Sanitary Code and local regulations for the greater protection of old and new residents of the Town. Without

such cooperation the new Board could have accomplished little and we take this opportunity to express our appreciation.

**REPORT OF THE
PUBLIC HEALTH NURSE
FOR THE YEAR ENDING
DECEMBER 31, 1973**

To the Public Health Nurse Committee
Mrs. Mary Waters, Chairman

The year 1973 has been a busy but rewarding year for those involved in Carver's Community Health Program. Of the 440 home visits made, 401 were for nursing care and 39 were school related. With the increase in school enrollment and the number of children cared for, additional assistance was provided to carry out the vision and hearing tests and to provide better coverage for the school health programs.

Again we were recertified by Medicare and rehabilitation services are available to Carver residents through a contract with Easter Seals.

There was an increasing participation in several immunization clinics held throughout the year for pre-school and school children as well as a flu clinic for senior citizens. Mrs. Genelda Johnson and Mrs. Barbara Flanders generously gave their time in assisting at these various clinics.

Throughout the year, we have had many conferences with professional personnel and official agencies to improve and assist the children and residents of Carver.

Our future concern is in meeting the total health needs of the community and the school. Every attempt is being made to assess these needs in preparation for the coming year.

Respectfully submitted,
GERTRUDE WILSON
Public Health Nurse

**REPORT OF THE
DEPARTMENT OF PUBLIC WORKS
FOR THE YEAR ENDING
DECEMBER 31, 1973**

Honorable Board of Selectmen
Town Hall
Carver, Massachusetts
Gentlemen:

The Board of Public Works wishes to report on its activities for 1973.

Mr. Paul Williams resigned the post of Superintendent and was replaced by Mr. Ralph N. Stevens of Middleboro. Mr. Stevens has had several years experience with the D.P.W. in Middleboro as a foreman.

The Highway Division rebuilt a culvert and paved 2700 feet of Pond Street by penetration and sealing. This completes Pond Street. Brook Street was penetrated and sealed for 2600 feet. A small portion of High Street was also done.

Catch basins, manholes and pipes totaling 1380 feet were installed on Rochester and Fosdick Roads. Smaller drainage projects were done on West, Indian, Fuller and High Streets as well as Wenham Road. All these were done under the new Drainage Account provided by the town.

Chapter 81 Funds were spent throughout the town on small drainage jobs, notably berms to channel water. Eleven miles of road were sealed with 29,365 gallons of asphalt. Many small, routine maintenance jobs were done.

A new traffic island at Lakeview and Tremont Streets was completed.

All catch basins in town were cleaned.

Due to an environmental impact study requirement on Chapter 90 projects, we were unable to complete the necessary prerequisites in time to start a new project before winter set in. Preparations are complete and an early 1974 start is planned for work on Tremont Street.

Speed zone signs were erected on Purchase and Plymouth Streets.

The Cemetery Division worked through a second very wet spring and summer in as many years. A tremendous amount of mowing was required. Eleven new lots were sold returning \$495.00 to the sale of lots fund. There were 21 burials.

The Park Division completed the infield at the Center Ballfield. Grass grew sufficiently for games to be played on the field. Much work is still needed on the dugouts, fences and sod in 1974. A metal building was erected at John's Pond for storage of the swimming equipment, eliminating a transportation problem which took men off important jobs daily.

The Tree Division performed several routine small projects such as removing broken trees and branches, cutting brush and pruning some planted trees. Several dead elms were removed throughout the town. Eleven new trees were set out to replace missing trees.

The Board took delivery on a new four-wheel drive pickup and a used police cruiser which now give us flexibility in moving men and equipment without resorting to the use of private cars. The new John Deere bucket loader is most satisfactory. The new riding mower is a great asset in speeding the mowing jobs.

The Board wishes to thank the men of the department for their good work and cheerful acceptance of the many bad facets of working for the public in their type of job. We also express our appreciation of the fine job done by Mr. Ralph Stevens in superintending the department.

REPORT FROM THE
OFFICE OF VETERANS' SERVICES
FOR THE YEAR ENDING
DECEMBER 31, 1973

To the Honorable Board of Selectmen
Carver, Massachusetts
Gentlemen:

The year 1973 saw a vast change in the Veterans' Services Department of the towns of both Carver and Plymouth. From a situation where we regionalized with Plymouth in this most important task, the Selectmen of the Town of Carver took a giant step forward when they established a separate Veterans' Services Office for our town and I was very proud to have been appointed as Veterans' Agent/Director for Carver in this reorganization. At the same time, I was deeply moved and saddened by the death of Charles "Chuck" Henderson, who had previously served as Veterans' Agent for both Plymouth and Carver, a hard-working and dedicated ex-Naval Officer who did so much for our Veterans in Carver, aside from his duties in Plymouth.

However, in taking over these duties, without any detailed assistance or orientation I did my best to carry out the responsibilities which the position entailed. It took me many months to organize the office to best serve the Veterans and their dependents.

The workload, as you well know, has almost quadrupled with the advent of the many new families in town as well as the return of the Vietnam veterans. I would like to thank the veterans organizations and the Town's Officials who understand my plight and circumstances under which I had to perform my duties.

There have been many changes in the General Laws, Chapter 115, in reference to Veterans' Benefits due to cost of living increases, etc., and in the Federal Social Security Laws which affect the Town of Carver through Veterans' Services. Our National Government is presently functioning in a "peace time era." It has been a good year for the families and loved ones of returning Vietnam veterans, including our brave P.O.W.s and M.I.A.s.

I sincerely trust that I shall continue to offer optimum services through 1974-1975, with the very fine secretarial help I am privileged to have, and shall perform my most important duties to the best of my ability.

REPORT OF THE
SUPERINTENDENT-DIRECTOR
OLD COLONY REGIONAL VOCATIONAL-TECHNICAL
HIGH SCHOOL

To the Members of the Regional Vocational-Technical High School District Committee and the Residents of Acushnet, Carver, Mattapoisett, and Rochester.

I herewith submit the first annual report of the Superintendent-Director for the Old Colony District. A summary report of the District Treasurer is attached, as it relates to the eighteen (18) month budget period of January 1, 1973 through June 30, 1974.

The annual report is of necessity a limited document, and cannot describe in any appreciable detail, the wide variety of planning activity carried on by your Regional School Committee. The report does offer a glance back over the year at a few items of general interest and at some of the more significant indications of our progress.

To combine the desirable with the possible in the proper proportion to insure the construction of a functional, practical and modern vocational-technical school has been our aim during the past year and will continue to be the goal for the coming year.

How much of the desirable has been possible is realized especially at this time of the year when the annual report is studied. The administration of this District must necessarily depend upon the cooperative efforts of many persons. An atmosphere of understanding and cooperation, prudent planning and long hours of unselfish work on the part of the Regional School Committee, are all committed to one purpose, namely, the construction of our long-awaited school. That so many are truly committed to this one purpose, constitutes the chief asset to the Old Colony system and a major asset in the communities of Acushnet, Carver, Mattapoisett and Rochester.

The record should show that these desirables were made possible this past year:

1. *School Site:*

1973 opened with the immediate, formal acquisition of the school site located on North Avenue, in Rochester. This eighty-five (85) acre parcel has undergone year-long inspection and studies by various State and private agencies. At this writing, land-use plans are being prepared by landscape specialists in coordination with the Architect and the School Committee. With ground breaking and actual construction scheduled for early 1974, work continues on the development of this site into a quiet, pleasing atmosphere for a school building location.

In conjunction with site work is the effort by the District Committee to obtain Federal approval for the

use of gas as the fuel for Old Colony. A gas transmission line owned and operated by the Algonquin Gas Transmission Company, traverses school property. An application to tap into this line is now under review by the Federal Power Commission, and if approved, will result in an economical solution to Old Colony's fuel needs.

2. *Building:*

The year on which we are currently reporting is one which we have been trying to determine the best construction plan for Old Colony. There has been such a variety of questions requiring solutions: questions complicated and inter-related, so much that no one question can be solved in absence of some consideration of what the effect of the solution will be on the others. And while these topics have more or less all been under study and discussion during the year, we are nearer decisions and are optimistic that 1974 will bring all the solutions, topped off by a facility built with pride.

In March 1973, the Architects, Campbell, Aldrich & Nulty, were directed to investigate a pre-engineered construction concept and began the last chapter in their association with the Old Colony project; a detailed study of a single building versus a multiple building vocational school complex. In May 1973, the David M. Crawley Associates, Architects, Plymouth, Mass., were retained by the Committee to carry the project through its final conclusion, using a single building concept.

Crawley Associates began their assignment by developing the schematic design phase—the first step when an architect consults with the District Committee to determine the requirements of the project and prepares schematic design studies. This effort led to a recommended solution of the design problem and was approved by the District Committee on July 5, 1973. The second phase (Design Development Stage) saw the Architects prepare further documents, plans, elevations and other necessary drawings, plus verbal descriptions, generally to establish and show the size and character of the project with reference to plan, structure, materials, mechanical and electrical installations and services. Preliminary drawings were fully approved by the Committee in July and also by the School Building Assistance Bureau.

The Old Colony project is well into the construction and documents phase, which is the preparation on the basis of the approved design development documents, the working drawing and specifications describing and prescribing in all details the work to be done and the necessary information regarding the receiving of bids.

3. *Focus for 1974:*

At year's end, we see ahead of us the conclusion of the construction and documents phase and, in 1974, the beginning of actual construction. The path has not been without its pitfalls and there is no guarantee that whatever lies ahead will be any smoother. We do, however, look anxiously forward toward 1974

knowing it will result in the materialization of Old Colony's physical facilities—the culmination of the Towns' hard working efforts to implement district-wide occupational education for its young people and adults.

As always, we are indebted to those who serve their communities as members of the Committee. The demands of such service are much more than anyone realizes until he becomes involved in such a position of responsibility. I speak for all when I say we are mindful of the time and concern which members invest in the problems of building an educational facility for the four (4) towns to enjoy and use for all time. We appreciate the trust and confidence you have placed in us as we develop Old Colony for these communities.

REPORT OF THE
SCHOOL ADMINISTRATION
FOR THE YEAR ENDING
DECEMBER 31, 1973

We have once again this year experienced a spectacular enrollment increase with our student population in Grades K-5 advancing from 407 on 1 January to 477 as the year ended, an increase of 17%.

The opening of our Kindergarten classes in September added another 105 students to our total for an overall enrollment and increase of 43%. Indeed, this is 25 more students than we had in Grades 1-8 just two years ago. The space relief that we so looked forward to with the opening of the Intermediate School last January was short lived.

We have been delighted by the community response to our Kindergarten program. The tykes are adorable and we feel that this earlier start is going to pay some rich developmental dividends.

This past summer marks the last of our pre-school programs that had served in lieu of the public kindergarten experience. Operation Honest Effort, the Federally funded Title I program, served also the remedial needs of the primary grades. Each year this session of summer study has proved of increased advantage to a number of our youngsters.

This year we have introduced continuous progress programs in reading and in mathematics for Grades 1-3. The intention here is to allow progress to be made at that rate that most favorably suits the abilities, interests, and energies of the individual child. Once again, we have been most pleased by the very favorable level of the comment that have come from parents.

We do feel that our efforts to actively involve the parent community are meeting with a wonderfully cooperative family response. We have enjoyed meeting the many mothers and dads of children new to our school. They have displayed a degree of respect for our schools that we shall strive to continue to deserve.

As our year comes to its closing, we find a curriculum committee busy with the task of studying the total language arts program, and a committee of parents and teachers working to improve the reporting system for Grades K-5.

REPORT OF THE
PLYMOUTH-CARVER REGIONAL SCHOOL COMMITTEE
FOR THE YEAR ENDING
DECEMBER 31, 1973

For your School Committee this has been a year that began with the opening of our new Intermediate facility and closed with our intensive search for the most sensible answer to our recognized space needs at the high school. It is our belief that your desire is to have us recommend that the Towns build that which is found to be both educationally sound and fiscally feasible.

We do want to take this occasion to express our thanks to the professional staff of the Intermediate School, to the youngsters who have shown such respect and appreciation for the facility, and to the parents of our communities who showed remarkable patience during the period of double sessions which had preceded our opening.

Certainly, the pride reflected in the report of the Principal of the Intermediate School is wholly justified. We have shared his delight in the great measure of acceptance that has been accorded by the citizens of Carver and Plymouth and the many members of the educational community who have visited us.

As hard as it is to believe, the school that was opened in January and expanded during the months of spring has

already reached a near-capacity enrollment. We advise you at this time that we shall soon be before you once again requesting increased intermediate space.

School planning is both necessarily and advisedly a long-range activity. We have during this past year planned a major, but entirely temporary, reorganization of our schools. We were indeed fortunate that the School Committees of Carver and Plymouth expressed a willingness to accept responsibility for Grade 6 classes to be held in the local elementary schools during 1974-75 school year.

This will allow us to place Grade 9 with Grades 7 and 8 in the Intermediate School. We are agreed that this can be done on a temporary basis without educational hurt to the youngsters involved in the grade placement changes.

This provided for us a short time allowance during which the thinking of the communities must be finalized. We have to date been most pleased by the input of those community members who have attended our meetings, particularly to members of the Student Advisory Council who have been so faithful and so delightfully creative in their thinking.

We are pleased to inform you that our educational programs are keeping pace with the ever-expanding needs of our communities. Plymouth and Carver have grown at unprecedented rates. It is our present conviction that while growth may not continue to be as spectacular as has been

the case, it is certainly not about to stop. It is therefore incumbent upon us to keep you continually apprised of both present and anticipated school needs. Working together, we are certain that the Towns of Carver and Plymouth will continue to serve well the educational needs of their young people.

REPORT OF THE
PRINCIPAL
PLYMOUTH-CARVER HIGH SCHOOL
FOR THE YEAR ENDING
DECEMBER 31, 1972

Changes were apparent during the school year 1972-73 which were the results of two factors—changes in personnel and the increase in pupil enrollment.

During the 1972-73 school year the administration and faculty became painfully aware that some drastic action was necessary to deal with the serious overcrowding at the high school, which was certain to become aggravated in the fall of 1973. The School Committee, being aware of the acute problem at the high school, gave the high school administration permission to use four classrooms at the Plymouth-Carver Intermediate School during the 1973-1974 school year, to help alleviate the overcrowded condition.

During the year there were changes in personnel and the staff also grew in number as a direct result of curriculum development. The implementation of English elective course offerings for the school year 1973-74 by the English Department was achieved and two additional English teachers were added to the department. Mr. Urban was assigned to teach health on a full-time basis. One additional math and science teacher was added to augment

the staff. Miss Comiskey, a member of the Foreign Language Dept., returned from a year's leave of absence. Three interns from Boston College in the English, Social Science, and Foreign Language Departments were additions to the staff.

From three to five in the afternoon, courses were offered in the areas of Art, Home Economics, and Wood. This provided an opportunity for students who could not schedule these courses in their regular day program to take them in the late afternoon program. Motivation among the students appears to be high, making these courses a valuable part of the curriculum.

Through the combined efforts of Mr. Cummings, Principal at the Manomet Elementary School and Mrs. Bogle, high school guidance counselor, mini-courses, predominately in the arts and crafts subjects, were programmed at the Manomet Elementary School. High school students were allowed to volunteer for this program with the main qualification being an interest in children and a preference to assist in a particular subject area. Many of these students expressed an interest in eventually becoming teachers or nurses or working in some other capacity with children.

The Child Development laboratory initiated last year in the Home Economics Department has been expanded. A semester in Child Development is offered which includes the study of developmental patterns of the child and practical experience in a laboratory situation. The students

plan activities and learning situations for the pre-school child.

One of the high spots of the year was Spring Fling, a week allocated to suspension of regular senior courses in favor of mini-courses, designed by the students to assist in acquiring or improving avocations.

The American Field Service Chapter sponsored Martha Castaneda from Guatemala, and we had two other students from abroad, namely, Birgit Stein, representing the Student International Service from Germany and Kristina Backteman, Rotary Exchange Student from Sweden.

Successes of the athletic teams were major highlights of our sports program during the year. The football team shared the Old Colony League Championship with Whitman-Hanson. The basketball team won the league basketball championship and also were winners of the Division II basketball tournament. This victory enabled them to compete in the State Tournament and they were victorious in two games before losing to Rindge-Tech in the final game.

The members of the Graduating Class of 1973 were extremely fortunate in receiving a total of \$100,209.58 in terms of scholarships, loans, and work guarantees. Of this amount, \$28,004.58 has been given by local groups in Plymouth and Carver. Financial aid to the 1973 graduating

seniors has more than doubled this year over last. This generosity provides more students with opportunities to continue their studies.

Although we have been faced with certain difficulties due to student growth, the teachers deserve the highest praise for their efforts and cooperation in keeping our problems minimal. I would like to express my personal appreciation to the citizens of Plymouth and Carver and to many community agencies for their support and cooperation. The coordinated effort by everyone involved assures us that quality education is our goal.

Respectfully,

**REPORT OF THE
PRINCIPAL OF THE
INTERMEDIATE SCHOOL**

On January 2, 1973, Plymouth-Carver Intermediate School opened for the first time to the communities' 6th, 7th, and 8th graders. The faculty spent a great deal of time in preparing themselves and the children for the new building, and a smooth transition was easily effected after the holidays. All pupils and teachers had several days to tour their new school and to become familiar with the amenities of the plant. The school community developed rather quickly an appreciation of the fine building which for so many years had been a hope and a dream.

A number of articles in local and national publications heralded the school and its special advantages to the professional educational community and to the public. The parents and citizens of Plymouth and Carver were invited to two open house programs, during which approximately 4000 persons toured the school. A continuous stream of visitors has since been through the school to observe what kind of plant and educational program we are offering. Teachers and administrators from other towns, local businessmen, children from other schools, architects, school board members, finance committeemen, and many others have had access to the school. PCIS is an example and a beacon for future schools that wish to emulate our model for upper elementary education.

The school has been designed to serve other needs of the community in addition to the daily program. The school cafeteria serves over 1500 meals daily to the 6th, 7th, and 8th graders, and over 1800 to the other schools in the district. The bakery facility can produce baked goods—cakes, rolls, buns, and other breadstuff—in remarkable quantities and at substantial savings over commercial costs. There is nothing to compare with the ambience created by the aroma of freshly baked bread throughout the school! The planetarium ran two evening adult classes in descriptive astronomy, and it served approximately 5500 pupils from grade 1 to the high school each month. It remains one of the most dramatic attractions and useful educational tools the building possesses.

The Instructional Media Center, a fully equipped resource replete with the latest in educational electronic technology, has added a unique dimension to the range of educational opportunities for the PCIS children. It has stimulated children and teachers to explore new ways of approaching learning, and it has brought real meaning to the word “creativity.” Between programmed and casual use of the library and resource materials, including the television facility, over 5000 pupils per month are served by the IMC.

Typing is new to the intermediate age level, and children at all grade levels enjoy learning the basic techniques of communication through personal typing courses. The typing lab is electronically equipped to provide a wide range of instructional levels at one time.

The school band—complete with elegant uniforms—has been molded into a marching unit which very aptly represented the school in the Veteran's Day parade, as well as having been invited to march in other communities. The talent and dedication of these young musicians is a credit to their school and their community.

In general, the reactions of pupils and their parents is one of admiration and awe for PCIS. Many parents have commented that they wish they could go back to school in a building like this. Children often respond with a wide-eyed "WOW!" PCIS is truly a model for the future, and in all likelihood it will be in the forefront of upper elementary education for many years to come.

Respectfully,
CHARLES J. MICCICHE
Principal

REPORT OF THE
DIRECTOR OF
PUPIL PERSONNEL SERVICES
1972 - 1973

All services provided by the Plymouth-Carver pupil personnel staff continue to be dedicated to a coordinated team approach directed toward individualized identification, planning, programming, and follow-up of children with special educational needs. Other staff members which have had to adjust their work schedules and methods to meet the needs of their expanded case loads are the school psychologist, attendance officer, and speech therapist. This commitment requires that we continue to work with students, parents, school staff, and community agencies utilizing a prevention-oriented rather than a crisis-oriented service.

Major emphasis has been placed upon increasing lines of communication between home, school, and related community agencies during the past year. It is felt that as we grow in enrollment and in staff, we must continue to improve upon our communications capability if we are to successfully serve our children. The pupil personnel staff is greatly encouraged by the degree to which parents and community agencies have shown their willingness to become involved on behalf of children. We hope that we can continue to increase working relationships in this area

and encourage greater parental and community involvement.

The new reorganization of the Plymouth and Carver schools and increased enrollment will make it necessary to add counselors to our staff next year, especially at the elementary school level. Recommendations have also been made for increased staff in the health service and speech service. If we are to continue to offer adequate professional services, staff must be added proportionally to increased school enrollment.

The 1972-73 school year reflects a very active period for the school health staff. There also were several major personnel changes in the school health staff during the year. Due to the untimely death of Dr. Frank Abate, it was necessary to reorganize the duties and job description of the school physician. The Pediatric Office of the Plymouth Medical Center now shares the responsibility of providing this service through the efforts of Doctors Richard Elliott, Marion Elliott, C. James Gormley, and Martin Gaynor with Dr. Medora Eastwood who continues her valued service to the Plymouth school children. We all will sorely miss the personal and dedicated service provided the children of the Plymouth and Carver schools by Dr. Abate for so many years.

Mrs. Ruth Volta elected to retire at the close of the 1972-73 school year after a long successful career as a school nurse in the Plymouth schools and Plymouth-Carver High School. Mrs. Volta is to be commended for her

untiring effort and dedication to duty and will long be remembered by those fortunate enough to have been associated with her. Mrs. Elizabeth Stephen has joined the staff of Plymouth-Carver High School as school nurse. She brings with her a wealth of nursing knowledge and experience and continues to carry on the excellent tradition of the high school health service.

The duties and responsibilities of the school psychologist have expanded in scope due to enrollment trends and new legislation related to children with special needs. Portions of this new legislation entitled Chapter 766 of the General Laws have been implemented during the past school year. Complete compliance with the law will be mandatory in September of 1974. Chapter 766 will require that local school systems assume total responsibility for all children between the ages of three and twenty-one identified as having some educational deficit or special need. For clarity we can consider special needs students to be those diagnosed as emotionally disturbed, mentally retarded, visually handicapped, physically handicapped, deaf or hard of hearing, perceptually handicapped, and developmentally disabled. This responsibility must include established procedures for comprehensive individual identification and evaluation, prescriptive educational plans for each child identified, related individualized educational programs for these children and complete parental involvement.

The role of tutorial and specialized educational programs now take on an added dimension. Programs must

include the vital component of attempting to integrate all students with special needs into a life style which utilizes each child's maximum potential. Teachers trained in providing plans and programs for these children must now become resource personnel for regular classroom teachers in the attempt to provide for individual needs of children.

The total staff has been and will be involved in developing new approaches which are both educationally and financially feasible through new local programs, closer coordination and cooperation with private and public agencies and through collaboration with other communities.

The pupil personnel staff has been involved in a very active year. Increases in enrollment and changing educational and societal demands have required a reevaluation of priorities and techniques. We wish to express our gratitude to the citizens and the cooperating community agencies of Plymouth and Carver for their willingness to assist us in our attempt to provide for the individual needs of children in our schools.

REPORT OF THE OFFICE OF
PUBLIC PROSECUTOR

To the Honorable Board of Selectmen
Carver, Massachusetts
Gentlemen:

The year 1973 did produce an increase in the number of criminal complaints that were brought by your police department in the Fourth District Court of Plymouth County. My records reveal that the number of complaints emanating from the Towns of Carver, Marion, Mattapoisett, Rochester, and Wareham was approximately 7,382, which complaints charged approximately 4,136 persons with some type of statutory criminal conduct or by-law violation.

The Court, in order to handle the increasing number of trials and depositions, scheduled double sessions to accommodate the public and ensure that the witnesses, police officers, and attorneys would have their cases heard and disposed of within a reasonable period of time.

This office has continued its efforts to collect delinquent taxes when requested by the tax collectors of the towns, and court action has been initiated to secure payment for outstanding excise and personal property taxes.

As in the past, I have continued to give legal advice and assistance to your police department, town officers, and school officials in regards to matters affecting the functioning of their office and including representation of their interests before the Fourth District of Plymouth County.

Respectfully submitted,
HARRY J. SCHMITT, JR.
Public Prosecutor

REPORT OF THE
CARVER HISTORICAL COMMISSION
FOR THE YEAR ENDING
DECEMBER 31, 1973

To the Honorable Board of Selectmen
Town of Carver, Massachusetts
Gentlemen:

Research, collection and filing of Carver's history continues with the Carver Historical Commission members.

Since our last report, we have added a second file for filing and cataloging our papers, photos and documents. We have also received through the assistance of the Selectmen a large safe which is necessary for safekeeping of irreplaceable memorabilia of Early Carver. We extend again our invitation to anyone who has any historical letters, printed matter, photos or other items, to contact the Historical Commission and will gratefully receive them in the name of the Town of Carver.

We meet monthly in the Carver Town Hall.

MARJORIE D. MOSHER, Chairman
FLORENCE K. SAND, Secretary

In a July 29, 1903, edition of a newspaper, is an excellent story of Carver's second Old Home Day Observance. It opens with many people returning to Carver in "holiday garb" and did return because "they were prickly with Old Home Fever." The gathering met in "the ancient Baptist Church" which was appropriately decorated for the occasion. It goes on to explain that the church is an "old-time structure with a gallery extending on three sides, resembling a theatre."

The main speaker of the day was Hon. M. H. Cushing of Middleboro who had taught in numerous district schools in Carver. His topic was, "The Influence of the Shurtleff Family on Local History," and he concluded his talk with "Personal Reminiscences."

In his talk, he brought out the fact that Carver was only 113 years of age at the time, but it was a municipality that can claim its antiquity equal to the oldest towns in the State.

The story continues with "This town was a part of original Plymouth and afforded the first hunting and foraging grounds of the colonists, and gave the Red Man a shelter from which he could watch the intruders. The first permanent settlement was made here about 1650, on condition that the settler would waive his right to protection against the Indians."

REPORT OF THE
CARVER BICENTENNIAL COMMITTEE
FOR THE YEAR ENDING
DECEMBER 31, 1973

In May 1973, the Carver Board of Selectmen appointed the seven members of the Carver Historical Commission to serve as the Town's Bicentennial Committee, from May 1973-1976. This group was delegated to plan and execute Carver's share in the observance of our Nation's 200th anniversary.

Many meetings have been held, and thirty-four letters of invitation were sent to civic, and church organizations and interested individuals to come to the meetings and to assist in whatever way possible. Several organizations and individuals responded. We also invited the Plympton Selectmen and the Plympton Bicentennial Committee to attend our meeting, since Carver was a part of Plympton until 1790 when it separated to become a Town by itself.

Projects to be presented during the next two years are tentatively listed as: a public program of musical nature to be presented by our school children; historical souvenirs and printed historical sketches of Carver; possibly a parade from Carver Green to Plympton Green; possibly many would desire to be attired in the period of 1776 clothes at

A poem, "The Passing of the Red Man," by Herbert Randall, one of Carver's poets, made an earnest plea for justice to the memory of the New England Indian who had the power to exterminate the first settlers, but suffered the colonies to exist, and ultimately exterminated himself."

**REPORT OF THE

Every dog owned or kept in this Town shall at all times while within the Town be effectively restrained by some person by means of a leash, except when such dog is on the premises of the owner or keeper or another person with the consent of such person, or is within Conservation Land and accompanied by and under the effective control of some person. The owner or keeper of any such dog that is not so restrained shall be punishable by a fine of not more than Ten Dollars (\$10.00) for each offence.

Section 2. It shall be the duty of the Dog Officer to apprehend any dog not restrained as required by Section 1 of this Article, and to confine or cause to be confined said dog as provided herein. Any unlicensed dog so apprehended shall be confined and otherwise dealt with by the Dog Officer as required by law. Any dog so apprehended which is licensed and owned or kept in this Town shall be confined until the earlier of its being reclaimed by said owner or

keeper as provided herein, or until the tenth day following the day on which such dog is apprehended. If such a licensed dog is not reclaimed as provided herein, within said ten day period, the Dog Officer shall take one of the alternative courses of action which Section 151A of Chapter 140 of the General Laws, or any act in replacement thereof or amendment thereto, requires to be taken with respect to unlicensed dogs not licensed, collared or harnessed and tagged within the ten-day period provided therein.

Section 3. Promptly following the apprehension and confinement by the Dog Officer of any such licensed dog, said officer shall mail to the licensed owner therefor a notice of such apprehension and confinement, which notice shall include a statement of the last date on which said dog may be reclaimed as provided herein. The Dog Officer shall also promptly inform the Carver Police Department of such apprehension and confinement and of the description of such dog. Licensed dogs confined by the Dog Officer pursuant to this Article shall be confined in a place suitable for the detention and care of dogs and kept in a sanitary condition; or they may be placed in the care of the holder of a kennel license or of a charitable corporation incorporated exclusively for the purpose of protecting animals from cruelty, neglect or abuse.

Section 4. The Owner or keeper of any licensed dog confined as provided for in this Article may reclaim such dog upon payment of the costs and charges incurred by the Town for such apprehension and confinement and care of such dog, said charges to be \$5.00 for the apprehension of such dog, plus care charges of \$2.00 for each full or partial day of confinement in a pound owned or leased by, or under the control of the Town or the Dog Officer.

If the dog is confined in a place other than a pound owned or leased by or under the control of the Town or the Dog Officer, the care charges to be paid hereunder shall be the actual charges incurred by the Town or the Dog Officer for such confinement. No licensed dog confined as provided in the Article may be reclaimed until the owner or keeper thereof shall have paid all such costs to the Dog Officer. The Dog Officer shall pay over to the Town Treasurer all sums so paid to him, said sums to be applied to the cost of enforcing this Article.

Section 5. If the Dog Officer determines that a dog in its oestrus cycle or "in heat" is attracting other dogs and such attraction is causing damage or disturbance to any neighborhood, the Dog Officer shall order in writing the owner or keeper of such dog to restrain the dog for the duration of its oestrus cycle. If the Dog

Officer determines that such owner or keeper is not complying with such order, the Dog Officer shall impound said dog for the duration of its oestrus cycle at the expense of the owner or keeper.

COVER PICTURE
FACTORY BUILDING OF THE ELLIS FOUNDRY COMPANY
1872 – 1904
“THE CHARLOTTE FURNACE”

The cover picture is a photograph of the last building used as part of a foundry and proudly still called the Charlotte Furnace by those inhabitants fortunate enough to have been born in the South Precinct. Those persons who dwelt in the South Carver section were known as Furnace people until well after the war between the states.

Bartlett Murdock, having witnessed the success of furnaces at Popes Point, determined to venture forth himself in that endeavor. Good grade bog ore was essential. In 1748 a goodly supply was discovered at the southerly side of Sampsons Pond.

Some citizens were unhappy to have the area disturbed and in Town Meeting assembled decreed that this public land was not open for mineral extraction. A bit of litigation before the King's Bench was determined in favor of Bartlett Murdock and Mr. Barrows and mineral rights were at their disposal. The way was clear for Bartlett Murdock and his enterprise.

So it was in 1760 that the section soon to be called the Furnace, bristled with building. Murdock needed a name for the business. What should it be?

The King's ministers were zealous in protection of the subjects close by, and laws were plentiful respecting the industry disallowed the colonials. This iron affair was more than just a fringe situation. It could be more than just a little contrary to commercial regulations.

Why not name the business CHARLOTTE FURNACE? George III had married Charlotte of Mecklenburg-Strelitz, so the House of Hanover would hardly be displeased that her name had been selected. At least what other reason can be assigned to that appellation? It must be remembered that in 1760, King George was not the ogre of 1776. The colonies still needed the British fleet to protect them from the French.

When the war came it was long after Canada had been taken by the British. Indeed the day after Lexington and Concord, Bartlett Murdock marched over to Marshfield and it is hoped gave a good account of himself. Other furnaces had sprung up — all the Furnace people now understood the alchemy of iron working — all were hard workers and if Henry S. is correct, hard drinkers as well.

Next generation gave rise to much interest in Temperance. Many societies were formed and pledges taken. Demon Rum was trounced for a while among the Furnace People.

The War of 1812 hated in all New England was good business to the Founders of Carver. Regardless of their personal politics all were happy to supply iron ware to the

Naval arsenals. When the British seized Wareham, Bartlett Murdock was an eye witness. He hastened home fearing that the British would march to destroy his furnace. But such was not to be. British sloops of war sailed away.

Time passes and bog ore is no longer of good quality. Ore is imported from Jersey, landed in Wareham and by oxen hauled to Carver. The Company owned vessels for this purpose. Anthracite coal took the place of charcoal. The blast furnace had long gone. A cupolo method was now employed. Costs were mounting, it was becoming increasingly more difficult to produce in competition with a foundry that had raw products close by.

It was in 1904 that the last bit of Charlotte Furnace was closed. The building 1872 still stands. Henry S. Griffith will afford more information. In possession of the Historical Commission of Carver are the Jesse Murdock papers for interested scholars of the period of Carver's venture in iron.
