Article 6. Upon motion duly made and seconded, it was VOTED to transfer from free cash in the treasury the sum of Thirty Thousand (\$30,000.00) Dollars to the 1980 Fiscal Year Reserve Account.

Article 7. Upon motion duly made and seconded, it was unanimously VOTED to raise and appropriate the sum of One Hundred (\$100.00) Dollars to be expended by the Trustees for Plymouth County Cooperative Extension Service and choose a Director in accordance with the provisions of General Laws of Massachusetts, Chapter 128, Section 41 and 42.

Thereupon, nomination be had, duly seconded, Jean O. Gibbs was unanimously elected Director of County Aid to Agriculture.

Article 8. Upon motion duly made and seconded it was VOTED to apply the County Dog Fund balance, Seven Hundred Nineteen Dollars and eighty-two cents (\$719.82), to the Library Operating Expense Account.

Article 9. Upon motion duly made and seconded it was unanimously VOTED to hear the report of any standing committees and to abolish any special committee not submitting a report unless otherwise voted, and to establish any new committee.

The following committees reported:

1. William R. Holmes presented the following written report for the Town Barn Building Committee: "The Town Barn Building Committee submits this report for Fiscal 1978-1979.

The committee took no actions during this year except to reaffirm the need for additional facilities. It is obvious to all that, without outside financial aid, Carver cannot deal with its space program in the near future. The committee is actively watching for an opportunity to seek financial help on short notice. Aid was sought from several agencies but proved futile. We recommend that the town continue to keep us as a standing committee."

The report was accepted, and it was duly VOTED to retain the Town Barn Building Committee.

2. Upon motion by Chief Thomas S. Orr, duly seconded, it was unanimously VOTED to abolish the Police Station Building Committee.

3. Mr. Erwin K. Washburn reported for the School Needs Study Committee. Upon motion duly made and seconded, it was unanimously VOTED to continue the committee.

4. Mildred Kelley, Chairman of the Board of Health, moved to "establish a committee to oversee the schedules and efficient operation of the mist sprayer for the Town of Carver Mosquito Control, to consist of a member of the Board of Selectmen, the Board of Health, the Department of Public Works." The motion was duly seconded, and it was unanimously SO VOTED.

Article 10. Upon motion duly made and seconded, it was unanimously VOTED to raise and appropriate the sum of Eight Hundred Ninety-eight Dollars and ninety cents (\$898.90) to pay the following unpaid bills of 1977 and 1978:

Volta Oil Company, Inc. (Veterans' Benefits Account)	\$ 55.90
McGlone Engineering, Inc. (Planning Board)	\$774.00
Clean Rentals, Inc. (General Highway—Operating Expense)	\$ 69.00

Article 11. To see if the Town will vote to accept the provisions of Massachusetts General Laws Chapter 40A as revised by Chapter 808 of 1975 and amend its Zoning By-Laws in the following manner to have it conform thereto. Refer to supplement in Town Warrant containing complete text of the proposed revised Zoning By-Laws.

Article 11. Motion by Michael J. Barrone, Chairman of Planning Board, duly seconded, that the Town take "no-action" on the proposed Zoning By-Laws, except as set forth in Sections III and V-A. It was unanimously SO VOTED.

Thereupon, on motion duly made and seconded, it was unanimously VOTED "to adopt Section III of the Proposed Zoning By-Laws and amend as follows:

Section III Districts:

A. *Establishment of Districts:* For the purpose of this by-law the Town of Carver is divided into the following types of districts:

1. Residential—Agricultural
2. Business—Commerical
3. Industrial
4. Wetlands

B. *Location of Districts:* Said districts are located and bounded as shown on a map entitled "October 1978 Wetlands Supplement. Said map with all explanatory matter thereon is hereby made part of this by-law as Annex B, and shall be identified by the date of adoption and kept in the office of the Town Clerk."

Thereupon, upon motion duly made and seconded, it was unanimously VOTED "to adopt Section V-A of the proposed zoning by-law and amend as follows:

Adjourned Session—Annual Town Meeting May 31, 1979

The adjourned session of the Annual Town Meeting was called to order at 7:30 P.M. on Thursday, May 31, 1979, by the Moderator, Robert O. Mott. There not being a quorum (175) present, the Moderator, declared a recess to await the appearance of a quorum. The Police were directed to drive about town to encourage voters to attend Town Meeting. At 8:45 P.M., a quorum had not appeared, and it was apparent that further attempts to obtain a quorum would be futile.

Thereupon, Selectmen Frank R. Mazzilli moved that the meeting adjourn, and that a Special Town Meeting be called by the Selectmen to act on the remaining Articles in the Warrant after approval of the by-law reducing the quorum requirement to Seventy-five

(75) voters is approved by the Attorney-General and published as required by law. The motion was duly seconded, and after some discussion of the matter it was unanimously SO VOTED.

Report of the Board of Health

From January 1, 1979, to December 31, 1979, the Board of Health received and submitted to the town treasurer the amount of \$23,480.00

In 1979 the Board issued the following number of permits:

Disposal Installers Permits	14
Disposal Construction Permits	58
Rubbish Removal Permits	7
Well Permits	24
Well Drillers Permits	4
Restaurant and Variety Permits	21

There was a total of 256 Mobile Home Units paying fees to the Board of Health as of December 31, 1979.

Ravenbrook Landfill, Inc. paid fees of \$6,691.00 to the Board of Health in 1979 for demolition disposal.

Mr. Dwight Cooney resigned as of July 23, 1979, as a member of the Board of Health and Mr. Martin Treadup was appointed on September 18, 1979, to fill the vacancy.

The Board of Health continues to work closely with the Public Health Nurse Committee who provide excellent nursing services to the town.

This past year the Board of Health, along with its regular duties, has been very much aware of the need for proper environmental protection for the town as it grows and will continue to serve the town's best interest in the future.

Respectfully submitted,
Mildred M. Kelley, *Chairman*

Report of the Public Health Nurse Committee 1978—1979

The agency has continued to grow in the provision of services to the community. A total of 644 morbidity visits were made during fiscal year 1978—1979. Two hundred ninety-eight of these were Medicare, an increase from 128 visits during the past year. One hundred sixty-six visits were Medicaid visits, a decrease from 230. One hundred sixty-four health promotion visits were made. Nurse visiting time totaled 1,300 hours, an increase from 1,241 hours.

The Blood Pressure Screening Clinic has continued to be successful, having 317 patients counselled, including 72 new admissions.

The preschool immunization program was discontinued on the advise of our medical advisor, due to poor attendance and cost ineffectiveness. Plans are underway to improve the home visiting program for maternal child health home visits in the coming year. New postpartum records have been developed. Cooperation with the Early Child-bearing Program at the Plymouth Community Nurse Association has continued with our agency nurses making many of the initial contacts for the program.

The agency is presently evaluating a program for hemocult screening in conjunction with the American Cancer Society.

We have also been involved in the development of a cooperative program for Mental Health After-Care with the Plymouth Community Nurse Association. Our staff has participated in inservice programs in community mental health, and at the present time the feasibility of participating in this program is being evaluated by the Professional Advisory Committee and the Board of Health.

Staff changes have again occurred this year with Mrs. Joan Carbone resigning in August, 1979, and Mrs. Anne Hyde taking a leave of absence beginning November, 1979. Two new staff nurses, Mrs. Carol Gay, R.N., and Mrs. Jane Knox, R.N., B.S. have been hired.

In July, 1979, town meeting approved additional funding to hire a secretary for the Agency. Mrs. Patricia Prew has been hired for 16 hours each week and has become an indispensable asset to the agency.

We continue to have added support of the Professional Advisory Committee. New members include Mr. George Harriman, President of the Board of Directors, Old Colony Elder Services; Mrs. Charlotte Keating, consumer; and Mrs. Joan Carbone, R.N., B.S. The agency has been actively seeking new members to represent the community and other health disciplines.

The past year has been a very active and productive year for the Carver Public Health Nurse Committee. We have attempted, to the best of our ability, to make changes required to meet the new standards for Home Health Agencies, be responsive to community needs for health care and be a cost-effective agency providing quality home and public health care to the citizens of Carver.

Report of the Civil Defense Department

1979—*Civil Defense Assumes a Major Role—“Nuclear Incidents”*

*Due to incidents at nuclear plants and potential dangers that exist at the nuclear plants, the courts ruled that the Government (Federal, State, Local) designate the office of Civil Defense to prepare a 10 mile Emergency Preparedness Response Plan.

The area within a 10 mile limit of a nuclear power plant was ruled a risk area and preparedness plans must be drawn up to provide: a warning system, a mode of transporting the area, personnel trained to meter radiation levels, road blocks, routes of transportation, housing, feeding, medical attention, policing, record keeping, and general area radiation surveying.

Based upon these plans the Civil Defense Directors throughout the Commonwealth were notified and meetings were held to assume the responsibility of the task.

September 1979— (3) area two meetings were held at the Bridgewater Civil Defense Office. Carver Attended.

October 1979— A seminar was held at Middleboro. State & Local officials attended. Carver Attended.

October 1979— (2) area two meetings were held at the Bridgewater Civil Defense Office. Carver Attended.

October 1979— A question and answer session was held at Plymouth Memorial Hall along with officials from the Plymouth Edison Nuclear Plant. Carver Attended.

November 1979— Throughout the past months of meetings and seminars, the Director, along with the Deputy Director, studied the Carver area affected and devised a complete Emergency Preparedness Plan. Eighty plus hours were devoted to this plan which was one of the first plans completed and approved by the Commonwealth.

November 1979— (2) area two meetings at the Bridgewater Civil Defense Office. Carver Attended.

November 1979— An emergency meeting was held to update the plans. About 30 hours were devoted to the updating of the plans. The Commonwealth again approved these plans.

1979— Two members of the town were sent to Radiological school for 50 hours to train on meters.

The Emergency Preparedness Plans, which were prepared by the local Civil Defense Director, Frank Mazzilli and Deputy Director Thomas Evancho, provides an explanation to the fact that this plan can only be successful under certain conditions. These factors are as follows:

- A. Weather conditions.
- B. Personnel Available.
- C. Equipment.

These plans DO require the need of assistance by the local townspeople getting involved. The directors, along with the Chiefs of Police and Fire, devoted many long hours exploiting the possibility of a Civil Defense Auxiliary Police Department. The plans were developed and applications were available to the public. As per date, there have been 10 applications which were processed and interviewed and 7 names were submitted to the Selectmen for appointments.

There are plans to appoint 15 men or women whereas these applicants will devote many hours to "On-The-Job-Training" and classroom training. They will be required to perform their duties to aid the members of the local Police Department, and such as the Town of Carver requires—Free of Charge.

The local plans developed are available to be seen at the Carver Town Hall.

Director's Report

The Carver Council on Aging Director has co-ordinated through the past year all school luncheons, mini-bus reservations, mall trips, mini-bus drivers, newsletters, information and referral, business calls, and also attended 75 business meetings.

The Atwood Property is open daily from 9 A.M. to 4 P.M. for information and referral and drop-in from 12—4 P.M. The Center Drop-in is open Wednesday and Friday from 12:30—4:30 P.M. Due to the energy crisis the Atwood Drop-in Center will be open daily, from November 1, 1979, through March 31, 1980, from 9 A.M. to 4 P.M., to help the elderly conserve energy in their homes.

The Center offers many activities which include the following: crafts, games, films, and refreshments. They also have holiday parties—Valentine's Day, Halloween, Thanksgiving and Christmas. Birthdays are observed once a month and are celebrated with donated cakes and ice cream.

Newsletters are mailed out bi-monthly keeping the elderly informed of legislation for the elderly, discounts, legal information, and a two month calendar of activities and services. Our mailings have increased from 2,400 to 3,199.

The Carver Council on Aging services are available to persons who are 59 years of age and older. A list of these services and an I. D. discount card can be obtained by contacting the Director at 866-4698.

The acquisition of our new headquarters for the Council on Aging in the Atwood House, stands out as the single most exciting event of 1979. We give our heartfelt thanks to our Town Fathers, and the Townspeople of Carver, for giving us such a lovely setting for our office and drop-in center.

A Grand Opening was held in June 1979. It was a huge success, with over 300 people in attendance. Needless to say we are very happy with our new quarters.

On the grounds of the Atwood Property there is a beautiful large tennis court and

boating and bathing facilities, available to the townspeople as well as the elderly.

We now have three senior aides doing outreach work in the community. Each Aide works 20 hours a week, helping out with school lunches, the newsletters, visiting hospitals, nursing homes and the homebound. They also call on new residents and assist at the Drop-in Center. One of our Senior Aides also drives the mini-bus. Their salaries are paid by the Department of Labor. In addition, we have a CETA person who does clerical work and typing.

Our mini-buses are still functioning mainly with volunteer drivers.

A Pre-Retirement Seminar was presented on four consecutive Mondays during April and May.

The greatest crisis facing us now is the energy crisis. We are deeply concerned for all our elderly, but especially for those who are just over the poverty level, as they do not qualify for assistance in meeting their energy needs. We have formed a Task Force within the Council. They work together with the Town Task Force appointed by Governor King. They also attend energy related meetings with local Councils as well as meetings throughout the state.

The Town of Hanover has now joined the membership of the Plymouth Area Councils on Aging Association Incorporated. This makes the total of membership 8 towns. The largest share of Department of Elderly Affairs funding goes mainly to the large cities. Through this 8 member Town Association we are representing rural towns hoping to attract Grant Funding for the small towns.

The Director for the Council on Aging attends numerous meetings such as: Housing Authority, Senior Aide, C.I.R.C.A., Associations, Old Colony Elderly Services, Energy, Department of Elderly Affairs, and Staff. The Director also attended a meeting with some of the younger people in town who would like to volunteer to help the elderly.

We wish to thank the Selectmen, the Town Boards and the Townspeople for their tremendous support of our program.

Report of the Carver Conservation Commission

To the Honorable Board of Selectmen:

The Conservation Commission meets on the first and fourth Thursday of each month at 7:30 p.m., upstairs at the Town Hall.

We welcome citizen participation and encourage any interested persons to attend meetings and to become Associate Members.

During 1979, the Commission held 18 regular meetings and 4 public Wetlands hearings. Orders of Conditions were successfully implemented in all cases.

Since land acquisition has been of primary importance to the Commission, we are pleased to report the purchase of .9 acres of land containing over 300 feet of shorefront property on Sampson Pond and over 300 feet of shorefront property on Little Pond, with 50% of the purchase price coming from town Revenue Sharing funds and 50% coming from Plymouth County Commissioners. We are also pleased to report the gift of five parcels of land; for conservation, recreation and a bird sanctuary, located within the "Great South Cedar Swamp" containing 13³/₄ acres, by Ruth Morris.

The Commission, during 1979, regretfully accepted the resignations of Gerald Waters and Peter Hagerty. Both gentlemen contributed significantly to the Commission and we wish to extend our "thank you" publicly to both of them.

The Conservation Commission wishes to extend its sincere thanks to all of the boards and offices of the town for their co-operation throughout the past year.

Report of the Office of Public Prosecutor

To the Honorable Board of Selectmen
Town of Carver
Gentlemen:

During the past year, there has been a remarkable increase in the number of criminal complaints which have been processed through the Fourth Plymouth Division Trial Court at Wareham. New procedures adopted by the so-called Court Reform Bill now require all misdemeanor cases, with very few exceptions, to be handled in a different manner. Defendants who are not placed under arrest for a misdemeanor offense are now granted a show cause hearing before the local magistrate prior to the issuance of a criminal complaint. This added procedure affords a Defendant the right to be heard before the Magistrate, with counsel present, if so desired, and to present evidence to the Magistrate why a complaint should not be entered before the Court.

The Court is continuing to use the extensive pre-trial procedure and thereby scheduling those cases for trial that must be tried before the Justice and allowing the Prosecutor to dispose of many cases by plea. This continues to eliminate the necessity of Police Officers and civilian witnesses being present before the Court in many cases, as well as scheduling trials in an orderly fashion to almost guarantee that the case will be heard by the Justice on the date assigned. Continuances for trials are granted only in the event of illness or some other major reason, thus reducing the number of continuances to a bare minimum. However, due to the lack of available Justices, trial dates have had to, by necessity, be scheduled far in advance in order to guarantee that they will be heard by a Justice on the date assigned. It is hoped that this temporary delay will be alleviated in the near future, with the availability of more Justices to sit and hear cases in our local District Court.

This office has continued to be a liaison unit between the District Attorney's office and our local police departments, with periodic meetings with the District Attorney, Police Chiefs and Court personnel. This liaison effort is also evidenced by coordinating cases wherein the Defendant requests an immediate trial by jury and foregoing his right to having his case heard in the first instance by a Justice. Most Defendants are still requesting a trial by the jury in the first instance and, therefore, this new innovation brought about by Court reform has not produced any sizeable reduction in the number of cases heard by the Justice. A review of our records reveals the following breakdown of cases being presented to the Court, both by your local Police Department, as well as by civilians and other governmental units during the past year: 652 Defendants, 1,804 Complaints.

This office has also been consulted by and offered assistance to the Office of Building Inspector, Board of Health, Plumbing Inspector, and Tax Collector. Small claims cases have been processed to collect delinquent excise and personal property taxes, as in the past. Numerous civilians have requested and received advice and assistance prior to issuance of criminal complaints, as well as being aided and assisted in the presentation of evidence at the time of trial. This office continues to review as well as prepare search warrants for all types of contraband goods, as well as the hearing of all discovery motions presented to the Court by Defense Attorneys, prior to actual litigation of the issues.

At the insistence of the local Presiding Justice, probationary personnel are invited to and do participate in pre-trial conferences, in order for the Prosecutor to make a most intelligent representation to the Court as to the type of disposition he believes the Justice should make with sentencing the Defendant as a result of the crime which has

been committed.

A major innovation during the past year has occurred by using the facilities of the new court house to hear all appeal cases, as well as jury trials in the first instance, which emanate from Plymouth County. At times, two jury sessions have been conducted at the same time the regular business of the District Court is in process, thus utilizing all three court rooms at the same time, along with Magistrate's hearings being conducted simultaneously thereto.

Respectfully submitted,
Harry J. Schmitt, Jr.
Public Prosecutor

Report of the Carver Industrial Development Commission

To the Honorable Board of Selectmen:

The Industrial and Development Commission meets the first and third Thursdays of every month. We invite any interested residents to attend and/or become members.

We are pleased to report that work on the gravel removal in the Industrial Park is proceeding and we anticipate that by the fall of 1980 a few sites will be available.

Due to Governor King's recent plan for an oil refinery to be located in the state of Massachusetts the Carver site still remains a possibility.

The commission would also like to bring to the attention of any interested community groups the series of 13 audio-visual tapes on Industrial Planning and Development that are available for their use.

We regret to report the loss of Jack Ring one of our commission members. Jack was very active on our commission, and he designed the four new signs that we will be placing at various entrances to the town.

Report of the Department of Public Works

Honorable Board of Selectmen
Carver, Massachusetts

The past fiscal year has seen the following work accomplished by Department of Public Works' employees and CETA personnel assigned to the Department of Public Works.

The intersection improvements at Purchase Street and Forest Street are 80% complete with only the 1½" bituminous concrete wearing surface needed and the construction of the island.

The intersection improvements at Fuller Street and Green Street will not be completed with Town funds. These will be completed in conjunction with the reconstruction of Route 58.

The island at the North Carver Green was rebuilt with sloped granite edging and will be secured when that section of Route 44 through North Carver is paved in the Spring of 1980.

Eight hundred feet of drainage was installed on Forest Street in conjunction with the intersection improvements and thus a very hazardous puddle has been eliminated at Atwood Street. Drainage improvements also were provided on Cranberry Road, Tremont Street, Center Street, Plymouth Street, Route 44, Mayflower Road and Green Street.

Using a new technology to provide cold mix emulsion, sections of High Street, Brooks Street and Pleasant Street were paved providing a 20% savings to the Town as compared to conventional asphalt mix. Sections of West Street, Forest Street, Wareham Street, Cranberry Road, Meadow Street and France Street were paved using Type I bituminous concrete mix.

The second phase, or 2,500' of roadway in Wenham Shores, was reconstructed by reclamation of the existing pavement to provide a stable base for the 1½" bituminous concrete wearing surface. Phase 3 will complete the project with 2,000' of roadway remaining and two serious drainage problems which must be corrected.

The reconstruction of South Meadow Road and Route 58 are still in the design stages. It is anticipated that both projects will begin construction during 1980. The reconstruction of Montello Street is still pending the acceptance of the road layout by the Board of Selectmen. Nemasket Construction Company will be reconstructing the roadway in accordance with the Board of Appeals' decision allowing a gravel removal permit in this area.

Preliminary engineering has begun on the reconstruction of Rochester Road and Popes Point Road. Work on these two projects will not begin until the Summer of 1981.

Work on the bandstand and toilet facilities in Shurtleff Park has begun. Since the money for these two projects was appropriated back in 1975, additional funds will be required to complete the two projects due to the increase in materials costs.

Basketball backboards were installed on the King Property Recreation Area. Electricity and water have been supplied to the Recreation Building with toilet facilities to be completed for the spring. A forty foot long wooden dock was constructed and installed at the Atwood House beach for use by the swimming classes and town residents. It is planned to construct one additional dock for use during the summer of 1980.

Work has begun on the George E. Williams Recreation Area between Forest Street and Shaw Street. Work to date has consisted of filling the area to the proper grade. It is anticipated that the area will be loamed and seeded in the Fall of 1980.

At a Special Town Meeting in July, 1979, the voters approved the purchase of 1.5 acres of land abutting the Lakenham Cemetery and with the purchase two years ago of 5 acres at the Union Cemetery, it appears that the requirements of the cemetery gravesites are more than adequate for the foreseeable future.

There were 26 burials attended to. All Parks and Cemeteries were maintained in the usual manner.

The Board voted January 15, 1980, that effective February 1, 1980, burial lots will be one hundred (\$100.00) dollars each and grave openings will be one hundred (\$100.00) dollars during the week and one hundred twenty-five (\$125.00) dollars on weekends. This increase is necessary to off-set the increase in wages and for the work which is to be done in the cemeteries preparing new graves.

The Department of Public Works has put to good use the newly purchased power sweeper, pressure cleaner and new dump truck, all of which were approved for purchase at the last Annual Town Meeting. Additionally, a 1971 dump truck and 1974 pick-up have been refurbished at a minimal cost to the town in an effort to extend the life of these vehicles.

The Town Barn Study Committee has been reactivated in an effort to be prepared if Federal monies become available for this project. The Committee is presently considering the old South Carver dump (Rochester Road & Route 58) as a site for the proposed building, but a site evaluation study must be prepared before any final decision can be made. An additional one acre site is also being looked at adjacent to the old dump which would provide direct access onto Route 58.

Personnel were assigned from CETA and other temporary positions to minimize cost to the town and to put to use available seasonal labor and unemployed tradesmen. Their services are being utilized in building of docks, tables, etc., clearing of brush and debris from the rivers and brooks in Carver, and numerous other projects under the supervision of the D.P.W. Superintendent.

This Department will continue to work very closely with the Massachusetts Department of Public Works on the extension of Route 44 to minimize the impact on the residents of North Carver.

This Department looks forward to a very busy construction season with the paving of Route 44 through North Carver, to reconstruction of roads in Wenham Shores, building of the recreation area at Forest Street and Shaw Street and the straightening of Holmes Street north of the South Meadow Brook.

Trustees for Plymouth County Cooperative Extension Service

by

Edgar W. Spear, Director

The Plymouth County Cooperative Extension Service's Office is located on High Street, Hanson, and can be reached by calling 293-3541 or 447-5946.

This is repetitious, but for the information of new residents, we are the educational arm of the University of Massachusetts, and the United States Department of Agriculture at the county level. This is where the name, "Cooperative Extension" is derived.

STAFF:

Our staff is comprised of a Director, two Regional Agricultural Specialists, a Community Resource Development Specialist, two Home Economists, four 4-H Agents and three clerical staff.

In addition to our County Staff, we administer a Nutritional Educational Program for limited-income families in the city of Brockton, (Expanded Food & Nutrition Educational Program). We have one professional nutritionist and eight aides. This office is located at 32 Belmont Street, Brockton, and is funded by Federal Nutrition Funds through the University of Massachusetts, our Land-Grant College. This is for both a 4-H and Adult Program.

We have many new and varied educational programs for you. Areas in which our staff has expertise are—*Agriculture, Community Resource Development, Home Economics, 4-H Youth Program, Nutrition and Energy Conservation.*

Our Expanded Food and Nutrition Program (EFNEP) has expanded to all of Plymouth County's 26 towns. This was made possible through the use of C.E.T.A. Funds.

In the 4-H youth phase of the program, Nutrition Assistants and volunteers work to provide education to youth, which will contribute to personal development and improvement of diets and nutrition of their families.

In 1978-79, there were 43,779 youth involved in our 4-H EFNEP Nutrition Program. You can obtain information about current programs, as well as up-to-date consumer information, by requesting the free monthly newsletter. This newsletter can be sent to you by calling the Brockton Office at 583-2545.

Through C.E.T.A., we also have two ECAP Teams—Energy Conservation Auditing Programs.

Since May of 1979, we have been performing energy audits for home owners and completed 340 audits on June 30th. With oil at 90¢ per gallon, this has meant a savings of approximately \$350 per year, if 25% of the recommended improvements have been performed. Last year, (1978), over 400 homes had such an audit, so over 750 homes in Plymouth County have had an energy audit.

In Carver, 19 homes participated in this savings.

In our traditional 4-H Program, we have 1,097 members with 36,480 other youth participating in our short-term and school programs. The 1977 population of Plymouth County schools was 96,287. This means 38.9% of Plymouth County youth have been involved in our programs.

In the town of Carver, there were 1,944 youth that participated in these programs.

Contact your Town Director, Mrs. Philip Gibbs, for the County Cooperative Extension Service with any suggestions or requests.

Free bulletins are on display at our office on lawn care, gardening, nutrition, home canning and freezing, to name just a few. If you pass our office on your travels, please stop and get to know us. We continue to test soil, free of charge, for Plymouth County residents.

1979-80 Report of Trustees for County Cooperative Extension Service

In accordance with the General Laws of the Commonwealth, Chapter 128, the Trustees for Plymouth County Cooperative Extension Service are empowered to receive, on behalf of the County, money appropriated by any town, or by the Federal Government for carrying out the provisions of the law under which they are appointed.

Their agents have made contacts during the past year in every community, either by public meetings, individual visits, group discussions, demonstrations, or otherwise, in attempting to assist the needs of the citizens toward helping to solve management problems, better living, and better community service, and have been ably assisted by many local volunteer leaders.

A total expense of \$100.00 was incurred during the year for the purchase of material needed in carrying on the various Extension Programs. The appropriation made by your town was used for residents of the town and expended as follows:

EXPENSE 1978—1979

Books & Manuals Purchased for Town Officials	\$ 3.96
Town Director's Expense	27.90
Bulletins, Paper, etc.	34.96
4-H School Programs, Environmental Center	14.20
4-H and Home Economic Leader Expense	18.98
	<u>100.00</u>
	Total \$100.00

FINANCIAL SUMMARY

Carver Historical Commission

The Carver Historical Commission has made a significant stride forward in the discharging of their mandated duties as provided in the provisions of Chapter 40, Section 8D. The Commission has assumed the primary responsibility for identifying and recording the historic assets of Carver and for developing and implementing a program for their preservation. The primary method utilized is a community-wide inventory requiring extensive photography, document research, interviewing of townspeople, map preparation, etc.

Changes in membership included the addition of Charles Bezanson, Anne Hyde and Patricia Scott, and the subsequent resignations of Robin Moody and Patricia Scott.

The Commission participated in the Marcus Atwood open house in June and displayed the many artifacts, photographs, etc., which have been donated to the town.

One contribution this past year was made by Sally Merritt consisting of a display case and cranberry related equipment; and we thank her.

Elizabeth Durfee, of the Massachusetts Historical Commission, has spoken twice at public meetings in Carver during the past year discussing inventory preparation and historic districts. A slide presentation was shared to promote the understanding and value of historic districts to the community.

At the Commission's request, the selectmen appointed a historic district study committee, whose goal will be to establish appropriate local historic districts in the town in an effort to preserve our valuable historic areas. The study committee under the capable leadership of Gregory Hyde and a large number of willing and helpful volunteers has just completed an exhaustive study of the Lakenham (North Carver) area for recommendation as a historic district.

The Commission has been encouraged by the obvious progress made and we request the community's continued support in our efforts to preserve the past of Carver. We encourage all citizens to become involved in their own way: offering information about historic buildings and sites, old maps, history of personal residences, old photographs, assistance in the survey in your neighborhoods, contributions of distinctive Carver memorabilia to commission facilities at the Atwood House, or even joining the commission as a member or associate member. Don't wait to be asked, volunteer. The Commission welcomes interested citizens to join them in their valuable work.

We have a goal of completing the inventory in the coming year. We have a Carver worth preserving for those who come after us. We have only begun our tasks. We thank all those who have helped for their generous support.

Respectfully submitted,
Charles Bezanson, *Chairman*

1979—1980 Report of the Carver Public Library

The Carver Public Library continues to offer the people of the community access to information found in books, periodicals, records and other Audio-visual materials; as well as a center where enriching and educational programs are presented. In this time of inflation and the decrease in individual spending money, the library as a community resource center has increased value. Not surprisingly then, the statistics show the library is being used more:

	1978	1979
Circulation	19,781	23,860
New Library Cards		780
Non-resident Cards		115
Total Library Card Holders		3,064 (Town Population over 5,000)

In providing services for the children of the community, the library has emphasized books, programs, activities and contests which might stimulate their reading interests and improve their reference skills. For instance, the reading programs have been expanded from a successful summer reading program to include a Winter Reading Program, also with a large readership. Preschoolers are now offered two (2) storyhours, one for three year olds and one for four year olds from October through April, both staffed by volunteer readers.

In January, a Bird Identification Contest has drawn considerable interest from the community while sharpening reference skills in the many bird books provided. Finally, special materials, games and books are offered to improve youngsters' reading skills thru the development of physical coordination.

In keeping with the library's goals—enriching and educational programs—special events were presented to commemorate town events and holiday occasions. The Governor Carver Birthday Party at Thanksgiving time drew crowds of young pilgrims who brought gifts of food for the less fortunate and to see the re-enactment of the Thanksgiving Story. Halloween and Christmas were celebrated with window paintings costume parties, show and tells, and special stories. In the spring, a Bike Rodeo and Bike Safety Inspection offered youngsters an opportunity to learn of safe equipment, safety skills and register their bikes with the police before riding the rodeo skills. In addition, the Library presented weekly film programs for various age groups. Young adults were offered a Babysitter's Clinic presented by the 4H Extension Office.

The Governor's Conference on Libraries reiterated that libraries are needed for people's information and for their lifelong development, recreation, study and business. The Carver Public Library continues to work towards these goals with programs such as books borrowed from Inter Library Loan; a Genealogy Program—Trace Your Family's Roots; Gardening in Carver, a springtime program; as well as these following programs: Be a Better Shopper; Local Art Exhibit; Auto Self Repair Clinic; Coupon, Pattern and Book Swaps; 800 Telephone Number List; Babysitter's List; Government Pamphlet File of Information. Joint Sponsorships of programs by local businesses has helped present special programs like the Cranberry Contest with Ocean Spray and the Runner's Clinic with Bill Rogers' Jogging Shop.

Over the past year, the Librarian, Karen Miller, has been striving for more cooperation with the community youth organizations, service groups and the local preschool. The Library's community room has been used more frequently, also. For the whole family's enjoyment the library has acquired museum passes which may be borrowed on the Library Card to Plimoth Plantation, Aqua Circus, Edaville Railroad, Boston

Museum of Fine Arts, New Bedford Whaling Museum. Hundreds of library patrons have utilized these passes enjoying their financial savings.

This past year Mary Vincent and June Babel left the staff and Marie Sullivan and Librarian Karen Miller joined our staff.

We wish to thank all who have spent hours helping the Library, but especially Storyhour coordinator June Babel, President of the Friends Carol Morrill and presently Merle McIver, Linda Cataldho, Bird Contest Resource, Mrs. Alice McCracken and the Carver Garden Club for the lovely decorations throughout the year and the Dennis Ferneau family and the Girl Scouts for the new flower bed.

Thanks are also extended for all who have donated books or loaned materials but especially to the Carver Senior Citizens, Carver Art Association, Claudette Kelly and Mr. Maynard for the memorial gift for Russell Peterson.

The Carver Public Library looks forward to another year of growth in 1980 as we respond to the needs of our community.

Plymouth County Mosquito Control Project

The Plymouth County Mosquito Control Project respectfully submits the following report for 1979.

Eastern equine encephalitis virus was of major concern as the summer progressed this year with virus activity varying. This can be attributed to the difficult weather conditions during July, August and September, a period when virus activity is most prominent in this area. Through cooperative efforts between the Project, the Lakeville Encephalitis Field Station and the Extension Specialist of the University of Massachusetts, a very close monitoring program was established. This program covered many aspects including light trap collections of mosquitoes for virus testing, the variety and number of those collected and actual biting collections in more high risk areas to determine the variety and amount of those collected which have taken previous blood meals, in order to determine possible vector counts.

The Project expanded its pre-hatch treatments in 1979, which covered 1,200 acres and we expect to put more effort in this area in 1980. Favorable results of the previous year were experienced in a number of spring months in the areas treated.

The Project extended their water management program in the spring in order to alleviate additional high breeding areas by reclaiming 167,285 feet of drainage ditches, small streams and salt marsh ditches by hand and 57,960 feet by backhoe. The Project also cleaned 104 culverts of major blockage by both hand labor and backhoe.

Although the water management program overlapped into the spring larvicide program the Project proceeded as scheduled to alleviate breeding in areas readily treatable, in which there might be breeding activity. In doing so the Project treated 1,400 acres. During the summer the Project treated 3,386 catch basins, a major source of breeding nuisance mosquitoes. As the spring breeding increased, aerial spraying covered 2,870 acres of the larger breeding areas.

When the spring brood of mosquitoes emerged, the Project began the summer spraying schedule, spraying during morning hours. All areas sprayed were done so from the streets. The Project has discontinued individual backyard treatments because it is time consuming, very expensive and does not combat the real problem. As the summer progressed, we experienced major rains which produced larger than normal broods of mosquitoes. To suppress the onslaught the Project utilized five vehicle units, each capable of performing most aspects of mosquito control. During 1979 the Project sprayed 65,205 acres by vehicle mounted sprayers.

The Project wishes to stress to the homeowner the importance of eliminating breeding areas on private property. Any water containers could breed mosquitoes. Toys, bird-baths, wading pools (change water frequently), buckets, tires, tin cans, abandoned automobiles, etc., are just a few of the most troublesome warm weather breeding areas. Help in this particular area would be appreciated, not only by the Project, but your own friends and neighbors.

Late in 1979 the State Reclamation Board hired an entomologist to assist all of the Projects and to work with the University of Massachusetts Extension Specialist, in a cooperative effort in mosquito control. Also, there are plans to form an additional Project in the central portion of the state. This would bring the total number of Projects in the state to eleven which would leave little of the state without service by organized mosquito control.

The Project wishes to thank the various towns and their departments for their cooperation and assistance in the best interest of mosquito control.

Respectfully submitted,
Arthur L. Westgate
Superintendent

Southeastern Regional Planning and Economic Development District (SRPEDD)

During 1979, the Town of Carver continued its membership for the tenth year in the Southeastern Regional Planning and Economic Development District. SRPEDD is a planning agency formed under state law to serve communities in southeastern Massachusetts by providing a cooperative approach to regional issues.

The District is governed by a Commission consisting of a chief elected official or designee and a planning board representative from each participating municipality and six low-income and minority representatives. Carver's Commission representatives from the Board of Selectmen and Planning Board are David Knight and Timothy McGillicuddy, respectively. Carver is represented on several advisory committees as well—Mr. Knight is the Vice-Chairman of the SRPEDD Commission, Chairman of Regional Economic Div. Committee and represents Carver on the Joint Transportation Planning group.

In addition to regional planning, SRPEDD assists member cities and towns. Through the free municipal assistance program, each community receives time for local projects and assistance in preparing applications for federal and state funds.

SRPEDD assisted Carver this past year by:

- preparing a wetlands-floodplain zoning proposal for the Conservation Commission
- providing other zoning assistance
- providing information about open space/recreation and industrial development funds
- preparing an application for a rural development grant.

The agency's purpose is to plan for regional land use, economic development, housing, historic preservation, transit, transportation, solid waste and air and water quality. Local participation in these regional plans enables communities to be eligible for federal and state dollars.

Regional plans completed this year benefitting all communities include:

***The Overall Economic Development Program (OEDP)** makes member communities eligible for EDA funding and a 10 percent bonus for public facility projects. The DPW Town Barn project is included in this year's OEDP.

***The Areawide Housing Opportunity Plan (AHOP)** will be used to guide location of subsidized housing to ensure that each community receives its fair share and that none is overburdened. SRPEDD is one of only 23 in the country to receive federal approval of its plan.

***The Transportation Improvements Program (TIP)** lists major projects in each community for federal and state funding. A project must be included on the TIP in order to be eligible for these funds.

***Planning Notes**—a "nuts and bolts" newsletter about zoning and growth issues facing communities—is sent to the Planning Board.

SRPEDD represents the collective will of its member communities. As the responsibilities and problems of municipalities become increasingly complex, the District can provide technical assistance to local boards, encourage cooperation among communities, and provide a comprehensive approach to issues that cross local boundaries.

Administrator's Report Carver Public Schools 1979

1979 in the Carver Public Schools was a year of modest growth characterized by responsible change, community involvement, and program development. 1978 ended with an enrollment of 1,040, while the current enrollment is 1,081. Contrary to the enrollment trend throughout the Commonwealth, Carver continues to grow and expand. The following new staff members joined the Governor John Carver faculty in 1979:

Mrs. Eleanor Cousins	Grade 1
Mrs. Ann Gill	Grade 2
Mrs. Dorothy Toselli	Grade 2
Mrs. Denise Bartos	Grade 3
Mrs. Marylou Hobson	Grade 3
Mr. Thomas Duncan	Grade 5
Mrs. Ellen Herf	Grade 5
Mrs. Eileen Cutler	Grade 6
Mr. William Lander	Grade 6
Mr. Ronald Mitchell	Grade 6
Mrs. Nancy Brown	Resource Room
Mr. Lawrence Edwards	Resource Room
Mrs. Tracy Mindess	LD/Reading
Mr. Norman Bossio	Principal

In addition, Mr. Frederick Morris, former Resource Room Teacher, was appointed Assistant Principal.

This past school year has been one of maintaining all the good things that have transpired in the past, improving existing programs, and refining all instructional programs so that they may better meet the needs of every child. Two pilot reading programs were initiated and are currently being evaluated. A thorough review of the social studies curriculum was conducted. A Health and Family Living Curriculum is being implemented in grades K-6. A Needs Assessment of Program Needs was initiated by a staff In-service Planning Committee. As a result of the staff effort, a comprehensive program of teacher training has been planned for the spring. Also, Santa Claus visited the school in a helicopter during the holiday season.

School/Community relations have been an area of top priority this year. In this regard, the PTO under the capable leadership of Mrs. Terry Katz has been actively supporting the efforts of the Governor John Carver staff. Fund raisers included a highly successful Fashion Show, Arts and Crafts Fair, Food Table at the "CAPS" Harvest Fair, Penny Candy Sale at the airport, and a Fresh Fruit Cup Sale during Old Home Day. In addition, the PTO sponsored an Open House, Action for Children's Television with Dr. Marion Elliott, a Juvenile Delinquent Program with Maureen Smith, and an Open Forum with the Principal. In addition, a Parent Volunteer Program has been started and plans are being made to generate a parent resource list to more fully involve parents into the mainstream of the School. Several orientation training sessions were conducted to assist parents in their preparation for the volunteer assignments.

The children continue to receive support services of the highest quality. The Specialists, i.e., guidance counselors, learning disability/reading teachers, language specialists, school psychologists, as well as art, music, physical education teachers, and the media specialist are all working closely with the classroom teachers to provide a con-

tinuity of support services that are integrated with the total school experience. The Cafeteria staff under the direction of Mrs. Roberta Perry and Mr. Franklin Wilbur's capable custodial staff continue to work behind the scenes contributing substantially to the efficient running of the building.

The school facilities continue to be utilized virtually every available day. Community groups and civic organizations have extended the school building roles to include a dimension of public service. The School Committee is working hard to make the facilities available, while at the same time keeping a responsible eye to rising heat and utility costs.

1979 could be characterized as a year that teachers and parents worked together toward the development of shared responsibility, mutual understanding, and active participation of the Carver Community in the school. It was a year of growth; a year of developing skills and building memories. Every effort is being made to continue the highest quality basic skills instruction in an environment that inspires confidence, encourages independence, and value the individual dignity of every child.

 Norman Bossio

The Annual Report of The Principal of the Plymouth-Carver High School

The most significant event that highlighted the 1979 school year was the implementation of double sessions for grades 9-12. The total student population numbered over 2,300, and the staff grew in number as a direct result of this transition.

There were over thirty teachers who were transferred to the high school from within the school system and twenty new teachers were hired. Three coordinators for grades 7-12 were appointed, namely: Mr. Mark McQuillan, English, Miss Phyllis Johnson, Social Studies, and Mrs. Jean Patenaude, Guidance. Mrs. Joan Weinman was appointed Assistant Dean of Girls.

During the summer a committee of teachers and parents was organized under the direction of Mr. Paul Fleming implementing the Department of Education's Basic Skills Assessment program for mathematics, writing and reading. The purpose of the basic skills competency program is to assist all students in achieving mastery of basic skills prior to high school graduation through curriculum, instruction, and evaluation.

Once again, the American Field Service continues to be very active at Plymouth-Carver High School. There were nine exchange students here from abroad with American Field Service and Youth for Understanding totaling four each and one from Rotary. A short term exchange with Gloversville High School in Gloversville, New York was arranged with twenty-three of their students coming to Plymouth-Carver High School in October for a week; twenty-four of our students were at Gloversville in February for a week.

The Plymouth-Carver Student Council played a strong role in the Southeastern Massachusetts Association, attending many executive board meetings throughout the year. A large delegation of our students attended the fall and spring convention and the two-day state convention in Hyannis.

A successful workshop at Memorial Hall was conducted to help give the council members cohesion and direction, as well as encouraging leadership. The council raised \$400.00 for a scholarship which was awarded at graduation, and also provided money for Globe Santa at Christmas. The council, and its advisor, Mr. Kenneth Taylor, should be commended for their tireless efforts in the developments of the student council.

The National Honor Society was very active with various projects such as providing a tutoring service, a Valentine Party for Cardinal Cushing, School for Exceptional Children, prepared revisions for the Student Handbook, and assisted with the registration for Adult Education.

The *Eagle Eye* was a new publication produced by Mrs. Evan's journalism and Writing I class. All of the work necessary to get the paper completed was done by the students, and the cooperation of Mr. Johnson at the graphic arts center. I would also like to recognize Mrs. Evan's, as Advisor to the Yearbook, for their fine publication.

The Model Congress, under the leadership of Mrs. Lloyd, attended the A.I.C. session in Springfield. Their bill was to establish in this country a committee within the Health, Education, and Welfare Department to regulate college admissions' policies with the intention to prevent discrimination of any kind.

In May, 1979, two DECA students distinguished themselves by earning the right to represent Plymouth-Carver High School and attend and compete in the National DECA Development Conference in Houston, Texas. Through a series of competency based events in marketing and distribution these students progressed through both the regular and state conferences, competing with other DECA students from schools throughout Massachusetts to gain this recognition. The Student Store, which is

operated by the DECA students, raised the monies necessary to finance these conferences attended by DECA members from Plymouth-Carver High School. In addition, DECA was able to offer \$900.00 in scholarship aid to graduating seniors through their retailing efforts.

The course, the World of Work, was implemented as part of the Work-Study program. The classroom aspect takes the form of a seminar on a daily basis and provides opportunities for personal growth, dissemination of career information, and supervised job experience. In the curriculum for The World of Work are units on decision making, job survival skills, consumer information, and labor market trends. We are grateful to the local businesses in the hiring of our young people through our Work-Study program and giving them the opportunity to gain this valuable experience in The World of Work.

This year's production by the Drama Club of "You Can't Take It With You" proved very successful. It was a comedy and was well received by enthusiastic audiences.

The Concert Choir conducted three concerts: Christmas, Spring, and The Choral Festival in May. The choir, under the direction of Mrs. Sylvia Thornton, initiated the Women's Chamber Singers. These girls performed for the first time at The Sweet Adelines Concert at the Old Colony Theatre on May 10th.

The Plymouth-Carver High School Marching Band and Color Guard were extremely active throughout the year. The Color Guard, under the direction of Terri Zinsius, participated in the New England high school color guard circuit, and hosted their own competition at the Memorial Hall last April.

During the school year, the Future Nurses Club participated in a variety of activities. Through fund raising, a total of \$200.00 was earned for a scholarship fund. A Paramedical career orientation program was arranged through the cooperation of the Jordan Hospital and the Pediatric Division of the Mayflower House Nursing Home. The girls, under supervision, were assigned to laboratories, x-ray equipment, physical rehabilitation, and occupational therapy.

The local Plymouth-Carver Scholarship Program is the largest ever with \$48,686.56 in assistance to students through the efforts of service clubs, civic organizations, memorial scholarships and trust funds. This program, which continues to grow, is one of the most generous local scholarship programs in the state. We are grateful to everyone for making this program possible.

I would like to express my sincere appreciation and thanks to the school committee, superintendent's staff, administration and faculty of the high school for their support and cooperation throughout the school year, and their understanding with double sessions.

W. P. Cingolani, *Principal*

Plymouth-Carver Regional School Committee Report

This was the year when we had hoped to come before you for the approvals necessary to begin construction on our new high school. Last year in our annual report we outlined for you the several steps that had been taken during the previous year. We spoke to you at that time of our fears that the construction cost would prove more expensive than the communities could be asked to pay.

We had held public meetings, one of these in conjunction with the Selectmen. Everyone was agreed that we needed the school desperately. We were scolded only for not having had our proposal before you much earlier. Consensus clearly stated that the school be developed as quickly as possible. At the same time came the admonition that we spend no more money than the taxpayers could afford.

There was indeed a dichotomy here. Build it big enough and with a wide enough variety of curriculum offerings, but don't let it cost too much. It was just this that had given us such great concern. It did not seem reasonable that we could provide all that everyone seemed to want at a cost that they would later prove willing to support.

In August we received an updated cost estimate from our architect. This indicated his belief that the construction cost would be 26 M. This would have had us with a turn-key total expense of something very close to 30 M. This was indeed more than we wanted to spend. The plans were ready to go out to bid, and the time for any change had passed many months before.

It was when the filed sub-bids were opened in September that our worst fears were realized. They exceeded the architect's estimates by 3.75 M. This could have had the construction and subsequent turn-key costs exceed our given estimates by several millions of dollars. Because we felt that we could not in conscience recommend to Town Meetings an expenditure of such magnitude, we voted to abandon the project.

As the year ended, we were pleased by the response from the communities of many very well qualified people who were willing to serve on a Building Committee to whom we had voted to delegate the authority for developing plans for construction of the new school. We wish for them every success and urge you to support their recommendations.

The following have been voted as Building Committee members: Ralph E. Brooks, Frank W. Collins, Albert R. DeLoid, Thomas H. Hogan, Thomas A. Jordan, Doris P. Krensky, James R. Sorensen, Edith Starr, William G. Travers. As alternates: Robert A. Bartlett, Fred L. DeFeo, Norman Grise, Catherine E. Key, Tracy Baldrate, Richard L. Ehrlich.

A True Copy Attest:

Addendum—Article 7

ARTICLE _____ to see if the Town will vote to adopt the following By-Law establishing an Historic District and an Historic District Commission, under the provisions of Chapter 40C, General Laws, as most recently amended by Chapter 168, Acts of 1975, or take any other action with respect thereto.

This By-Law shall be known and may be cited as the Historic Districts By-Law under the authority of Massachusetts General Laws, Chapter 40C, as amended.

The purpose of this By-Law is to promote the educational, cultural, economic and general welfare of the public through the preservation and protection of the distinctive characteristics of buildings and places significant in the history of the Town of Carver or their architecture, and through the maintenance and improvement of setting for such buildings and places and the encouragement of design compatible therewith.

There is hereby established a Historic District to be known as the Lakenham Historic District under the provisions of the Historic Districts Act, General Laws, Chapter 40C bounded and described as follows:

Beginning at the intersection of Gates Street and Plymouth Road (Route 44), the district heads in a westerly direction along Plymouth Road, encompassing the dwellings and some portion of the land on both sides of Plymouth Road until it reaches the Lakenham Green. The district will encompass all of the properties surrounding the Green, as well as the Green itself. The district continues past the Green along Plymouth Road to the intersection with Route 58, crosses Route 58 and includes the first properties past the intersection on both the north and south sides of Plymouth Road. The district also includes the buildings and properties along Main Street for a distance of approximately 400 feet from the Green in a southwest direction. In total, the proposed district covers approximately 75 acres of land and encompasses one mile of heavily traveled road (Route 44).

The boundaries are hereby established as shown on the maps entitled "Lakenham Historic District" dated February 13, 1980 which accompanies and is hereby declared to be a part of the By-law. Copies of this map are available at the Carver Town Clerk's Office and the Carver Public Library.

There is hereby established an Historic District Commission, under the provision of G.L., Chapter 40C, consisting of five (5) members and three (3) alternate members to be appointed by the Selectmen. When the Historic District Commission is first established, one member shall be appointed for a term of one year, two shall be appointed for a term of two years and two shall be appointed for a term of three years and their successors shall be appointed in like manner for terms of three years. When the Historic District Commission is first established, one alternate member shall be appointed for a term of one year, one alternate member shall be appointed for a term of two years, one alternate member shall be appointed for a term of three years and their successors shall be appointed in like manner for terms of three years.

The membership of the Historic District Commission shall be made up as follows:

One from two nominees submitted by the Carver Historical Society or the Society for the Preservation of New England Antiquities.

One if possible, from two nominees, submitted by the Massachusetts State Chapter of the American Institute of Architects.

One if possible, from two nominees submitted by the Plymouth County Board of Realtors.

One if possible, from two nominees submitted by the Bar Association serving Carver.

One, if possible, a resident of the Historic District.

The remaining members without designation.

The District Commission shall elect annually a Chairman and Vice-chairman from its own number and a Secretary from within or without its number.

Alternates shall have all the powers and duties of regular members when called to serve by the Chairman or Vice-chairman or the commission.

All members and alternates shall serve without compensation.

Administration of Historic Districts:

No building or structure within the Historic District shall be constructed, demolished,

moved or altered in any way that affects exterior architectural features and no building shall be moved into an Historic District unless the Commission shall first have issued a Certificate of appropriateness, a Certificate of hardship or a Certificate of non-applicability with respect to such construction, alteration or movement. The building inspector shall not issue a permit within an Historic District unless one of the certificates noted above has first been issued by the District Commission or the proposed improvement is exempted from these provisions by the following:

Exemptions to Review:

The Authority of the District Commission is *not* extended to the review of the following:

1. Temporary structures of signs, subject, however to such conditions as to duration of use, location, lighting, removal and similar matters as the Commission may reasonably specify.
2. Terraces, walks, driveways, sidewalk and steps, or any one or more of them, provided that any such structure is substantially at grade level.
3. Storm doors, windows, screens and siding, window air conditioning, lighting fixtures affixed to any building, antennae and similar appurtenances.
4. Paint or stain or any color.
5. Materials of uniform color used on roofs.
6. Signs of not more than 150 square inches in area in connection with use of a residence for a customary home occupation or for professional purposes provided only one such sign is displayed in connection with each resident and if illuminated only indirectly.
7. Reconstruction of a building, structure or exterior architecture; feature which has been damaged or destroyed by fire, storm or other disaster, provided that the exterior design is substantially similar to the original.

The District Commission shall have all the powers of an Historic District Commission as described in Chapter 40C of the Massachusetts General Laws. The Commission shall adopt rules and regulations for the conduct of its business, not inconsistent with Chapter 40C of the General Laws, or with the purpose of this By-Law.

The District Commission may receive and accept appropriations, grants and gifts for the furthering of the purposes of this By-Law. It may establish an historic marker program, publish guides, maps and other appropriate publications to illustrate historical and architectural resources of the Historic District and administer any properties or lesser interests which may be acquired.

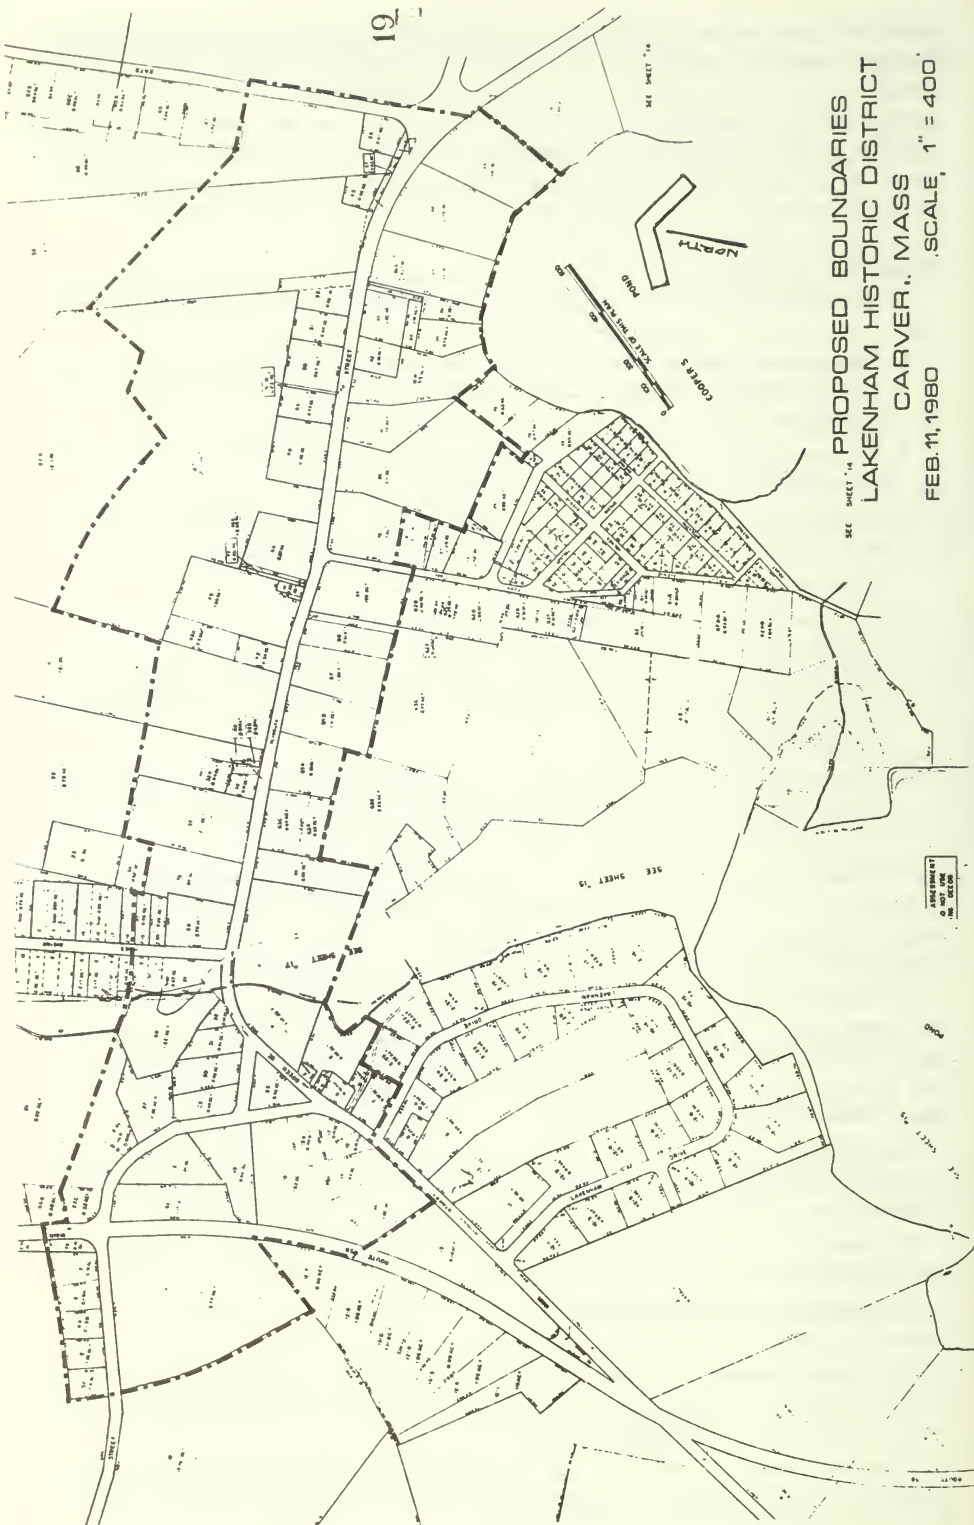

The District Commission shall propose changes in the Carver Historic District boundaries and additional historic districts as it deems appropriate. Massachusetts General Laws, Chapter 40C, will guide the procedures for these activities.

The District Commission shall coordinate historic preservation activities, and oversee the preparation and implementation of historic preservation plans.

The District Commission shall provide assistance to owners of historic structures on matters pertaining to preservation.

The District Commission shall act at all times with a clear understanding of the need of the residents of the Historic District to enjoy the progress of contemporary life in the use of their home and properties.

In case any section, paragraph or part of this By-Law be for any reason declared invalid or unconstitutional by any court of last resort, every other section, paragraph or part shall continue in full force and effect.

Municipal Finance Terminology

The following terms are frequently used in the Annual Town Report and at Town Meetings. In order to provide everyone with a better understanding of the meaning, the following definitions are provided.

SURPLUS REVENUE: (often referred to as “Excess and Deficiency”)

This fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserve. This is a bookkeeping item.

AVAILABLE FUND: (often referred to as “Free Cash”)

Available Funds is the amount certified annually by the State Bureau of Accounts by deducting from surplus revenue all uncollected taxes for prior years. This fund may be used by a vote of the Town Meeting.

OVERLAY:

The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements granted and avoiding fractions.

OVERLAY RESERVE:

This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

RESERVE FUND:

This fund is established by the voters at an annual town meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both.

STABILIZATION FUND:

This is a fund created to provide a reserve for capital expenditure. Appropriations from the Stabilization Fund may be made at an Annual Town Meeting by a two-thirds vote for any purpose the town is authorized to borrow money for under Section 7 or 8 of Chapter 44 or for such other purpose as is approved by the Emergency Finance Board.

CHERRY SHEET:

Named for the cherry colored paper on which the Massachusetts Commission of Corporations and Taxation traditionally has printed it, the cherry sheet carries the figures which must be used by the Assessors in determining the amount to be raised by taxation.

It lists the amounts of county tax and state assessments, as well as the estimated tax distributions from the General Fund, reimbursements, agency funds, and the Sales and Use Taxes.
