## About the Cover

It was unanimously voted during the Annual Town Meeting of April 14, 1984 to allow the Carver Fire Department to construct a new Fire Station on the "Poor House Lot" in North Carver. The Board of Selectmen appointed a Committee to work with the Fire Chief to design, build and equip a new North Carver Fire Station on this site.

As you will see on Saturday, April 25, 1987, at one o'clock in the afternoon, when the dedication of this stately building, to which all Carver citizens are cordially invited, takes place, that this Committee, with the much appreciated help of other firefighters and volunteers from within and without the Town, has successfully completed its mission. Their tireless work was aided and abetted by the generosity and kindness of many, many Carverites and residents of nearby towns, as well as many businesses and organizations in the greater Carver area, and beyond. The whole cooperative, laborious effort by one and all has made this a worthwhile community project of which we can all be proud.

At the Annual Town Meeting held on April 11, 1983, it was unanimously voted to designate the North Carver Station as the "Johnny O" Fire Station in memory of the late Deputy Fire Chief John F. Orzechowski. Those of us who knew John are appreciative of his unselfish, diligent, tireless works that he performed on behalf of the Carver Fire Department and the Town of Carver, and it was with these same qualities of tireless, unselfish, and diligent work that possessed all of the people involved in the construction and completion of the new North Carver Fire Station.

# Annual Town Election

Saturday, April 12, 1986

The Annual Town Election for the election of Town Officers was held at the Governor John Carver new cafeteria on Saturday, April 12, 1986, pursuant to a Warrant of the Board of Selectmen dated March 26, 1986 and posted as required by law. The meeting was called to order at 8:00 o'clock A.M., by the Warden, Eugene P. Souza. The following named Election Officers were present at the opening of the polls, and having been duly sworn to the faithful performance of their duties by the Town Clerk, thereafter assigned to their respective duties as follows:

<i>Warden</i> . . . . .	Eugene P. Souza (D)
<i>Deputy Clerk</i> . . . . .	Phyllis J. Harriman (R)
<i>Inspectors: Check-In</i> . . . . .	Paula Babbin (D)
	Marjorie Mosher (R)
<i>Inspectors: Check-Out</i> . . . . .	Marjorie Smith (D)
	Harold Ballard (R)
<i>Ballot Box:</i> . . . . .	Joseph Dowd (D)
<i>Spare Clerk</i> . . . . .	Elizabeth LeBel (R)
<i>Police Officers</i> . . . . .	August Barros
	Walter Benoit

A total of 4,500 Ballots were delivered to the Ballot Clerks by the Town Clerk. The Warden, Eugene P. Souza, declared the polls open at 8:00 o'clock A.M., and announced that the polls would close at 8:00 o'clock P.M. The Ballot Box registered zero (0) at the opening of the polls. The keys to the Ballot Box were placed in the custody of the Police Officer on duty. The election continued without incident until 8:00 o'clock P.M. at which time the Warden declared the polls closed. At the close of the polls the Ballot Box registered a total of 1,299 ballots cast, of which 35 were Absentee Ballots and 1,264 were cast by voters in person. This tallied with the Voting Lists of the Ballot Clerks. The ballots were then removed from the Ballot Box, audibly counted and delivered to the Tellers for canvassing and counting. The Tellers having been first duly sworn to the faithful performance of their duties.

The results of the balloting is as follows:

The meeting was called to order at 7:50 P.M. by the Moderator, Nancy A. Seamans, there being a quorum present; then proceeded to act on the Articles in the warrant as follows:

**Article 1.** To see if the Town will vote to appropriate a sum of money for the purchase of equipment for various town departments and to determine whether such appropriation shall be raised by borrowing or otherwise, or to take any other action relative thereto. (by Carver School Committee)

After minutes of debate and discussion on this article from the floor and by Erwin Washburn, Frank R. Mazzilli, Arthur DeCoursey, Nicholas Femia, Chairman of the Finance Committee, a motion was duly made and seconded by Selectman Daniel B. Daly, Jr., that action be postponed on Article 1, of the Special Town Meeting until a later time within the Special Town Meeting. It was So Voted.

**Article 2.** To see if the Town will vote to approve the acquisition by eminent domain proceedings, purchase, or otherwise by the Selectmen on behalf of the Town of all or a portion of the so-called Baca Property as shown on Carver Assessors' Sheet #102, Lot #7 containing 29.06 acres, more or less, for future school needs. And further, that the Town vote to appropriate, raise and appropriate, borrow or appropriate from available funds a sum of money for the purpose of paying for appraisal fees, title search

and damages to be awarded to present land owner or take any other action relative thereto.

(by Carver School Committee) Thereupon, Erwin K. Washburn moved the following amended motion:

The Town of Carver will approve the acquisition by eminent domain proceedings, purchased, or otherwise by the Selectmen on behalf of the Town of Carver all or a portion of the so-called Baca Property as shown on Carver Assessors' Sheet #102, Lot #7 containing 29.06 acres, more or less, for future school needs. And further, that the Town vote to borrow the sum of Twenty-Eight Thousand (\$28,000.00) Dollars for the purpose of paying for appraisal fees, title search and damages to be awarded to present land owner. Motion for amendment was duly seconded and Unanimously Voted.

Upon motion duly made by Frank R. Mazzilli and seconded it was Unanimously Voted to adjourn the Special Town Meeting and proceed with the second Special Town meeting which was scheduled for 8:00 o'clock P.M.

Meeting was adjourned at 8:55 P.M.

## State Election

**Tuesday, November 4, 1986**

Pursuant to a Warrant of the Board of Selectmen dated October 21, 1986 a meeting of the qualified voters of the Town of Carver was held at the Governor John Carver School House New Cafeteria, on Tuesday, November 4, 1986, for the purpose of electing Federal, State and County Officers and to act on other matters contained in said Warrant. The meeting was called to order at 7:00 o'clock, A.M., by the Warden, Eugene P. Souza.

The following Election Officers all having been duly sworn to the faithful performance of their duties by the Town Clerk, Bernadette L. Hemingway, were present:

Warden .....	Eugene P. Souza (D)
Clerk .....	Phyllis J. Harriman (R)
Inspectors: Check-In .....	Paula Babbitt (D)
	Warren Robertson (R)
	Maureen Knott (D)
	Barbara Elliott (R)
Inspectors: Check-Out .....	Joan Simmons (D)
	Harold Ballard (R)
	Marjorie Smith (D)
	Genelda Johnson (R)
Ballot Box .....	Joseph Dowd (D)
Police Officers .....	Richard Abernathy
	August Barros

A total of 5,600 official ballots were delivered to the Ballot Clerks by the Town Clerk. The ballot box registered zero (0) at the opening of the polls, and the keys to the ballot box were placed in the custody of the Police Officer. The Warden declared the polls open at 7:00 o'clock, A.M., and announced that the polls would close at 8:00 o'clock P.M.

The election continued without interruption until 8:00 o'clock P.M., at which time the Warden declared the polls closed. At that time the Ballot box registered a total of 2941 cast, of which 85 were Absentee ballots and 2856 were cast by voters in person. These totals tallied with the records of the Ballot Clerks. The ballots were then removed from the Ballot boxes, audibly counted, and delivered to the tellers for canvassing and counting, all of whom were duly sworn to their faithful performance of their duties.

The results from the Block Tally Sheets were recorded in the Total Tally Sheets and the results were as follows:

### **QUESTION 1—PROPOSED AMENDMENT TO THE CONSTITUTION**

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on June 27, 1984 by a vote of 120—67, and on April 30, 1986 by a vote of 123—69?

#### **SUMMARY**

The proposed constitutional amendment would allow the legislature to prohibit or regulate abortions to the extent permitted by the United States Constitution. It would also provide that the state constitution does not require public or private funding of abortions, or the provision of services or facilities for performing abortions, beyond what is required by the United States Constitution. The provisions of this amendment would not apply to abortions required to prevent the death of the mother.

### **QUESTION 2—PROPOSED AMENDMENT TO THE CONSTITUTION**

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on December 12, 1984 by a vote of 108—79, and on April 16, 1986 by a vote of 107—87?

#### **SUMMARY**

The proposed constitutional amendment would allow the expenditure of public funds for private schools and private school students.

It would remove primary and secondary schools from the list of non-public institutions barred from receiving public aid and would allow public money, property, or loans of credit to be used for founding, maintaining, or aiding those schools. The proposed amendment would also allow public financial aid, materials, or services to be provided to a non-public school student requesting such aid, but only if that school does not discriminate in its entrance requirements on the basis of race, color, national origin, religious belief, sex, or physical handicap. The state legislation would have the power to impose limits on aid, materials, or services provided to students.

### **QUESTION 3—LAW PROPOSED BY INITIATIVE PETITION**

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 6, 1986 by a vote of 49—93, and on which no vote was taken by the Senate before May 7, 1986?

#### **SUMMARY**

The proposed law would reduce and then repeal the 7½% surtax on Massachusetts state income taxes and would limit state tax revenue growth to the level of growth in total wages and salaries of the citizens of the state.

It would set the rate of the surtax on Massachusetts state income taxes at 3¾% for tax years beginning during 1986, and it would repeal the surtax for tax years beginning on or after January 1, 1987.

The allowable state tax revenues for any fiscal year are limited to the allowable state tax revenues for the prior fiscal year as increased by the average rate of growth of Massachusetts wages and salaries for the three immediately preceding calendar years. For purposes of calculating the proposed limit for fiscal year 1987, allowable state tax revenues for fiscal 1986 are the net tax revenues for that fiscal year, but excluding revenues derived from the surtax on state personal income tax. Further, if in any fiscal year the calculation of the limit results in allowable state tax revenues less than the amount of allowable state tax revenues for the prior year, then allowable state tax revenues for that fiscal year shall be equal to the allowable state tax revenues for the prior year. The revenues limited by this law would not include non-tax revenues such as federal reimbursements, tuitions, fees and earnings on investments.

The amount of allowable state tax revenues for any fiscal year would have to be reduced if a new state law were enacted allowing local governments to impose new or increased taxes of excises. The reduction would be equal to the amount of revenue derived from the new tax or increase. The reduction in state tax revenues would first take effect in the fiscal year following the enactment of the new law authorizing new local taxes or increases.

If state tax revenues exceed the limit imposed by the proposed law, as determined by the State Auditor, a tax credit would have to be granted equal to the total amount of excess tax revenue. The credit would be applied to the then current personal income tax liability of all taxpayers in proportion to their personal income tax liability in the preceding year.

The provisions of this Act could be enforced in court by a group of taxpayers.

#### **QUESTION 4—LAW PROPOSED BY INITIATIVE PETITION**

Do you approve of a law summarized below, which was approved by the House of Representatives on May 5, 1986 by a vote of 145—0, and on which no vote was taken by the Senate before May 7, 1986?

##### **SUMMARY**

The proposed law would require the State Department of Environmental Quality Engineering (DEQE) to search for sites in the Commonwealth where oil or hazardous materials have been disposed of and to take all steps necessary to clean up those sites within specified time limits. Provisions are made for informing the public about sites in their communities.

Beginning on January 15, 1987, DEQE would be required to publish lists every three months of all sites where it has confirmed that uncontrolled oil or hazardous materials have been disposed of and locations to be investigated as possible disposal sites. The lists would describe what actions have been taken at each site or location. DEQE would be required to list, to the extent that it has identified, at least 400 possible disposal sites by January 15, 1987, 600 additional locations by January 15, 1988 and 1,000 additional locations in each subsequent year.

Within one year after a location is listed as a possible disposal site DEQE would be required to determine if further investigation is warranted. If

so, within two years after the listing, DEQE must confirm whether the location is a disposal site, and whether it poses an imminent or substantial hazard to health, safety, public welfare or the environment.

For sites found to pose a substantial hazard, DEQE would be required within the next two years, to ensure that those hazards are eliminated and to develop a plan to eliminate permanently future risks from those sites. Imminent hazards would have to be eliminated immediately. For sites found not to pose any substantial hazards DEQE must, within seven years after the listing, ensure that the full extent of contamination is evaluated and that a plan to eliminate permanently future risks is developed.

The proposed law would require DEQE to provide public notice and encourage public participation. Within 30 days after completing a site investigation, DEQE would have to inform the public through local newspapers of the results of that investigation and of the rights of local citizens under the state law. If ten citizens of a town potentially affected by a site submit a request, DEQE would be required to develop a plan for involving the public in its clean-up decisions and present that plan at a public meeting. The chief municipal officer of a city or town in which a disposal site is located could appoint individual(s) to inspect the site on behalf of the community.

Massachusetts residents could bring lawsuits to enforce the provisions of the proposed law or to lessen a hazard related to oil or hazardous materials. If such a lawsuit is brought, a court could award costs, including reasonable fees for attorneys and expert witnesses.

#### **QUESTION 5—REFERENDUM ON AN EXISTING LAW**

Do you approve of a law summarized below, which was approved by the House of Representatives on October 7, 1985, by a vote of 77—62, and which was approved by the Senate on October 17, 1985?

#### **SUMMARY**

The law requires all drivers and passengers to wear properly adjusted and fashioned safety belts while traveling in motor vehicles on public ways. It does not apply to children under five years old who are required by another law to wear safety belts or be restrained in safety car seats; passengers in vehicles where all safety belts are being used by others; passengers in buses; persons riding in vehicles built before July 1, 1966, or in which safety belts are not installed as original equipment; or persons who are certified by a physician to be physically unable to use safety belts. The law also does not apply to police officers, rural mail carriers, or drivers or passengers of other vehicles that stop frequently and travel at speeds not exceeding 15 miles per hour between stops.

Drivers or passengers sixteen years or older who do not wear safety belts are subject to a \$15.00 fine. The driver of a vehicle is also subject to a \$15.00 fine for each passenger under sixteen who does not wear a safety belt. This law, however, can be enforced only if the driver is stopped for a violation of another motor vehicle law. Safety belt violations will not result in surcharges on motor vehicle insurance premiums. The law also requires that when the commissioner of insurance sets motor vehicle insurance rates, the rates must reflect any savings attributable to increased use of safety belts.

The law also requires that all motor vehicles manufactured after September 1989, that are sold or registered in Massachusetts be equipped with crash protection devices, as specified by federal regulations. Any manufacturer who sells or delivers motor vehicles that are not equipped with such safety devices will be subject to a fine of not more than \$100 for each sale or delivery. This law is not intended to eliminate the federal requirements for passive crash protection devices in motor vehicles.

The law also provides that a non-binding question, unlike this binding referendum, shall be placed on the 1986 general election ballot asking whether the voters approve of the law.

#### **QUESTION 6—LAW PROPOSED BY INITIATIVE PETITION**

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 6, 1986, by a vote of 56—93, and on which no vote was taken by the Senate before May 7, 1986?

#### **SUMMARY**

The proposed law would provide a system of voter registration by mail applicable to all qualified voters and would eliminate statutory provisions permitting certain persons to vote only for presidential electors.

Under this proposed law, the State Secretary would be required to prepare blank forms for affidavits of registration. The Secretary and local boards of registrars would be required to make such forms available to any person eligible to vote in whatever quantity the person requests and to transmit such forms, upon written request, to any person claiming to be qualified to vote. Registrars would also be required to make these forms available at all post offices and at other places within their municipalities. The Secretary would be required to establish a reasonable fee for providing more than 50 forms and to prepare instructions to accompany the forms.

A person seeking to register to vote would be required to complete the affidavit of registration and sign it under oath in the presence of a witness who is at least eighteen years old. The witness would be required to certify that the affidavit was signed in his presence and to date the affidavit.

A completed affidavit of registration could be either delivered or mailed to the appropriate registrar's office. If, from the facts set forth in the affidavit, it appears that the person is qualified to vote, the registrars would be required to add the person's name to the list of registered voters and to so notify the person by first-class, non-forwardable mail, unless the person's name already appears on the local list of residents at the same address. The cost of mailing such notices would be assumed by the Commonwealth, subject to appropriation. If in any year the General Court fails to appropriate funds for that purpose, such notices would not have to be sent. If such a notice is returned undelivered, the city or town clerk would be required to instruct election officials to challenge the person's right to vote at the next election in which he attempts to vote.

The proposed law would also impose criminal penalties of imprisonment for up to two years or a fine up to \$2,000 for knowingly or willfully making a false affidavit, taking a false oath, or signing a false certificate relative to the qualifications or registration of any person to vote.

# Board of Assessors

As Massachusetts law requires statutory requirements both for holding office and for staffing the Assessors Office, the Board of Assessors and staff continue to pursue professional designations throughout the year by attending courses and meetings offered by the Department of Revenue and the Massachusetts Association of Assessing Officers. If the Board and staff did not attend these courses and no certified person was available, the state would make an appointment of an individual to control the assessing process and charge the town for this service.

This past summer, the Board of Assessors worked continuously to computerize new accounts thereby generating new revenue for the town.

The upcoming year FY88 will be a Revaluation year and beginning with 1989, 1990 and 1991, one-third of the town will be inspected each year door to door as mandated.

1986 brought about a few changes in the Assessor's Office:

William F. Donaldson resigned effective September 2, 1986; Cheryl A. Robertson resigned the Assistant Assessor position effective September 2, 1986 and was appointed Assessor to fill the vacancy created by the resignation of Mr. Donaldson, to become effective September 30, 1986.

The Board of Assessors apologize for not being able to give a more detailed list on this year's report. Our figures have not been certified by the Department of Revenue and therefore it is impossible at this time to give a more detailed report.

Respectfully submitted,  
*Board of Assessors*  
Judith A. Yelle, *Chairman*  
Cheryl A. Robertson, *Clerk*  
Matthew J. Mendes, Sr., *Member*  
Joan I. Christiano, *Asst. Assessor*

## Director's Report

There are many services provided for the elderly (59 years of age or older) or handicapped, in the Town of Carver, by the Council on Aging. A list of these services, I.D. cards for discounts, names placed on mailing lists and a list of surrounding area stores who have discounts for the elderly may be obtained at the Atwood House in South Carver, which is open daily from 9:00 A.M.—4:00 P.M. Monday through Friday, for information and referral.

All mini-bus reservations, mall trips, shopping trips, luncheons at the Atwood House Nutrition Center, medicals, mini-bus drivers, newsletters, home-delivered meals, business calls, information and referral calls have been co-ordinated by the Service Director for the Council on Aging throughout the past year. The Director also assisted many people, of all ages, in making out fuel assistance applications and delivered free commodity food to those who qualified.

The Director and the Chairperson of Council on Aging Board of Directors also attend many meetings pertaining to the elderly. At these meetings they learn of many things that are extremely vital to the elderly and handicapped. They also attend many staff meetings.

The Drop-in at the Marcus Atwood Multi-purpose Center is open daily from 12 noon—4:00 P.M., where many activities are enjoyed and all Seniors and Handicapped are invited to attend.

Newsletters are mailed out every three months, keeping the elderly informed on any new legislation, changes in Medicaid or Medicare, Tax information, and three month calendar activities, services, Nutrition Center Menus for the ensuing months. Due to rising costs of postage and permits the mailing has gone from every two months to every three months.

The Council on Aging has seven (7) employees whose salaries are funded by outside agencies. There are three (3) Senior Aides, with various duties who are paid by the Department of Labor. The Chef, Assistant Chef, and the Site Manager for the Nutri-

tion Center are paid from a grant obtained from the Old Colony Planning Council (the Area Agency on Aging), and the Dishwasher is paid by the Friends of the Carver Council on Aging, Inc.

Luncheons are served daily at the Nutrition Center. The donation is \$1.00. People 59 years of age or older or handicapped are welcome. There is no set income requirement. Since the Nutrition Center has been in operation the "Meals on Wheels" program has been growing rapidly, as all meals are cooked on the premises.

The Carver Council on Aging continues to thank the Honorable Board of Selectmen, the Town Boards and the Townspeople for their continuing support of their programs.

Respectfully submitted,

Lela M. Ray, *Chairperson*

Lucy J. Rice, *Secretary*

Margaret M. Chandler, *Treasurer*

# Office of Emergency Preparedness

The emergency plans for the Town of Carver for the response to an incident at the Pilgrim Nuclear Power Plant and for hurricanes were updated and submitted to the State Civil Defense Agency.

The required Federal Emergency Management Agency test for the Pilgrim EPZ was held and passed.

The Town of Carver received new and updated radiological measuring equipment from the State Civil Defense Agency.

Members of the Civil Defense staff attended State and Edison sponsored seminars on public safety

The Civil Defense staff responded to several storm situations and maintained communications with the State Civil Defense Agency.

Staff members of the Carver Civil Defense participated in ten training activities to increase knowledge in public safety capabilities.

Civil Defense is a function of Federal, State and local governments and is established to insure the safety of citizens and to mitigate the damage caused to communities by natural and national disasters.

The Carver Office of Emergency Preparedness and Civil Defense extends a thank you to all the volunteers and to the residents of Carver for their efforts, cooperation and support this past year.

## Public Health Nurse Committee

As a certified Home Health Agency, the Carver Public Health Nurses continue to provide skilled nursing, physical therapy, occupational therapy, speech therapy, medical social work, and home health aides to the residents of Carver. With patients coming home from the hospital "quicker and sicker," the need for quality home health care is paramount.

For FYE June 30, 1986 the following visits were made:

### **Morbidity (Care to the Sick)**

Skilled Nursing:	803
All Therapies:	458
Home Health Aide:	<u>623</u>
Total Visits:	1,884

### **Health Promotion**

Home Visits & Office Visits including Maternal & Child Health	105
--	-----

### **Clinics (Total for Calendar Year 1986)**

Blood Pressure & Health Monitoring:	24 Clinics, 479 Visits
Flu Immunizations:	377
T.B. Screening (Mantoux):	tested 156

The Carver Public Health Nurses have the ability to bill third party payors (Medicare, Medicaid, Private Insurance) for services provided.

The following receipts were submitted to the Town for FYE 6/30/86:

Medicare	\$28,243.44
Medicaid	12,559.28
Private Insurances	8,596.32
Patient Fees	<u>789.00</u>
Total	\$50,188.74

The past year has been a productive one for our staff. Pat Benson, R.N. and Dolores Peru, R.N. visit patients seven days per week to meet their health care needs. Laurel Butler, Accounts Manager, is responsible for the overall management of the office including: billing, statistics, bookkeeping, and secretarial duties. Therapists on contract from the Mass. Easter Seal Society provide needed rehabilitation services. Home Health Aides are provided via a contract with Home Health & Child Care Services in Brockton. During 1986 we have also certified 4 Home Health Aides in a joint program with the Plymouth Community Nurses. Participants in the certification course included Lorraine Martin, Nellie Kearney, and Mary-beth Rivernider of Carver plus Sister Julia Hilliary of Kingston.

With the rapid growth of our community and the complexity of our health care system, the year ahead will certainly prove to be as exciting and challenging as 1986 has been. Our entire staff will continue to be available and accessible to all Carver residents to meet their home health care needs.

Respectfully submitted,

## Carver Public Library

1986 was a year for planning for the future library service in Carver and implementing a national objective of fighting illiteracy. News of high numbers of adult illiteracy and the recognition of the importance of reading at the elementary school level, prompted our goal of giving the children of Carver every possible chance to learn about and become a library user.

This year started with a teacher's inservice at the public library encouraging their participation and use of the library. We have had school art displays, classes coming for research, and kindergarten classes for stories and learning what a library is all about. This school outreach also included the librarian going to the Gov. John Carver School with booktalks, to classes with information about the library and finally spending a week in the IMC library classes teaching about the public library and allowing children to get public library cards at the school if it was difficult to come to the public library with their parents. This outreach program will continue into the next year and as many years as it takes to educate the children to public libraries and ongoing learning and reading.

The library programs have ranged from learning about birds to providing tax forms and informational tax help. The children's Grab Bag winter reading program, Party-time Summertime reading program and craft classes involved over 300 children, but annual bird contest, cranberry count contest and the Halloween window painting contest brought at least 800 children to the library. Once there, we hope reading starts. We have programs for adults as well as children. The New England Theater Guild gave a summer and fall Thanksgiving show, and microwave and color analysis classes brought variety to the town. Storytimes for children ages 3-5 involve adults bringing around 60 preschool children to the library Mondays 10:30-11:00 a.m. and Wednesdays 1:00 to 1:30 p.m.. Each child is signed up for each individual storytime to open the storytimes up to as many children as possible. Unusual programs and materials attract people to the library and perhaps reading. Programs such as: the annual quilt show that attracts up to 800 people, art prints for patron check out a month at a time, VCR tapes for one at a time 3 day use by patrons, 2 passes to Edaville Railroad for library patrons and even a Santa suit for circulation at Christmas time.

Besides our goal of encouraging reading and fighting illiteracy, this year has been one of planning for the future of library service in Carver. At present we are involved with the Eastern Regional Library Service through New Bedford Library Region of 17 libraries. We share and borrow from each other to expand our own libraries holdings. Right now it takes an average of 14 days to get a book from another library to a Carver patron. To improve this service to within 48 hours, we are applying for an automation grant. With a network of 17 libraries, we could have up-to-date equipment and maintenance as well as state aide to regional services.

This would take the bulk of the cost of automation off the shoulders of the small towns such as Carver. Our Network would be called SEAL (Southeast Automated Libraries). Carver Public Library is already preparing for automated conversion. We have done surveys that show our weaknesses as well as our good points, such as: over 500 people use the library weekly, but over 1250 people a year have to use Inter library loans to get what they want. This year we have applied for and received \$13155 in grant money and materials. We have received a \$1000 matching grant for the Library of America Series due to donations by C.A.P.s, Mr. David Piper and the Garden Club, \$300 in grant money for theater programs from the Arts Lottery Council, \$4650 for a microcomputer grant (we were one of 52 libraries out of 377 to receive this) and \$7205 in

State aid grant money. Part of these grants will be going toward the automated network project.

We would like to thank the many patrons who have donated books to the library and the Friends of Carver Public Library. Also many thanks to South Meadow Village Association for money for Large Print books. Thank you to Mrs. Atwood for her donation and to Mrs. Shiverick for her donation in memory of her father. Thank you to Cluster 22 of South Meadow Village and to Cape Auto for their donations in memory of Ann Caron's mother Mary Boutin. Thank you to all who have given magazine subscriptions this year.

June 1, 1986 was the retirement after 11 years as cataloging aide and friend, Connie Jarvio. She has received the Board of Library Commissioners Certificate of Paraprofessional Librarian. Besides our wonderful staff, we have many loyal volunteers. Thank you to the following volunteers: Ann Caron, Celia Thurston, Larry Hemmingway, Louise Denehy, Cindy Borden, Phyllis Partridge, Doris McNeil, Eva Burke, Lorraine Howes, and Grace Cayon.

# 1985-1986 Report of Trustees for Plymouth County Cooperative Extension

The County Cooperative Extension Service is located on High Street, Hanson (on the grounds of the County Hospital). Cooperative Extension is a partnership of the United States Department of Agriculture, the land-grant college—the University of Massachusetts, Amherst and county government.

County Agents are specialists in: Agriculture, Community Resource Development, Home Economics, 4-H and Nutrition Education and deliver programs in these areas to local residents.

Staff consists of a director, two regional agricultural specialists, a community resource development specialist, two home economists, three 4-H agents and a split position, 4-H/home horticulture. In addition, Cooperative Extension administers a federally funded nutrition education program, The Expanded Food and Nutrition Education Program (E.F.N.E.P.), located in Brockton. This is staffed by a nutrition specialist and program assistants (6 full-time equivalents) who deliver the educational program to families with limited resources.

Cooperative Extension serves the public through educational conferences, workshops, phone call assistance, field visits and timely newsletters.

In our 4-H program last year 16,649 youth were enrolled, of that number 725 were enrolled in club programs, and 15,924 were exposed to 4-H through short-term projects. 821 volunteers assisted in conducting the county 4-H program.

Newsletters, free for the asking, are *Garden Clippings*, a monthly horticulture fact-filled publication; *So-Sew*, informational "how-to" letter for the serious home sewing; *Creative Living*, provides current information in the areas of clothing and textiles, human development, housing and home management. Newsletters for commercial agricultural enterprises are available (Small Fruit, Vegetables, Tree Fruits, Small Farms and Livestock).

Your County Cooperative Extension office can be of service to you by calling 293-3541 or 447-5946, Monday through Friday, 8:30 a.m.—4:30 p.m.

In accordance with the General Laws of the Commonwealth, Chapter 128, the Trustees for Plymouth County Cooperative Extension are empowered to receive, on behalf of the County, money appropriated by any town, or by the Federal Government for carrying out the provision of the Law, under which they are appointed.

Agents have made contacts during the past year in every community, either by public meetings, individual visits, group discussions and demonstrations, in attempting to assist the needs of the citizens toward helping to solve management problems, better living,

and better community service. Cooperative Extension staff have been ably assisted by many local volunteer leaders.

A total expense of \$100.00 was incurred during the year for the purchase of material needed in carrying on the various Extension Programs. The appropriation made by your town was used for residents of the town and expended as follows:

#### EXPENSE—1985-1986

Books & Manuals Purchased for Town	\$ 20.00
Town Director's Expense	20.00
Bulletins, Paper, etc.	30.00
4-H School Programs	30.00
4-H & Home Ec Leader Expense	—
Total	\$100.00

#### FINANCIAL SUMMARY

Current Appropriation (1986-1987)	\$125.00
Suggested Appropriation for 1987-88	125.00

## Plymouth County Mosquito Control Project

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 1986.

The Project is a special district created by the State Legislature in 1957, and is now composed of 22 Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. The Project is a regional response to a regional problem and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility. The Project continues to provide environmentally sound mosquito control without any increase in per capita cost.

Calendar year 1986 was a milestone year. This year the Project finally achieved the staffing and equipage goals that were set in 1980. Certainly, challenges both new and familiar continue, but with the present staff and equipment, increases in both efficacy and efficiency can be expected. Indeed, sharp increases are apparent already in many of our program measures when compared with last year.

The threat of the mosquito transmitted disease, Eastern Equine Encephalitis (EEE), was low in 1986. There was some concern that a late season surge in summer fresh-water mosquitoes (*Aedes vexans*) might result in transmission of the virus to people and some stepped-up spraying was carried out in areas where the mosquitoes were most abundant. No horse or human cases occurred. The recurring problem of EEE in Southeastern Massachusetts has led to an ever-increasing level of cooperation between this Project and the Massachusetts Department of Public Health.

Highlights of 1986 include the development of an improved ground to Aircraft Communications System, the installation of a new Ford Backhoe on our Bombadier Tractor, the issuance of a permit by the U.S. Army Corps of Engineers to construct ponds and ditches for mosquito control on the tide marsh, the first use of a high volume spray system for application of extremely diluted insecticides, the purchase and use of a Kubota KH170L Backhoe, and the accomplishment of a three fold increase in the construction of ponds and ditches above 1985 levels.

The figures specific to the Town of Carver are given below. While mosquitoes do not respect town lines, the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Carver residents.

1. *Insecticide Application.* 4,423 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in May and the last in September.

Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes and other standing water areas. Inspectors continually gather data on these sites and treat them with highly specific larvacides when mosquito larvae are present. Last year a total of 250 site visits were made to 61 catalogued breeding sites.

Finally, we have been tracking complaint response time, that is the time between notice of a mosquito problem and response by one of our inspectors. The average complaint response time for the Town of Carver was less than 2 days.

We encourage citizens or municipal officials to call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

# Department of Public Works

Honorable Board of Selectmen:

During the past year the accomplishments of your Board of Public Works were as follows:

New pavement on Mayflower Road. Total feet 3,280.

Sand sealing 13,920 feet on Fosdick Road, France Street, Popes Point Road and Meadow Street.

Drainage and culverts installed: 2 on Meadow Street (80 feet); 1 on Mayflower Road (35 feet).

Fosdick Road to be finished in Spring of 1987 (300 feet of 15" R.C.)

Wenham Shores easement replaced 240 feet of 12" aluminum and replaced 100 feet of 12" R.C.

Line painting was done on Forest Street, Green Street, Federal, Cranberry Road, Meadow Street, Church Street, Plymouth Street, Wenham Road, Center Street, West Street and Holmes Street. Total footage: 150,559 feet.

Street sweeping was done on Route 44, Route 58, South Meadow Road, Fosdick Road, Pope Street and Meadow Street.

We hope in the future that more streets can be swept if we have a separate Line Item account for this purpose. Without this as a separate Line Item, we will not be able to sweep any streets within the town.

*Maintenance of Private Ways:* Pine City Road, Walkers Road, Bunny's Road, Andrews Point, Bates Pond Road and Crystal Lake Drive.

Patching, grade work, gravel and crown for drainage and safety.

Future Chapter money and present money available have been allocated for Cranberry Road and Rochester Road. Others pending for FY 86/87.

There were 28 burials in Carver cemeteries during the past year.

Snow removal and sanding to date has been a busy project and overdrafts are expected. The Board of Public Works, Finance Committee and Selectmen are working together very well to keep funds available.

We would like to thank all private contractors and our Department's men for the extra effort in this rough winter weather.

The D.P.W. now has the new Salt Shed in full operation. We hope in the future to have a new Town Barn at the same location on Rochester Road.

CETA workers painted the Carver Public Library, guard rail posts and maintained park and recreational area rest rooms. They also cut grass at the North Carver Green, intersection islands and cleared dugouts at the ball parks.

Under the direction of Ricardo Gomes, it was a year to say "Thanks Rocky" for a job well done.

MCI workers engaged in cutting brush along the sides of roads, cutting grass at the cemeteries, at Town Hall, Atwood House, Police and Fire Stations. This past year, they also painted the old North Carver Fire Station, swept intersections by hand and provided general labor. To them from the Board, a very hearty thank you for a job well done.

Gypsy moth and mosquito problems are a question for FY 86/87 and beyond. We will keep on top of this situation as it arises.

One of our major problems on Carver roads is the holding of water in low areas. Getting easements to resolve this from local landowners remains a need.

We intend to do extensive road work this FY 86/87, so, in advance, thanks to everyone for their patience.

Also, we tender the loss to our Board of Public Works of Dave Piper, Jr. and Paul Williams.

The Board of Public Works and Superintendent would like to express their appreciation to the D.P.W. employees. We were short two men this summer due to personal reasons and one moved up to another job. We especially would like to thank Edward Gallagher and Russell Bradbury for the fine job they did while they were with us. Thanks, too, for the help of all other Boards and Committees and a special thanks to Patricia Clark; Jeanne Roby and Alan Dunham.

## **Southeastern Regional Planning and Economic Development District**

During 1986 the Town of Carver continued its membership in the Southeastern Regional Planning and Economic Development district. SRPEDD is a planning and economic development agency formed under state law to serve twenty-eight communities in southeastern Massachusetts by providing a cooperative approach to regional issues.

The District is governed by a Commission consisting of a chief elected official or designee and a planning board representative from each participating municipality and six low-income and minority representatives. Carver's representatives from the Board of Selectmen's Office is John Michevich. There was no appointment from the Planning Board.

The agency's purpose is to plan for regional land use, economic development, housing, transit, transportation, solid waste, energy resources and conservation, and air and water quality. Local participation in these regional plans enables communities to be eligible for federal and state dollars.

In addition to regional planning and economic development, SRPEDD assists member cities and towns. Through the free municipal assistance program, each community receives time for local projects and assistance in preparing applications for federal and state funds.

Services to Carver this past year included:

- SRPEDD reviewed a proposed zoning bylaw amendment.

Regional plans and other activities conducted this year benefiting all communities included:

- Approval of over \$21 million in regional grant applications to federal and state agencies and of over \$11 million in Industrial Revenue Bonds.
- Environmental assessment reviews of state and federally funded projects, and reviews of all local zoning amendments. The reviews are advisory and are oriented toward making proposals more cost-effective and feasible.

- The annual update of the *Overall Economic Development Program* (OEDP) which makes member communities eligible for U.S. Economic Development Administration funding and a 10 percent bonus for public facility projects.
- The annual update of the *Transportation Improvements Program* (TIP) which lists major projects in each community for federal and state funding. A project must be included in the TIP in order to be eligible for these funds.
- Conducting a community education effort on the safe handling of industrial hazardous wastes under a contract with Southeastern Massachusetts University.
- The Energy Advisor Service, under which SRPEDD markets energy audits at a subsidized rate to companies, continued as a service in 1986.
- The District has provided the two regional transit authorities (SRTA) and (GATRA) planning technical assistance. Surveys of ridership to determine purpose of trips, number of trips, location of residence and work place and need for expanded services were conducted. Commuter rail service to the District was also analyzed for its existing use and future expansion. The development for providing handicapped accessible transit service was also a prime concern.
- SEED, South Eastern Economic Development Corporation, established and staffed by SRPEDD, provides low-interest, long-term financing to small businesses in southeastern Massachusetts through the U.S. Small Business Administration's "504" Program and a \$1 million revolving loan fund. In 1986 SEED assisted eleven businesses which resulted in total investments of \$5.4 million and created 225 jobs.
- SEED Corporation also received a grant to develop a regional small business incubator, which will be located in Fall River's Industrial Park. This facility will provide rental space and support services for small businesses in their early years.

SRPEDD represents the collective will of its member communities. As the responsibilities and problems of municipalities become increasingly complex, the District can provide technical assistance to local boards, encourage cooperation among communities, and provide a comprehensive approach to issues that cross local boundaries.

Stephen C. Smith, *Executive Director*

## Carver Public Schools

Schools opened on September 3, 1986 with an enrollment of 1221 students in grades Kindergarten through six. Because of space needs to house elementary students, grade seven students returned to Regional schools in Plymouth. A new pre-school program for fourteen young children began this year at the Benjamin Ellis building. This program is staffed with two teachers and two aides.

This marks the first year of the expanded school committee from three to five elected members. Newly elected to three-year terms were Karen Bell and Ellen Napier. Johanna Leighton was elected to a one-year term. Erwin Washburn was voted by committee members to the chairmanship for the thirty-third time during his thirty-five years as a committee member.

State funds through Chapter 188 of the Acts of 1985 were received amounting to nearly \$220,000 for FY'87. These monies are used primarily to provide direct services to students such as employing additional teaching staff and for a host of instructional materials. New positions included a reading specialist, (N. Valm), first (D. Gavin) and second (T. Melville) grade teachers, and a special needs teacher (S. Marchetti). Other new staff members include: P. Coutinho and R. Baldo, grade 5; C. Burr, grade 6; G. Barakat, music, A. Farar and D. Murray, special needs.

Beginning in September, 1986 Carver students in grades 7-12 were transported on Carver owned school buses to Regional schools. This was a cost effective measure and necessitated the purchase of twelve new school buses. Two mini-buses and two station wagons were purchased to transport special needs students to the pre-school program at Ben Ellis as well as to special schools outside of Carver. With this large fleet addition we were able to reduce transportation costs to the point where, over the next several years, these vehicles will pay for themselves through yearly savings in transportation costs. The school system employed Mr. Vincent Nocera as manager of school transportation to oversee the entire bus transportation system.

The School Committee approved a new entrance policy for Kindergarten. Beginning with the 1987-88 school year, children must reach their fifth birthday by September 1 of a school year instead of December 31 (actually January 1). This change follows a growing national trend.

Two former groups, PTO and PAC merged into a single unit called the Carver Home School Association under the leadership of Randall Webster. Volunteers continue to be a valuable asset under the leadership of Helen Walsh.

Students at the Gov. John Carver continue to have a variety of services available. In addition to a regular education program, we have a staff of fifteen (15) special education teachers. Additionally, many children take part in our Basic Skills Remediation Program. This program is developed to assist students in basic skills areas and was allowed through a grant received through the Education Reform Act (Chapter 188). For the second year, the Transitional Kindergarten program has served students in a half-step program between Kindergarten and grade one. This year also brought the formation of Developmental Kindergarten classes. Drug and Alcohol awareness programs for students and parents were conducted including a panel discussion with guest speakers in February. The school is currently establishing a committee of teachers, parents, and administrators to review and select appropriate drug and alcohol awareness curricula for students.

Construction of the new Carver High School began in June 1986 and it is anticipated that this 1000 student facility will open in the fall of 1987. This \$14,000,000 project has long been awaited and when opened will become a community focal point.

As funds become available the school system has plans to enter the computer era with emphasis on computer assisted instruction and administrative and business functions.

The past year has proven to be very challenging as well as rewarding. As the school system looks ahead to the next few years the greatest challenges appear in areas of: (1) finding adequate funding for our growing community, (2) establishing a new high school to meet student and community needs and expectations, and (3) planning for future growth of the Carver Public School System.

# TOWN WARRANT

AND REPORT OF THE

## FINANCE COMMITTEE

OF THE

## TOWN OF CARVER

MASSACHUSETTS

ANNUAL TOWN MEETING & SPECIAL TOWN MEETING

**Election: Saturday, April 11, 1987**

**Meeting: Monday, April 27, 1987**

# Municipal Finance Terminology

The following terms are frequently used in the Annual Town Report and at Town Meetings. In order to provide everyone with a better understanding of the meaning, the following definitions are provided.

## **SURPLUS REVENUE: (often referred to as "Excess and Deficiency")**

This fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserve. This is a bookkeeping item.

## **AVAILABLE FUND: (often referred to as "Free Cash")**

Available Funds is the amount certified annually by the State Bureau of Accounts by deducting from surplus revenue all uncollected taxes for prior years. This fund may be used by a vote of the Town Meeting.

## **OVERLAY:**

The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements granted and avoiding fractions.

## **OVERLAY RESERVE:**

This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

## **RESERVE FUND:**

This fund is established by the voters at an annual town meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both.

## **STABILIZATION FUND:**

This is a fund created to provide a reserve for capital expenditure. Appropriations from the Stabilization Fund may be made at an Annual Town Meeting by a two-thirds vote for any purpose the town is authorized to borrow money for under Section 7 or 8 of Chapter 44 or for such other purpose as is approved by the Emergency Finance Board.

## **CHERRY SHEET:**

Named for the cherry colored paper on which the Massachusetts Commission of Corporations and Taxation traditionally has printed it, the cherry sheet carries the figures which must be used by the Assessors in determining the amount to be raised by taxation.

It lists the amounts of county tax and state assessments, as well as the estimated tax distributions from the General Fund, reimbursements, agency funds, and the Sales and Use Taxes.

**Article 28.**

**Article 29.** To see if the Town will vote to adopt as Article XX of the Town of Carver By-Laws the following article:

**BURGLAR ALARM SYSTEMS BYLAW**

*A. Definitions*

1. The term “Burglar Alarm System” means an assembly of equipment and devices or a single device such as, but not limited to, a solid state unit which plugs directly into a 110 volt AC line, arranged to signal the presence of a hazard requiring urgent attention and to which police are expected to respond. Fire Alarm systems and alarm systems which monitor temperature, smoke, humidity or any other condition not directly related to the detection of an unauthorized intrusion into a premises or an attempted robbery at a premises are specifically excluded from the provisions of this bylaw. The provisions of Section C of this bylaw shall apply to all users.

2. The term “False Alarm” means (a) the activation of an alarm system through mechanical failure, malfunction, improper installation or negligence of the user of an alarm system or his employees or agents; (b) any signal or oral communication transmitted to the Police Department requesting or requiring or resulting in a response on the part of the Police Department when in fact there has been no unauthorized intrusion, robbery or burglary, or attempted threat. For the purposes of this definition, activation of alarm systems by acts of God, including but not limited to power outages, hurricanes, tornadoes, earthquakes, and similar weather or atmospheric disturbances shall not be deemed to be a false alarm.

*B. Control and Curtailment of Signals Emitted by Alarm Systems*

1. Every alarm user shall submit to the Police Chief the names and telephone numbers of at least two other persons who are authorized to respond to an emergency signal transmitted by an alarm system and who can open the premises wherein the alarm system is installed. It shall be incumbent upon the owner of said premises to immediately notify the Carver Police Department of any changes in the list of authorized employees so named in the business listing to respond to alarms.

2. All alarm systems installed after the effective date of this bylaw which use an audible horn, bell, or device shall be installed with a device that will shut off such bell, horn or device within fifteen (15) minutes after activation of the alarm system. All existing alarm systems in the Town of Carver must have a shut-off device installed within six (6) months of passage of this bylaw.

3. Any alarm system emitting a continuous and uninterrupted signal for more than fifteen (15) minutes which cannot be shut off or otherwise curtailed due to the absence or unavailability of the alarm user or those persons designated by him under paragraph (1) of this section and which disturb the peace, comfort or repose of a com-

munity, a neighborhood or a considerable number of inhabitants of the area where the alarm system is located, shall constitute a public nuisance.

4. No alarm system which is designated to transmit emergency messages or signals of intrusion to the Police Department will be tested until the Police Dispatcher has been notified.

5. All alarm systems which are designed to transmit emergency messages or signals of intrusion to the Police Department will be of a type approved by the Police Chief.

6. There will be an annual \$25.00 fee for each alarm plugged into the Police Station. This fee is aside from any penalties that might occur.

### *C. Penalties*

1. The user shall be assessed twenty-five (\$25.00) dollars as a false alarm service fee for each false alarm in excess of three (3) occurring within a calendar year. The Police Chief shall notify the alarm user either by certified mail or by service in hand by a police officer of such violation. Fines shall be paid in accordance with applicable state and local law.

2. The owner of a system which occasions six (6) or more false alarms within a calendar year, and/or installer who is not in conformance with this bylaw, may be ordered to disconnect and otherwise discontinue the use of the same by the Board of Selectmen.

3. Any user, owner or installer found to be in violation of any provision of this bylaw for which no other penalty is specified shall be punished by a fine of Twenty (\$20.00) Dollars.

4. In the event that any provision, section or clause of this bylaw is hereafter judicially found to be invalid, such decision, invalidity or voidance shall not affect the validity of the remaining portion of this bylaw.

5. This bylaw will not apply to any town-owned property.

or take any other action relative thereto.

(by Selectmen)

### **Article 29.**

**Article 30.** To see what amount the Town will vote to raise and appropriate for the purpose of establishing a General Equipment and Office Supply Account as established by the Annual Town Meeting of April 28, 1986. These monies to be taken from the Annual Operating Budget of each Department, excluding the Library and School Department, or take any other action relative thereto.

### **Article 30.**

**Article 31.** To see if the Town will vote to amend the Carver Wage and Personnel Plan by taking the following actions on anything related thereto:

1. By deleting all existing references to the Board of Selectmen and insert the words "Wage and Personnel Board" in its place, except in the second paragraph of Section IV, Part A.

2. To delete Section II of said Plan and insert the following language:

The Wage and Personnel Board shall consist of five members to be appointed by Board of Selectmen.

The Board shall, initially, appoint one member for a one year term, two members for two year terms, and two members for three year terms. Thereafter, all members shall be appointed for three year terms.

In the absence of a quorum, the Board of Selectmen shall appoint one or more of the members to serve on the Wage and Personnel Board, on a temporary basis, so as to allow said Board to continue to function until the necessary number of permanent members are appointed.

Any proposed Article for a Town Meeting that relates to personnel as covered by this Plan, conditions of employment, compensation, etc., shall first be submitted to the Wage and Personnel Board for its review and recommendations, by the Board of Selectmen.

3. And further by amending Section IV, Part D, by adding a second paragraph to read:

“New, full time employees may be compensated at a rate greater than Step 1, with the approval of the Wage and Personnel Board, depending on experience, and budget appropriation.”

4. Add a Number 3 to Part V, Section G:

“A decision to terminate or suspend an employee may be appealed to the Board of Selectmen for a final disposition.”

5. Amend Section VII by deleting the last sentence and adding the following language:

Grievances may be appealed to the Board of Selectmen if the actions of the Wage and Personnel Board are unsatisfactory to the employee or Department Head. The Board of Selectmen shall be subject to the same time limitations as previously listed in this section.

6. Further amend the Wage and Personnel Plan by adding a Section VIII Filing of Records:

- A. Minutes of all meetings shall be filed with the Board of Selectmen within 10 days of the completion of any meeting.
- B. Copies of all decisions involving interpretation or enforcement of this Plan shall be filed with the Town Clerk and Board of Selectmen within 10 days of the decision being rendered.

or take any other action relative thereto.

### **Article 31.**

**Article 32.** To see if the Town will vote to amend the action of Special Town Meeting held on June 28, 1984, Article 20, Wage & Personnel Salary Schedule, by deleting all present language and replacing it with the following:

- “1. Full-time non-union Clerical and General Personnel

- A. Starting salary, \$5.50 per hour.

- B. Annual increases for personnel in their second and third years of employment shall be equal to the cost-of-living increase as voted by the Town Meeting and shall take effect on their anniversary of hiring.
  - C. Employees in years four and beyond shall have their cost-of-living increase take effect at the beginning of each fiscal year.
- 2. Part-time non-union Clerical and General Personnel
    - A. Starting salary shall be no greater than \$5.00 per hour.
    - B. Annual increases shall be in accordance with Part 1, Section B of this salary schedule.
  - 3. E.M.T. Certification

“Employees required to obtain an E.M.T. Certificate shall be compensated by an additional \$1.00 per hour upon successful completion of an E.M.T. program.”

or take any other action relative thereto.

**Article 32.**

**Article 33.** To see what sum of money the Town will appropriate for the purpose of upgrading present non-union fulltime and part-time Clerical and General Personnel in the following positions:

- “A. Fulltime employees at a rate of one additional dollar per hour.
- B. Part-time employees at a rate of not more than 75¢ per hour.”

or take any other action relative thereto.

**Article 33.**

**Article 34.** To see what amount of money the Town will vote to raise and appropriate for the purpose of providing a cost-of-living increase for non-union employees covered by the Wage & Personnel Plan.

**Article 34.**

**Article 35.** To see if the Town will vote to raise and appropriate the sum of Eleven Thousand Three Hundred Thirty-four Dollars and Forty-eight Cents (\$11,334.48) for the purpose of upgrading the wages of the Building Inspector. This sum of \$11,334.48 would be in addition to the line item of \$9,665.52, equalling a total of Twenty-one Thousand (\$21,000.00) Dollars or take any other action relative thereto.

(by Building Inspector)

**Article 35.**

**Article 36.** To see what action the Town will take with regard to fixing the salaries of Elected Town Officers in accordance with General Laws, Chapter 41, Section 108 as amended, namely:

Town Treasurer & Tax Collector	per annum
Town Clerk	per annum
Moderator, \$50.00 for Annual Town Meeting & \$20.00 for each Special Town Meeting	
Chairman, Board of Selectmen	\$1,800.00 per annum
Two Members, Board of Selectmen	1,550.00 per annum
All other elected officials	3.00 per hour

**Article 36.**

**Article 38.** To see what amount the Town will vote to raise and appropriate to the Town Clerk Clerical Account for the purpose of changing the position from part-time to fulltime, and upgrading the wages or take any other action relative thereto.

(by Town Clerk)

**Article 38.**

**Article 39.** To see if the Town will vote to increase the hourly rate of the Board of Registrars and Election Workers to the minimum wage rate of Three Dollars and eighty-five cents (\$3.85) per hour or take any other action relative thereto.

(by Town Clerk)

**Article 39.**

**Article 40.** To see what amount the Town will vote to raise and appropriate to the Treasurer-Clerical Account for the purpose of funding a new Part-time Clerical position or take any other action relative thereto.

(by Treasurer-Collector)

**Article 40.**

**Article 41.** To see what amount the Town will vote for the purpose of funding a Clerk-Typist fulltime position for the Council On Aging.

(by Council On Aging)

**Article 41.**

**Article 42.** To raise and appropriate sums of money as may be necessary to defray town charges from July 1, 1987 to June 30, 1988.

**Article 42.**

And you are directed to serve this warrant by posting attested copies thereof at the several places designated by vote of the Town seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant, with your doings thereon at the time and place of meeting aforesaid.
