PRESIDENTIAL PRIMARY

TUESDAY, MARCH 10, 1992

The Presidential Primary Election was held at the Carver High School, South Meadow Road on Tuesday, March 10, 1992 with 3 precincts pursuant to a Warrant of the Board of Selectmen, dated February 25, 1992. The meeting was called to order at 7:00 o'clock A.M., in the school gymnasium by:

- Precinct 1. *Warden:* Maureen Knott
- Precinct 2. *Warden:* Joanne Cook
- Precinct 3. *Warden:* Joan M. White

The following named Election Officers were present at the opening of the polls and were duly sworn to the faithful performance of their duties by the Town Clerk, Bernadette L. Hemingway, thereafter, they were assigned to their respective duties as follows:

Precinct 1.

Warden: Maureen Knott (D)

Clerk: Concha Jarvio (R)

Inspectors:

Check-In: Peter Nelson (D)
 Donna Colecchia (R)

Check-Out: Carol Fortier (D)
 Theodore Halunen (R)

Ballot Box: Francis Christiano (D)

Police Officers: Douglas Heppleston
 Renaldo Oliveira

Precinct 2.

Warden: Joanne Cook (D)

Clerk: Paul Mazzilli (R)

Inspectors:

Check-In: Sylvia Best (D)
 Estelle Pike (R)

Check-Out: Marjorie Smith (D)
 Dorothy Halunen (R)

Ballot Box: George Ponte (D)

Police Officers: Douglas Heppleston
 Renaldo Oliveira

Precinct 3.

Warden: Joan M. White (D)

Clerks: Marjorie Mosher (R)
 Phyllis Harriman (R)

Inspectors:

Check-In: Ann Kallio (D)
 Virginia Weston (R)

Check-Out: John Mickevich (D)
 Patricia Batson (R)
 Joanne Martin (R)

Ballot Box: John Longdin (D)
Police Officers: Douglas Heppleston
 Renaldo Oliveira

A total of 700 Republican Ballots and 1800 Democratic Ballots and 50 Independent Voters. Ballots were delivered to the Ballot Clerks by the Town Clerk. The Wardens declared the polls open at 7:00 o'clock A.M., and announced that the polls would close at 8:00 o'clock P.M. The ballot boxes registered zero at the opening of the polls. The election proceeded without interruptions until 8:00 o'clock P.M., at which time the Wardens declared the polls closed. At closing time, 8:00 o'clock P.M., the following was reported:

Precinct 1. Ballot box registered a total 483 ballots cast. Of the 483 ballots cast, 350 were Democrats, 130 Republicans and 3 Independent Voters. This tallied with the check-in and check-out lists of the inspectors.

Precinct 2. Ballot box registered a total 581 ballots cast. Of the 581 cast, 408 were Democrats, of which 9 were absentee; 173 Republican ballots of which 5 were absentee. There were no Independent Voter ballots cast. This tallied with the check-in and check-out lists.

Precinct 3. Ballot box registered a total 718 ballots cast. Of the 718 cast, 436 were Democrats, of which 10 were absentee. There were 279 Republican ballots cast, of which 7 were absentee. Independent Voters ballots were 3. This tallied with the check-in and check-out lists of the inspectors. The total vote cast for the (3) precincts was 1782; 1194 of which were Democratic, 582 were Republican and 6 Independent Voters.

The ballots were then removed from the Ballot Box, audibly counted and delivered to the tellers for canvassing and they having been duly sworn to the faithful performance of their duties.

CARVER PERSONNEL ADMINISTRATION PLAN

I. THE CARVER PERSONNEL ADMINISTRATION PLAN

The Plan shall apply to all non-union employees of the Town of Carver, with the exception of elected officials, Chief of Police and those employees under the jurisdiction of the School Committee.

The Plan shall not be deemed to prohibit any Board, Department, Commission, etc., from being able to enter into contracts with the individual employees. Such contracts, however, shall not contain terms contrary to this Plan.

II. WAGE AND PERSONNEL BOARD

The Wage and Personnel Board shall consist of five members to be appointed by Chairman, Finance Committee; Chairman, Board of Selectmen and Moderator.

The appointing Authority shall, initially, appoint one member for a one year term, two members for two year terms, and two members for three year terms. Thereafter, all members shall be appointed for three year terms.

In the absence of a quorum, the Board of Selectmen shall appoint one or more of the members to serve on the Wage and Personnel Board, on a temporary basis, so as to allow said Board to continue to function until the necessary number of permanent members are appointed.

Any proposed Article for a Town Meeting that relates to personnel as covered by this Plan, conditions of employment, compensation, etc., shall first be submitted to the Board of Selectmen.

III. JOB DESCRIPTION AND CLASSIFICATION

All positions under this Plan shall have a detailed job description. Department Heads shall file job descriptions with the Wage and Personnel Board.

All positions shall be graded by the Wage and Personnel Board for the purposes of proper and appropriate compensation, with the appropriate input from Department Heads. The basis of the grading process shall be the job description, taking into account degree of difficulty, responsibility, training required, longevity, and any other pertinent factor.

As the duties and responsibilities of a position change, Department Heads shall file amended job descriptions with the Wage and Personnel Board.

IV. POSITION COMPENSATION

A. SALARY SCHEDULE:

A salary schedule shall be established for all full time positions covered by this Plan. A separate hourly wage scale shall also be established for all part-time employees covered by this Plan.

These scales were initially voted at the 1987 Annual Town Meeting.

B. MAINTENANCE OF WAGE AND SALARY SCHEDULE:

The wage and salary schedule shall be reviewed annually by the Wage and Personnel Board, and updated as needed, with the approval of Town Meeting.

The compensation for new positions, or the upgrading of established positions shall be done in accordance with Section III of this Plan.

C. OVERTIME:

Fulltime employees shall be entitled to overtime compensation after having completed forty (40) hours in a given week, as required under the Fair Labor Standard Act. Compensation shall be at a rate of time and a half.

D. EXCEEDING MAXIMUMS ON SALARY SCHEDULE:

No person shall be paid in excess of the maximum figure for his/her position on the salary schedule unless the scales are increased or a cost of living increase is granted by a vote of the Town Meeting.

New employees may be compensated at a rate greater than Step 1, with the approval of the Wage and Personnel Board, depending on experience, and budget appropriation.

V. GENERAL CONDITIONS OF EMPLOYMENT

A. HIRING POLICIES:

Department Heads shall post all open full and part-time positions and notify the Wage and Personnel Board prior to posting. Salary range, job requirements and application deadline shall be part of the posting.

B. EVALUATION PERIOD:

The first six (6) months of employment shall be a probationary evaluation period after which Department Heads shall review the performance of the employee and determine whether or not to retain the person in this position.

C. HOURS OF EMPLOYMENT:

Full time employees — 40 hours per week
Clerical, full time - 35 hours per week (Town Hall)

D. PART-TIME EMPLOYEES:

Any clerical job requiring less than 35 hours per week and any other position requiring less than 40 hours per week shall be considered a part-time position.

The Department Head is responsible for maintaining records of all hours worked by employees and shall submit to the Selectmen on a weekly basis.

E. EMPLOYEE EVALUATION:

1. Department Heads shall evaluate the performance of all their employees. All employees shall be evaluated on an annual basis.
2. The evaluation form shall be provided by the Wage and Personnel Board. Once completed, it shall be returned to the Wage and Personnel Board for review.
3. Employees shall have the right to review all evaluations before they are placed in his/her permanent file and they shall also have the right to rebut any evaluation. There will be space for employee/employer comments.
4. Evaluations shall be used in decisions being made for promotions, transfers and reduction in staff (if necessary). Where evaluations are basically equal, seniority shall be the determining factor.

F. PROMOTIONS AND TRANSFERS:

1. Whenever possible, open positions shall be filled by promotion from those qualified employees covered by this Plan. Such promotions shall have a three month probationary evaluation period. If the employees' performance is not satisfactory, the employee shall have the right to return to his/her previous position provided it is still vacant.
2. Individuals promoted to another position may be elevated to a higher step on the salary schedule at the request of the Department Head, with the approval of the Wage and Personnel Board.
3. In cases of part time personnel advancing to a full time position, the employee shall be compensated at the minimum step for that position unless otherwise requested by the Department Head, with the approval of the Wage and Personnel Board.

G. DISCIPLINARY ACTION AND TERMINATION:

1. Inappropriate behavior may lead to disciplinary action. The Department Head may make verbal and written reprimands with suspension and termination recommendation. All verbal and written actions shall be entered into the employee's file with copies to the Wage and Personnel Board.
2. Employees shall have the right to request a hearing before the Wage and Personnel Board before a suspension or termination.
3. A decision to terminate or suspend an employee may be appealed to the Board of Selectmen.

VI. EMPLOYEE BENEFITS

A. INSURANCE AND RETIREMENT PLANS:

1. All full time employees may participate in Group Life and Medical Insurance Plans.

Town policy shall determine the percentage of the cost of these plans to be paid by the Town.

Part-time employees may participate in the Health Insurance Plans as long as they pay 100% of the costs and shall make their payments sixty (60) days in advance.

2. All Town employees shall be subject to the rules and regulations of the Retirement Plan established by the Plymouth County Retirement Association.
3. Full time employees shall have the right to belong to Individual Retirement Plans and have the costs of such plans deducted from their pay by the Town.

B. HOLIDAYS:

Full time employees shall receive a full day's pay for any legal holidays falling on a regular work day. If required to work on such a holiday, the employee shall receive double time for the actual hours worked.

The legal holidays are:

- | | |
|---------------------------|--------------------------|
| 1. New Year's Day | 7. Thanksgiving |
| 2. Martin Luther King Day | 8. Washington's Birthday |
| 3. Patriots' Day | 9. Memorial Day |
| 4. Independence Day | 10. Columbus Day |
| 5. Labor Day | 11. Christmas Day |
| 6. Veterans' Day | |

C. VACATIONS:

Vacations shall be granted to full time employees.

Length of employment	Accrual Rate
0 to 3 years	5/6 day/month 10 days/year
4 to 6 years	1-1/4 days/month 15 days/year
7 years and beyond	1-2/3 days/month 20 days/year

The vacation schedule will be as follows for all non-union employees hired after July 1, 1992.

Length of employment	Accrual Rate
0 to 5 years	5/6 day/month 10 days/year
6 to 10 years	1-1/4 days/month 15 days/year
10 years and beyond	1-2/3 days/month 20 days/year

Department Heads will schedule vacations based on employee requests. Requests shall be approved on the basis of seniority and department needs.

No employee shall be granted vacation time until having been employed by the Town for at least twelve (12) months.

Employees shall be paid for accrued vacation time upon termination. Vacation time may not be accumulated from one year to another.

Employees may ask to carry over one week of unused vacation time, which shall be used within three (3) months of the start of the new fiscal year. This may be granted only under exceptional circumstances with written approval from the Department Head and the Board of Selectmen.

D. SICK LEAVE:

Full time employees shall earn sick leave at the rate of 1-1/4 days per month.

Unused sick time may be accumulated to 120 days.

Unused sick leave in excess of 120 days may not accumulate from year to year.

Sick Leave may exceed 120 days during a particular year, but will be reduced to 120 at the end of the fiscal year.

E. BEREAVEMENT LEAVES:

All full time employees shall be granted three (3) days bereavement leave for making arrangements for, and attending the funeral of an immediate family member.

Immediate members of the family shall include: spouse, parent, child, grandparents, and in-laws.

The Department Head, with the approval of the Board of Selectmen, may grant exceptions to this list. Exceptions will be based on special circumstances and leaves of one to three days may be granted in these special situations.

F. OTHER ABSENCES:

Full time employees shall be granted leaves of absence for purposes of jury duty or military reserve duty.

The Town will pay the employee the difference between the military or jury pay and his or her regular pay.

In the case of military leave, pay shall only apply to normal yearly obligations, not to exceed fifteen (15) days, and when ordered to respond to emergency situations.

Unpaid leaves of absence may be granted upon request, based on the individual circumstances and needs of the department.

G. RECORDING OF ABSENCES:

All vacation, sick leave, bereavement leave, for whatever purpose shall be recorded by Department Heads and reported to the Board of Selectmen on a weekly basis. The Selectmen's records shall be considered the official record of absences for each employee. The Board of Selectmen is responsible for providing a quarterly report to the Wage and Personnel Board.

VII. GRIEVANCES

All town employees, full or part time, shall have the right to a grievance hearing, with the Wage and Personnel Board, for alleged violations of this Plan.

If the alleged violation was committed by their own Department Head, the employee shall first attempt to resolve the issue within the Department.

If the alleged violation is by someone or condition outside of his/her department, the employee may appeal directly to the Wage and Personnel Board for a hearing on the issue.

All grievances shall be in writing.

The Board shall hold a hearing within ten days of receiving the complaint and shall render a decision within fifteen days of conduction of the hearing.

Grievances may be appealed to the Board of Selectmen if the actions of the Wage and Personnel Board are unsatisfactory to the employee or Department Head. The Board of Selectmen shall be subject to the same limitations as previously listed in this section.

VIII. FILING OF RECORDS

Minutes of all meetings of the Wage and Personnel Board shall be filed with the Board of Selectmen within 10 days of the completion of any meeting.

Copies of all decisions involving interpretation or enforcement of this Plan shall be filed with the Town Clerk and Board of Selectmen within 10 days of the decision being rendered.

QUESTION 1

Law Proposed By Initiative Petition

Do you approve of a law summarized below, *on which no vote was taken by the Senate or House of Representatives before May 6, 1992?*

SUMMARY

This proposed law would establish a Health Protection Fund to pay for health programs relating to tobacco use, including distribution of information about tobacco use, to be financed by a new excise tax on cigarettes and smokeless tobacco. The Health Protection Fund would be used, subject

to appropriation by the state legislature, to supplement existing funding for the following purposes: school health education programs in the workplace and community; tobacco related public service advertising drug education programs; support of prenatal and maternal care at community health centers which provide programs on smoking cessation and information of the harmful effects of smoking; and monitoring by the state Department of Public Health of illness and death associated with tobacco.

The proposed law would establish a new excise tax of one and one-quarter cents per cigarette (twenty-five cents per pack of 20) and twenty-five percent of the wholesale price of smokeless tobacco. This excise would be in addition to the excise already imposed on cigarettes and smokeless tobacco. The new excise would be collected by the state Department of Revenue under the same procedures that apply to the existing tobacco excise.

The proposed law would direct the State Comptroller to report annually on the revenues and expenditures of the Health Protection Fund. The proposed law states that if any of its provisions were found invalid, the other provisions would remain in effect. The proposed law would go into effect on January 1, 1993.

QUESTION 2

Law Proposed By Initiative Petition

Do you approve of a law summarized below, *on which no vote was taken by the Senate or House of Representatives before May 6, 1992?*

SUMMARY

This proposed law would require certain banks, insurance companies and publicly-traded corporations to file

annual reports with the Massachusetts Secretary of State listing information from their state tax returns, including profit, income, corporate income tax due, deductions, exemptions and credits. These reports would be made public. This provision would apply only to those banks, insurance companies and publicly-traded corporations required by federal and other Massachusetts laws to disclose information concerning their federal tax payments.

The proposed law would also require the annual release by state officials of a detailed analysis of certain tax expenditures enacted or changed after January 1, 1988. State law defines a tax expenditure as an exemption, exclusion, deduction or credit that results in less corporate, sales or income tax revenue for the state. This analysis would be required only for tax expenditures with an annual revenue impact of \$1,000,000. or more. The analysis would include information on the actual revenue loss, as well as the number and proportion of taxpayers or taxpaying entities benefiting from the tax expenditure, according to income, profit, receipts or sales.

QUESTION 3

Law Proposed By Initiative Petition

Do you approve of a law summarized below, *on which no vote was taken by the Senate or House of Representatives before May 6, 1992?*

SUMMARY

This proposed law would require all packaging used in Massachusetts on or after July 1, 1996 to be reduced in size, reuseable, or made of materials that have been or could be recycled. The proposed law would provide for exemptions for

health, safety, and other reasons and would establish penalties for violations.

Packaging would have to be either reduced in size by at least 25% every five years; or designed to be reuseable at least five times, with at least 50% of such packaging actually being reused; or recycled at a 50% rate; or composed of 25% or more of recycled materials (increasing to 35% on July 1, 1999 and 50% in 2002); or composed of materials being recycled at an annual rate of 25% (increasing to 35% in 1999 and 50% in 2002). The requirements would apply to any packaging or containers used to protect, store, handle, transport, display or sell products.

These requirements would not be applicable to tamper-resistant or tamper-evident seals; packaging for medication or medical devices; packaging merely being shipped through state; packaging required by federal or state health or safety laws or regulations; or flexible film packaging necessary to prevent food from spoiling.

The state Department of Environmental Protection could also grant exemptions for packaging that represents an innovative approach for which additional time is needed to meet the requirements of the law; or packaging made of material that cannot be reused or recycled, and cannot be made of recycled material, but is being composted at a significant rate; or products for which there is no complying packaging and for which compliance with the law would impose an undue hardship (other than increased cost) on Massachusetts residents. A person applying for an exemption would pay a fee to be used, subject to legislative appropriation to pay the cost of administering the proposed law.

The Department would be required to issue regulations to carry out the proposed law and would be required to

investigate suspected violations. After issuing a warning, the Department could assess administrative penalties of up to \$100. for each offense and up to \$10,000. for any single shipment or single continuing act of non-compliance. The state Attorney General could also file court actions for civil penalties of up to \$500. for each offense and up to \$25,000. for any single shipment or continuing act of non-compliance, and could seek a court order requiring compliance. Each non-complying piece of packaging would be considered a separate offense or act of non-compliance.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

QUESTION 4

Law Proposed By Initiative Petition

Do you approve of a law summarized below, *on which no vote was taken by the Senate or the House of Representatives before May 6, 1992?*

SUMMARY

This proposed law would impose an excise tax on oil, toxic chemicals, and other hazardous substances, and would direct that the money raised, along with the fees paid by hazardous waste transporters and specific revenues under other state laws, be deposited in the state Environmental Challenge Fund. Money in the Fund would be used, subject to legislative appropriation, to assess and clean up sites that have been or may be contaminated by oil or hazardous materials, and to carry out and enforce the excise.

As of July 1, 1993, the excise would apply to persons, businesses, and other entities possessing 50,000 pounds or more of oil and toxic chemicals covered

by the proposed law. Toxic chemicals would be covered if classified as toxic by the federal Environmental Protection Agency (EPA) under federal law. As of July 1, 1994, substances listed as hazardous by the EPA under federal law would also become subject to the excise.

Until June 30, 1995, the excise would be two tenths of one cent (\$.002) per pound. In later years, the state Commissioner of Revenue would set the excise rate at a level, not to exceed two-tenths of one cent per pound, sufficient to yield \$35 million annually in 1995 dollars.

The excise would not apply to gasoline or other special engine fuels, jet fuel taxed under other state law, numbers 1 or 2 fuel oil, kerosene, animal or vegetable oil, or waste oil classified as hazardous waste under other state law. Nor would the excise apply to oils, toxic chemicals, or hazardous substances merely being shipped through Massachusetts; or contained in a consumer product intended for retail sale; or present in a mixture at a concentration of less than one percent; or present in hazardous waste being transported by a licensed hazardous waste transporter who had paid or will pay a transporter fee under state law; or for which the excise tax has already been paid under the proposed law and which have not been reprocessed or recycled since payment of the excise.

The excise also would not apply to oils, toxic chemicals, or hazardous substances that are possessed by individuals for personal, non-business purposes; or are contained in vehicles or vessels intended to be used for normal purposes; or are produced in Massachusetts as a by-product of pollution control equipment or the clean up of hazardous materials and are

handled in compliance with federal and state environmental laws. Finally the excise would not apply to toxic chemicals or hazardous substances in a manufactured product the use of which requires a specific shape or design and which does not release toxic substances under normal use.

Under the proposed law, the excise would ordinarily be collected from the first person or business within Massachusetts to come into possession of materials subject to the tax. If that person or business had not paid the excise a later possessor could be required to pay the excise and could then recover a corresponding amount from the first possessor. The proposed law would provide credits for excises paid on materials that become ingredients in the manufacture of other materials subject to the tax, and it would provide credits for similar excises or taxes paid to other states.

Persons possessing more than 25,000 pounds of materials subject to the excise in any six-month period would be required to obtain a license from the Commissioner of Revenue. The Commissioner could issue regulations establishing record-keeping and reporting requirements for persons possessing such materials. The Commissioner would collect the excise through procedures similar to those for other state taxes and could issue regulations to implement the proposed law.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

Do you approve of a law summarized below, *on which no vote was taken by the Senate or House of Representatives before May 6, 1992?*

SUMMARY

This proposed law would require all packaging used in Massachusetts on or after July 1, 1996 to be reduced in size, reuseable, or made of materials that have been or could be recycled. The proposed law would provide for exemptions for health, safety, and other reasons and would establish penalties for violations.

Packaging would have to be either

reduced in size by at least 25% every five years; or designed to be reuseable at least five times, with at least 50% of such packaging actually being reused; or recycled at a 50% rate; or composed of 25% or more of recycled materials (increasing to 35% on July 1, 1999 and 50% in 2002); or composed of materials being recycled at an annual rate of 25% (increasing to 35% in 1999 and 50% in 2002). The requirements would apply to any packaging or containers used to protect, store, handle, transport, display or sell products.

These requirements would not be applicable to tamper-resistant or tamper-evident seals; packaging for medication or medical devices; packaging merely being shipped through state; packaging required by federal or state health or safety laws or regulations; or flexible film packaging necessary to prevent food from spoiling.

The state Department of Environmental Protection could also grant exemptions for packaging that represents an innovative approach for which additional time is needed to meet the requirements of the law; or packaging made of material that cannot be reused or recycled, and cannot be made of recycled material, but is being composted at a significant rate; or products for which there is no complying packaging and for which compliance with the law would impose an undue hardship (other than increased cost) on Massachusetts residents. A person applying for an exemption would pay a fee to be used, subject to legislative appropriation to pay the cost of administering the proposed law.

The Department would be required to issue regulations to carry out the proposed law and would be required to investigate suspected violations. After issuing a warning, the Department could assess administrative penalties of up to

\$100. for each offense and up to \$10,000. for any single shipment or single continuing act of non-compliance. The state Attorney General could also file court actions for civil penalties of up to \$500. for each offense and up to \$25,000. for any single shipment or continuing act of non-compliance, and could seek a court order requiring compliance. Each non-complying piece of packaging would be considered a separate offense or act of non-compliance.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

QUESTION 4

Law Proposed By Initiative Petition

Do you approve of a law summarized below, *on which no vote was taken by the Senate or the House of Representatives before May 6, 1992?*

SUMMARY

This proposed law would impose an excise tax on oil, toxic chemicals, and other hazardous substances, and would direct that the money raised, along with the fees paid by hazardous waste transporters and specific revenues under other state laws, be deposited in the state Environmental Challenge Fund. Money in the Fund would be used, subject to legislative appropriation, to assess and clean up sites that have been or may be contaminated by oil or hazardous materials, and to carry out and enforce the excise.

As of July 1, 1993, the excise would apply to persons, businesses, and other entities possessing 50,000 pounds or more of oil and toxic chemicals covered by the proposed law. Toxic chemicals would be covered if classified as toxic by the federal Environmental Protection

Agency (EPA) under federal law. As of July 1, 1994, substances listed as hazardous by the EPA under federal law would also become subject to the excise.

Until June 30, 1995, the excise would be two tenths of one cent (\$.002) per pound. In later years, the state Commissioner of Revenue would set the excise rate at a level, not to exceed two-tenths of one cent per pound, sufficient to yield \$35 million annually in 1995 dollars.

The excise would not apply to gasoline or other special engine fuels, jet fuel taxed under other state law, numbers 1 or 2 fuel oil, kerosene, animal or vegetable oil, or waste oil classified as hazardous waste under other state law. Nor would the excise apply to oils, toxic chemicals, or hazardous substances merely being shipped through Massachusetts; or contained in a consumer product intended for retail sale; or present in a mixture at a concentration of less than one percent; or present in hazardous waste being transported by a licensed hazardous waste transporter who had paid or will pay a transporter fee under state law; or for which the excise tax has already been paid under the proposed law and which have not been reprocessed or recycled since payment of the excise.

The excise also would not apply to oils, toxic chemicals, or hazardous substances that are possessed by individuals for personal, non-business purposes; or are contained in vehicles or vessels intended to be used for normal purposes; or are produced in Massachusetts as a by-product of pollution control equipment or the clean up of hazardous materials and are handled in compliance with federal and state environmental laws. Finally the excise would not apply to toxic chemicals or hazardous substances in a manufactured product the use of which

requires a specific shape or design and which does not release toxic substances under normal use.

Under the proposed law, the excise would ordinarily be collected from the first person or business within Massachusetts to come into possession of materials subject to the tax. If that person or business had not paid the excise a later possessor could be required to pay the excise and could then recover a corresponding amount from the first possessor. The proposed law would provide credits for excises paid on materials that become ingredients in the manufacture of other materials subject to the tax, and it would provide credits for similar excises or taxes paid to other states.

Persons possessing more than 25,000 pounds of materials subject to the

excise in any six-month period would be required to obtain a license from the Commissioner of Revenue. The Commissioner could issue regulations establishing record-keeping and reporting requirements for persons possessing such materials. The Commissioner would collect the excise through procedures similar to those for other state taxes and could issue regulations to implement the proposed law.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

Report of the Board of Assessors

For fiscal year 1993, the Board of Assessors is proud of the new mapping system that will be implemented shortly. It will be state of the art, computerized aerial mapping. This will be put together in a number of phases. Phase one included photographing the entire town and that has already been completed. Digitizing is our next step. The Assessors will keep the town informed of the progress.

Excise bills were received from the RMV for 1992 with 559 abatements granted. The Board of Assessors also granted 124 property tax abatements and 137 exemptions. The total amount received from fees to add to the general fund was \$916.50.

Report of the Council on Aging

The Carver Council on Aging is a town department established to serve and assist the senior population of our community, 59 years of age and older. The COA Offices, Drop-In Center and Nutrition Center are housed in the Marcus Atwood House, located at Lakeview and Tremont Streets in South Carver. This multi-purpose center is open Monday through Friday from 9:00 AM until 4:00 PM, except for legal holidays.

Professional staff members (paid and volunteer) implement the programs and services established and authorized by the COA Board of Directors. Federal, state and local funds support a variety of services and programs focused on the needs of our senior citizens. Grants (public and private) also contribute to the financial support of this department.

Professional Services

Certified social workers are available for screening interviews, counseling and referral assistance. Counseling is also available for Social Security and SSI assistance, legal assistance provided by Attorney Lawrence L. Hale from 9:00 AM until 11:00 AM (second Thursday of each month) and the Southeastern Legal Assistance Corp. Other social service needs: fuel assistance, tax preparation assistance, provided by T.C.E. Program (Tax Counseling for the Elderly), insurance assistance through S.H.I.N.E. (Serving Health Information Needs of Elders) and health assistance in conjunction with the Carver Public Health Nurses. Free hearing tests are offered quarterly, free blood pressure tests are offered monthly along with annual flu shots and cholesterol tests that are provided at a modest fee. An Outreach Program has been added to our service. Geriatric mental health social workers also available to elders.

Guest speakers are scheduled as appropriate to keep seniors informed of governmental regulations and/or changes, insurance, health related issues and other topics of interest to seniors. The Carver Senior Citizens and AARP Chapter also hold their monthly meetings at the Marcus Atwood House. They too schedule guest speakers and have planned activities of interest to senior citizens.

Senior identification cards are issued by the COA and an updated list of businesses that offer senior citizen discounts is available to seniors.

Government surplus food distribution is administered quarterly by the COA to eligible persons (Jan., Apr., July and Oct.). Food pantry added for emergency needs.

Daily Telephone Reassurance program available for seniors living alone or in isolated areas of town. Vial of Life kits are available to anyone and can be obtained at the COA office. A Loan Closet is provided by the COA and Public Health Nurses for persons needing walkers, crutches, wheelchairs, bed pans, etc. Magazines, books and puzzles available for loan as well. A Coupon Exchange file is maintained and offered to seniors wishing to extend their purchasing power. Breads and pastries from Carver's Shaw Market distributed at the Atwood House (Mon. thru Fri., 9:00 AM - 1:00 PM). The most recent service added to the COA is a Notary Public, available to seniors at no charge.

Transportation

Curb-to-curb transportation is available to the elderly and disabled persons living in our community. Operated by the COA, a GATRA (Greater Attleboro Taunton Regional Authority) mini-lift-bus, and lift-van are in service Monday through Friday for scheduled trips to shopping malls, super markets, medical appointments, social and recreational activities and for special events. A donation of one dollar fifty is accepted.

Adult Day Care Center

Although the Carver COA does not operate an adult day care center, we do provide transportation to Carver seniors enrolled in the Middleboro COA Adult Day Care Center on Tuesday through Friday.

Nutrition

Congregate meals are served Monday through Friday at our Nutrition Center, providing hot and nutritious meals with social interaction among senior citizens. Meals-on-Wheels are delivered to the frail and homebound seniors who qualify. A donation of two dollars is accepted.

Drop-In Center/Social and Recreational

Our Drop-In Center is open daily, Monday through Friday from 9:00 AM until 4:00 PM for those wishing to read, play cards, bingo, shoot pool, watch TV or just engage in conversation with friends. Our facility is well heated in winter and air conditioned in summer. A VCR has been installed so that films can be enjoyed or used by guest speakers when they join us. Horseshoe and tennis courts are located on Atwood property.

The COA has reserved lanes at Alley Kat Lanes in Kingston and provides transportation for our bowlers on Friday afternoons. Transportation to the YMCA in Middleboro is provided on Tuesday and Thursday mornings for participants in the Aqua Arthritic Swimming and Exercise Program.

Special day-trips are planned for the coming year: theater trips, musicals, ice shows, sporting events, flower show, etc.

Friend's of the COA, Inc. sponsor various fundraising dinner/dances and will be planning more for the coming year. Our Annual Chicken BBQ and St. Patrick's Day Corned Beef and Cabbage Dinner remain popular. A traditional Turkey Dinner with all the trimmings has become an annual event for elders living in Carver and surrounding communities Thanksgiving Day.

Sustaining Membership

Friends of COA have launched a Sustaining Membership drive with a goal of 2,000 members. Annual membership fee: \$5 for individuals and \$10 for businesses and organizations. Sixty percent for "building fund" with forty percent for "operating expenses."

Newsletter

To keep our senior population informed of activities, programs and matters of particular interest to them, we now distribute a monthly newsletter. Increased postage cost and related expenses prevent us from mailing the newsletter, but they are available for pick-up at the Town Hall, Carver Public Library, Atwood House and in the stores and businesses that advertise in our publication. Newsletters are also distributed on our GATRA buses and with the help and assistance from the mobile home parks, distributed along with their own newsletters.

Interesting Statistical Information

- Carver's senior population is the fastest growing in the Commonwealth, with a 216% increase between 1980 and 1990 (US Census).

Report of the Housing Authority

The Carver Housing Authority continues in its task of maintaining 20 units of elderly housing and 8 units of family housing designated as Meadowbrook North. 40 units of elderly housing known as Meadowbrook South is managed by South Shore Housing Corporation.

The Authority has improved its financial stability this past year by disciplined budget procedures recommended by the agency of Fenton, Ewald and Associates. Their expertise and credibility with E.O.C.D. has been invaluable.

The Authority lost two of its commissioners this year through resignations. Appreciation for several years of commitment and service is extended to both David Centio and Joy Bonelli.

The staff at the agency sustains its high quality of performance. A special note of gratitude is offered to Donna Fernandes as Executive Director, Peter Nelson as our maintenance person, and Melanie Sherwood as secretary.

There were two appointments to fill vacancies as commissioners this year. Juanita Ashley, previously the secretary, brings an understanding and dedication to the efforts of the program. Ann Solomon provides special gifts of administration and compatibility. Rich Hoadley continues as chairperson serving also with James Lynch and Robert Merritt.

Special efforts were made this year to increase awareness between residents and commissioners. An outdoor picnic was held where both social and physical issues were discussed. There were additional gatherings in the community building as attempts continue to develop the sense of "family".

A major accomplishment has been the finalizing of the 689 State program which will provide residency for 8 mentally handicapped persons. It is expected that groundbreaking will occur early in 1993 and that occupancy will result soon after the first of the year. This provides the Town of Carver with a sense of responsible citizenship as well as strengthening their relationship with the State for future accommodations.

Sincerely,

Robert Merritt, *Commissioner*

Report of the Carver Public Health Nurse Committee

“To all the staff: We want to say thank you so very much for all you’ve done. The care that our Mom received was wonderful! She was so grateful to be at home prior to her death. It meant a lot to her being at home. We thank you from the bottom of our hearts.”

It is notes like the one above that make all of the work done by the Carver Public Health Nurse Committee staff worth it! The Carver Public Health Nurse Committee is a comprehensive, certified home health agency providing a variety of home health services to the residents of Carver. These services include skilled nursing, physical therapy, occupational therapy, speech therapy, medical social work, and home health aide. The agency provides many health promotion screenings and immunization programs.

The agency is very fortunate to have such a dedicated and skillful staff. The health care climate continues to change very rapidly with increasing demands on our staff. These demands include not only caring for sicker patient’s with complex health care needs but also increased documentation and paperwork. It continues to be my pleasure working with such a devoted and professional staff.

For FYE 6/30/92 the following visits were made:

Morbidity (Care to the Sick)

Skilled Nursing	1,352
All Therapies	629
Home Health Aide	1,374
Total Visits	3,355

Health Promotion

Home and Office Visits	267
------------------------	-----

Clinics (total for calendar year 1992)

BP and Health Monitoring	
Clinics	25
Visits	459
Flu Immunizations	749
TB Screenings	76
Cholesterol/ Blood Glucose	39
Glucose/ Colon Rectal Kits	
Catch-up Immunizations	41

As a certified agency the Carver Public Health Nurse Committee has the ability to bill third party payors for services provided.

The following receipts were submitted to the Town for FYE 6/30/92:

Medicare	\$102,335.00
Medicaid	33,165.52
BC/BS	5,850.00
Other Insurance	13,430.09
Self Pay	6,257.50
Total	\$161,038.11

In an attempt to keep their clinical skills current the staff have attended a variety of inservice educational programs. Included were Diabetes and the Elderly, Total Knee Replacements, Aging with Dignity, Alcohol & Drug Abuse Problems in the Elderly, Alzheimer's Disease; Society's Response, and Protecting the Health Care Worker from Bloodborne Pathogens: Hepatitis B & HIV. The staff are always willing to update their skills and improve their clinical practices.

The agency administrator, Karen K. Barnes, has become increasingly involved in the Greater Plymouth Council of Human Service Providers. This dynamic group works collaboratively to obtain state, federal or private grants to increase services to residents in the greater Plymouth area. The focus of this community initiative is alcohol and other drug prevention. A wide variety of agencies from law enforcement, parents, schools, town officials, and human service providers are involved. The Council also meets with State & Federal elected officials to describe the needs of our various communities. It is an exciting group to be included with.

A special thank you is sent to Lois Murphy, R.N., who has been volunteering at our monthly BP & Health Screening Clinics at the Atwood House. Lois has been a welcomed addition to the clinics. Thanks are also sent to all of the Carver dispatchers who answer our phones when the office is closed. These dedicated professionals do an excellent job of dealing with our patients and referral sources. The entire staff appreciates their efforts.

With the continued growth of our community and the complexity of the health care system, the year ahead will certainly prove to be exciting and challenging for all of us.

"I appreciate the kind and knowledgeable care given to my husband. The nurses, therapists, and home health aides were all wonderful and he was so glad to see each one. I hope they will all be there to take care of others for a long, long time. My sincere thanks to all."

Respectfully submitted,

Our Public Library, one of the highly valued services in the Town of Carver, had a busy and productive year. The circulation of materials, an indicator of the amount of use by residents, increased from 46,458 transactions in 1991 to 58,857 in 1992.

At the annual Town Meeting on May 20, 1991, it was unanimously voted to establish and empower a Library Study Committee to assess the needs of the Library. When the present building was constructed in 1972 the population of Carver was approximately 3,000. The latest 1990 census figures show the population to be 10,590. It has been projected the population by 1995 may be 13,000 and by the year 2,000 more than 15,000.

Continued use of the meeting space has pointed out the expanding need for this service.

During 1992 the Atwood Room was used by many local groups including: Arts Lottery, Boy Scouts, Carver Cranberry Pony League, Carver Historical District Commission, Carver Youth Basketball, Carver Youth Soccer, Friends of Carver Library, Girl Scouts, Library Study Committee, Men's Softball, Odyssey of the Mind, Parents Advisory Council, Poetry Workshop, Recycle Committee, and Shurtleff Park Committee. The room was used by approximately 800 persons in 1992.

Children's Department: Bedtime stories were held and story hours, as well as Summer reading programs. The Week of November 16th thru November 21st was designated as National Children's Book Week.

Friends of the Carver Library decreased in membership to approximately 60 families and individuals. Passes were available to Plymouth Plantation, Science Museum, Children's Museum. Lego Building blocks and table were given to the Children's Room by the "Friends" this year. Officers were: President Connie McGillicuddy, Debbie Casey, Merrilee Phinney and Tammy Bonenfant.

For the third year the Library has benefitted from the Christmas House Tour put on by the Friends and the people of Carver who opened up their homes.

Books were donated to the Library from these families and individuals: Martin, Markey, Boucher, Spooner, Provost, Hastings, Aldrich, Richardson, Dunlea and Ford.

Tours were given to: Cub Scouts, Ben Ellis, Capt. Pal, Kids Count, Scout Badge Patches and South Shore Head Start.

Programs held at the Library: Babysitting classes, Family Trust and Tutoring by Plymouth County Literacy Tutor.

Trustees and Staff of the Library thank the many Carver residents who supported the Library.

Report of the Public Prosecutor Department

To the Honorable Board of Selectmen
TOWN OF CARVER

During the past year, the Office of Public Prosecutor has been involved in the processing and/or prosecution of approximately 561 criminal cases which is comprised of approximately 1,685 complaints. Additional complaints are being processed by this department due to the District Attorney's office withdrawing of attorneys due to budgetary problems.

As a direct result of your Police Department's action, the Court records reflect that from July 1, 1992 through December 31, 1992, a total of \$4,174.00 was collected in fines and returned to the general treasury of the Town. Furthermore, the first six (6) months of the year show a return of \$5,902.00 to the general treasury, according to the Court records. Thus, an amount in excess of Ten Thousand Dollars was returned to the Town.

The current backlog of court cases remains at four to five months, in spite of the fact that over eighty to eighty-five percent of the cases are disposed of through plea bargaining. The Court still has a double session scheduled for one day a week; however, this additional help has not been sufficient to bring our case load up to current standards. Additional judges are needed with proper administration of case flow to reduce the criminal backlog.

The Public Prosecutor continues to be present in Court on a daily basis to handle and assist all Town Departments in any actions taken by them to effectuate enforcement of regulations, by-laws or delinquent taxes and to give seminars to your police officers.

Hopefully, in the beginning of 1993, the Governor will enact a much needed court reform bill which should have a substantial impact on the dispositions of cases and aid in the reduction of the backlog.

Respectfully submitted,

Harry J. Schmitt, Jr.
Public Prosecutor

Report of the Carver Ambulance Service

The Town of Carver Ambulance is operated through the joint efforts of the Carver Police Department and the town's "Call" Emergency Medical Technicians (EMTs). Operation is funded by monies received for services rendered, primarily from insurance payments.

In the spring of 1992, we completed and occupied the new Ambulance building and received the new ambulance. Both have served to enhance the efficient operation of the Ambulance service.

I would like to thank the Board of Selectmen and all town departments for their support and cooperation. A special thanks to the dispatchers for their efficient handling of emergency calls and to the Carver Police who assist us in treating the sick and injured and to the Carver Fire Department for their professional and proficient assistance at several major incidents.

Finally, I thank the "Call" Emergency Medical Technicians for their cooperation, professionalism and dedication to duty. The Town is indeed fortunate to have a group of people who give so much of themselves to help others.

Report of the Carver Emergency Management Agency

The Emergency Management Agency is located in the Emergency Operations Center (EOC) adjacent to the Police Department. The Emergency Management Agency has been known in the past as the Civil Defense.

Once again we are thankful for the Massachusetts Auxiliary Police Association for their volunteers during Old Home Day festivities on July 25th. They have been a very helpful resource in the past few years and we thank them for their time and energy.

The last few years has seen the Emergency Operation Center in full swing. The December storm (Blizzard of 1992) was the latest such activation of the center. The Town was very fortunate in not having been hit as hard as the surrounding Towns, but we were ready if the need arose.

The Selectmen declared a "State of Emergency" at 7:00 A.M. with activation of the Emergency Operation Center and remained opened through the day until 6:00 P.M. that evening.

We are very fortunate in this Town to have such outstanding personnel in the Fire, Police, Department of Public Works and Ambulance areas. Plus the great help of the Council on Aging in making sure everyone was kept nourished with coffee, lunch and dinner. We must also commend the people who came in to operate our radios and keep us up to date on what was happening in the surrounding Towns.

ComElectric again came through with availability of crews if they were needed. Needless to say they were - with outage that began Friday evening and down wires on several of the streets in Town.

Several of the departments have had training this past year due to another Federal Emergency Management Agency (FEMA) evaluated exercise that was to be held in June of 1993. Because of other commitments and evaluation of storm damages, this exercise has now been rescheduled to December of 1993.

The Carver Emergency Management Agency wishes to extend a thank you to the residents of Carver, MEMA-Area II staff and all volunteers for their cooperation and support of this past year.

Report of the Department of Public Works

The Honorable Board of Selectmen
Carver, MA

Dear Sirs:

During the past year the following major accomplishments have been done by the Department of Public Works:

New pavement done with grader leveling course:

Gate Street — 2,850' - 350 Ton

Cross Street — 4,118' - 515 Ton

Crystal Lake — 2,000' - 300 Ton

Fosdick Road — 2,000' - 380 Ton

The following streets have been stone chip sealed:

Popes Point Road — 6,758' - 13,516 square yards

Cross Street — 4,118' - 8,516 square yards

Indian Street — 5,385' - 12,374 square yards

Purchase Street — 7,497' - 17,228 square yards

Private ways were maintained this year with crushed gravel and rap. Rap seems to hold the gravel roads together alot longer. These areas are as follows: Crystal Lake, Pine City, Bunny's Road, Bates Pond and other various roads that seem to increase every year. This is one line item that needs an increase and will be requested as an article at town meeting this year.

Culverts were replaced on Meadow Street and more drainage was done on Fosdick Road.

A water line was put in for the new dog pound from Lakenham Drive to the new dog pound with the help of Middleborough Water Department.

Power sweeping was done in various parts of town. This is another line item that the DPW would like to see be increased. It is essential that this sand gets picked up, so that our drainage systems stay in good working order. We also have to keep up our drainage retention areas. These seem to work okay if they are kept clean.

Chapter work was done as follows. The town replaced the municipal fuel system with a new one. The state furnished a program that allowed the town to install two 10,000 gal. fuel tanks. To have continuous monitoring systems. Two co2 fire extinguishers mounted on light posts on a concrete island with lights and canopy. A computer room was also put in the DPW office. This was a much needed project and came at the right time. The following streets and roads were also chapter work this year. Stone chipped sealing was done on these streets and roads: Popes Point Road; Cross Street; Indian Street and Purchase Street. Lengths and square yards were listed previously.

Line painting was done on the following streets: Pond Street; Mayflower Road; Lakeview Street; Church Street; Holmes Street; Beaver Dam Road; Fosdick Road; Purchase Street; Gate Street; Tremont Street; Plymouth Street; West Street; Center Street and Silva Street.

Intersections repainted, stop bars, arrows and islands were: West Street and Holmes; Route 58 and 44; Center Street and Wenham (Story's Corner); Holmes Street and Meadow.

The DPW will be submitting an article to repaint Route 58 and South Meadow Road. This will be costly because it is done with thermo stripe. This lasts a number of years longer than paint. Being main arterys in town they should be kept in top condition.

Mowing was done this year on Route 58 and South Meadow Road. Hopefully, we will have our own mower soon and will be able to keep up with this job.

Snow removal this year was good until mid January. Since then we have had to plow four (4) times. The last three storms being only a couple of days apart during the first week of February. This has done a great deal of damage to our snow overtime account and our snow operating account. We have used about 500 tons of salt and about 2,000 yards of sand so far this year. We also did alot of work this year on our snow equipment. We did welding and steel work on plows and sanders, by doing this we have kept our breakdowns to a minimum this year.

MCI has again given the town a great deal of assistance. They as always help with our cemetery work, tree work and repairing different town buildings. This year they have worked many hours on the new dog pound which should be done this spring. The DPW and I am sure all the other departments cannot thank them enough. To the MCI thanks again.

Cemeteries were limed and fertilized this year. Paving was also done in Lakenham Cemetery and Central Cemetery. Morse will be done this year. Also some road work will be done in Union Cemetery. As always cemeteries are groomed as often as possible and we will try to keep this up as in the past.

There has been 23 burials, 4 cremations, 26 lots sold and 16 foundations have been put in.

This year we are planning to resurface Forest Street which will be a chapter job. This job is all set up for the spring.

Hopefully there will be more state aid money available this coming year. We will see what happens with the new presidential administration.

The DPW also has a new secretary part time and a new computer system that came with our new municipal fuel system. This year we are going to be adding our Pavement Management System that Southeastern Regional Planning and Economic Development District has done for us. This system added into our system will be a great deal of help in keeping track of our records on our road maintenance.

Trying to keep up with all of our roads, parks, cemeteries, recreational areas and, just the general taxpayer's needs, is not always easy within the budget constraints that we have. We will try our utmost, however, to continue providing the best possible conditions for our town.

We would also like to thank all of the employees of the DPW and all other departments for their help in a most successful year. Superintendent William Halunen deserves a great deal of credit for keeping things going so smoothly. We also would like to thank Alan Dunham, Jeanne Roby and Pat Clark for their capable assistance.

Thank you again.

Respectfully submitted,

Report of the Animal Control Officer

The following is my report of 1992.

In August of 1991, the foundation for the new dog pound was poured. It is now 17 months later and we are finally ready to put the final touches on the building. The shelter as we all know is a much needed facility. The new building has 15 kennels, with 3 of the pens extra large to accommodate larger visitors and an occasional litter of puppies. The building also has an office, bathroom, storage area and a space for cats and wildlife. The building is made up of 90% concrete. This provides for more efficient cleaning, better sanitary conditions, and adds longevity to the building.

My sincere gratitude and thanks go to the Carver Department of Public Works, the prisoner work release program from MCI Plymouth, the Board of Selectmen, the Dog Pound Committee members, local businesses and tradesmen. Also thanks to local residents and citizens who donated time, work or money. If it were not for the help of all these people the making of this shelter, which seemed at times would never become a reality, indeed would not have happened. Thank you all for making a decent place for lost, stray, abandoned, sick and injured animals to stay warm and safe.

Rubbish Hauler Permits	113
SEMASS Registrations (hauling)	7
Septic Hauler Permits	13
Septic Installer Permits	31
Tanning Facility Permits	2
Well Permits	27
Well Repair	8

A total of \$475,883.60 was received from January 1, 1992 to December 31, 1992 which includes \$110,511.00 received from the four (4) mobile home parks in Carver. Permit fees and tipping fees from the CMW Regional Landfill, Ravenbrook Farms, Inc. and Nemasket Sand and Gravel reflect the remainder of the total.

This year Margaret Johnson, Health Agent, resigned from her position. In September, James M. Lynch of Carver was hired to fill that vacancy. The Agent exercises the inspection and enforcement authority of the Board on a day to day basis.

The Board of Health will continue serving the people of Carver to the best of their ability. With the numerous problems that occur in the Town, it is necessary to have the support of the Town Officials and the people of the Town.

It is with honesty and pride that we serve you.

Report of the Historic District Commission

To the Honorable Board of Selectmen:

The committee has been very active for the past year holding public hearings for clients that want to make changes on the exterior of their property.

New property owners in the districts have to come before the Board and tell us plans of their intentions.

Public Hearings were as follows:

Car Wash	Kneeland Moore
Kids Count Day Care	Paul Fernandes
Antiques Collectables	Post Office Ramp
Murphy's Auto Repair	Maureen's Knitting
Interior Designer	Daniel Miles
John Assad	Susan Shaw

Out of our budget we have purchased three steel cabinets, a tape recorder and tapes, flood lights, electrical box, stationery and envelopes, and cost of developing glass negatives.

We put fifteen sets of twenty-five bulbs on the blue spruce tree in Lakenham Green for Christmas.

We will have to replace the electrical box and BX cable because of deterioration.

The committee has been meeting on the first Tuesday of each month at the Marcus Atwood House at 7:30 p.m.

We will now be meeting at the Carver Library on the first Tuesday of each month at 8:00 p.m. starting in March 1993.

Our Public Hearings will be held at the Carver Town Hall on Monday night at 8:00 p.m. as scheduled.

Report of the Commissioners of the Southeastern Regional Planning and Economic Development District

The Southeastern Regional Planning and Economic Development District continued to serve the Town of Carver in 1992. SRPEDD (pronounced sir-ped) is a locally run regional agency serving southeastern Massachusetts.

It continues to be a difficult period for local government in Massachusetts, with the fiscal crisis and the economic recession providing double trouble for the region. We spent a considerable part of 1992 on these two issues, working on regional approaches to both problems.

During the past year, the Town of Carver was represented on the SRPEDD Commission by Francis Kane and Stephen Dirado. The Joint Transportation Planning Group had no representation for the year.

Some of the SRPEDD's more significant accomplishments in 1992 were:

- Completion and certification of the annual Transportation Improvement Program (TIP) and Overall Economic Development Program (OEDP) which set regional priorities on federal and state grants for transportation and economic development projects.
- Staffing of the South Eastern Economic Development (SEED) Corporation, which makes loans to small businesses for expansion. In 1992, SEED approved loans to 15 small businesses in the amount of \$2 million. These loans are projected to create 87 new jobs and will result in the investment of over \$3.5 million from private sources.
- SRPEDD reviewed the environmental impact of larger development projects in the region to insure that potential harmful impacts will be addressed. This year, we reviewed 28 such projects, commenting on the impact on traffic, water supply, sewage disposal, wetlands, and other development-related issues.
- 13 applications for federal and state funds were reviewed to insure consistency with other plans and efficient use of public funds.
- SRPEDD conducts a district-wide traffic counting program and maintains a computer file of all available traffic count data for the period 1980 to the present throughout the region.
- SRPEDD worked with both GATRA and SRTA on issues such as route evaluations, marketing, service to elderly and handicapped persons and overall data compilation and analysis.
- SPREDD continues to provide computerized accident filing for 13 towns and has provided pavement management assistance to 6 towns. Carver participates in the Pavement Management Program.
- Under contract to Boston Edison, SPREDD organized the third Earthlab Conference held in Bridgewater State College in November.
- SPREDD organized a regional economic development coordinating effort in Bristol & Plymouth Counties called the Massasoit Compact.
- SRPEDD participates actively with the Buzzards Bay Project in the multi-agency effort to clean up and preserve Buzzards Bay.

- SRPEDD set up a new Data Center to coordinate information gathering and dissemination to the public. Its first task was to update the Southeastern Massachusetts Fact Book, which contains data on all aspects of the region.
- After an absence of several years, the municipal assistance program was resumed in 1992. The principal activities are a reference library of municipal zoning and land use regulations, a catalogue of state grant programs and a municipal advice workshop to be held in the spring 1993.
- SRPEDD worked with the Massachusetts Office of Technical Assistance (OTA) to establish a Southeastern Massachusetts Source Reduction Advisory Committee. This committee is made up of representatives from fifteen local businesses and three Chambers of Commerce and will address industrial use and production of hazardous materials in the manufacturing process.
- SRPEDD is undertaking the development of a regional multi-modal transportation plan which is mandated by the federal Intermodal Surface Transportation Efficiency Act (ISTEA).
- Under development is a regionwide travel demand model which will simulate traffic conditions into the 21st century.
- SPREDD obtained in 1992 a Geographic Information System which greatly enhances our ability to manipulate data and produce thematic maps.
- SPREDD started a project to assist thirteen towns to develop an economic development strategy. The project will examine current economic conditions, attitudes towards business, local zoning and land use regulations, and development policies.

We look forward to serving in 1993.

Report of the Plymouth County Mosquito Control Project

Board of Selectmen
Town of Carver
Town Hall
Carver, MA 02330

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 1992.

The Project is a special district created by the State Legislature in 1957, and is now composed of 24 Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. On April 1st, the Town of Hanover rejoined the Project. The Project is a regional response to a regional problem and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

In 1992, the Project was again challenged by the threat of the mosquito transmitted disease Eastern Equine Encephalitis (EEE). Spring and early summer were drier than normal. Residential complaints were received later, with isolated mosquito problems in our coastal communities. Efforts were again aimed at larval mosquitoes starting with the spring brood, and aerial larviciding continued using B.T.I., an environmentally selective bacterial agent. Upon emergence of the spring brood of adult mosquitoes, ultra-low-volume adulticiding began. The Project responded to requests concerning mosquitoes, and all sprayers and trucks performed well with little time lost to breakdowns.

EE Virus was first isolated from *Culiseta melanura*, a bird biting species, by the Massachusetts Department of Public Health from collections in Carver the week of August 23rd. Of the season's total of ten EEE isolates, six were from Plymouth County: Carver (8/23 and 9/28), Kingston (9/21 and 9/28), Brockton and Halifax (9/28). In September, a human case of EE was confirmed in a 59 year old man from Braintree who had been fishing in the Carver/Plymouth area during the last week of August. The recurring problem in EEE Southeastern Massachusetts continues to ensure cooperation between this Project and the Massachusetts Department of Public Health.

The figures specific to the Town of Carver are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Carver residents.

Insecticide Application: 10,624 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in May and the last in October.

Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes, and other standing water areas. Inspectors continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present. Last year a total of 103 inspections were made to 68 catalogued breeding sites.

Finally, we have been tracking complaint response time, that is the time between notice of a mosquito problem and response by one of our inspectors. The complaint response time in the Town of Carver was less than two days with more than 307 complaints answered.

Water Management. During 1992, crews removed blockages, brush and other obstructions from 250 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. This work, together with machine reclamation, is most often carried out in the fall and winter.

Mosquito Survey. A systematic sampling of the mosquitoes in Carver indicates that *Culiseta melanura* was the most abundant species. Other important species collected included *Coquillettidia perturbans* and *Culex pipiens*.

We encourage citizens or municipal officials to call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

Plymouth County Cooperative Extension Program Highlights - 1992

The Cooperative Extension System was officially established by an Act of Congress in 1914. It's earliest beginnings were the Morrill Act of 1862 which established Land-Grant Colleges. Cooperative Extension is a nationwide network of over 3,100 offices. Its practical research-based programs and funding connections with the United States Department of Agriculture, the State Land Grant University and county government make it a unique program. Extension offers a wide range of educational opportunities in agriculture, youth (4H) and volunteer development and critical issues that affect our lives.

In Plymouth County the outreach office is located on High St. Hanson. In Southeastern Massachusetts the other main Cooperative Extension Centers are located in Barnstable County and at the Southeastern MA Agricultural Center (also called the UMASS Cranberry Experiment Station) located in Wareham, MA. Satellite offices are located in Bristol; Dukes/Nantucket and Norfolk Counties. The State Extension Administrative offices are located at UMASS, Amherst. The Plymouth County Cooperative Extension office is open 8:30-4:30 Monday-Friday. Currently the local extension field staff consists of a County Director, two 4-H Youth Development Specialists, a Nutrition/Family Life Educator, and a Landscape/Nursery Specialist. A federally funded Expanded Food and Nutrition Education Program has been active in Plymouth County since 1969, is run under the auspices of Cooperative Extension. Currently, one supervisor, and three outreach educators work in this program conducting a very popular UMASS nutrition education certificate courses in cooperation with county homeless shelters and key area agencies. For more detailed information on the County Cooperative Extension program contact the county office at Box 658, Hanson, MA 02341. (617) 293-3541 or 447-5946.

PROGRAM OUTREACH - During the last 12 months Plymouth County Cooperative Extension agents conducted 667 outreach programs. CABLE TV - Sixty-one cable TV shows "Cooperative Extension News & Notes" have been produced by Plymouth County Cooperative Extension. All but 5 Plymouth County towns use this half-hour Cooperative Extension cable TV program in their weekly community access channel, reaching over 100,000 households. RADIO - Every Sunday morning on WBET (Brockton), Cooperative Extension staff present a 15 minute broadcast on upcoming programs and timely educational topics. NEWSLETTERS - Cooperative Extension publishes 15 newsletters in the area on Natural resources and Agriculture for residents and commercial growers. A master list of these is available from the county extension office.

ADVISORY BOARD(S) AND TRUSTEES

Some key groups that oversee the work of Cooperative Extension are as follows:

Board of Trustees:

Plymouth County Cooperative Extension programs and budget are reviewed by a 9-member Board. They are appointed by Plymouth County Commissioners. Members serving in 1992 were:

County Commissioner Matthew Striggles - Bridgewater
Dorothy Dwyer - Norwell
Lenore Swanson - Plympton
William Remes - Carver
Joseph "Mal" Denly - Brockton
John Weckbacher - Abington
John Burnett, Jr. - Whitman
Edward Nicolas - Plymouth

County 4-H Advisory Council:

The active county 4-H program looks to a 9-member advisory group to assist with fundraising, program reviews and promotion. They are appointed by the Plymouth County Board of Trustees.

Charles Smith - East Bridgewater
Sherri Jacobs - Halifax
Linda Ransom - Hanson
Carol Holloway - Halifax
Patricia Schembari - Hanover
James Shaw - Middleboro
Deborah Simonis - Brockton
Janice Strojny - Kingston
Lindsay Blake - Duxbury

Town Directors:

M.G.L. Ch. 128 outlines the Cooperative Extension Systems functions. It allows for Town Directors to serve in the capacity as local liaison. These towns contribute additional funds to assist in Cooperative Extension programs. Annual Cooperative Extension reports are published in their town documents.

James Franey - Abington	Carol Knight - Mattapoisett
Dorothy Angley - Carver	James Archer - Marion
Eileen Rawson - Duxbury	David Blanchard - Middleboro
Ed Smith - East Bridgewater	E. Dana Cashin - Norwell
Russell Sturtevant - Halifax	Brian Baragwanath - Pembroke
Leander B. Nichols - Hanover	Edward Kierstead - Plympton
Robert Haviland - Hingham	Georgia Chamberlain - Rochester
Jean Catto - Lakeville	Jerrilyn Quinlan - Scituate
George Fraser - Kingston	Clifford Carlson - W. Bridgewater
John North - Marshfield	Leon Millett, Jr. - Whitman

Report of the Carver Industrial and Development Commission

NOTE: Established under Article 27 at Town Meeting on March 16, 1968 under provisions of Chapter 40, Section 8A. 5 to 15 members appointed by Selectmen for 5 year term.

The Carver Industrial and Development Commission has been reactivated by the Board of Selectmen to help provide guidance to present and future business activities in the Town.

Mission Statement

The mission of the Carver Industrial and Development Commission is to promote the town's economic development by encouraging the creation and growth of local businesses engaged in appropriate commercial and industrial activity.

The I.D.C. will design and implement strategies to attract and retain businesses, broaden and diversify the town's revenue base, enhance the value of businesses located in Carver, and take advantage of special opportunities such as those created by transportation system improvements, state and federal legislation, and regional entrepreneurial initiatives.

The I.D.C. will seek to foster a climate that is favorable to business growth and beneficial to Carver residents. The Commission will work diligently to preserve and improve the quality of life in Carver while cooperating fully with other local, county, state and federal agencies in matters of mutual interest.

Specific tasks being undertaken are:

- Route 44, its positive impact for business growth.
- Development of industrial zone land in the town.
- Supporting the efforts of the Carver Business Association, Industrial Development Finance Authority and the Southeastern Regional Planning and Economic Development District.
- Encouraging dialogue with and among all departments in town by hosting monthly open cracker barrel sessions at the Marcus Atwood House (1) time each month.
- Edaville Railroad and its future existence.
- Generally building the local capacity of the I.D.C. to effectively run as a true professional commission which all Carver residents will be truly proud of.
- Exploring the opportunity for the Town of Carver to establish an Economic and Industrial and Development Corporation under Chapter 121C.

The Carver I.D.C. meets on Wednesday evenings at the Marcus Atwood House in South Carver starting at 7:30 p.m. All citizens are welcome.

Report of the Carver Master Plan Committee

In 1991 the voters of Carver authorized the formation of a committee to develop a new Master Plan for the town - the first since the 1970s. During the intervening years Carver's population has tripled while the availability of local, state and federal funding to manage the town has diminished. As a result, the citizens of Carver have faced a series of increasingly hard choices about where to invest their limited resources. The lack of a clearly articulated consensus on the town's long-term priorities has made dealing with these issues even harder. A new Master Plan is not a solution by itself, but it is an important step towards the development of solutions appropriate to the 1990s and beyond.

Other factors make a new Master Plan not merely desirable but imperative. As of 1990, state law requires towns to have Master Plans. In the future, compliance with the Master Plan statute may become a requirement for certain kinds of state funding. Should this happen, the absence of a valid plan for Carver could jeopardize important revenues and make the town vulnerable to lawsuits. On the positive side, the Master Plan process provides a rare opportunity for the people of Carver to crystallize their thinking on the big issues facing the town - and to see that thinking reflected in policies and bylaws.

Through surveys, interviews, and open meetings with representatives of town government, business groups, and individual citizens, the Master Plan Committee has sought to find out what today's Carver residents want the town to be like as it heads towards the twenty-first century. One highlight of our research effort was the "Carver 2000" contest undertaken in conjunction with Carver schools. Students in grades four through twelve participated in the contest by developing and presenting their own personal visions of the town's future, in projects ranging from essays and poems to artworks and audiovisual materials. Outstanding entries were honored at an awards ceremony, then sealed in a time capsule at Town Hall for reopening in the year 2000.

The contest was useful in stimulating discussion of important issues among students, teachers and parents. It also generated a number of provocative ideas, some of which will be highlighted in a preliminary draft of the Master Plan, which the Committee hopes to

publish shortly before this year's Town Meeting. Yet despite the contest's success, citizen apathy remains the #1 obstacle to the creation of an authoritative and effective Master Plan. Only through broad participation in the Plan's creation will Carver residents receive full value from this potentially vital tool for defining the town's long-term directions. For this reason we hope residents will turn out in sufficient numbers at this year's Town Meeting to ensure adequate feedback on the Plan's concepts and recommendations.

As of February 1993 (the printing deadline for this report), we hope the preliminary draft will contain enough information to provide a valid framework for future decisions on issues such as economic development, educational and recreational opportunity, and visual and environmental quality. Part of the document will be devoted to assessments of present conditions and trends in nine subject areas: overall goals for the town, land use, and zoning, housing, economic development, natural and cultural resources, open space and recreation, town services and facilities, circulation and transportation, and implementation programs and policies. Each of these assessments will be followed by specific recommendations and guidelines based on the Master Plan Committee's best judgment of the long-term interests of Carver residents. These recommendations may include proposed zoning changes, signage standards, economic development initiatives, suggestions for the location of libraries and other town facilities, and strategies to help the town respond to changing demographic and transportation patterns throughout southeastern Massachusetts.

Our goal is to produce a document that will be flexible and "user-friendly," yet will have enough teeth in it to ensure serious consideration of Master Plan recommendations by present and future members of town government. The task is fascinating but very difficult - and far from done. We need as much help as we can get from interested and qualified townspeople. We are eager to hear from residents who would like to work with us either as members of the Master Plan Committee or as advisers or assistants on specific matters.

Carver Master Plan Committee

Report of the Superintendent of Schools

This has been an exciting year for Carver Public Schools! On December 23, 1992 Governor William Weld signed into law, a bill that will unify our schools into one school district (pre-school through grade twelve) as of July 1, 1993. Clearly, as one school district with a common mission our potential for achieving our goals will be maximized. The Carver School Committee has authorized a Strategic Planning Committee comprised of thirty individuals within the community representing various roles and relationships with our schools. The strategic planning process will result in a mission statement for the district, goals and objectives for a five year school improvement plan, and an evaluation process to monitor our progress.

The elementary schools have undergone a name change from the Governor John Carver School to the Governor John Carver Primary School and the Governor John Carver Elementary School. Even though both schools are located on the same grounds they are quite distinct in their curriculum offerings and focus. Susan Martin, who previously served as Assistant Principal, was appointed Principal of the Governor John Carver Elementary School (grades four through six). Richard Pazasis remains Principal of the Primary School (kindergarten through grade three) and the Benjamin Ellis School (pre-school and kindergarten). Mrs. Martin's appointment as Principal has resulted in a more effective use of supervisory time for both her and Mr. Pazasis. Both Principals have done an outstanding job this year in promoting new educational initiatives and in supervising curriculum review.

Student performance, as reflected by the California Test of Basic Skills, exceeded expected grade level scores; this is especially significant since a new version of the test was used which included higher standards. The results of the Massachusetts Educational Assessment Program identified our students scored in the average range in all areas assessed. We are not satisfied with these results and each principal has supervised a curriculum review in each subject area to insure that our skill sequence is consistent with the sequence the State is assessing every two years. A significant number of our students are continuing to receive average to above average grades as reflected by teacher evaluation (report cards). All of these student performance measures point to a positive educational program and are a reflection of the hard work and dedication of our school staff.

Many activities go on throughout the school year that expand or continue relationships between our schools, municipal offices and local businesses in Carver. Our students continued to learn and participate in town government through visits to the Selectmen's Office. We have also utilized the public library and the Carver High School library more this year than ever before to assist our students in light of our loss of the Instructional Media Center at the primary school. The Carver School Committee has worked closely with the Master Plan Committee to involve students in the "Carver 2000" project including poster contests and various projects. Mrs. Bither, Carver Animal Control Officer, presented a series of rabies awareness lectures to all students kindergarten through grade six. Shaw's supermarket continued their sponsorship of a field trip to the Museum of Science for fifty students. Shaw's has also worked closely with our parent volunteer program providing a generous contribution to defray the costs of

photocopying at our schools. In addition, they donated bottle and can drive monies during the school year to be expended for our schools. Parents and staff from the local school district spent many hours contributing to the success of the "Together We Can" presentation. Carver Parent Volunteers have continued to provide invaluable assistance to our staff in many areas. A new program called TACOS (Taking A Class Outside) for science field work was assisted by parent volunteers in grade five. Parent volunteers have also been continuing their efforts in the health education program called "Here's Looking At You 2000" at all grade levels.

Our schools are providing exciting opportunities for our children with the continued use of our interactive satellite programs offered by Massachusetts Corporation for Education Telecommunications. The use of the satellite program has increased significantly this year and many teachers are taking advantage of unique learning situations including a year long foreign language series. Grades four through six teachers have also involved students in the Jason Project, an exciting science program that utilizes the satellite program and field trips.

Our school staff continues to show their commitment to our students by providing activities such as the chess club, Odyssey of the Mind teams, math league for grade six and band concerts. School activities such as the superstar program, honor roll assemblies, Presidential Academic Fitness awards, the Old Colony Vocational program for grade six, the National Geographic Geography Bee, spelling bees, grade six Somalia collection, Thanksgiving food drive, Christmas caroling at the Atwood House and "Teddy Bear Day" for children in Boston area hospitals, all provide rich and important lessons for our children.

One of my goals for this school year has been to assist our staff to fully implement developmentally appropriate educational practices. This goal will almost be accomplished with the completion of a year long study of multi-age programs and the training of over six school staff in the multi-age approach. These activities have taken two years to accomplish; however, the dialogue among the staff and community regarding development practices over the past year has been well worth the effort.

Carver Public Schools, as a pre-school through grade twelve school system, has the potential to become the very best school district in the Commonwealth. We have an outstanding staff, a supportive community, interested and committed parents, excellent administrative leadership and a dedicated school committee; all the ingredients needed for success. Our future will depend upon increased fiscal support from the State legislature. A stable and equitable funding source would assist our community in funding the high cost of educating our children. I look forward to working with our school committee, staff and community to make next year the best year our children have experienced in Carver Public Schools.

TOWN WARRANT
AND REPORT OF THE
FINANCE COMMITTEE
OF THE
TOWN OF CARVER
MASSACHUSETTS

ANNUAL TOWN ELECTION & SPECIAL TOWN MEETING

Election: Saturday, April 10, 1993
Meeting: Monday, May 17, 1993

Municipal Finance Terminology

The following terms are frequently used in the Annual Town Report and at Town Meetings. In order to provide everyone with a better understanding of the meaning, the following definitions are provided.

SURPLUS REVENUE: (often referred to as: "Excess and Deficiency")

This fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserve. This is a bookkeeping term.

AVAILABLE FUND: (often referred to as: "Free Cash")

Available funds is the amount certified annually by the State Bureau of Accounts by deducting from surplus revenue all uncollected taxes for prior years. This fund may be used by a vote of the Town Meeting.

OVERLAY:

The Overlay is the amount raised by the Assessors in excess of the appropriations and other charges for the purpose of creating a fund to cover abatements granted and avoiding fractions.

OVERLAY RESERVE:

This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the reserve fund.

RESERVE FUND:

This fund is established by the voters at an annual town meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both.

STABILIZATION FUND:

This is a fund created to provide a reserve for capital expenditure. Appropriations from the Stabilization Fund may be made at an Annual Town Meeting by a two-thirds vote for any purpose the Town is authorized to borrow money for under Section 7 or 8 of Chapter 44 or for such other purpose as is approved by the Emergency Finance Board.

CHERRY SHEET:

Named for the cherry colored paper on which the Massachusetts Commission of Corporations and Taxation traditionally printed it, the cherry sheet carries the figures which must be used by the Assessors in determining the amount to be raised by taxation.

It lists the amounts of county tax and state assessments, as well as the estimated tax distributions from the General Fund, reimbursements, agency funds, and the Sales and Use Taxes.

Article 22. To see if the Town will amend its bylaws by inserting section 2 of ARTICLE XIX to further regulate the consumption of alcoholic beverages on certain licensed premises or take any other action relative thereto.

ARTICLE XIX Public Ways and Places

Section 2. Consumption of Alcoholic Beverages on Certain Licensed Premises.

No person shall consume alcoholic beverages on the premises of a commercial licensee who or which is licensed by the Selectmen or the Board of Health under General

Laws chapter 140 unless said licensee has a license for the sale of such beverages for consumption on the premises, or the selectmen have granted an occasional and temporary permit for the consumption by invitee on such premises of certain alcoholic beverages that have been purchased off the premises by the invitee. Whoever shall without permission as aforesaid consume alcoholic beverages on the premises of said licensee shall be fined \$50.00 for the first offense, and \$100.00 for each subsequent offense. Each container of alcoholic beverage shall be deemed a separate offense.

No licensee under General Laws chapter 140 who has no license to do so shall encourage, permit, or facilitate the consumption of alcoholic beverages on his, her or its premises. Whoever encourages, permits or facilitates the consumption of alcoholic beverages on his, her, or its premises without a temporary and occasional permit to do so shall be fined \$1,000.00 for each offense, each day of offense being a separate offense, and to the extent permitted by law, the licensing authority may with due notice suspend, revoke or revise the applicable license.

The Selectmen may upon application of a licensee grant a temporary and occasional license for the consumption of certain alcoholic beverages on the premises of said licensee, provided that same shall not be sold on the premises and the selectmen find that adequate measures are assured to protect the public safety on and off the premises.

Nothing herein shall be construed to prohibit the consumption of alcoholic beverages on any premises licensed under General Laws chapter 140 by an individual who has acquired such beverage elsewhere, within habitable space owned or rented by the consumer thereof and his invitee and within a lodging house, recreational camp, overnight camp or cabin, motel and mobile home park licensed under General Laws chapter 140, provided the licensee permits such consumption. The term "alcoholic beverage" is as defined in General Laws chapter 138.

c.1 - To be entrusted with the administration of the town personnel system, including, but not limited to personnel policies and procedures, rules, and regulations, including provisions for an annual employee performance review, personnel by-law and collective bargaining agreements entered into by the town. The town administrator shall also prepare and keep current a plan establishing the personnel staffing requirements for each town agency, except the school department.

c.2 - To negotiate, on behalf of the board of selectmen, all contracts and collective bargaining agreements involving any subject within the jurisdiction of the office of the town administrator, including contracts with town employees, except employees of the school department, involving wages, hours and other terms and conditions of employment. All such contracts and agreements shall be subject to the approval of the board of selectmen.

d) Administrative Duties:

d.1 - To supervise, direct and be responsible for the efficient administration of all functions and activities for which the office of town administrator is given authority, responsibility or control by this by-law.

d.2 - To attend all regular and special meetings of the board of selectmen, unless unavoidable for reasonable cause, and shall have a voice, but not vote, in all of its proceedings.

d.3 - To keep the board of selectmen fully advised as to needs of the town and recommend to the board of selectmen and to other elected town officers and agencies for adoption such measures requiring action by them or by the town meeting as the town administrator may deem necessary or expedient.

d.4 - The town administrator shall be responsible for the maintenance and repair, rental and use, of all town buildings and facilities placed under the town administrator's control by this Act by-law, by vote of the town or otherwise.

d.5 - To assure that a full and complete inventory of all property of the town, both real and personal, is kept, including all property under the control of the school committee.

d.6 - To see that the provisions of the general laws, town by-laws and other votes of the town meeting and votes of the board of selectmen which require enforcement by the town administrator are faithfully executed.

d.7 - Keep records of his activities and render a full report to the board of selectmen when required.

d.8 - To coordinate the activities of all town agencies serving under the office of the town administrator and the office of the board of selectmen with those under the control of other officers and multiple member bodies elected directly by the voters. For this purpose, the town administrator shall have authority to require the persons so elected, or their representatives, to meet with the town administrator, at reasonable times, for the purpose of effecting coordination and cooperation among all agencies of the town. The town administrator shall have the right to attend and speak at any regular meeting of any multiple member body.

d.9 - To seek and review, by initiative or upon request of any town officer, those state, federal, regional and all other grants which may be of benefit to the Town of Carver. The town administrator shall be the authority responsible for reviewing and completing all applications for such grants, except as otherwise authorized by statutes. Once drafted, all grant applications shall be submitted to the board of selectmen for their approval and signature.

d.10 - To be responsible for any and all dispositions of non-criminal citations issued in the Town of Carver. The town administrator will be responsible for assigning one or more assistant clerks as required.

d.11 - To be responsible for the publication, maintenance and review of the town by-laws and of any duly authorized revisions, amendments, additions, or other changes pertaining thereto. Subsequent to enactment by the town meeting, copies of the revised by-laws shall be forwarded to the attorney general of the Commonwealth for approval, and they shall be otherwise published, all as required by general laws. Copies of the revised by-laws shall be made available for distribution to the public.

d.12 - To attend all sessions of all town meetings and answer questions raised by voters which relate to warrant articles and to matters over which the town administrator exercises any supervision.

d.13 - To inquire, at any time, into the conduct and operation of office or performance of duties of any officer or employee, department, board, commission or other town agency.

d.14 - Receive and address citizen complaints and needs.

d.15 - To perform any other duties as are required to be performed by the town administrator by by-laws, administrative code, votes of the town meeting or votes of the board of selectmen, or otherwise.

D. Effect: To the extent that the provisions of this By-Law modify or repeal existing By-Laws of the Town of Carver, this By-Law shall govern.

To see if the Town will vote to transfer the balance of the School Insurance Recovery Governor John Carver Storm Damage Account established under Chapter 44, section 53 of the Massachusetts General Laws, to a special account to be used for the purpose of restoring physical damage done to the Governor John Carver School. Said funds to be expended by the School Committee.

(by Carver School Committee)

Article 17. To see if the Town will transfer from available funds in the treasury the sum of Twelve Thousand (\$12,000.00) Dollars to create a Demolition Fund, to be used by the Inspector of Buildings, for the purpose of razing dangerous, burnt, unused, uninhabitable, open to the weather, fire hazard, health hazard, and structurally unsound buildings, or take any other action relative thereto.

(by Inspector of Buildings)

Article 18. To see if the Town Meeting will vote the following bylaw pursuant to G.L., c.40, s 6N, or take any other action relative thereto.

ARTICLE XXX REPAIR OF PRIVATE WAYS.

Pursuant to G.L., c.40, s 6N, the Town shall make repairs to private ways in the Town of Carver only if all of the following requirements are first met:

- (a) The repair to the road surface shall consist only of grading and leveling and patching with bituminous concrete, recovered asphalt paving, or processed gravel.
- (b) The repair may include drainage improvements.
- (c) No repair or drainage improvement shall be made until the Board of Public Works Commissioners has first voted as to declare the particular repair a public necessity, provided however, that no betterment or cash deposit shall be assessed or required for a repair so declared, and there shall be no requirement of petition from abutters to the particular private way to be repaired.
- (d) No repair shall be made on any land except with express written permission from the owner thereof, unless such owner is not determinable on the records of the Assessors, and the Town shall not be liable for damages caused by such repair.

(e) No private way shall be repaired unless said way has been in existence and open to the public continuously since July 1, 1983, and no private way which the Town Meeting has expressly refused to accept shall be eligible for repair hereunder.

(f) The Town shall have no duty to repair a private way and such repairs shall be subject to the appropriation of funds therefor by Town Meeting.

(by Department of Public Works)

And you are directed to serve this warrant by posting attested copies thereof at the several places designated by vote of the Town fourteen days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant, with your doings thereon, at the time and place of meeting aforesaid.

Given under our hands this sixth day of April in the year One Thousand Nine Hundred and Ninety-Three.
