## **QUESTION 1 — BALLOT QUESTION SPENDING**

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

**SUMMARY:** This proposed law would limit the way in which business and certain non-profit corporations could contribute to and spend money on campaigns involving an initiative, referendum or other question submitted to the voters at a state or local election. The proposed law would require ballot committees organized to support or oppose any question submitted to the voters to disclose promptly certain contributions made late in the campaign; would establish procedures that business and certain nonprofit corporations would have to follow in order to spend money on ballot question campaigns; and would establish voluntary spending limits for ballot committees.

The proposed law would require a ballot committee to report to the state Office of Campaign and Political Finance, within one business day of receipt, the name, address, occupation and employer of any person or organization making a contribution of \$1,000 or more, if the contribution was made before the date of the election but after the closing date of the last official campaign contribution report.

Under the proposed law, business and certain nonprofit corporations would be prohibited from making contributions or expenditures to support or oppose a ballot question, but would be permitted to create and solicit contributions to a separate fund to be used to support or oppose a ballot question. A separate fund would be required for each ballot question on which the corporation intended to solicit contributions. The corporation would be required to report all amounts spent to establish and administer the fund to the Office of Campaign and Political Finance, and to a city or town if the fund were established to influence the vote on a local ballot question.

Contributions to the separate fund could be solicited only from members or stockholders, officers and directors, and employees at a policy making, managerial or professional level. Coercion, job discrimination and financial reprisals as methods of soliciting contributions would be prohibited. Nonprofit corporations that are formed for the purpose of promoting political ideas, do not engage in business activities, have no shareholders, and do not have business corporations as members or accept more than one percent of their revenues from such corporations would be exempt from these provisions. A business organization that violated these requirements could be fined up to \$50,000 and any director or agent of a business organization who violates or authorizes the violation of these requirements could be fined up to \$10,000 and/or imprisoned for up to one year.

The proposed law would establish voluntary spending limits for ballot committees at \$1,000,000 in the year of an election, and \$250,000 in the years immediately before and after an election. Ballot committees agreeing to observe these voluntary limits would be permitted to announce their compliance on advertisements and campaign materials. Ballot

committees that agreed to observe the spending limits and later exceeded the limits could be fined up to \$10,000.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect

### QUESTION 2 — SEAT BELT LAW

Do you approve of a law summarized below, which was approved by the House of Representatives on January 4, 1994, by a vote of 105 to 49, and approved by the Senate on January 4, 1994, by a vote of 26 to 11?

**SUMMARY:** This law requires drivers and passengers in certain motor vehicles on public ways to wear properly adjusted and fastened safety belts. The law applies to persons driving or riding in private passenger motor vehicles or riding in vanpool vehicles or trucks under 18,000 pounds. It also applies to employees of cities, towns, counties, and districts. The law does not apply to: (1) children under 12 years old who are required by another state law to use safety belts or other child passenger restraints; (2) vehicles manufactured before July 1, 1966; (3) persons certified by a physician as physically unable to use safety belts; (4) U.S. Postal Service rural carriers while performing their duties; (5) persons involved in operating taxies, liveries, tractors, trucks of 18,000 pounds or more, buses; or (6) passengers in authorized emergency vehicles.

The law is enforced by law enforcement agencies only when a driver has been stopped for a motor vehicle violation or some other offense. A driver and each passenger 16 years old or older may be fined \$25 for not using a safety belt when required. A driver may also be fined \$25 for each passenger between 12 and 16 years old who is not using a safety belt when required. A person who receives a citation for violating the law may challenge it by using the same procedure that applies to most other automobile law violations. A violation is not considered a moving violation for motor vehicle insurance surcharge purposes.

The law directs the state Registrar of Motor Vehicles to require police officers, when reporting automobile accidents, to record whether safety belts were used. The law directs the Governor's Highway Safety Bureau to (1) conduct a public information and education program on motor vehicle occupant protection; (2) evaluate and report to the Legislature, by June 1, 1995, on the effectiveness of and degree of compliance with the law; and (3) Make annual surveys of safety belt use.

The law requires the state Commissioner of Insurance to evaluate, report, and make recommendations to the Legislature concerning the effectiveness of the law and the frequency of bodily injury claims during the law's first year of operation. The Commissioner must also require at least a 5% reduction in bodily injury insurance premiums if the observed safety belt use rate among all vehicle occupants is 50% or more after the law's first year of operation. The Commissioner is required to take into account the annual safety belt use survey results in future decisions setting bodily injury premiums, and the Commissioner must further reduce those premiums if the safety belt use rate in Massachusetts exceeds the national average.

The law provides that failure to wear a properly fastened safety belt may not be considered as contributory negligence or used as evidence in any civil lawsuit. It also states that no insurance company may either (1) deny coverage to a person who failed to wear a safety belt during an accident that led to bodily injury, or (2) refuse to issue a motor vehicle liability policy based on a violation of this law.

### QUESTION 3 — STUDENT FEES

Do you approve of a law summarized below, which was approved by the House of Representatives on May 28, 1993 by a vote of 112 to 39, and approved by the Senate on June 23, 1993 by a vote of 20 to 19?

**SUMMARY:** This law eliminates one of the two ways in which students may authorize fees to be assessed on tuition bills at state-operated colleges and universities to support nonpartisan student organizations that attempt to influence state legislation.

The law applies to community and state colleges and University of Massachusetts. The law takes the place of previous law that allowed a student body, by a majority vote in an official student body referendum, to authorize a "waivable fee" or (at state colleges and the University) an "optional fee," to be collected for such nonpartisan student organizations. Under this law, the boards of trustees at community and state colleges and the University are prohibited from collecting waivable fees and may only collect optional fees for such organizations.

A "waivable fee" is collected when authorized by a majority of those students voting in an official student body referendum. A waivable fee is an amount payable on a tuition bill, appearing as a separately assessed item and accompanied by a statement that the fee is not a charge required to be paid by the student but rather the student may deduct the charge from the total amount due. The tuition bill also explains the nature of the fee and states that

the fee appears on the bill at the request of the student body and does not necessarily reflect the endorsement of the board of trustees.

An "optional fee" is collected when authorized by a majority of those students voting in an official student body referendum. An optional fee is an amount payable on a tuition bill, appearing as a separately assessed item and accompanied by a statement that the fee is not a charge required to be paid by the student but rather that the student may add the charge to the total amount due. The tuition bill also explains the nature of the fee and states that the fee appears on the bill at the request of the student body and does not necessarily reflect the endorsement of the board of trustees.

#### QUESTION 4 — TERM LIMITS

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

**SUMMARY:** This proposed law would prevent the name of a person from being printed on a state primary or general election ballot as a candidate for one of a number of specified state and federal public offices, if the person had already served a certain number of consecutive terms in that office within a fixed period preceding the end of the then-current term of office. If such a person were still elected by write-in vote to one of the state offices (except the office of Governor), the person would serve without a salary, and in some of the state offices, without payment for certain expenses.

Under the proposed law, the name of a person could not be printed on a primary or general election ballot as a candidate for the office of Governor, Lieutenant Governor, Secretary of State, State Treasurer, State Auditor, or State Attorney General, if the person had served two consecutive terms (eight years) in that office in the eleven years prior to the end of the then-current term of office. The name of a person could not be printed on a primary or general election ballot as a candidate for the office of Governor's Councilor, State Representative, State Senator, or United States Representative from Massachusetts, if the person had served four consecutive terms (eight years) in that office in the nine years prior to the end of the then-current term of office. The name of a person could not be printed on a primary or general election ballot as a candidate for the office of United States Senator from Massachusetts, if the person had served two consecutive terms (twelve years) in that office in the seventeen years prior to the end of the then-current term of office. The proposed law would not prevent any voter from casting a write-in vote for any person as a candidate for any office.

If a person made ineligible by the proposed law to have his or her name printed on the ballot as a candidate for the office of Lieutenant Governor, Secretary of State, State Treasurer, State Auditor, State Attorney General, Governor's Councilor, State Representative or State Senator were still elected to that office by write-in vote, the person would serve without a salary. If such a person were elected to the office of Lieutenant Governor, Governor's Councilor, State Representative or State Senator, the person would also serve without payment for certain expenses.

The current terms of the persons serving as Governor, Lieutenant Governor, Governor's Councilor, State Representative, State Senator, United States Representative from Massachusetts, and United States Senator from Massachusetts, would not be counted for purposes of the proposed law. The terms of the persons elected in 1990 to the office of Secretary of State, State Treasurer, State Auditor, or State Attorney General would be counted.

Any person who served more than half of a term in an office would be treated as having served a full term in that office, Any person who resigned from an office would be treated as having served a full term.

The proposed law states that if any of its provisions were found invalid, the other provisions would remain in effect.

#### QUESTION 5 — RETAIL STORE OPENING

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

**SUMMARY:** This proposed law would allow retail stores to open at any time on Sundays and on the legal holidays of Memorial Day, July Fourth, and Labor Day. It would not affect current restrictions on the sale of alcoholic beverages on Sundays and these holidays. Store opening under the proposed law would be required to make Sunday and holiday work voluntary and would be required to pay most employees at least one and one-half times their regular rate.

## QUESTION 6 — GRADUATED INCOME TAX

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on November 16, 1992, by a vote of 132 to 39 and on May 25, 1994, by a vote of 119 to 73?

**SUMMARY:** This proposed constitutional amendment would require Massachusetts income tax rates to be graduated, in order to distribute the burden of the tax fairly and equitably. The proposed amendment would require the rates for taxpayers in higher income brackets to be higher than the rates for taxpayers in lower income brackets. The proposed amendment would also allow the state Legislature to grant reasonable exemptions and abatements and establish the number and range of tax brackets. The proposed amendment would eliminate from the Massachusetts Constitution the present requirement that income taxes must be levied at a uniform rate throughout the state upon incomes derived from the same class of property.

## QUESTION 7 — INCOME TAX CHANGES

Do you approve of a law summarized below on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

**SUMMARY:** This proposed law would change the state personal income tax laws if a proposed amendment to the Massachusetts Constitution requiring income tax rates to be graduated is approved at the 1994 state election. This proposed law would (1) set graduated income tax rates to replace the existing tax rate structure, (2) change exemptions and deductions relating to dependents, child care expenses, head of household status and personal exemptions, (3) establish a property tax and water rate credit of up to \$200 for taxpayers below certain income levels, (4) increase the maximum income levels for no-tax status and the limited income credit, (5) establish a "capital formation incentive" to replace the existing capital gains exclusion, and (6) provide that taxpayers will not pay more Massachusetts income tax for 1995 than they would have paid under 1992 law, if their 1995 adjusted gross income is below certain levels (for instance, \$60,000 for single filers and \$100,000 for married couples filing jointly)

### (1) PROPOSED GRADUATED INCOME TAX RATES WOULD:

— Set the following state tax rates for all Massachusetts taxable income (after subtracting applicable deductions and exemptions):

<b>Tax Rate</b>	<b>single</b>	<b>married filing jointly</b>	<b>married filing separately</b>	<b>head of household</b>
5.5%	up to \$50,200	up to \$81,000	up to \$40,500	up to \$60,100
8.8%	over \$50,200	over \$81,000	over \$40,500	over \$60,100
9.8%	up to \$90,000	up to \$150,000	up to \$75,000	up to \$120,000
	over \$90,000	over \$150,000	over \$75,000	over \$120,000

A taxpayer whose total taxable income exceeded the upper limit for the 5.5% or 8.8% income bracket would still be taxed at the lower rate for income within that bracket. For example, a single person with \$100,000 in taxable income would be taxed at 5.5% on \$50,200 of that income, and at 8.8% on the next \$39,800, and at 9.8% on the remaining \$10,000 of that income. The income brackets would be increased annually, starting in 1996, to account for changes in the cost of living.

- Eliminate the existing division of Massachusetts income into Part A income (generally, dividends, capital gains, and certain interest), currently taxed at 12 percent, and Part B income (all other income), currently taxed at 5.95 percent.

- Create a “head of household” filing status for single persons who have dependents and who file federal returns as heads of households.

- Prevent any gain from the sale of a taxpayer’s principal residence from being taxed by the state at a rate higher than 6%.

- Provide that non-residents would pay tax on their Massachusetts income based on the income rate brackets applicable to their total income (including Massachusetts and other income).

**(2) PROPOSED CHANGES IN EXEMPTIONS, DEDUCTIONS AND CREDITS WOULD:**

- Replace the child and dependent care expense deduction with a child and dependent care tax credit equal to 60% of the federal child and dependent care tax credit.

- Increase the existing exemption for each claimed dependent from \$1,000 to \$2,000.

- Allow heads of households a personal exemption of \$3,400, plus \$2,200 if blind and \$700 if 65 years of age or over.

— Reduce personal exemptions gradually for taxpayers whose adjusted gross income exceeded \$60,000 for single filers, \$100,000 for married persons filing jointly, \$50,000 for married persons filing separately and \$80,000 for heads of households. The personal exemption would be eliminated entirely for filers whose adjusted gross incomes exceeded these amounts by more than \$50,000 (\$25,000 for married persons filing separately). These amounts would be increased annually, starting in 1996, to account for changes in the cost of living.

— Allow interest and dividends from deposits in all banks and institutions to qualify for the \$100 deduction (\$200 for married couples) currently applicable only to Massachusetts bank interest and dividends.

— Allow the \$1,000 net capital loss deduction to be taken against all income, not just against Part A income as current law provides.

### **(3) PROPOSED PROPERTY TAX AND WATER RATE CREDIT WOULD:**

— Create a property tax and water rate credit of up to \$200 for eligible homeowners and renters who have total incomes less than: \$30,000 for married couples, \$25,000 for head of household filers and \$20,000 for single filers. The amount of the credit would depend on the amount by which the taxpayers' real estate property tax and water charges exceed 10% of their income. 20% of tenants' rent would be treated as a property tax payment for these purposes. If the taxpayer had no income tax due, the amount of any credit due would be paid to the taxpayer, as long as the state Legislature made any appropriation necessary to pay such refunds.

### **(4) PROPOSED \$2000 INCREASE IN THE EXISTING INCOME THRESHOLDS FOR NO-TAX STATUS WOULD:**

Exempt taxpayers at or below the following levels of adjusted gross income from paying income tax: \$14,000 for married couples filing jointly, \$12,000 for head of household filers, and \$10,000 for single filers. These levels would be adjusted annually, starting in 1996, to account for changes in the cost of living. The new levels also would apply to the limited income credit which is available to taxpayers with adjusted gross income up to 175 percent of these levels.

### **(5) PROPOSED CAPITAL FORMATION INCENTIVE WOULD:**

— Replace the current 50% capital gains deduction with a "capital formation incentive" deduction, which would allow partial deductions for gains from the sale or exchange of qualified stock issued by certain corporations that employ 50% or more of their employees in Massachusetts.

— Only gains on original stock purchased on or after January 1, 1995 from certain corporations engaged in active business, and held for required periods of time, would qualify for the deduction. The amount of the deduction would be 30% of the gain on stock held at least 3 years; 50% for stock held at least five years; and 70% for stock held at least seven years. Detailed provisions would restrict the benefit of this deduction to stock issuances which reflect new investments in businesses, and would disqualify stock in certain types of corporations that receive special tax treatment under existing law.

**(6) PROPOSED CAP ON TAX LIABILITY FOR CERTAIN TAXPAYERS IN 1995 WOULD:**

— Excuse taxpayers at or below the following levels of adjusted gross income, as determined under the proposed law, from owing more Massachusetts income tax in 1995 than they would have owed under 1992 law; \$100,000 for married couples filing jointly. \$80,000 for heads of households, \$60,000 for single filers, and \$50,000 for married persons filing separately.

**(7) EFFECTIVE DATE:**

If the State Constitution is amended at the 1994 election to require graduated income tax rates, the proposed law would be effective beginning in tax year 1995. The proposed law states that if any of its provisions were found invalid, the other provisions would remain in effect.

Note: Wherever this summary refers to current or existing law, the reference is to the law in effect on August 1993, when this summary was prepared.

**QUESTION 8 — HIGHWAY FUND CHANGES**

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

**SUMMARY:** This proposed law would increase the portion of gasoline tax revenue that would be credited to the state Highway Fund; prohibit the transfer of money from the Highway Fund to other state funds for other purposes; declare that citizens have a right to a safe and efficient public highway, road and bridge system and require the state to develop a comprehensive seven-year state transportation plan; and make certain other changes in state finance laws relating to the Highway Fund.

The proposed law would require that the small portion of state gasoline tax revenues that is deposited in funds relating to the use of watercraft be deposited instead in the Highway Fund. No revenue deposited in the Highway Fund could be transferred to any other state fund for any purpose other than one for which the Highway Fund may be used.

The proposed law would declare that the citizens of Massachusetts have a right to a safe and efficient public highway, road and bridge system, constructed and maintained by the state and its counties, cities and towns. The state Secretary of Transportation and Construction would be required to prepare a comprehensive state transportation plan for the period July 1, 1995 through June 30, 2002, to be updated every three years. The plan would provide for the repair or reconstruction of at least five percent of public highways and bridges every year, and it would establish priorities for highway, road and bridge projects based on condition and safety factors. The plan would be designed to promote economic development and employment by meeting the various transportation needs of residents throughout the state. The plan would be prepared after a public hearing and after consultation with the state Secretaries of Environmental Affairs and Economic Affairs.

Under the proposed law, money in the Highway Fund would no longer be considered in determining whether the state government has sufficient money on hand to set some aside for use in future fiscal years or to deposit some in the state tax reduction fund. The proposed law would declare that no more than 15% of gasoline tax revenues could be used for mass transportation purposes, but it would not prevent the state Legislature from appropriating additional gasoline tax revenues for such purposes.

The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

**QUESTION 9 — PROHIBITING RENT CONTROL**

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 1994?

**SUMMARY:** This proposed law would prohibit rent control for most privately owned housing units in Massachusetts, and would nullify certain existing rent control laws, except that cities and towns would be authorized to adopt a restricted form of rent control for a six month period, after which compliance by property owners would be voluntary.

The proposed law would prohibit any city or town from enacting, maintaining or enforcing any law that requires below-market rents for residential properties. It would also

prohibit the regulation of occupancy, services, evictions, condominium conversion, or the removal of the unit from rent control, if such regulation was part of a system requiring below-market rents. Existing state and local rent control laws would be nullified. The proposed law would not affect publicly owned or subsidized housing, federally assisted housing, or mobile homes.

Cities and towns would be authorized to adopt rent control for a six-month period on housing units that have a fair market rent of \$400 or less and that are owned by a person or entity owning ten or more rental units. Such rent control could not include the regulation of occupancy, services, evictions, condominium conversion, or the removal of the unit from rent control. The city or town would have to pay the owners of rent-controlled units the difference between the controlled rent and the fair market rent. After six months, owners of rent-controlled units would not be required to comply with the rent control regulation or with any other such regulation that the city or town might adopt in the future.

The proposed law would take effect on January 1, 1995. The proposed law states that if any of its provisions were declared invalid, the other provisions would remain in effect.

**Article 13.** Upon motion duly made and seconded and motion to amend by Fire Chief Dana Harriman it was Unanimously Voted for the Town to vote pursuant to its home-rule authority and General Laws, Chapter 40, Sec. 21 (10), to repeal Town By-Law XXVII, entitled Dwelling and Business Building Numbers, and Town By-Law XXVIII in their entirety and adopt, in lieu thereof; the following new Town By-Law XXXII governing the numbering of buildings:

## **NUMBERING OF BUILDINGS**

### **Town By-Law XXXII**

**Section 1.** Street Numbers shall be assigned by the Building Commissioner/Inspector of Buildings or his designee for every dwelling and every non-residential, principal building in the town.

**Section 2.** Notice of any necessary changes to previously assigned street numbers shall be given by regular mail, and by posting in the Office of the Town Clerk.

**Section 3.** It shall be the responsibility of each property owner to obtain and display the appropriate street number(s) for their existing building(s) within thirty (30) days of the effective date of this By-Law or notice of changes described in Section 2, whichever is later.

**Section 4.** Any new building described in Section 1 erected or located in the Town shall be assigned a street number at the time a building permit is issued. The assigned street number must be displayed by the date of occupancy and no occupancy permit or smoke detector certificate of compliance shall be issued for the building unless the assigned street number has been displayed.

**Section 5.** Street numbers shall be made of permanent, weather proof materials in contrasting color to the building, shall be at least three (3) inches in heights, and shall be affixed to the outside of the building near the main entrance so as to be clearly

visible from the street or way on which the building fronts. In cases where the number on the building cannot be made clearly visible from a street or way, the number shall be affixed, at a height of at least thirty-six (36) inches above the ground, to a permanent sign, post or mailbox located at the property line proximate to the access way into the lot on which the building is located.

**Section 6.** Any person who fails to comply with this By-law or who unlawfully removes, defaces or changes a street number which has been affixed to a building or structure in accordance with the By-law, shall be subjected to a fine of fifty dollars (\$50.00). This By-law shall be enforced by the Building Commissioner/Inspector of Buildings.

Upon motion duly made and seconded by the Moderator, Nancy A. Seamans, the Special Town Meeting was Adjourned at 8:40 P.M.

## Report of the Board of Selectmen

This past year has been an exciting and productive period in the life of our community that will leave an imprint upon this town for years to come. The foundations has been laid for substantial changes, with progress well underway for the renovation and expansion of Town Hall. Once completed, the building will become fully accessible to handicapped residents and expanded office space for all town hall departments will enable modern, efficient and professional service to our citizenry. The purchase of 14.5 acres that about Town Hall and the Carver Housing Authority will enable planned development for the center of town and will include a new Public Library. Progress is also underway for construction of a new South Carver Fire Station and the expansion of Carver High School.

An updated computer system is in the planning stages and new voting machines will replace the "paper ballot" in the Spring. Until litigation and construction of a new Transfer Station is complete, the Board of Selectmen have established a self-paying Recycling Center that is open weekends and Carver is well ahead of other communities in implementing an E911 system.

To keep the residents better informed, the Board of Selectmen's meetings are now televised on Adelphia Cable Communications and seem to be reaching a substantial audience.

During the past two years, this Board has begun to close the gap between residential and commercial tax rates, and is committed to continue in this direction.

Working with the IDC and Route 44 Partnership, professional planning and decision making will strive to provide the kind of commercial development the residents of this community want, without changing the character and charm that has attracted so many to this town. Just as we are engaged in needed change, we are also committed to preserving our heritage. Saving and preserving Savery Avenue and supporting efforts to re-open Edaville Railroad are but two examples.

While many of these projects are costly, every effort will be made to obtain available grants (federal and state) and the ground work has been laid for this as well. Perhaps the most important document filed to date is the "Community Action Statement" on file with the Executive Office of Communities & Development. Since the Community Action Statement is mandatory for communities seeking grant funds from this office, the Town of Carver is now eligible for a variety of funds.

The wise counsel provided by the Capital Outlay Committee (particularly in how we use the school reform monies) is greatly appreciated. We cannot use this short-term source of revenue for on-going purposes without dire consequences once this source dries up.

Finally, we thank those who serve on Boards, Committees, Commissions and all town employees for their contribution and cooperation. Members of this Board are particularly grateful to Jeanne Roby, Pat Clark and Frances Willard of the Selectmen's office for their dedication and commitment.

# Report of the Animal Control Department

The following is a report of the Animal Control Department.

During the past year, the Selectmen hired Barbara Rooney as a part-time assistant. Barbara works weekends and fills in during the week from time to time. Having an assistant has helped with the overwhelming amount of calls that come into this office at all hours of the day and night.

Rabies has been a major problem for Massachusetts.

As of December 1994, the total number of confirmed rabies cases is 1590. The breakdown is as follows, raccoons 1,308, skunks 201, cats 32, fox 16, woodchucks 21, cattle 9, horse 2, and one pig. Rabies has affected 277 towns and cities in Massachusetts. I cannot express enough to residents of Carver to make sure all pets and animals are vaccinated against rabies. Although we do not at this time have a confirmed case of rabies in Carver you can be sure it will be here.

To help combat the overpopulation of cats and dogs, I ask that all pet owners get their cats and dogs spayed or neutered. Working as the Animal Control Officer I see the unfortunate puppies and kittens that get dumped off here at the shelter.

Number of dog owners according to licenses	921
Number of dogs according to licenses	1,018
Number of male dogs	263
Number of neutered dogs	281
Number of female dogs	87
Number of spayed female dogs	387
Number of kennels	10

## Report of the Board of Assessors

Fiscal Year 1995 has seen the new mapping system being implemented into our computer system. This has included updating on our subdivision plans from 1991 thru 1994, acreage corrections from our aerial mapping and the first phase of setting up a new map and lot system. Rachael Pearson joined our staff in August of 1994, she has been attending Department of Revenue courses along with computer courses with Charles Hamilton.

Excise bills were received in our office from the Registry of Motor Vehicles for 1994 with 555 abatements granted. The Board of Assessors has also granted 111 exemptions and 109 property tax abatements. The total amount of fees received in the Assessors office and returned to the towns general fund was \$881.60.

## **Report of the Council on Aging**

The Carver Council on Aging is a town department established to serve and assist the senior population of our community, 59 years of age and older. The COA Offices, Drop-In Center and Nutrition Center are housed in the Marcus Atwood House, located at Lakeview and Tremont Streets in South Carver. This multi-purpose center is open Monday through Friday from 9:00 a.m. until 4:00 p.m., except for legal holidays.

Professional staff members (paid and volunteer) implement the programs and services established and authorized by the COA Board of Directors. Federal, state and local funds support a variety of services and programs focused on the needs of our senior citizens. Grants (public and private) also contribute to the financial support of this department.

### **PROFESSIONAL SERVICES**

Certified social workers are available for screening interviews, counseling and referral assistance. Counseling is also available for Social Security and SSI assistance, legal assistance provided by Attorney Lawrence L. Hale from 9:00 a.m. until 11:00 a.m. (second Thursday of each month) and the Southeastern Legal Assistance Corp. Other social service needs: fuel assistance, tax preparation assistance, provided by T.C.E. Program (Tax Counseling for the Elderly), insurance assistance through S.H.I.N.E. (Serving Health Information Needs for Elders) and health assistance in conjunction with the Carver Public Health Nurses. Free hearing tests are offered quarterly, free blood pressure tests are offered monthly along with annual flu shots and cholesterol tests that are provided at a modest fee. An Outreach Program becomes the "point of entry" to the COA and senior network for many seniors and members of their family. Geriatric Mental Health Social Workers are available through Catholic Charities and OCPC.

Daily Telephone Reassurance program available for seniors living alone or in isolated areas of town. Vial of Life kits are available to anyone and can be obtained at the COA office. A Loan Closet is provided by the COA and Public Health Nurses for persons needing walkers, crutches, wheelchairs, bed pans, etc. Magazines, books and puzzles available for loan as well. A Coupon Exchange file is maintained and offered to seniors wishing to extend their purchasing power. Breads and pastries from Carver's Shaw Market distributed at the Atwood House (Mon. thru Fri., 9:00 a.m. - 1:00 p.m.). The most recent service added to the COA is a Notary Public, available to seniors at no charge.

Guest speakers are scheduled as appropriate to keep seniors informed of governmental regulations and/or changes, insurance, health related issues and other topics of interest to seniors. The Carver Senior Citizens and AARP Chapter also hold their monthly meetings at the Marcus Atwood House. They too schedule guest speakers and have planned activities of interest to senior citizens.

Senior identification cards are issued by the COA and an updated list of businesses that offer senior citizen discounts is available to seniors.

Government surplus food distribution has been discontinued due to cutbacks in the federal program. Food pantry is open daily and made possible by on-going donations from Carver residents, organizations and businesses.

### **TRANSPORTATION**

Curb-to-curb transportation is available to the elderly and disabled persons living in our community. Operated by the COA, a GATRA (Greater Attleboro Taunton Regional Authority) mini-lift-bus & 2 lift vans are in service Monday through Friday for scheduled trips to shopping malls, super markets, medical appointments, social and recreational activities and for special events. A donation of one dollar fifty is accepted.

### **ADULT DAY CAR CENTER**

Although the Carver COA does not operate an adult day care center, we do provide transportation to Carver seniors enrolled in the Middleboro COA Adult Day Care Center on Monday through Friday.

### **NUTRITION**

Congregate meals are served Monday through Friday at our Nutrition Center, providing hot and nutritious meals with social interaction among senior citizens. Meals-on-Wheels are delivered to the frail and homebound seniors who qualify. A donation of two dollars is accepted.

### **DROP-IN CENTER/SOCIAL AND RECREATIONAL**

Our Drop-In-Center is open daily, Monday through Friday from 9:00 a.m. until 4:00 p.m. for those wishing to read, play cards, bingo, shoot pool, watch TV or just engage in conversation with friends. Our facility is well heated in winter and air conditioned in summer. A VCR has been installed so that films can be enjoyed or used by guest speakers when they join us. Horseshoe and tennis courts are located on Atwood property.

The COA has reserved lanes at Alley Kat Lanes in Kingston and provides transportation for our bowlers on Friday afternoons. Transportation to the YMCA in Middleboro is provided on Tuesday and Thursday mornings for participants in the Aqua Arthritic Swimming and Exercise Program.

Special day-trips are planned for the coming year: theater trips, musicals, ice shows, sporting events, flower show, etc.

Friends of the COA, Inc. sponsor various fundraising dinner/dances and will be planning more for the coming year. Our Annual Chicken BBQ and St. Patrick's Day Corned Beef and Cabbage Dinner remain popular. A traditional Turkey Dinner with all the trimmings has become an annual event for elders living in Carver and surrounding communities Thanksgiving Day.

### **SUSTAINING MEMBERSHIP**

Friends of COA have launched a Sustaining Membership drive with a goal of 2,000 members. Annual membership fee: \$5 for individuals and \$10 for businesses and organizations. Sixty percent for "building fund" with forty percent for "operating expenses."

### **NEWSLETTER**

To keep our senior population informed of activities, programs and matters of particular interest to them, we now distribute a monthly newsletter. Increased postage cost and related expenses prevent us from mailing the newsletter, but they are available for pick-up at the Town Hall, Carver Public Library, Atwood House and in the stores and businesses that advertise in our publication. Newsletters are also distributed on our GATRA buses and with the help and assistance from the mobile home parks, distributed along with their own newsletters.

# Report of the Board of Health

To the Honorable Board of Selectmen:

The following is the annual report of the Board of Health for 1994:

Percolation Tests	146
Well Permits	54
Well Repair Permits	14
Disposal Works Construction Permits	62
Disposal Works Construction Repair Permits	19
Disposal Works Construction Permit Renewals	16
Disposal Works Installer's Permits	35
Septic Hauler Permits	16
Rubbish Hauler & Rubbish Hauler Road Permits	98
SEMASS Registrations (Hauling)	8
Food Establishment Permits	45
Day Care Permits	2
Campground Permits	3
Mobile Home Park Permits	5

A total of \$281,096.25 was received from January 1, 1994 to December 31, 1994 which includes \$113,778.00 received from the five (5) mobile home parks in Carver. CMW Regional Landfill tipping fees, permit and inspection fees reflect the remainder of the total. In 1994 the Board saw an increase in percolation tests and issuance of permits. One reason being the development of Settler's Green subdivision off of Cranberry Road in South Carver. A subdivision consisting of 137 house lots.

In 1994 the Board implemented Rules and Regulations Governing Family Type Camp Grounds and a new Fee Schedule. The Massachusetts Department of Environmental Protection has been in the process of revising Title 5 of the Massachusetts Environmental Code (rules governing on-site treatment and disposal of sanitary sewage). The Board has attended numerous public hearings and workshops regarding the major changes in Title 5. The new Title 5 to become effective in early 1995.

On July 7, 1994 the Board's Health Agent, James M. Lynch, passed away. We were unfortunate to lose such a valuable co-worker and friend. He will surely be missed.

In September 1994 we hired Carver resident, Robert C. Tinkham, Jr. as our Health Agent. Mr. Tinkham, a former teacher in the Fairhaven and Carver Public School systems, has proven to be a great asset to the Board and the Town. Mr. Tinkham completed the Applied Food Service Sanitation Course, and has become certified by The Department of Environmental Protection as an approved Soil Evaluator and Title 5 System Inspector.

The Board of Health and staff will continue serving the people of Carver to the best of their ability. With the numerous problems that occur in the Town, it is necessary to have the support of the Town Officials and the citizens of the community.

It is with honesty and pride that we serve you.

Respectfully submitted,

## Report of the Public Health Nurse Committee

“It was a pleasure to have your nurses in my home giving me such loving care. Without their concern and encouragement my recovery would have been much longer.”

The Carver Public Health Nurse Committee is a comprehensive, certified home health agency providing the full range of home health services to the residents of Carver. The services provided include skilled nursing, physical therapy, speech therapy, occupational therapy, medical social work, and home health aide. The agency also provides many health promotion screenings, immunization programs, and communicable disease follow-up. The staff are an excellent resource for town residents regarding community resources available.

As the health care climate continues to change at such a rapid rate in this country, the demands on our staff continue to increase. The direct care staff are coping not only with sicker patients, with complex health needs, but also with increased paperwork demands and requirements from reimbursement sources. The administrative staff is meeting and networking with area health care agencies to investigate the varied types of collaborations and affiliations developing. The goal of all staff is the same, to provide the highest quality, most cost effective home health care to the residents of Carver.

For FY 6/30/94 the following visits were made:

### **Morbidity (Care to the sick)**

Skilled nursing	2,241
All therapies	880
Home Health Aide	3,478
	6,599 visits

### **Health Promotion**

Home and office visits	318 visits
------------------------	------------

### **Administrative & Supervisory: (129 visits)**

#### Clinics (total for calendar year 1994)

BP & Health Monitoring	24 Clinics, 338 visits
Flu Immunizations	814
TB Screenings	164
Catch-up Immunizations	55
MMR Clinic	32

As a certified agency the Carver Public Health Nurse Committee has the ability to bill third party payors for services rendered. The following receipts were submitted to the Town of Carver for FY 6/30/94

Medicare	275,878.66
Medicaid	24,168.95
BC/BS	5,787.50

Other Insurance	8,425.82
Self Pay	6,397.50

The statistics for the past 2 years have demonstrated a marked increase. For comparison the following totals are submitted:

FY 90	2,672	total visits
FY 91	3,354	total visits
FY 92	3,622	total visits
FY 93	4,737	total visits
FY 94	7,046	total visits

These visits have been provided with the same basic staff. Additional staff will be added slowly over the coming year. Our physical space is also no longer adequate. The Board of Health, Board of Selectmen and Council on Aging will be working collaboratively with the agency administration to investigate space options.

A terrific group of volunteers have helped the agency staff cope during these past 2 years of unprecedented growth. The volunteers help in the office with typing, filing, and posting of statistics, visiting and doing errands for our homebound patients, driving to medical appointments, and helping at clinics. A special thank you is extended to all of our volunteers: Miriam Beaver, Rose Kasarjian, Margaret Houlihan, and Lois Murphy.

The "Friends of the Carver Nurses, Inc" continue to provide significant support - financially as well as through volunteers. "Friends" solicit and accept donations on behalf of the nursing agency, assist at clinics, help with clerical duties, visit our homebound patients and drive patients to doctors appointments. This worthy organization is an invaluable asset to the Carver Public Health Nurses as well as the community.

Our sincere thanks are sent to the Carver Police Dispatchers who answer our phone when the office is closed. These dedicated professionals do an excellent job of dealing with our patients and referral sources. The entire staff appreciates their efforts.

On behalf of the entire staff: Public Health Nurses: Pat Benson, Dolores Peru, Ellen McDermott, and Kathy Murray; Physical Therapists: Claire Mather & Helen Estes; Speech Language Pathologists: Ellen Mantenfel and Gene Pizzolatto; Occupational Therapist: Pat Hicks; Medical Social Worker: Carol Brookman; Home Health Aides: Lorraine Martin, Bobbi Frugoli, Sue Madden and Pat Johnson; and Office Manager: Laurel Butler, it continues to be our pleasure to meet the home health care needs of the residents of Carver.

"Carver is really blessed with the best nurses around, who are so compassionate and caring. we should all be proud of them - I know I am."

Respectfully submitted,  
 Karen K. Barnes, R.N., B.S.  
 Supervisor/Administrator

Persons using the Library	41,035

Our Library continues to provide highly valued services to the Town Residents. Circulation is increasing in all areas. At the last Town Meeting voters approved expansion of library hours from 40 to 44 by voting increased staff time. The requests and the resulting increases are a result of the three year study completed by the Library Study Committee.

The Library Building Committee, voted by TM, began the work of planning for a new library. A Building Program has been written, Grant monies are being sought as work moves ahead to implement the studies.

These groups and persons used the Atwood room in 1994: Webelos, Carver Youth Basketball, Historical District Commission, Recycling Committee, Arts Lottery, Friends of the Library, Carver Women's Soccer, TOPS. These programs were offered by the Library: Dean Whitter Investment, Santa Visits, Together We Can Run by Peg Merritt, Perishable Theatre, Framing and Matting Workshop, Babysitting Training, Book Talk to South Meadow Village, and Poetry Writing Classes.

The Children's department continues to provide two weekly story times during the winter. We are fortunate to have Barbara Carlson to provide a story time for the very young each week. Summer reading featured a play produced by the children in the reading program. There were summer bedtime story hours also.

Tours were given to fourth grade students from Gov. John Elem School, Capt. Pal, and Ben Ellis youngsters.

It is sad to report that Friends of the Library are inactive. Much fine work has been done in past years by the group. Friends have continued support through sales of used books at the library which is reflected in the statistics above.

These families and individuals also donated books to the Library: Best, Johnson, Wick, Rosten, Vanlenten, MacPherson, Wingsted, Wittkind, Burton, Josh Thorell, Yule, Petrie, Berberian, Goulette, Herrick, Gittenes, Calligan, and Fontaine.

The many names listed is a measure of support and interest in the library. The Trustees and staff are grateful for the lively participation of Residents in Carver in the Library.

Trustees meet the first and third Thursdays at 7pm in the Atwood Room of the Library.

# Report of the Public Prosecutor Department

To the Honorable Board of Selectmen

During the past year, the Office of Public Prosecutor has been involved in the processing and/or prosecution of approximately 438 criminal cases which is comprised of approximately 1,165 complaints.

As a direct result of your Police Department's action, the Court records reflect that from July 1, 1994 through December 31, 1994, a total of \$3,885.50 was collected in fines and returned to the general treasury of the Town. Furthermore, the first six (6) months of the year show a return of \$4,021.50 to the general treasury, according to the Court records. Thus, an amount in excess of Seven Thousand Nine Hundred Dollars was returned to the Town.

In addition to the dollars returned from the Court to the Town, the Registry of Motor Vehicles is also sending reimbursements directly to the Town for fines collected by their agency for civil motor vehicles infractions.

The current backlog of court cases remains at three to four months, in spite of the fact that over eighty to eighty-five percent of the cases are disposed of through plea bargaining.

The court reform measure which went into effect on January 2, 1994 has been implemented and now the two trial system has been eliminated. The Court has become more efficient and I have further reduced witness expenses by only having police officers present to testify when absolutely needed.

The Public Prosecutor continues to be present in Court on a daily basis to handle and assist all Town Departments in any action taken by them to effectuate enforcement of regulations, by-law delinquent taxes and to give seminars to your police officers. When requested, we will continue to serve as a liaison with the Plymouth County District Attorney's Office and your Police Department.

Respectfully submitted,  
Harry J. Schmitt, Jr.  
Public Prosecutor

# Report of the Police Department

To the Honorable Board of Selectmen

The following is the report of the police department for the year ending December 31, 1994.

Our computer system went on line in April of 1994 so we do not have a full year's statistics for this report.

Although we are still adapting the system to our specific needs, this should give you some idea of the many and varied activities and types of calls that are handled every day by the Carver Police Department.

My thanks to the members of the Carver Police Department, the Carver Ambulance Service, the Fire Department, the Finance Committee, department heads, town employees, and the residents of Carver for a cooperative, productive year.

Chief Diane M. Skoog

# Report of the Ambulance Service

The Town of Carver Ambulance Service is operated through the joint efforts of the towns's "Call" Emergency Medical Technicians (EMTs) and the Carver Police Department. Operation is funded my monies received for services rendered, primarily for insurance payments.

I would like to thank the Board of Selectmen and all town departments for their support and cooperation. A special thanks to the dispatchers for their efficient handling of emergency calls and to the Carver Police who assist us in treating the sick and injured and to the Carver Fire Department for their professional and proficient assistance at several major incidents.

Finally: I commend the "Call" Emergency Medical Technicians for their cooperation, professionalism and dedication to duty. The Town is indeed fortunate to have a group of people who give so much of themselves to help others.

## Report of the Emergency Management Agency

The Emergency Management Agency completed another year with the Emergency operations Center (EOC) located adjacent to the Police Station. We are once again thankful for the Massachusetts Auxiliary Police Association for their volunteers during Old Home Day festivities on July 30th. A thank you also is extended to the K of C Squires and Girl Scouts for their help in distributing information regarding E911.

This department is constantly striving to add new volunteers to the organization and this year we have been fortunate to have some new faces. We have new personnel in the communication area plus staff personnel in EOC positions. One of the new EOC staff personnel will also be called upon to do our training during the coming year.

The year 1994 will always be known as the biggest snow year and most of us were delighted to see spring and summer come and go without incident. We did have a couple of warnings with regard to hurricanes, during hurricane season, but fortunately they passed by us.

The year 1994 has found this office working on revisions of plans and procedures and preparing departments for some training.

We received our report in September from the Federal Emergency Management Agency (FEMA) regarding the evaluated exercise of December 7, 1993. The report showed an excellent job on behalf of all participants. We are now preparing to be evaluated in December, 1995, the beginning of a new six year cycle, by the Federal Emergency Management Agency (FEMA).

The Emergency Management Agency wishes to extend a thank you to the personnel, residents of Carver, MEMA-Area II staff and all volunteers for their cooperation and support of this past year.

Meadow Street - new culvert across the road.  
Forest Street - one catch basin and leaching area.

Catch basins were also re-adjusted on the following streets: Russell Truffant, Great Meadow Estates and Bisbee Drive.

Private Ways were maintained this year with alot of rap. This material makes an excellent road base and seems to stay in place much better than processed gravel. We will try to get all of our Private Ways covered with this road base.

Power sweeping was done in various parts of town. At Town meeting we will be asked for a new power sweeper and a new catch basin cleaner unit. This is one area we have to move up to priority one. It is impossible to get the town swept with a Five Thousand (\$5,000.00) dollars for a 110+ miles of highway.

Line painting was done on the following streets:

Purchase Street and Silva Street - 14,995'  
Tremont Street - 28,828'  
West Street - 6,494'  
Mayflower Road - 8,764'  
Fosdick Road - 6,758'  
Church Street - 1,795'  
Beaver Dam Road - 2,376'  
Plymouth Street - 20,856'  
Forest Street - 5,913'  
Total 96,781'

Intersections repainted, stop bars, arrows and islands were West Street and Holmes Street; Route 58 and 44; Story's Corner; Lakeview Street and Tremont Street.

Crosswalks, Stop Bars and Directional Arrows were done in various parts of town.

Snow removal this winter has been totally opposite from last year. As of February 16, 1995 the DPW has had to plow only one, 5" snow storm. Sanding has also been below normal for this year. We have purchased 250 tons of salt and 800 tons of sand. Keeping us will within our Thirty Five Thousand (\$35,000.00) Dollar Snow Operating budget. But we still do have approximately 45 days of could be snow storms, which runs about One Thousand \$1,000.00) Dollars per inch to remove. Our balances at this time are: Snow Operating \$13,193.83 and Snow Overtime \$2,164.28.

Chapter work last year was low due to the town did not receive any allotment's from the State, until the end of October. We do however have work lined up for the spring. We are surfacing on High Street from Route #58 to Pleasant Street and also Plymouth Street from Gate Street to the Plymouth line. This work will also include shoulders, driveway aprons and line painting.

Other projects that the DPW has requested are being advertised by the State at this time. One of the projects that is advertised is the resurfacing of Route #58 from the Wareham line to the Plympton line. The other one is the Intersections being redesigned on Route #44.

These two projects alone will benefit the town by \$1,470,000.00. We also have a request for Route #44 to also be resurfaced, which has not yet been advertised. Hopefully this year that one will be advertised by the State.

The Department of Public Works is also going to start a Chapter project on realignment and resurfacing of Pond Street. Two large culvert's will also be replaced on this street. The Department of Public Works superintendent and secretary Dawn Parent have been very busy doing all of the form work and detail sheets, that the State requires to be eligible for the monies available for these projects. We would like to thank Mr. Halunen and Ms. Parent for the endless hours they have put into these projects. Mr. Halunen has been exceptional as always in leading this department in it's day to day operation. Thanks again!

MCI has also given the Town a great deal of assistance with cemetery work, tree work and repairing different town buildings. Department of Public Works can not thank MCI enough, for a great job. It is a great program and we would like to see more financial benefits provided to them, for tools and materials top work with.

Cemeteries were limed and fertilized this year. The new sections in Union Cemetery were seeded and fertilized this year. Paving was done in Union Cemetery, also the town is looking to acquire some property to add additional plots to Lakenham Cemetery.

There was 21 lots sold last year and 18 foundations put in and 22 burials and 4 cremations.

Again we would like to thank Paul Mission for the Road Management System that we have in our computer. Our secretary Dawn Parent is also the Town of Carvers representative at Southeastern Regional Planning and Economic Development. This allows us to be aware of Transportation Improvement Programs available to our community.

Trying to keep us with all of our road work, parks, cemeteries, recreational areas, snow removal and ice control is not always easy within our budget constraints that we have. We will however to continue to provide the best possible conditions for our taxpayers.

We also had a Commissioner resign this year, Michael Harris. He gave us a lot of good years and we do thank him for all of the years he did serve as Commissioner.

Respectfully submitted,

CARVER BOARD OF PUBLIC WORKS

# Report of the Historic District Commission

To the Honorable Board of Selectmen:

The Historic District Commission makes the following report for 1994.

The Commission meets on the first Tuesday of every month, holding its meetings at the Carver High School beginning at 7:30 p.m. The Commission conducts hearings under M.G.L. Chapter 40C and the Town of Carver Historic District Bylaw for compliance to architectural significance within the town's two districts: the Lakenham Historic District and the Savery Historic District. To ensure compliance of all construction within the two districts, the Commission is working with the Building Commissioner. Any property owner in either district should consult with the Commission before applying for a building permit.

The Commission held hearings for the following applicants:

Bridgeway Homes  
Richard Madru  
Cranberry Book Shop

Savery Historic District  
Savery Historic District  
Lakenham Historic District

The Historic District Commission is still committed to preserving Savery Avenue. The Town of Carver is very fortunate to have this historic site. The Commission is working very hard to preserve the Avenue, and keep it from being developed. Again this year, the Commission would like to thank Ann Miller for her efforts towards securing a grant to offset the purchase of land on the Avenue. However, we still need everyone's support.

Thanks to the tremendous efforts of one of our members, Roberta Fountain, the Lankenham Green shone brightly at Christmas this year.

We would also like to applaud Edward Fuller for many years of devoted service to this Commission and the Town of Carver. Ed was instrumental in the creation of the Historic District Commission in our town. We owe him a debt of gratitude. Thanks, Ed!

Respectfully submitted,

Ellen M. Blanchard, Chairman  
Diane Davison Szczepanek, Vice-Chairman  
Eunice Murphy, Secretary  
Barratt Davison, Treasurer

# Report of the Town Commissioners of the Southeastern Regional Planning and Economic Development District

The Southeastern Regional Planning and Economic Development District continued to serve the Town of Carver during 1994. SRPEDD (pronounced sir-ped) is a locally run regional agency serving southeastern Massachusetts.

During the past year, the Town of Carver was represented on the SRPEDD Commission by Philip Harlow and Ann M. Miller. The Joint Transportation Planning Group representative was Dawn Parent.

Some of SRPEDD's more significant accomplishments in 1994 were:

- Completion and certification of the annual Transportation Improvement Program (TIP) and Overall Economic Development Program (OEDP) which set regional priorities and made cities and town eligible for federal and state grants for transportation and economic development projects. The TIP sets priorities for \$315 million in federal and state dollars for regional transportation projects over the next 3 years.
- SRPEDD developed the "Massasoit Compact", a collaborative economic strategy for the region. Over 50 organizations and individuals have signed the compact, pledging to do their share to revitalize the region's economy.
- SRPEDD reviewed the environmental impact of larger development projects in the region to insure that potential harmful impacts will be addressed. This year, we reviewed 55 such projects, commenting on the impact on traffic, water supply, sewage disposal, wetlands and other development-related issues. Nineteen (19) applications for federal and state funds were reviewed to insure consistency with other plans and efficient use of public funds.
- SRPEDD conducts a district wide traffic counting program and maintains a computer file of all available traffic count data throughout the region. SRPEDD continues to provide computerized accident filing for 9 towns and has provided pavement management assistance to 13 towns.
- SRPEDD worked with both GATRA and SRTA on issues such as route evaluations, marketing, service to elderly and handicapped persons and overall data compilation and analysis.
- Assistance to the South Eastern Economic Development (SEED) Corporation, which makes loans to small businesses for expansion. In 1994 SEED approved loans to 80 small businesses in the amount of \$7.2 million. These loans are projected to create 484 new jobs.

- SRPEDD continued to operate the Southeastern Massachusetts Data Center, providing information to businesses, cities and towns, and individuals.
- SRPEDD provided assistance to businesses on toxic materials use reduction. Staff worked with the Southeast Industrial Advisory Committee to hold meetings and workshops for businesses located throughout southeastern Massachusetts.
- SRPEDD organized and co-sponsored the fifth annual Earth Lab Environmental Conference. The conference was held at Bridgewater State College for science teachers throughout the region.
- With the traditional fishing industry in crisis, SRPEDD embarked on a program to develop aquaculture businesses in the region. Coastal and inland aquaculture have tremendous potential in southeastern Massachusetts.
- SRPEDD conducted training and workshops for local officials on economic development, downtown revitalization, planning laws and community action statements.

In addition, municipal assistance was provided to Carver in the following areas:

- Assistance on Open Space Plan and application for land acquisition
- Local Economic Development Partnership support

We look forward to serving you in 1995.

## Report of the Plymouth County Mosquito Control Project

The commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 1994.

The project is a special district created by the State Legislature in 1957, and is now composed of 25 Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. On July 14, the Town of Whitman rejoined the Project. The Project is a regional response to a regional problem and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

Again in 1994, the season began with an above normal water table which produced large numbers of spring brood mosquitoes throughout the County. Efforts were directed at larval mosquitoes starting with the spring brood. Ground and aerial larviciding was accomplished using B.t.i., an environmentally selective bacterial agent. Upon emergence of the spring brood of adult mosquitoes, ultra-low-volume adulticiding began. The Project responded to increased numbers of service requests until a drying trend occurred during mid-summer. All sprayers and trucks performed well with little time lost to breakdowns.

The threat of the mosquito-transmitted disease Eastern Equine Encephalitis (EEE) was low in 1994. This season marked the first time since 1981 that EEE virus was not isolated during the mosquito surveillance period. The recurring problem of EEE in South-eastern Massachusetts continues to ensure cooperation between this Project and the Massachusetts Department of Public Health.

The figures specific to the Town of Carver are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Carver residents.

**Insecticide Application.** 7,950 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in May and the last in September.

**Aerial Application.** Larviciding woodland swamps by airplane before the leaves come out on the trees continues to be very effective. In Carver this year we aerially larvicided 340 acres.

Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes and other standing water areas. Inspectors continually gather data on these sites and treated with highly specific larvicides when immature

mosquitoes are present. Last year a total of 137 inspections were made to 68 catalogued breeding sites.

Finally, we have been tracking complaint response time, that is the time between notice of a mosquito problem and response by one of our inspectors. The complaint response time in the Town of Carver was less than two days with more than 507 complaints answered.

**Mosquito Survey.** A systematic sampling for the mosquitoes in Carver indicates the *Culiseta melanura* was the most abundant species. Other important species collected included *Culex salinarius* and *Culex pipiens*.

We encourage citizens or municipal officials to call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

# Report of the Old Colony Planning Council Area Agency On Aging

To the Honorable Board of Selectmen and the residents of the town of Carver:

As your representatives to the Old Colony Planning Council Area Agency on Aging, we are pleased to present this report of the Area Agency's activities for 1994.

The Old Colony Planning Council Area on Aging is responsible for administering Title III funds under the Older Americans Act. This federal funding enables the Area Agency on Aging to address the needs of elders in twenty-three communities in southeastern Massachusetts. Through the combined efforts of the local Councils on Aging, community service agencies and the Area Agency on Aging, Title III funds are used to develop and support a broad range of in-home and community-based elder services.

During fiscal year 1994, almost 13,000 elders in the region received in excess of 300,000 units of service, ranging from the home-delivered meals to transportation services through the program. These services were provided through more than twenty local and regional social support programs and twenty-five Title III supported nutrition sites. The following service programs were funded in 1994 by the Area Agency on Aging:

- Senior center services
- Mental health assessment and counseling
- Homemaker, personal care and home health aid services
- Social day care/respice services
- Congregate and home-delivered meals
- Support services for deaf and/or blind elders
- Transportation services
- Emergency/crisis assistance
- Chore services
- Legal services
- Nursing home ombudsman services

The Area Agency on Aging Advisory Committee plays a vital role in the development and support of elder service programs in the area. The Advisory Committee, consisting of representatives from each of the 23 communities served, assists the Area Agency on Aging with assessing elder service needs, establishing funding priorities and selecting subgrantees to provide Title III services. The support and cooperation of the local communities and

Advisory Committee is acknowledged with gratitude by the Old Colony Planning Council Area Agency on Aging.

The Old Colony Planning Council Area Agency on Aging meets regularly on the fourth Tuesday of each month at 1:30 p.m. at the Hanson Senior Center/Library.

Respectfully submitted,

Doris S. Pearson, AAA Delegate

# Report of the Plymouth County Cooperative Extension

## PROGRAM HIGHLIGHTS

July 1, 1993 - June 30, 1994

County Extension programs are carried on through Plymouth County in cooperation with UMASS - Amherst and the United States Department of Agriculture. The Cooperative Extension system is supported by County, Federal and State funds, and operates under Federal and State laws and agreements. Education programs focus on water quality, horticulture, agriculture, 4-H youth and family development, and nutrition education. Volunteer advisory groups work with staff on developing specific programs. Local citizens, appointed by the County Commissioners, serve as County Extension trustees, directing the overall program. Extension staff serve as a direct link with the University of Massachusetts. New research findings are translated into practical applications and shared with people and communities through workshops, conferences, field demonstrations, technical assistance, newspaper articles, radio and television. Publications such as regular newsletters and booklets, fact sheets and home study courses, bring information directly to those who need it.

In Plymouth County, the Cooperative Extension outreach office is located on High St. Hanson. In Southeastern Massachusetts regional programs are conducted in cooperation with the Barnstable County Cooperative Extension Program. Satellite offices of UMASS Cooperative Extension are located in Bristol and Norfolk Counties. UMASS Cooperative Extension also operates the Cranberry Experiment Research Station, located in Wareham. The Cooperative Extension office (Hanson) is open 8:30-4:30 PM Mon-Fri. Currently the county field staff consists of a County Director, two 4-H Youth Development Specialists, a Nutrition/Family Development specialist, and a Landscape/Nursery Specialist. A federally funded Expanded Food and Nutrition Education Program, which has been active in Plymouth County since 1969, is run under the auspices of Cooperative Extension. Currently, one supervisor, and two outreach educators work in this program conducting a UMASS nutrition education certificate course. A three-year Water Quality Grant was received this past year for work in the Taunton River Watershed Connections Project. For more detailed information on the County Cooperative Extension program contact the county office at Box 658, Hanson, MA 02341. (617) 293-3541 or 447-5946.

**PROGRAM OUTREACH** - During the last 12 months County Cooperative Extension agents conducted 510 educational outreach programs.

- **CABLE TV** - One hundred cable TV shows "Extension News & Notes" have been produced by Plymouth County Cooperative Extension. All but 3 Plymouth County towns use this half-hour Cooperative Extension cable TV program in their weekly community access channel, reaching over 100,000 households. Extension's free video lending library lists over 125 popular titles for home viewing for residents.

- **RADIO** - Every Sunday morning at 8:10 AM on WBET (Brockton), Cooperative Extension staff present a 15 minute broadcast on upcoming programs and timely educational topics.
- **NEWSLETTERS** - Cooperative Extension publishes fifteen newsletters in the area on Natural resources/Agriculture/Nutrition for residents and commercial growers. A master list of these is available from the County Extension Office.
- **FACTSHEETS** - Cooperative Extension has numerous fact sheets available to the public. Multiple copies of the order form "150 Most Popular Tip sheets" are distributed routinely to libraries, town halls and local cooperating agencies. Current research in the areas of landscape, horticulture, nutrition and youth and family development are included.
- **SERVICES** - The County Cooperative Extension office has information and instruction forms to have your soil tested. UMASS Cooperative Extension Soil Analysis Lab tests for soil pH and complete soil analysis. Pressure gauge tests for home canners are conducted at the County Extension office.
- **EDUCATIONAL PROGRAMS** - A wide variety of teacher training workshops, lectures and on-site field demonstrations are conducted. 200 key county agencies receive a monthly mailing listing local Cooperative Extension activities.
- **AFFILIATIONS** - 4-H Farley Outdoor Education Center is a non-profit regional ACA accredited camp run by a Board of Directors representing 4-H in SE Massachusetts. Information on this facility can be obtained from the Plymouth County Cooperative Extension office.

### **ADVISORY BOARD(S) AND TRUSTEES**

Some key groups that oversee the work of Cooperative Extension are as follows:

#### **Board of Trustees:**

Plymouth County Cooperative Extension programs and budget are reviewed by a 9-member Board. They are appointed by Plymouth County Commissioners. Members serving in 1994 were:

County Commissioner Robert Stone - Whitman

John Burnett, Jr. - Whitman

Joseph "Mal" Denly - Brockton

Valerie Dennehy - Kingston

Edward Nichols - Plymouth

William Remes - Carver

Matthew Striggles - Bridgewater

Lenore Swanson - Plympton

John Weckbacher - Abington

**County 4-H Advisory & Leaders Council:**

The active county 4-H program looks to a 10-member advisory group to assist with fundraising, program reviews and promotion. They are appointed by the Plymouth County Board of Trustees.

- Janice Strojny, Chm. - Middleboro
- Lindsay Blake - Duxbury
- Nancy Joy - Halifax
- Donna Murphy - Middleboro
- Linda Ransom - Hanson

- Pat Schembari - Hanover
- Deborah Simonis - Brockton
- Chuck Smith - E. Bridgewater
- Virginia Sybertz - Middlebro
- Debra Theriault - Middleboro

**Town Directors:**

M.G.L. Ch. 128 outlines the Cooperative Extension System functions. It allows for Town Directors to serve in the capacity as a local liaison. These towns contribute additional funds to assist Cooperative Extension programs. Annual Cooperative Extension reports are published in their town documents. Directors are: James Franey, Abington; Richard Wyman, Bridgewater; Dorothy Angley, Carver; Lindsay Blake, Duxbury; Ed Smith, East Bridgewater; Russell Sturtevant, Halifax; Leander B. Nichols, Hanover; Robert Haviland, Hingham; Jean Catto, Lakeville; TBA, Kingston; John North, Marshfield; James Archer, Marion; David Blanchard, Middleboro; E. Dana Cashin, Norwell; Brian Baragwanath, Pembroke; Edward Kierstead, Plympton; Georgia Chamberlain, Rochester; Jerrilyn Quinlan, Scituate; Clifford Carlson, West Bridgewater and Leon Millet, Jr., Whitman.

**Members of the County Staff:**

- Mary M. McBrady, County Extension Director
- Marjorie A. Mahoney, Extension Specialist, 4-H Youth Development
- Robert O. Mott, Extension Specialist, 4-H Youth Development
- Mary "Liz" O'Donoghue, Extension Specialist, Nutrition and Family Development
- Deborah C. Swanson, Extension Specialist, Landscape and Nursery
- Betty Ann Francis, Head Administrative Clerk

**Staff funded by Federal or State Program Grants:**

- Andrea B. Gulezian, Nutrition Education Program Supervisor
- Agnes Smith, Extension Specialist, Special Program Coordinator
- Maria Pique, Nutrition Educator
- Joyce Rose, Nutrition Educator
- Faith Burbank, Extension Specialist, Water Quality
- Anita Sprague, Senior Clerk
- Betsy Fisher, Special Project Temporary Clerk, Water Quality (Part-time)

## **Report of the Superintendent of Schools**

Over the past year, our school district has experienced significant changes in school administration. Richard Pazasis, Primary/Elementary Principal, left the school district to assume the position of Deputy Superintendent in Belchertown Public Schools. Mr. Pazasis served the children of Carver for five years as a dedicated and caring administrator. The school district was very fortunate to have appointed Mrs. Marylou Clarke as the new Primary School Principal in August of 1994. Mrs. Clarke is a positive addition and has provided her own personal touch in her role as Primary School Principal. She has also impressed the entire educational community with her expertise in early childhood education. Thomas Long, Principal of Carver High School, chose the early retirement provision offered through the Education Reform Act of 1993 and left the school district in September of 1994. Mr. Long was the first Principal of Carver High School and held that position for seven years. He leaves a legacy of caring and commitment to students and staff that will be difficult to match. Mr. Joseph Sullivan was appointed as the new Principal of Carver High School in February of 1995. In just one month, Mr. Sullivan has made a significant impact on Carver High School. His seventeen years of experience as a high school administrator have provided Mr. Sullivan with a distinct leadership style that reflects enthusiasm and an honest concern for all students.

Education reform brought Carver another year of significant increases in both reform aid and equity aid. The school district was able to keep the appropriation at the same level as the year before and still increase staffing at all schools with the additional state aid. Several elementary positions were added to reduce class sizes and increased programs were offered in art, music and physical education. The high school programs have been significantly improved, specifically at the junior high level, with the addition of seven new teachers.

The Carver School Committee approved the school district's Strategic Plan, a document the Strategic Planning Committee had been working on for two years. The plan offers a comprehensive blueprint for improvement illustrated in the five-year improvement plan. The school district's mission and belief statements were also approved by the Carver School Committee and read as follows:

### **CARVER PUBLIC SCHOOLS' MISSION STATEMENT**

The mission of the Carver Public Schools is to ensure equal access to a comprehensive education program in a safe, healthy and nurturing environment, where all students are respected as individuals and embraced in their diversity. All students will graduate with a positive self-image, the ability to think creatively and critically and the desire to learn continually.

#### **BELIEFS**

- WE BELIEVE** All decisions will be made in the best interests of students.
- WE BELIEVE** Every student is important and deserves to be treated with dignity and respect.

- WE BELIEVE All students can be successful learners in an inclusive environment.
- WE BELIEVE Learning is an on-going, lifelong process.
- WE BELIEVE Technology should be integrated into all curricula areas.
- WE BELIEVE In shared, responsible and accountable decision making.
- WE BELIEVE Home, school and community partnerships are vital for continued learning and growth.
- WE BELIEVE Every member of society shares a responsibility for education.
- WE BELIEVE Every student has a right to curricula that provides for equal opportunity for success.

Our teacher performance standards for students remained high. This is consistent with our achievement test results which reflect higher than grade level achievement across the grades tested. The results of the Massachusetts Educational Assessment Program, which is conducted every two years, were not consistent with results we would have expected given the teacher performance scores, achievement test results and the hard work of our students and staff throughout our schools. Although the testing results were depressed state-wide and the state-wide testing program in its present form will not be administered again, we have taken the results seriously within the school district and have made curriculum changes based upon those results. Our school district has just begun rebuilding after five years of diminishing fiscal resources, high class sizes, loss of program offerings and increased enrollments. With the increase in staff and programs and the new curriculum initiatives currently underway, I fully expect higher levels of proficiency by our students when the state-wide assessments are conducted in two years.

All three School Councils completed their first full year of activities as mandated by the Education Reform Act. The School Improvement Plans were all approved by the Carver School Committee and the School Councils were praised for grappling with difficult issues during their first year of operation. The District-Wide School Council provided valuable information through their prioritizing of budget requests from the three school councils for the current fiscal year. The superintendent and school committee unanimously supported their recommendations when building the school budget for the current school year.

Other important activities that took place over the past year include the Town's approval of a \$3.45 million addition to Carver High School; the restoration and increase for the Primary/Elementary School instructional Media Center library collection; the increase in the Carver High School library collection; the completion of a Curriculum Revision and Improvement Process Handbook, as well as the development of a five-year curriculum improvement schedule for the entire school district.

The mandates of Education Reform have been significant this past year and have initiated much study and discussion, both within and outside the educational community around the issue of "Time and Learning." The Carver School Committee sponsored an educational forum to provide open dialogue relative to suggestions and concerns regarding the State Department of Education's "Time and Learning Report". This was a very success-

ful forum and provided the basis for many decisions regarding our need to comply with the new "Time and Learning" regulations. Our bus schedule for next year will be modified to allow us to overlap arrival and departure time for students in the primary, elementary, junior and senior high school levels. The results of the planned change in schedules will eliminate double runs in the elementary level and prepare us for the split between junior and senior high school students, when the addition to Carver High School is complete. This change will also allow elementary teachers to have more planning and conference time. The school district is developing a schedule for next year that meets the mandates of the new "Time and Learning" regulations.

Our athletic program continues to provide excellent opportunities for our student/athletes to develop positive self-esteem within the context of athletic competition. We have a significant number of students who participate in our athletic program throughout the school year. The wrestling team, coached by Kevin Farrell and David Vining won the Division III State Championship, for the third year in a row. This is an outstanding achievement and certainly reflects the dedication and hard work of Coaches Farrell and Vining and the student/athletes on the wrestling team.

The next year will be spent continuing to meet district-wide objectives identified by the Strategic Plan and the Carver School Committee and meeting the mandates of the Education Reform Act of 1993. Curriculum revision and development will be the theme for the next year and all professional development will be tied into these efforts. As a school district, we have a tremendous task at hand preparing our students for the twenty-first century. We must make sure our curriculum is current and relevant to our students' needs. We must also provide the technology and a highly competent staff to successfully implement our new curriculum revisions.

Respectfully submitted;

Dr. Martin T. Hanley, Jr.  
Superintendent of Schools

For prior title, see deed of R.D. Falcione Co., Inc. to Ronald D. Falcione, Trustee, of the Briland Realty Trust, u/d/t 12/27/89. Said deed recorded with Plymouth Registry of Deeds in Book 9534, Page 311 on 12/28/89.

And further, to see if the Town will vote to waive taxes owed to the town of any past due real estate taxes, or take any other action relative thereto.

(by Recreation Committee)

**Article 4.** To see if the Town will vote to amend that agreement among the towns of Carver, Marion and Wareham with respect to the formation of a Regional Refuse District, as follows:

1. By striking therefrom Section III in its entirety and inserting in its place the following:

### **SECTION III APPORTIONMENT AND PAYMENT OF COSTS**

#### **(A) *Classification of Costs***

For the purpose of apportioning assessments levied by the District against member towns, costs shall be divided into three categories: Capital costs, operating costs and local service costs.

#### **(B) *Capital Costs***

Capital costs shall include all expenses in the nature of capital outlay, such as the cost of acquiring land, the cost of construction, reconstructing or adding to building, the cost of constructing roads, the cost of consulting services, the cost of any equipment necessary for the operation of a refuse disposal facility and any other related costs incidental to the preparation of such a facility. Capital costs shall also include payment of principal of the interest on bonds and notes or other obligations issued by the District to finance capital costs. Capital costs shall not include any local service costs, as defined in Section III (E).

(C) *Operating Costs*

Operating costs shall include all costs not included in capital costs as defined in Section III (B), but including interest on temporary notes issued by the District in anticipation of revenue. Operating costs shall not include any local service costs, as defined in Section III (E).

(D) *Local Service Costs*

Local service costs shall include (i) all expenses in the nature of capital outlay, such as the cost of acquiring land, the cost of construction, reconstructing, or adding to buildings, the cost of constructing roads, the cost of consulting services, the cost of any equipment necessary for the operation of a refuse disposal facility, including a transfer facility, and any other related costs incidental to the preparation of such a facility; including payment of principal and interest on bonds, notes or other obligation issued by the District to finance such costs; and (ii) all other costs including interest on temporary notes issued by the District in anticipation of revenue; which expenses or costs are incurred by the District in order to provide to a member town a service or services customarily provided locally or a service or services subscribed to at local option, as contemplated by General Law, Chapter 59, Section 20A.

(E) *Apportionment of Capital Costs*

Capital costs shall be apportioned among the member towns and charged annually on the basis of the most recent available final equalized valuations, as established by the State Tax Commission pursuant to General Law, Chapter 58, Section 10 (C), as amended. Each member town shall pay their share of the capital costs in the proportion that their equalized valuation bears to the aggregate of the equalized valuations of all member towns.

(F) *Apportionment of Operating Costs*

Operating costs following the establishment of the Regional Refuse District and for every fiscal year thereafter shall be apportioned to each member town in the proportion that the estimated weight of refuse to be received by the facility from such town, during such year, bears to the aggregate estimated weight of refuse to be received by the facility from all the member towns in such year.

Within five months of the end of each fiscal year, a determination shall be made as to the actual operating costs of the facility for such year and the actual weight of refuse received from each member town by the facility during such year.

Such determination shall be used when preparing the budget for the second succeeding fiscal year to provide adjustments to each member town a share of such budget.

Such adjustments shall be made by charging or crediting each member town with the difference between the amount of operating costs apportioned to it for the second preceding fiscal year upon the basis of the estimated operating cost and estimated weight of refuse for such year and the amount of operating cost which would have been apportioned to it if the actual operating costs and the actual weight of refuse for such year had been used when the budget had been prepared for such year.

In order to make the above adjustments, the facility shall contain a motor truck scale for weighing all vehicles delivering refuse to the facility. Accurate records shall be kept showing the weight of refuse delivered by each member town.

(G) *Apportionment of Local Service Costs*

Local service costs shall be apportioned to the town to whom such local service was provided or at whose local option such service was subscribed. The assessment of anticipated local service costs, if any, to each town shall be certified to each town prior to December 31st of each year preceding the fiscal year to which said budget related as provided in Section IV (C), within five months of the end of each fiscal year a determination shall be made of the actual local service costs, if any, attributable to each town for such fiscal year. That determination shall be certified in writing by the District treasurer to the treasurer of each town within six months of the end of such fiscal year. In the event actual payment for local service costs assessed against a town in such prior fiscal year exceeded the actual local service costs attributable to such town, a credit in equal installments totaling the amount of such overpayment shall be made to such town against the assessments remaining to be paid by that town in the then-current fiscal year. In the event actual payment for local service costs assessed against a town in such prior fiscal year was less than the actual local service costs attributable to such town, a charge, in equal installments totaling the amount of such underpayment, shall be added to the assessments remaining to be paid by that town in the then current fiscal year.

(H) *Times of Payment of Apportioned Costs*

Each member town shall pay to the District in each fiscal year its proportionate share, certified as provided by subsection IV (C) of the capital and operating costs. Except as otherwise provided in subsection IV (A) or in subsection IX, the annual share of each member town shall be paid in amounts and at such times that at least the following percentages of such annual share shall be paid on or before the dates indicated, respectively:

July 10	35%
October 10	50%
January 10	75%
April 10	100%

and,

2. By striking therefrom Section V in its entirety and inserting in its place the following:

**“SECTION V — TRANSPORTATION**

Each member town shall be responsible for the transportation of its refuse to the refuse disposal facility, except that such transportation may be provided by the District and assessed as a local service cost.”

and,

3. By striking Section VIII (D) in its entirety and inserting in its place the following:

**“(D) Apportionment of Costs after Withdrawal**

The withdrawing town’s annual share of any future installment of principal and interest on obligations outstanding on the effective date of its withdrawal shall be computed in the same manner as in Section III (E) until the impending obligations are satisfied. Due dates of payment shall be in the same manner as specified in Section III (H).

Any future installment, or portion thereof, of any principal and interest on obligations outstanding on the effective date of its withdrawal, which obligations were incurred by the District as a local service cost attributable to such withdrawing town, shall continue to be assessed to such town until the impending obligations are satisfied. Due dates of payment shall be in the same manner as specified in Section III (H).

Charges which would otherwise have been made to a withdrawing town pursuant to a determination under Section III (F) or (G) shall be assessed to such town notwithstanding the effective date of its withdrawal and shall be paid in equal installments totaling the amount of such charge on the dates provided in Section III (H) for the then-current fiscal year. Credits which would otherwise have been made to a withdrawing town pursuant to a determination under Section III (F) or (G) shall be made to such town notwithstanding the effective date of its withdrawal and shall be paid in equal installments totaling the amount of such credit no later than thirty days following the dates for payment provided in Section III (G) for the then-current fiscal year.”

or to do or act in any manner relative thereto.

(by Carver-Marion-Wareham Regional Refuse Disposal District)

**Article 5.** To see if the Town will vote to increase the Recreation Committee membership from five to seven and add two Alternate Members, each for a term of one year, one member to be appointed by the Board of Selectmen, one member to be appointed by the

Recreation Committee and the two Alternates to be appointed by the Recreation Committee, or take any other action relative thereto.

**Article 6.** To see if the Town will vote to accept as a public town way the private way known as Richfield Circle, with appurtenant easements for utilities and drainage, as bounded and described in the plan entitled "Meeting House Settlement, a Definitive Plan of Land from Marino and Sons Construction Corp. in Carver, MA," dated 8/31/87 by GAF Engineering, which is recorded in the Plymouth County Registry of Deeds as Plan #1219 1987, in Book 29, Page 1084 - 1092; or take any other action relative thereto.

(by Planning Board)

**Article 7.** To see if the Town will vote to amend the town Town of Carver Zoning By-Laws by adopting the following earth removal by-law and adding same to section 8.5 uses by special permit and eliminating section 24.0 earth removal. Said earth removal by-law to read as follows:

**Special Permit: 8.5**

- 1.A Except as provided otherwise in this by-law no clay, gravel, sand, sod, loam, soil, stone or other earth materials shall be removed without the issuance of a special permit from the Earth Removal Committee as the special permit granting authority.(SPGA).
- 1.B This section shall not apply to the moving of earth materials under the provisions of a duly approved subdivision plan, to work necessary for the construction of streets and the installation of utilities, to such work in connection with the excavation and grading of land incidental to construction of a duly permitted structure, nor to work performed in normal cranberry related maintenance or improvement of contiguous or non-contiguous land for agricultural purposes, and does not include the removal of earth for sale, trade, or other considerations.

**Special Permit Requirement:**

- 2.A Applications for special permits for earth removal shall be on such forms or in such manner as the (SPGA) may specify in its rules and regulations and shall be submitted together with all required exhibits and site plans.
- 2.B The special permit granting authority (SPGA) shall determine that the proposal generally conforms to the principles of good engineering, sound planning and correct land use, and that the applicant has means to implement the proposal if a special permit is granted or to restore the site to an appropriate condition including grading, loaming, seeding or other alternative landscaping as may be required as a condition to the special permit, a bond in an amount as the (SPGA) may deem appropriate shall be held by the Town of Carver until all work has been completed and conditions of the special permit have been met, and inspected by the (SPGA's) authorized agent and a report filed on same.

## Site Plan

- 3.A A site plan shall be submitted in the quantities and in the form required by the rules and regulations of the special permit granting authority. Such plans may be submitted by the SPGA to the Planning Board, Conservation Commission, Board of Health, Board of Selectmen, Fire Department, Police Department, or other officers and official boards of the town for review and comment.
- 3.B The site plan shall include, but not limited to pertinent information on the following: lot boundaries, names of abutting owners, streets contiguous to the site, vegetation, existing and proposed roadways, existing and proposed buildings, location of sources of water, sewage disposal, parking areas, loading areas, fences, easements and right-of-ways, walls, ditches, streams, ponds, and known permanent monuments, and other cross sections, profiles, and contour maps needed to describe the proposal.
- 3.C Such plan (s) shall be prepared by a registered professional engineer. The site plan shall show existing intermediate and final ground levels with those of adjacent properties and shall indicate natural surface water flows and drainage ditches if any.
- 3D At all times during excavation of a duly approved earth removal project the permit holder shall be liable to the Town of Carver for any and all road repairs leading to or adjacent to the project site, and shall maintain a paveway to the project site. See item 2.B bond issue.

or take any other action relative thereto.

(by Earth Removal Committee)

**Article 8.** To see if the Town will vote to accept the altered layout of Center Street, Plymouth Street and Wenham Road as shown on the plans entitled "Town of Carver Massachusetts Plymouth Street and Center Street Layout Alterations," and "Town of Carver Massachusetts Center Street & Wenham Road Layout Alterations," both plans prepared by Tibbetts Engineering Corp., preliminary copies of which are available for inspection at the Department of Public Works and final copies of which are to be filed with the Town Clerk at least seven days prior to the date of this Town Meeting, and to authorize the Board of Selectmen to acquire by purchase, gift or eminent domain taking the land parcels shown as Parcels 1-1, 1-2, 1-3, 1-4 and 1-5 and the temporary construction easements shown as Parcels 1-TE-1, 1-TE-2, 1-TE-3, 1-TE-4 and 1-TE-5 on the Plymouth Street/Center Street layout plan and the land parcel shown as Parcel 1-6 and the temporary construction easement shown as Parcel 1-TE-6 on the Center Street/Wenham Road layout plan, or take any action relative thereto.

(by Department of Public Works)

**Article 9.** To see if the Town will vote to amend Town By-Law XIX Section 2 by deleting the existing paragraph 2 and inserting the following:

## TOWN BY-LAW XIX PUBLIC WAYS AND PLACES

No licensee under General Laws Chapter 140 who has no license to do so shall encourage, permit, or facilitate the consumption of alcoholic beverages on his, her or its premises. Whoever permits the consumption of alcoholic beverages on his, her, or its premises without a temporary and occasional permit to do so shall be fined \$300.00 for each offense, each day of the offense being a separate offense, notice suspend, revoke or revise the applicable license.

or take any other action relative thereto.

(by Police Chief)
