Carver, MA

ANNUAL REPORT
OF THE
TOWN OFFICERS
OF THE
TOWN OF CARVER
MASSACHUSETTS

Cranberry Land U.S.A.

FOR THE YEAR ENDING DECEMBER 31
2005

IN MEMORIAM

During the year the Town experienced a loss of five present and past Town Officials. These individuals selflessly gave their time and energy in service to the community:

Their contributions were immeasurable, their legacy will not be forgotten, and we as residents are grateful.

John R. Tobin, III

- Former member, Industrial Development Commission
- Former member, Recreation Commission
- Coach of various youth sports teams

Colonel Charles E. Erwin

- Former Selectman and Chairman of the Board of Selectmen
- Member and Chairman of Old Colony Regional Vo-Tech School Committee

Russell Thomas

- Earth Removal Committee Member

Edgar Lawrence

- Member and Chairman of the Board of Health

Frank R. Mazzilli *

- One of the longest serving Selectman in the Commonwealth of Massachusetts
- Former Selectman and Chairman of the Board of Selectmen
- Former Emergency Medical Services (Ambulance) Director
- Former Civil Defense Director
- Member, Earth Removal Committee
- Member, Finance Committee

* One of Mr. Mazzilli's lifelong dreams was the extension of the new Route 44 into Plymouth. Shortly before his death, he was the first individual to travel on the new Route 44 at its dedication by State Officials. Also the bridge (overpass) over Route 58 was named for Mr. Mazzilli.

BOARD OF SELECTMEN

Despite a continued lack of a true financial partnership with the Commonwealth, the Town of Carver has been able to keep its head above water to date due to the efforts of the department heads and the fiscal planning over the past decade. A critical time is coming when our efforts to date will simply not be sufficient to overcome the continued erosion of state aid which is a large percentage of the Town's revenue. Difficult decisions will need to be made by the citizens in determining what level service they will require in all service areas, including education and public safety. The Board will work hard to ensure that we continue to spend your tax dollars wisely. One way that the town has successfully stretched its dollars was in the formation of the Gateway Health Group to provide health insurance at lower rates than available through the Plymouth County Health program. This was an initiative of the Board spanning two years that has reaped immediate financial benefits that will reach far into the future.

In that same regard, the Board continues to foster productive relationships built on mutual respect with other elected and appointed boards and committees. Over the long term, these positive relationships are more important than the problems, financial or otherwise, that the Town may face in any given year. The citizens of the Town have a right to expect that their elected leaders, not just the Board of Selectmen, will work together to address the present and future challenges facing the Town and avoid the disharmony and negative agendas that sometimes characterize other local governments. We are determined that leadership in Carver will be a credit to its citizens.

While dealing with this difficult fiscal situation that all municipalities in the Commonwealth are struggling with, the Board of Selectmen has worked with the Planning Board and Industrial Development Commission in exploring the development opportunities in North Carver. In doing so, we have had many discussions with our neighbors in Middleboro, as well as the Town's consulting engineers, to determine the possibilities and benefits of water infrastructure in the North Carver Industrial Zone.

By the time former, and recently deceased, Selectman Frank Mazzilli ceremoniously crossed the bridge named in his honor signaling the official opening of the new Rt. 44 extension to Plymouth, the anticipated interest in the industrial land was well advanced. The Industrial Development Commission, Planning Board and Town Planner Jack Hunter have worked hard to analyze the opportunities ahead and 2006 is shaping up to be a pivotal year in the history of North Carver. We will continue to work with them in helping to shape the future of the town.

The Board would like to thank Town Administrator Rick LaFond for his leadership conducting the day to day operations of the Town on our behalf – particularly with his efforts in coordinating the Town's finances and successful establishment of the above mentioned Gateway Health Group. We would also like to thank Jean Bouchard, Assis-

tant to the Town Administrator, along with the office staff of Elaine Weston and Diane Scully for their hard work on behalf of the Town's residents.

Respectfully submitted,
CARVER BOARD OF SELECTMEN

Francis Casey, *Chair*
Bernadette Hemingway
Robert Merritt
Frank Muscato
Michael O'Donnell

ANNUAL TOWN ELECTION

Saturday, April 23, 2005

The annual Town Election for the election of Town Officers was held at the Carver High School, South Meadow Road in the gymnasium, in the designated precincts on Saturday, April 23, 2005 pursuant to a Warrant of the Board of Selectmen dated May 6, 2005 and posted as required by law. The election was called to order at 8:00 A.M., by the following Wardens:

Precinct 1	Joan Christiano	(D)
Precinct 2	Karen Borbas	(D)
Precinct 3	Ann Love	(D)

The following named election officers were present at the opening of the polls and having been duly sworn to the faithful performance of their duties by the Town Clerk, Jean F. McGillicuddy. Thereafter, they were assigned to their respective duties as follows:

Precinct 1		
Warden:	Joan Christiano	(D)
Clerk:	Norma Seaver	(R)
Check In:	Nadine Rooney	(D)
	Peter Blatchford	(D)
Check Out:	Eileen McGonagle	(D)
	Sandi Tucker	(U)

Precinct 2		
Warden:	Karen Borbas	(D)
Clerk:	Francis McGonagle	(D)
Check In:	Roger DeHay	(D)
	Kathy Fuery	(D)
Check Out:	Mary Conway	(U)
	Marjorie Smith	(D)

Precinct 3		
Warden:	Ann Love	(D)
Clerk:	Marcia Griffin	(R)
Check In:	Ruth Roach	(D)
	Sallyanne Russell	(D)
Check Out:	Beverly Santarpia	(U)
	Marilyn Downing	(D)

Police Officers

Dennis Rizzuto
David Zadok
Marie David
Derrick Ostiguy

A total of 2,000 official ballots were delivered to the Ballot Clerks by the Town Clerk and Police Officer. The Wardens declared the polls open at 8:00 A.M., and announced that the polls would close at 8:00 P.M. The ballot boxes registered zero (0) at the opening of the polls. The keys to the ballot boxes were placed in the custody of the Police Officers on duty. The election continued without incident until 8:00 P.M., at which time the Wardens declared the polls closed. At the closing of the polls the following was reported:

Precinct 1 a total of:	488
Precinct 2 a total of:	544
Precinct 3 a total of:	<u>781</u>
Grand Total	1,813

A total of 1813 votes were cast which is 22% of the total voters. The Grand Total of registered voters at this time is 7,918.

Total votes cast is 1,813 of total voters. The total count completed, the ballots and all records were enclosed, marked and sealed, then delivered to the Town Hall by the Police Officer and the Town Clerk. The ballots were then placed in the vault which was bolted and locked. Counting and tabulation of votes from all precincts was completed at 10:00 P.M.

A true record attest:

Jean F. McGillicuddy
Town Clerk CMC/CMMC

ANNUAL TOWN MEETING

Monday, May 16, 2005

The 213th Annual Town Meeting of the Inhabitants of the Town of Carver was held on Monday, May 16, 2005 at the Carver High School Auditorium at 7:00 P.M., pursuant to a Warrant of the Board of Selectmen dated May 6, 2005. The meeting was called to order by the Moderator, Daniel B. Daly, there being a quorum 75 present. The total registered voters at this time were 162. Boy Scout Troop #48 led the voters in the Pledge of Allegiance to the Flag. The appropriate tellers were duly sworn to the faithful performance of their duties by the Moderator. The tellers were as follows:

Ellen Blanchard, Keith Der, Paul Feroli, Kate Freeman and Julie Szostak.

All members of the Capital Outlay and Finance Committee were introduced, as well as all Department Heads, Board of Selectmen, Town Administrator Rick LaFond, and members of the School Dept. and Town Counsel, Lauren Goldberg.

Article 1. To choose all necessary officers to be voted for all on one ballot, namely: Two members of the Board of Selectmen, One Member of the Board of Assessors, Two Members of the School Board, Two Members of the Library Trustees, and One Member of the Board of Health, each for a Term of three (3) years; One Member of the Board of Public Works for a Term of one (1) year; One Member of the Planning Board, and One Member of the Carver Housing Authority, each for a Term of five (5) years.

Article 2. Upon motion duly made and seconded and motion made by Francis Casey, Chairman Board of Selectmen, it was Unanimously Voted for the Town to hear the report of any standing committee, and to abolish any special committee not submitting a report which is required to do so, unless otherwise voted, and to establish any new committee. Motion made and seconded by Ann-Marie Noyes to continue the new committee (Government Study Committee) which consist of seven (7) members, others that are already established will also continue.

Selectmen recommended: 4-0

Finance Committee: No action

Article 3-9. Defer June 13, 2005

Article 10. Upon motion duly made and seconded and motion made by Ann-Marie Noyes, Library Trustees, it was Unanimously Voted for the Town to re-authorize the establishment of a Library Fines Revolving Account for the Library in accordance with Massachusetts General Laws, Chapter 44, Section 53E Ω to which shall be deposited monies from overdue fines, damaged and lost books levies and from which the director may make expenditures for the purpose of replacing damaged or lost materials; expenditure from such fund not to exceed Seven Thousand (\$7,000) Dollars.

Selectmen recommended: 5-0

Finance Committee: 7-0

Article 11-14. Voted to defer to June 13, 2005

Article 15. Upon motion duly made and seconded and motion made by Francis Casey, Chairman Board of Selectmen, it was Unanimously Voted for the Town to reauthorize the establishment of a Transportation Revolving Account for the Council on Aging in accordance with Massachusetts General Law, Chapter 44, Section 53E1/2, which authorization, in addition to items provided by said statute, shall provide: (1) for payment of transportation needs, vehicles, repairs, maintenance, fuel lubricants, insurance(but not including insurance of any of the Greater Attleboro Taunton Regional Authority (“GATRA”) vehicles) used by the Council on Aging and salaries and expenses for part-time employees used relative thereto: (2) that departmental receipts, consisting of reimbursement of GATRA of transportation expenditures, shall be credited to the revolving fund: (3) that the Council on Aging shall be authorized to expend from such fund: and (4) that the total amount which may be expended from such fund during fiscal year two thousand five shall be Seventy Thousand Dollars (\$70,000.00) in accordance with the contract between the Town through its Council on Aging and GATRA.

Selectmen recommended: 5-0

Finance Committee: 7-0

Article 16-24. Voted to defer to June 13, 2005

Article 25. Upon motion duly made and seconded and motion made by Francis Casey, Chairman Board of Selectmen, it was Unanimously Voted for the Town to direct the Board of Selectmen to establish and charge an Agricultural Commission to represent the Town of Carver’s agricultural community and interests, and to act fully thereon. The Board of Selectmen and said Commission, once appointed, shall develop a work plan to guide its activities. Such activities shall include, but not be limited to, the following: serve as facilitators for encouraging the pursuit of agriculture in Carver; promote agricultural-based economic opportunities in the town; act as mediators, advocates, educators, and/or negotiators; act in an advisory capacity on farming issues for established town committees and departments; pursue all initiatives appropriate to creating a sustainable agricultural community; and encourage the pursuit of agriculture as a career opportunity and lifestyle. The Commission membership shall consist of nine (9) residents appointed by the Board of Selectmen; seven (7) shall be actively engaged in farming and two (2) shall be interested in farming. The terms shall stagger on three year intervals with the initial terms being three members for three years, three members for two years, and three members for one year, and three years thereafter. Up to five (5) non-voting alternates, who have an interest in farming, may also be appointed by the Board of Selectmen; each for a one year term, and/or take any other action relative thereto. The Board of Selectmen shall fill a vacancy based on the unexpired term of the vacancy in order to maintain the cycle of appointments, based on the recommendations of the Commission. Whereas, the Town committees are faced with agricultural issues; whereas, the Town department heads are faced with sensitive agricultural decisions.

Selectmen recommended: 5-0

Finance Committee: 7-0-0

Article 26-38. Voted to defer to June 13, 2005

Article 39. Upon motion duly made and seconded and motion made by Bryan Lauzon, Chairman Planning Board, it was a 2/3 vote (In favor 114 – Opposed 6) for the Town to amend the Town’s Zoning By-Law, Article II, Section 2240(A) to read as follows:

The occupation or profession shall be carried on wholly within the principal building, or alternately the home occupation may be carried on within a structure accessory thereto.

Selectmen recommended: 5-0
Finance Committee: 7-0-0 No Action

Article 40. Upon motion duly made and seconded and motion to amend by Bryan Lauzon, Chairman Planning Board, it was a 2/3 vote (In favor 129 – Opposed 2) for the Town to make the following amendment to the Carver Zoning By-Laws:

Amend Section 2230 by adding or Retail or Wholesale sales with light manufacturing or assembly in a building less than 20,000 sq. ft. building footprint and Retail or Wholesale sales with light manufacturing or assembly in a building under “C. COMMERCIAL”.

<u>PRINCIPAL USEC. COMMERCIAL</u>	<u>RA</u>	<u>HC</u>	<u>GB</u>	<u>V</u>	<u>IA</u>	<u>IB</u>	<u>AP</u>
Retail sales with manufacturing or assembly in a building less than 20,000 sq. ft. building footprint.	N	SP*	SP*	SP*	SP*	SP*	SP*

Selectmen recommended: 5-0
Finance Committee: 7-0-0 No Action

Article 41. Upon motion duly made and seconded and motion to amend by Bryan Lauzon, Chairman Planning Board, it was 2/3 vote (In favor 110 – Opposed 19) for the Town to add to Section 2430 of the Town of Carver Zoning By-Laws the following new section:

2432 (b). Foundation

A building permit for a foundation may be granted, not more than 6 months prior to the release of the building permit, under Section 2400 of the Zoning Bylaw, provided that said foundation is capped or made weather-tight within two (2) weeks of completion of the foundation. Failure to do so shall result in the immediate removal of the Building Permit Application, therefore re-starting the Building Permit process.

Selectmen recommend: 5-0
Finance Committee: No Action
Planning Board: 4-0

Article 42. Upon motion duly made and seconded and motion made by Bryan Lauzon, Chairman Planning Board, it was Unanimously Voted for the Town to rezone Assessors Map C24, Block 24, Lot 4B (as shown on the January 2004 Assessors Maps) to Highway Commercial.

This lot had been shown as Highway Commercial on the Zoning map displayed at April 1998 Town Meeting but was not included in listed of lots provided in the text of the warrant Article.

Voting to zone this lot Highway Commercial would reflect the original intent of the 1998 Town Meeting action and reflect the existing zoning surrounding the property.

Selectmen recommended: 5-0
Finance Committee: No Action 7-0-0
Planning Board: 4-0

Article 43. Upon motion duly made and seconded and motion made by Bryan Lauzon, Chairman Planning Board, it was Unanimously Voted for the Town to rezone Assessors Map A22, Block 21, Lot 3, and Assessors Map A22, Block 21, Lot 1 (as shown on the January 2004 Assessors Maps) to Highway Commercial.

Lot 3 is currently Residence Agricultural and is surrounded by Highway Commercial lots on three sides and Route 44 on the fourth. Lot 1 is presently zoned RA and is part of the former New Haven Railroad line to Plymouth. The adjacent lots to the north and east are Highway Commercial. To the south is the new subdivision road Cordwood Circle.

Voting to zone these lots Highway Commercial would reflect the existing zoning completely surrounding lot 3 and along three sides of lot 1 and provides a clean and clear zoning district boundary line.

Planning Board: 4-0

Article 44. Upon motion duly made and seconded and motion made by Bryan Lauzon, Chairman Planning Board, it was Unanimously voted for the Town to rezone Assessors Map C23, Block 18, Lot 23 (as shown on the January 2004 Assessors Maps) to Village District.

This lot had been shown as Residential Agricultural on the Zoning Map displayed at April 1998 Town Meeting but was listed in both the Highway Commercial and Residential Agricultural lot lists of the warrant Article.

After reviewing the information from air photos and maps and conducting a site visit to the area, the Planning Board recommends rezoning Lot 23 to Village District. The Village District allows a greater mix of uses than Residential Agricultural while offering greater protection to the rural and residential character of High Street.

Selectmen recommend: 5-0
Finance Committee: 7-0-0 No Action
Planning Board: 4-0

Article 45. Upon motion duly made and seconded and motion made by Bryan Lauzon, Chairman Planning Board, it was Unanimously Voted for the Town to rezone Assessors Map C23, Block 18, Lots 26 (as shown on the January 2004 Assessors Maps) to Village District.

This lot had been shown as Village District on the Zoning Map displayed at April 1998 Town Meeting but was listed in both the Highway Commercial and Village District lot lists of the warrant Article.

After reviewing the information from air photos and maps and conducting a site visit to the area, the Planning Board recommends rezoning Lot 26 to Village District. Voting to zone this lot to Village District would reflect the original intent of the 1998 town meeting action. Lots to the south and east are presently zoned Village. The Village District allows greater protection to the surrounding homes in the existing Village District.

Selectmen recommended: 5-0
Finance Committee: 7-0-0 No Action
Planning Board: 4-0

Article 46. Upon motion duly made and seconded and motion made by Bryan Lauzon, Chairman Planning Board, it was Unanimously Voted for the Town to rezone Assessors Map C23, Block 18, Lot 24 (as shown on the January 2004 Assessors Maps) to Village District.

This lot is currently zoned as Residential Agricultural but is on the corner of Routes 58/44 and High Street.

After reviewing the information from air photos and maps and conducting a site visit to the area, the Planning Board recommends rezoning Lot 24 to Village District. The converting to Village of this lot when done in combination with several other lots (23, 25 and 26) provides a clean and clear zoning district boundary line. The Village District allows a greater mix of uses than Residential Agricultural while offering greater protection to the rural and residential character of High Street.

Selectmen recommended: 5-0
Finance Committee: 7-0-0 No Action
Planning Board: 4-0

Article 47. Upon motion duly made and seconded and motion made by Bryan Lauzon, Chairman Planning Board, it was Unanimously Voted for the Town to rezone Assessors Map C23, Block 18, Lot 25 (as shown on the January 2004 Assessors Maps) to Village District.

This lot is currently zoned as Residential Agricultural but is adjacent to the existing Village District to the south and southeast.

After reviewing the information from air photos and maps and conducting a site visit to the area, the Planning Board recommends rezoning Lot 25 to Village District. The converting to Village of this lot when done in combination with several other lots (23, 24 and 26) provides a clean and clear zoning district boundary line. The Village District allows a greater mix of uses than Residential Agricultural while offering greater protection to the rural and residential character of High Street.

Finance Committee: 7-0-0 No Action

Planning Board: 4-0

Article 48. Upon motion duly made and seconded and motion made by Bryan Lauzon, Chairman Planning Board, it was Unanimously Voted for the Town to rezone Assessors Map C23, Block 26, Lot 7 (as shown on the January 2004 Assessors Maps) to Highway Commercial.

This lot is currently zoned as Residential Agricultural but is adjacent to the existing Highway Commercial District to the North and West.

After reviewing the information from air photos and maps and conducting a site visit to the area, the Planning Board recommends rezoning Lot 7 to Highway Commercial. By rezoning this lot to Highway Commercial it provides both a clean and clear zoning district boundary line and allow for improved site design of the adjacent commercial properties.

Selectmen recommended: 5-0

Finance Committee: 7-0-0 No Action

Planning Board: 4-0

Article 49. Upon motion duly made and seconded and motion by Bryan Lauzon, Chairman Planning Board, it was a 2/3 Vote (135 In Favor – 2 Opposed) for the Town to rezone Assessors Map I19, Block 113, Lot 1 (as shown on the January 2004 Assessors Maps) to Airport District.

This lot had been shown as Airport on the Zoning Map displayed at April 1998 Town Meeting but had not been included in the lot list in the text of the warrant Article.

Voting to zone this lot Airport would reflect the original intent of the 1998 Town Meeting action and reflect the existing zoning surrounding the property.

Selectmen recommended: 5-0

Finance Committee: 7-0-0 No Action

Planning Board: 4-0

Article 50. Upon motion duly made and seconded and motion made by Bryan Lauzon, Chairman Planning Board, it was Unanimously Voted for the Town to rezone Assessors Map F16, Block 103, Lot 1-B1 (as shown on the January 2004 Assessors Maps) in its entirety to Village District.

This lot is currently shown on the zoning map as being in both the Residential Agricultural and Village Districts. The Carver Housing Authority, Meadowbrook Way is located on this parcel and is more in keeping with the Village District, which surrounds it to the northern, western and southern property lines.

After reviewing the information from air photos and maps and conducting a site visit to the area, the Planning Board recommends rezoning the entire Lot 1-B1 to the Village District, which reflects the existing zoning surrounding the property.

Selectmen recommended: 5-0

Finance Committee: 7-0-0 No-Action

Planning Board: 4-0

Article 51. Upon motion duly made and seconded and motion to amend by Bryan Lauzon, Chairman Planning Board, it was Unanimously Voted for the Town to amend the Zoning By-Laws as follows:

1. Take the existing 3400 – SIGHT OBSTRUCTION in its entirety;
“At corners, no sign (except signs erected by a public agency), fence... ..said street lines 20 feet back from their point of intersection.”

And move it to Section 2300 Dimensional Requirements in its entirety:

2350. SIGHT OBSTRUCTION

“At corners, no sign (except signs erected by a public agency), fence... ..said street lines 20 feet back from their point of intersection.”

Article 52. Upon motion duly made and seconded and motion by Bryan Lauzon, Chairman Planning Board, it was Unanimously Voted for the Town to amend the Zoning By-Laws Section 2230 Use Regulation Schedule PRINCIPAL USE C. COMMERCIAL as follows:

1. Modify the Existing Fast-Food or Drive-in restaurant line in the Principal Use Table to read as follows:

2230. Use Regulation Schedule PRINCIPAL USE C. COMMERCIAL

	<u>RA</u>	<u>HC</u>	<u>GB</u>	<u>V</u>	<u>IA</u>	<u>IB</u>	<u>AP</u>
Fast-Food or Drive-in Restaurant (Section 3400)	N	SP*	SP*	SP*	N	N	SP*

Selectmen recommended: 5-0

Finance committee: 7-0-0 No Action

Planning Board: 4-0 In Favor

Article 53. Upon motion duly made and seconded and motion to amend by Bryan Lauzon, Chairman Planning Board, it was a 2/3 Vote (124 – In favor 2 opposed) for the Town to amend the Zoning By-Laws Section 3400 by adding the following language:

3400 DRIVE THROUGH FACILITIES

3401 Purpose:

The purpose of this section is to protect the safety, public health, convenience and general welfare of the inhabitants of the Town of Carver by providing detailed review of the design and layout of drive-through facilities which have a substantial impact upon the character of the Town of Carver and upon traffic, utilities and services therein.

3402 Powers and Administrative Procedures:

The Planning Board is hereby designated the Special Permit Granting Authority (SPGA) for Drive-Through Plan Approval. The SPGA shall follow the procedural requirements for special permits as set forth in Section 9 of M.G.L. Chapter 40A. After notice and public hearing and after due consideration of the reports and recommendations of other town boards, commissions and or departments, the SPGA may grant such a permit. The SPGA shall also impose, in addition to any applicable conditions specified in this section, such applicable as the SPGA finds reasonably appropriate to improve the site design as based on the design listed below, traffic flow, safety and or otherwise serve the purpose of this section. The Applicant shall provide a traffic impact study at the discretion of the Planning Board. Such conditions shall be imposed in writing and the applicant may be required to post a bond or other surety for compliance with said conditions in an amount satisfactory to the SPGA.

3410 Design Requirements:

3411 Separation between access connections on all collector and arterials shall be based on the posted speed limit in accordance with the following table.

<u>Posted Speed Limit (MPH)</u>	<u>Access Connection Spacing (Feet)</u>
20	140
30	210
40	280
50	350

- 3412 The width of the access connections at the property line of the development shall not exceed 25 feet, unless a traffic impact study identifies and the SPGA agrees to the need for turning lanes from the development onto the adjacent public road.
- 3413 For a site at an intersection where no alternatives exist, such as joint or cross access, the Board may allow construction of an access connection at a location suitably removed from the intersection. In such cases, the applicant shall provide directional restrictions (i.e. right in/ right out only and/or a restrictive median) as required by the Board.
- 3414 A system of joint use driveways and cross access easements shall be established wherever feasible along Route 58 and the proposed development shall incorporate the following:
- a) A service driveway or cross access corridor extending the width of the parcel.
 - b) A design speed of 10 mph and sufficient width to accommodate two-way travel aisles.
 - c) Stub-outs and other design features to make it visually obvious that the abutting properties may be tied in to provide cross-access via a service drive.
- 3415 Developments that provide service drives between properties may be permitted a 10% reduction in the required number of parking spaces. If information can be provided to show that peak demand periods of development with shared parking or a service drive connection are not simultaneous, the number of required parking spaces may be reduced by 20%.
- 3416 Drive-through facilities shall provide a minimum of eight (8) stacking spaces (within the site) before the order board. The facility shall provide another four (4) stacking spaces between the order board and the transaction window. If the facility has two transaction windows, the four (4) stacking spaces may be split between each of the windows. An additional stacking space shall be provided adjacent to the last transaction window.
- 3417 Each stacking lane shall be a minimum of twenty (20) feet in length and ten (10) feet in width along straight portions. Stacking spaces and stacking lane shall be a minimum of twelve (12) feet in width along curved segments.

- 3418 Stacking lanes shall be delineated from traffic aisles, other stacking lanes and parking areas with striping, curbing, landscaping and the use of alternative paving materials or raised medians. An analysis that indicates the best option will be reviewed by the board.
- 3419 Entrances to stacking lane(s) shall be clearly marked and a minimum of sixty (60) feet from the intersection with the public street. The distance shall be measured from the property line along the street to the beginning of the entrance.
- 3420 Any outdoor service facilities (including menu boards, speakers, etc.) shall be a minimum of twenty-five (25) feet from the property line of a residential use.
- 3421 Menu Boards shall be a maximum of thirty square feet, with a maximum height of six (6) feet in height and shall be shielded from any public street and residential properties.
- 3422 Exposed machinery, utility structures and areas for parking, loading, storage, service and disposal shall be screened from abutting properties and streets.
- 3423 Buffering between the stacking lanes, menu boards, speaker etc. when applicable will be provided utilizing any combination of landscaping, fencing and/or other material as determined by the Planning Board.

Article 54. Upon motion duly made and seconded and motion made by Bryan Lauzon, Chairman Planning Board, it was Unanimously Voted for the Town to amend the Zoning By-Laws Article VI by inserting the following:

DEFINITIONS:

Access: A way or means of approach to provide vehicular or pedestrian entrance or exit to a property.

Access Connection: Any driveway, street, curb cut, turnout or other means of providing for the movement of vehicles to or from the public/private roadway network.

Cross Access: A service drive providing vehicular and pedestrian access between two or more contiguous sites so the driver need not enter the public street system.

Directional Median Opening: An opening in a restrictive median which provides for the specific movements and physically restricts other movements. Directional median opening for two opposing left or “U-turn” movements along a road segment are considered one directional median opening.

Drive-Through Facility: A commercial facility which provides a service directly to a motor vehicle or where the customer drives a motor vehicle onto the premise and to a window or mechanical device through or by which the customer is serviced without exiting the vehicle. This shall not include the selling of fuel at a gasoline filling station or the accessory functions of a carwash facility such as vacuum cleaning stations.

Driveway/ Curb Cut Spacing: The distance between connections, measured from the closet edge of pavement of the driveway or curb cut to the next closest edge of the pavement along the public/private roadway.

Joint Access (or Shared Access): A driveway connecting two or more contiguous sites to the public/private street systems.

Stacking Lane: An area of stacking spaces and driving lane provided for vehicles waiting for drive-through service that is physically separated from other traffic and pedestrian circulation on the site.

Stacking Space: An area within a stacking lane for vehicles waiting to order and/or finish a drive – through transaction.

Traffic Impact Study: A traffic study shall be prepared by a registered professional engineer experienced and qualified in traffic engineering. The study shall include the following information: existing and projected traffic conditions, peak hour and daily traffic generation, sight lines for all existing and proposed intersections, existing and proposed traffic controls for the impact area. The impact area includes all streets and intersections within 1000 feet of the project boundaries. The impact area may be adjusted by the Planning Board.

Article 55. Upon motion duly made and seconded and motion to amend by Bryan Lauzon, Chairman Planning Board, it was a 2/3 Vote (125 In favor 2 Opposed) for the Town to amend Section 2200 of the Zoning By-Laws as follows:

2270 Accessory Dwellings above Commercial.

2271. Purpose

For the purpose of allowing a mixture of different types of residential housing in the Town without increasing the number of buildings, or substantially altering the appearance of the Town and to allow greater utilization of commercial developments, a special permit may be granted in accordance with the following requirements.

2272. Procedure

The Planning Board is hereby designated the Special Permit Granting Authority (SPGA) for Accessory Dwellings above Commercial Developments. Accessory dwellings above commercial developments may only be allowed in the Village and General Business Districts.

The SPGA shall follow the procedural requirements for special permits as set forth in Section 9 of M.G.L. Chapter 40A. After notice and public hearing and after due consideration of the reports and recommendations of other town boards, commissions and or departments, the SPGA may grant such a permit.

Commercial buildings may be permitted a base density of two accessory dwelling units to be located on the second floor. Additional accessory dwelling units may be permitted in the special permit application by the transferring of development rights. The number of accessory dwelling units that may be permitted shall be determined by using the total gross square feet of first floor commercial space multiplied by .001. The maximum number of accessory dwelling units allowed for any commercial building shall be 15.

2273. Design Requirements

- a. All commercial developments with accessory dwelling units shall be limited to a maximum of two stories.
- b. The primary entrance/stairway to the second story accessory dwelling units shall be enclosed.
- c. 1 clearly marked parking space within 100 feet of the primary entrance should be provided per unit. This space may be double counted towards the total parking requirement of the development depending on the commercial uses, traffic flow and other site conditions as determined by the Board. In cases where the Board may have concerns about the total number of parking spaces, a condition of the permit may require the applicant to provide additional spaces.
- d. The development shall conform to the applicable requirements of Title V of the State Environmental Code and compliance with any conditions which may be imposed by the Board of Health with regard to sanitary wastewater disposal on the site.

- e. The Architectural details including the textures of the walls and roof materials of new building or additions to existing buildings should enhance the rural character of the development and surrounding area. The use of pitched roofs, dormers and setbacks to alter the roofline is encouraged.
- f. Design shall meet Massachusetts State Building Code.

Article 69. Upon motion duly made and seconded and motion by John Garretson, Chairman, Earth Removal, and motion to amend by Buz Artiano, it was Unanimously Voted for the Town to amend the General By-Laws, Earth Removal By-Law, Section 9.1.8 as follows:

9.1.8 CONDITIONAL EXEMPTIONS

An earth removal permit shall not be required for the following activities, provided the operation does not constitute a nuisance or danger to the public, and conforms to accepted engineering and/or agricultural practices:

- A. earth removal involving less than 100 cubic yards in one calendar year;
- B. removal performed under the provision of a duly approved subdivision plan where the volume of earth removed does not exceed 5000 cubic yards times the number of acres within the limits of construction;
- C. removal necessary for the reconstruction of existing streets and the installation of utilities;
- D. removal necessary for construction under the provision of a valid building permit, where the volume of earth removed does not exceed 5000 cubic yards times the number of acres within the limits of construction;
- E. removal performed in connection with town projects;
- F. removal necessary for normal cranberry-related activities or other agricultural uses. This agricultural-related work is defined as earth removal necessary to maintain or improve the owner's contiguous or non-contiguous land for agricultural purposes, and does not include the removal of earth for sale, trade, or other considerations except as provided in 9.1.8 G, H, and I;
- G. removal necessary for construction of new cranberry bog within the following limits:
 - i. where the average volume of earth removed per acre of new bog does not exceed 10,000 cubic yards; and
 - ii. where the total volume of earth removed from land in Carver under the same ownership does not exceed 100,000 cu. yards per year; and
 - iii. where restoration is performed after ten acres are excavated or 100,000 cubic yards removed (whichever comes first). This restoration shall be performed before further exempt excavation is undertaken on any land in Carver and the same ownership.

(Abbreviated filings for non-exempt cranberry bog construction: where average volume of earth removed per acre of new bog is greater than 10,000 cubic yards and less than 20,000 cubic yards, and the total volume removed from any land in Carver under the same ownership does not exceed 200,000 cubic yards in a year, an abbreviated application to the E.R.C. shall be required in lieu of a full application.)

The regulations adopted shall include, but are not limited to: the method of application, filing fees, required exhibits, site plans, site plan review fees, monitoring fees, bond requirements, and the means of compliance, inspection and administration. Applicant shall bear all costs of professional required to assist the E.R.C. to render a decision. This By-Law shall be effective notwithstanding the absence or invalidity of rules adopted by the E.R.C.

ANIMAL CONTROL OFFICER

The Animal Control Officer respectfully submits the following report.

The purpose and mission of our department is to ensure the health and safety of pets and domestic livestock in the Town of Carver.

In July of 2005, Sheila Seery was appointed Animal Control Officer, and Cynthia Sherman was appointed Assistant Animal Control Officer. In addition to our duties as Animal Control Officers, we are also tasked with being the town's Animal Inspectors, which means that we must inspect all domestic livestock, including but not limited to neat cattle, swine, sheep, horses, poultry, waterfowl must be inspected annually. With almost 1,000 domestic livestock in Carver, we are kept very busy.

Many new policies and procedures have been put in place to provide better service to the town. This office is only approved for 31 hours per week, which amounts to 4 hours per day. We are anxiously awaiting the construction of our new animal control shelter. In the meantime, we are utilizing the services of surrounding municipal shelters.

There were 3 confirmed, and many more suspected, cases of rabies in Carver during 2005. We encourage everyone to make sure that their pets are vaccinated against rabies. This is required by Massachusetts General Law Chapter 141 Section 145B, and under 105 CMR 330. We encourage residents to keep your pets under close supervision and indoors at night as this is a rural area with many wild animals, and many pets are seen as potential food sources to those wild animals. If your pet has any wound of unknown origin, or was bitten by a wild animal, your pet must be quarantined.

Since July 9th, we have impounded 58 dogs. Unfortunately, 7 of those dogs went unclaimed. There were 7 reported dog bites, 7 dogs reportedly killed by cars, many more cats killed by cars. Sadly, most cats are never claimed. In 2005 1,696 dog licenses were issued, an increase of almost 300 licenses from 2004. In 2005 we collected \$1,365 in fines and \$375 in monetary donations.

Once the shelter construction is completed, we will gladly accept volunteers, and donations of food, bedding such as linens, and specialty services.

Respectfully submitted,

Sheila H. Seery, *Animal Control Officer and Animal Inspector*
Cynthia Sherman, *Assistant Animal Control Officer*

BOARD OF ASSESSORS

The Assessors Office is responsible for developing the assessments from which the tax bills are prepared, and approximately half of the revenue received by the town is directly related to property valuations. This Board has always felt that it is imperative that taxpayers only pay their fair share of the tax burden. It is always with this in mind that this office is constantly updating its data base.

The Assessors Office continues to encourage our seniors to contact us to determine if they qualify for any of the clause exemptions available to them. Please call our office (508)866-3410 for more information. All information provided is confidential.

We are continuing the Department of Revenue mandated program of re-measuring and re-listing all properties in the Town of Carver. This is to ensure that all properties are valued fairly and equitably. This year we collected data on properties that have not been visited in the previous ten years. The Board of Assessors appreciates your cooperation.

The Assessors Office prides itself in our commitment to quality customer service. A computer terminal at the front counter is for the public to use, which, in addition to land and building values, includes a GIS module showing the location of each property. We invite the public to come in and look at their valuations. A property record card is available to each property owner. We hope to have this information on-line in the near future.

Continuing education is a priority in the Assessors Office. Several different workshops and seminars were attended during 2005. Assessing Technician MaryAnn Ashe successfully completed Course 3 – Income Approach to Valuation. Administrative Assistant Dee Vicino successfully completed Course 2 – Cost Approach to Valuation and Course 101 – Assessment Administration: Law, Procedures, Valuation and the Classification Workshop. Ellen Blanchard, MAA continued to be an instructor of Course 3 – Income Approach to Valuation, at the MAAO Assessing School held annually at UMass Amherst.

The median price of a house in the Town of Carver for 2004 was \$305,500. In the calendar year 2005 the median price of a house in Carver has reached \$319,000. This is a 4.4 % increase from calendar year 2004. This office monitors the sales because the market is the basis for assessment values. As can be seen, the house prices in Carver continue to increase. We also receive daily listings of properties in Carver so that we can keep an eye on the trend of the housing market.

The Assessor's Office is required by law to prepare and maintain tax maps as they are a graphic representation of the real property tax roll and an inventory of ownership documents pertaining to the legal sub-division of land. Your Board of Assessors is using this tool, where spatial statistical analysis can be performed, and is the basis for your

valuations. This office is also working with the Planning Board to better utilize this important tool. We hope that other departments will also make use of GIS, and we are willing and able to provide whatever assistance they might need.

The Assessors Office continues the processing of motor vehicle, real estate and personal property abatements and exemptions in the tax collection program. Motor vehicle excise questions should be directed to this office unless it is to discuss the payment of a bill.

The Assessor's page on the Town's website (www.carverma.org) has been updated. There you will find the following topics: An overview of what the Assessor's Office does; an explanation of Proposition 2 1/2; abatement procedures; personal exemption information; and Chapter 61, 61A & 61B land. By the time you read this there should also be information on motor vehicle excise and abatements, and a list of the tax rates from 1982 to the present. Additionally, this year we have added a down-loadable excel spreadsheet, listed by location, which includes parcel identification, land area and value, building information and value, total appraised value, and the deed book and page. This is all public information. Property ownership and mailing addresses are also public information, but we have decided not to include them on-line. That information, however, is available by calling the Assessor's Office.

We cannot stress enough that the mission of the Assessor's Office is to ensure that everyone is paying only their fair share of the tax burden. We invite the public to visit our office, use our counter terminal where you will find values and other relevant information for all properties in the Town of Carver. The staff welcomes questions, and is here to serve you.

Statistics of interest include:

- Building Permits processed – 619
- Plans for sub-division of property processed – 25
- Transfers of property processed - 368
- Exemptions granted – 125
- Real Estate Tax Abatements granted – 40
- Motor Vehicle Excise Bills Issued – 14,086
- Motor Vehicle Excise Abatements - 739

BOARD OF HEALTH

The Board of Health has a mission to protect the health and safety of the Town of Carver. Inside this mission several factors are necessary. We are to monitor the landfills and the septic plant, inspect all town restaurants and food service providers, approve of all well and septic plans and upgrades, collect applicable fees, provide the public with the knowledge, respect and understanding to deal with various health issues and solve the day to day health disputes where the public is concerned.

The Board of Health has had many accomplishments in the past calendar year. We continue to strengthen our pond-testing program to provide for the safest of beaches for our residents and visitors. We are further working with the new town planner to develop a water plan, which would identify areas in town that could benefit greatly with some type of town water service. We are continuing to work with other town departments to provide the town with the best vision possible for the future of the Town of Carver.

Sadly, this year was also the year we lost our Chairman. With the passing of Edgar B. Lawrence the Carver Board of Health lost our quiet leader. With his passing, the entire Town of Carver lost a good man, as well as a valuable asset. The Carver Board of Health was fortunate to replace Mr. Lawrence with another qualified individual. With his appointment, David B. Lawrence, son of Edgar B. Lawrence, will fulfill his father's legacy as a member of the Carver Board of Health. We, as a Board, feel strongly that Mr. Lawrence will be a strong addition to the Carver Board of Health

In 2005 we permitted; 64 new construction septic permits, 63 upgrade septic permits, 88 well permits. We licensed; 67 septic installers, 29 garbage haulers, 51 seepage haulers, 2 campgrounds, 2 day care centers, 5 mobile home parks, 16 tobacco merchants, 60 food establishments, 10 massage/tanning salons, and 22 animal/stables.

We have a few goals for the upcoming year. First, we are looking forward to the overall completion of the North Carver Landfill project. Secondly, we will continue to aid the Town as best as possible as we face uncertainty in our fiscal future. Thirdly, we will continue to direct and assist the town as the town itself prepares for residential as well as commercial growth. Thank you.

It is with honesty and pride that we serve you.

Respectfully submitted,
CARVER BOARD OF HEALTH

Debra Deneen, *Administrative Assistant*

BUILDING COMMISSIONER

To the Honorable Board of Selectmen and the town people of Carver:

I hereby submit the Annual Report of the Building Department for the calendar year 2005.

The office has undergone a lot of changes during this year. New home construction was brisk again this year and Shaw's finally opened their new store this year. That site has also witnessed the construction of a new CVS and the town has seen the addition of two new restaurants. Decas Cranberry also underwent expansion of its facility during this time also.

New Dwellings	44
Condo	4
Additions/Renovations, Sheds, Decks, etc.	404
Mobile Homes	8
New Commercial	2
Additions/Renovations	68
Certificate of Inspection	30
Number of Inspections for the Year	1,058
Total Fees Paid	\$107,703.60
Number of Court Appearances	14

Respectfully submitted,

Michael Mendoza
Building Commissioner

SUPERINTENDENT OF BUILDINGS AND GROUNDS

To the Honorable Board of Selectmen:

The Buildings and Grounds Department is made up of a Superintendent who oversees the budget and the day-to-day operations, two full-time Custodians, and one part-time position. This Department oversees the maintenance, grounds keeping and custodial needs of several municipal buildings including the Town Hall, Library, Police Station, three Fire Stations, Ambulance Building, Department of Public Works Facility and the Municipal Well Complexes.

Buildings and Grounds Department also maintains the Purchase Street athletic fields and the softball fields behind the police station

The Buildings and Grounds Department spends a great deal of time on preventive maintenance to minimize the cost and frequency of breakdowns in the Town buildings.

I would like to thank the Town Administrator and the Board of Selectmen for their assistance and support of this department.

Respectfully submitted,

Gerald W. Farquharson
Superintendent of Buildings and Grounds

CONSERVATION COMMISSION

To the Honorable Board of Selectmen:

The Carver Conservation Commission is charged under M. G. L. Ch. 40 S. 8C with three primary functions: administering the Massachusetts Wetlands Protection Act (M. G. L. Ch. 131 S. 40); acquiring and managing open space; and the general protection and stewardship of our town's natural resources. More specifically, we are charged with open space protection and wetlands protection. Open space is important to our town for several reasons: it improves a town's bond rating; slows residential growth, thereby lowering taxes; protects our drinking water supply by preventing stormwater runoff; increases property values; and encourages a high quality of life. The Commission also administers the Carver Wetlands Protection Bylaw. Wetlands are especially important to our town: they provide flood control and pollution control; recharge and purify groundwater; provide habitat, food, and cover for wildlife; and maintain high-quality fish and shellfish environments both locally and downstream. Clean pure groundwater is vital to Carver because most residents and many businesses—including our primary industry, cranberry production—depend on private wells. In addition, the town is situated over one of the largest sole-source aquifers in the state. Approximately fifty percent of the Town of Carver is wetlands and about eighty-five percent of the town is open space. The majority of our open space is unprotected.

The Commission is authorized by the Wetlands Protection Act and the Carver Wetlands Protection Bylaw to hold public hearings on all projects within 100 feet of any wetland, including cranberry bogs, and within 200 feet of a perennial river or stream. In 2005, the Commission held public hearings for 45 proposals. Of those proposals, 21 received permits; no one was denied a permit. The Commission also held hearings on four (4) Abbreviated Notices of Resource Area Delineation (ANORAD). The purpose of an ANORAD is to establish the boundaries of wetlands on a parcel so that the applicant can prepare development plans based on pre-established wetland lines. Twelve (12) determinations were made by the Commission that a permit was not required and one determination found that a permit was necessary. Six (6) cases are on-going and one (1) was withdrawn.

We accomplished many goals in 2005, one of which was public outreach: disseminating information about wetlands and open space. Our Commission meetings are broadcast on CCAT for those residents who are unable to attend our meetings. The Commission also designed a new brochure describing wetlands values and functions as well as state and local regulations and our local bylaw. This brochure is available at our Town Hall office or by linking to www.buzzardsbay.org on our web-site. For more information about Conservation, our web-site can be viewed by going to www.carverma.org/homepage.htm and then clicking on Conservation Commission. Permit forms and the town's Wetlands Protection Bylaw may be viewed and/or downloaded by going to the

Commission's site. We welcome public input on what kinds of information should be available.

Land in Carver is disappearing. In 2005, once again, the number of filings increased steadily over previous years, with these filings becoming more complex as the amount of available land located away from wetland resources dwindles. As Carver continues to grow, we expect the current trend in wetland filings to increase as houses and subdivisions are built closer and closer to wetlands. The downturn in the cranberry industry has hurt not only the growers, but all of us as we begin to lose our open space to revenue-negative new house lots and subdivisions. For Carver, in particular, taking more land out of residential development will reduce the need for more town services and reduce future property tax increases. If we value our town's resources *and* want to lower our taxes, we need to protect our remaining open space before there is nothing left to protect.

In 2005, two of our Commissioners resigned—Roger Shores and Michael Pol. Roger now serves as an Associate Commissioner with Bill Garnett. Two new Commissioners were appointed this year—Allan Kingsbury and Russ Lovaas: we welcome them. Finally, we would like to thank all who filed with the Commission over the past year as well as those who called or stopped by with questions. The Commission tries to work with the public to protect the resources that, in turn, protect our town. We take our public service responsibilities seriously and we welcome your questions and comments.

Respectfully submitted,

Dan Fortier, *Co-Chair*

Robert Conway, *Co-Chair*

Judith Ward, *Recording Secretary, member*

Allan Kingsbury, *member*

James Nauen, *member*

Russ Lovaas, *member*

Sarah G. Hewins, *Agent*

Marie S. Vitale, *Secretary*

COUNCIL ON AGING

The Carver Council on Aging is a Town department established to serve and assist the senior population of our community, 59 years of age and older. The COA Offices, Drop-In Center and Nutrition Center are housed in the Marcus Atwood House, located at Lakeview and Tremont Streets in South Carver. This multi-purpose center is open Monday through Friday from 9:00 a.m. until 4:00 p.m. except for legal holidays.

Professional staff members (paid and volunteer) implement the programs and services established and authorized by the COA Board of Directors. Federal, State and local funds support a variety of services and programs focused on the needs of our senior citizens. Grants (public and private) also contribute to the financial support of this department.

Bingo is offered on Monday and Friday and remains quite popular. Flu shots and other medical vaccinations are offered at the Atwood House by the Affiliated VNA Nurses on an annual basis.

Continued support from community organizations, churches and individuals is greatly appreciated. Without such support and that of many volunteers who assist us in a variety of ways, we could not serve the community as we do.

Consistent with the original intent when the Marcus Atwood House was purchased, this facility also serves as a meeting place for other Town and civic groups.

Presently, the AARP, Carver Senior Citizens, American Legion, Democratic & Republican Town Committees, Affiliated Community VNA, an A.A. Group and Town Department Heads meet at the Atwood Home.

Our Knitting Grannies continue to donate their items to the VA Hospital, Head Start, Oxfam, nursing homes and homebound elders living in Carver.

We are saddened by the loss of our good friend, long time supporter, and Chairman of the Marcus Atwood Trustees, Frank R. Mazzilli.

EMERGENCY MANAGEMENT AGENCY

The Emergency Management Center is located in the basement of the Town Hall. The year 2005 was a very busy year. The year began with the blizzard of January 2005. The Emergency Operations Center was activated and one shelter was opened. Emergency Management also successfully coordinated reimbursement efforts and received 75% reimbursement from the Federal Government.

Training in our Nuclear Emergency Response program was coordinated by Emergency Management for all Town Emergency personnel.

Carver Emergency Management also coordinated the annual Home Land Security Local Preparedness Grant application and spearheaded the community effort to achieve compliance with Presidential Directive 5 which required training in the National Incident Management System (NIMS) for more than 100 town employees.

The Local Emergency Management Committee (LEPC) met in April of 2005 and elected Emergency Management Director, Thomas Walsh, as Chairman. The LEPC met gain in August and successfully completed its annual exercise in October 2005.

Calendar year 2006 will have a federally evaluated exercise of our Nuclear Preparedness Program to be held in October and additional NIMS training requirements must be achieved. Emergency Management will work with all departments to assist them in maintaining our compliance.

The Agency wishes to extend our thanks to Town personnel, residents of Carver, the Carver Board of Selectmen and Town Administrator, MEMA – Region II and all volunteers for their cooperation and support.

Finally, we wish to express our sorrow over the passing of past Emergency Management Director and Selectmen, Frank Mazzilli.

Respectfully submitted,

Thomas M. Walsh
Emergency Management Director

EMERGENCY MEDICAL SERVICES DEPARTMENT

During the calendar year ending December 31, 2005, the Town Of Carver EMS Department responded to 1,052 calls. These calls were broken down as follows:

Medical Emergencies	776
Motor Vehicle Accidents	101
Non MVA Trauma	170
Miscellaneous	5

Last year I reported that the Jordan Hospital had discontinued providing a regional Advanced Life Support service and I advised that this left the Town of Carver EMS faced with the challenge of upgrading our service to the Advanced Life Support (ALS) level.

I am pleased to report that we have successfully developed a system that utilizes both Paramedics and EMTs on a “Call” or “Per-Diem” basis (no fulltime personnel) and that all State and regional licensing requirements were satisfied and Carver EMS was issued an ALS license in September of 2005. Operations as an ALS service with an EMS crew comprised of at least one Paramedic and an EMT on duty 24 hours a day began on October 1, 2005.

Operation of the EMS Department has always been funded primarily by fees received for services rendered, mostly from insurance payments, and it is hoped that receipts will allow this to continue in future years.

Finally, I commend and thank the members of the Carver Emergency Medical Services Department for their cooperation, professionalism and dedication to duty during the past year when so many changes were necessary and I welcome the many new members who have been hired this year. Together we are a stronger department providing a better service to the public.

Respectfully submitted,

Thomas M. Walsh
Director of EMS

FIRE DEPARTMENT

To the Honorable Board of Selectmen:

The following is the report of the Fire Chief for the year ending December 31, 2005.

Structure Fires	10
Motor Vehicle Fires	10
Brush, Woods, & Grass	34
Chimney Fires	2
Motor Vehicle Accidents	21
<i>Jaws of Life Used</i>	8
Appliance Fires (stoves, etc.)	14
Misc. Fires & Emergencies	79
Fire Alarm Investigations	52
Electrical Investigations	30
Gas Investigations	9
False Alarms	0
Bomb Scares	0
Water, Ice, and other rescues	3
Search for missing persons	0
Gas Grill.....	0
Storm Standby.....	4
Smoke Investigations.....	15
Illegal Burning	8
Public Assist	6
Carbon Monoxide Investigations	26
Ambulance Assist	4
Mutual Aid to other Towns	<u>16</u>
Total responses	343

I would like to thank all Departments and Boards of the Town for their cooperation and assistance over the past year. A special thanks to the members of the *Carver Fire Department* for the dedication and proficiency displayed in the performance of their duties over the past year. Their efforts maintain a level of Fire Protection in the Town of Carver that we can all be proud of.

Respectfully submitted,

Craig F. Weston
Fire Chief

HISTORICAL COMMISSION

The Carver Historical Commission continues to acquire and preserve Carver history. This past year we have made arrangements with the wood working department at Old Colony Regional Technical School, to make a cherry wood table for the Carver Room to match the existing cabinets. After searching for new chairs to match the table, we voted to keep the present chairs which were donated to the old library. They will be refinished and stained to match the new table.

Marilyn Dupuis, from the Registry of Deeds in Plymouth, contacted us to provide information and photos of Carver to be on display with the other towns in Plymouth County in the new Registry of Deeds building. Some information was given and we await further instructions

In the spring, letters were sent out requesting memories of growing up in Carver which will be made into a booklet. This provided us with some good material to compile an interesting book. More memories are always welcome.

At the last Old Home Day, old records and photos of Carver churches were on display in the library and cup plates, Savery Avenue tiles and the Carver book were sold. The books are still available in the library.

A program about the Savery Avenue District was produced for presentation on Carver Community Cable television. We continue our association with CCAT and hopefully will be able to work with them as they look for new quarters in town.

We especially want to thank those who have donated and contributed to our collection and in the coming year we hope that Carver citizens will visit the Carver Room to discover interesting facts about the town's history.

Respectfully submitted,

Constance J. Shaw, *Chairperson*

Sylvia Best

Barbara Butler

Marguerite Mills

HISTORIC DISTRICT COMMISSION

The Carver Historic District Commission is appointed by the Selectmen and is designated to review and approve of any proposed change to the exterior of a building or structure, new construction or demolition that can be seen from a public way and is located in a Carver Historic District before beginning the project.

This review mechanism attempts to insure that changes that are planned are appropriate for or compatible with the preservation and character of the Historic Districts.

The commission meets on the first Tuesday of each month at 7:00 PM in Meeting Room 3 at the Town Hall to review applications. There is a ten (\$10) dollar fee that must accompany all applications.

Significant activities in 2005 included:

- The Commission reviewed and approved seven applications for renovations of buildings in the Historic Districts.
- The Commission reviewed and approved the moving of and renovation of the McKay House located at Highland Farms in the Lakenham Historic District.

Respectfully submitted,

Diane D. Szczepanek, *Chairperson*
David Wainio, *Vice Chairperson*

Meeting Room Uses	653

The Carver Public Library was a busy place in 2005! Our customer service, wide variety of programs and new books and materials brought many users through our doors.

Many programs were offered throughout the year to encourage both adults and children to visit the library. Reference Librarian Amy Sheperdson continued her online Internet and iBistro classes and also offered a five week babysitting class in the fall. The support of our colleagues in the police, fire and emergency management departments make this class possible and we thank them for their time. The popular Food for Fines program was held again in February, providing library patrons with the opportunity to make a donation to the Marcus Atwood House food pantry in lieu of paying cash for their overdue materials. Other programs included Book Club, a sign language class, and a visioning session sponsored by the Planning Board.

The library started two new technological services as well. A software program called Envisionware was installed on all of the computers on the second floor of the library. This software allows users to reserve computers in advance. It also controls the printing aspect of computer use, allowing patrons to better estimate their printing costs. Audio books became available online through the library's Overdrive subscription. This program gives patrons the ability to download popular audio books and install them on an MP3 player. This service is available entirely from home. Other at home services including renewing and reserving books as well as viewing materials charged on a library card. The library staff is available to instruct patrons on using these services at anytime.

With over 340 scheduled programs last year, the Children's Department was an active, fun-filled place for Carver families. Drawing enormous crowds in 2005 were programs like the midnight Harry Potter Party, sponsored by the Friends of the Carver Public Library, Super-Cold Science, presented courtesy of the Boston Museum of Science, Tanglewood Marionettes, sponsored by South Coastal Bank, and storytellers like Eshu Bumpus and Big Ryan, as well as Rainforest Reptile Shows, sponsored by the Carver Cultural Council. Another feature that draws people to the library is our gallery exhibits. We wish to thank the Carver Camera Club, the Plymouth County Cranberry Quilters, the Carver Public Schools art classes, and Connie Kelly's art classes for delighting us with their talent.

Furthermore, a public library cannot exist without the support of local businesses and people. Eastern Bank, upon their merger with Plymouth Savings Bank, generously gifted the library with \$25,000. Local businesses like Edaville Railroad and McDonald's sent their mascots out for shows and story times, South Coastal Bank sponsored the marionette program, Mutual Federal Savings Bank donated \$500 to the Friends of the Library, and Carver musician Larry Carlson wowed crowds, showing that the local community is committed to the aim of connecting children and their families with books. Volunteers are such an important part of the library as well! Our thanks go to David Murray, Peg Merritt, Dorothy McCarthy and family, Sara Hewins, Alicia Lauzon, Cindy Borden, and the special needs students from Mary Willett's class. These volunteers contributed nearly 400 hours to the library! We cannot speak of volunteers without remembering long time Library Trustee Fred Harrison, who passed away in 2005. His dedication to the library was exemplary and his presence is greatly missed at monthly Library Trustees Meetings.

The staff and trustees of the library encourage everyone to stop by or visit us online at www.carverpl.org. Let's make 2006 a year where the library is used by everyone in the Carver community!

Respectfully submitted,

BOARD OF LIBRARY TRUSTEES

Sylvia Best, *Chairman*

Ann-Marie Noyes, *Vice-Chairman*

Barbara Butler, *Secretary*

Marianne MacLeod

Cathy Trudeau

Carole A. Julius, *Library Director*

PLANNING BOARD

The continuing challenge facing Carver is protecting the town's rural character while proactively managing growth. We have effectively embarked upon this effort with the help from our professional planner. Our Town Planner, the main liaison between all land use departments, the development community and Town Boards and Commissions, has productively completed 2005, strategizing for the future while dealing with the most unprecedented development activity (both residential and non-residential) in the history of the Town. The Planning Department has also staffed the Town's Industrial Development Commission along with numerous ad hoc committees throughout the calendar year.

In the calendar year 2005, the Board reviewed and processed thirty (30) residential subdivisions. This included twenty-four (24) Form A applications ("Approval Not Required" under the Subdivision Control Law), two (2) Form B applications (Preliminary Subdivision Plans), and four (4) Form C applications (Definitive Subdivision Plans). The Board also reviewed and processed nine (9) Special Permit applications, ten (10) Site Plan Review applications, and nineteen (19) Sign Permit applications. Among the noteworthy projects approved by the Board are "Copper Lantern Lane", "Hawks Haven" and "Highland Farms". The first project is a townhouse development and the second and third are Conservation Subdivisions, all of which add diversity to the Town's housing stock. In addition, the Board is currently working on major commercial projects in the North Carver area as well as staffing water and land use studies in North and South Carver.

The Planning Department continues to utilize the Technical Review Committee process, successfully instituted in 2002 by the Town Planner, to review projects submitted for the Board's approval. This has created a mechanism to communicate issues and concerns freely between the various departments, Boards and applicants, thus streamlining the review process while thoroughly addressing all related issues.

It should also be noted that the Town Planner has received over \$130,000 in grants for the Town to deal with Smart Growth, infrastructure improvements, internships and land use.

In the coming year, the Planning Board needs your support to bring about more changes to our by-laws and regulations in order to preserve our rural character and promote growth in the appropriate areas of our town.

Finally, we would like to thank the applicants and public for working with us to make Carver the great place we are all so proud to be part of.

PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 2005.

The Project is a special district created by the State Legislature in 1957, and is now composed of all Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. The Project is a regional response to a regional problem, and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

The 2005 season began with a normal water table until record April precipitation produced large numbers of spring and summer brood mosquitoes throughout the County. Efforts were directed at larval mosquitoes starting with the spring brood. Ground and aerial larviciding was accomplished using B.t.i., an environmentally selective bacterial agent. Upon emergence of the spring brood of mosquitoes, ultra-low volume adulticiding began. The Project responded to 11,578 requests for service from residents.

In response to the elevated threat of mosquito borne diseases in the district, we increased our trapping, aerial and ground larviciding, and adult spray in areas of concern to protect public health.

Eastern Equine Encephalitis virus was first isolated from *Culiseta melanura*, a bird biting species, by the Massachusetts Department of Public Health in Kingston on July 25, 2005. Of the season's total of forty five EEE isolates, twenty eight were from Plymouth County as follows: Abington (9/12), Carver (8/17, 8/29, 9/5), Duxbury (8/5), Halifax (8/22, 9/1, 9/5, 9/7), Hanover (9/7, 9/14), Hanson (9/13), Kingston (7/25, 7/27(2), 8/1(2), 8/8, 8/10, 8/22, 9/12, 9/19, 9/28), Lakeville (9/12, 9/19), Pembroke (8/1, 9/9), Rockland (9/7). Four human cases of EEE were confirmed including two fatalities (Halifax and Kingston) and two non-fatal cases (Duxbury and Plymouth). No horses were diagnosed with EEE in Plymouth County. We normally end our spray season on Labor Day. This year, because of increased virus isolations, we extended our residential spray program into October. Town and City based requests for area wide spray continued throughout the district through October 7, 2005. Based on guidelines defined by the "Vector Control Plan to Prevent EEE" in Massachusetts, Southeastern Massachusetts will be at a "moderate level of EEE risk" beginning the 2006 season.

We are pleased to report that in 2005 there were no human or horse West Nile Virus cases in Plymouth County. A total of six birds tested positive for the West Nile Virus in the following five towns: East Bridgewater (1), Hanover (1), Marshfield (1), Pembroke (1), West Bridgewater (2). A total of eight isolations of West Nile Virus in mosquitoes

were found in the following towns: Abington (9/13(2)), Bridgewater (9/15), Lakeville (9/26), Middleboro (8/29, 9/29) and Norwell (8/23, 9/13).

The recurring problem of EEE and WNV continues to ensure cooperation between the Plymouth County Mosquito Control Project, local Boards of Health and the Massachusetts Department of Public Health. In an effort to keep the public informed, EEE and WNV activity updates are regularly posted on Massachusetts Department of Public Health website at www.state.ma.us/dph/wnv/wnv1.htm.

The figures specific to the Town of Carver are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Carver residents.

Insecticide Application. 11,936 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in June and the last in October.

During the summer 889 catch basins were treated to prevent the emergence of *Culex pipiens*, a known mosquito vector in West Nile Virus transmission.

Aerial Application. Larviciding woodland swamps by airplane before the leaves come out on the trees continues to be very effective. In Carver this year we aerially larvicided 600 acres.

Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes and other standing water areas. Inspectors continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present.

Water Management. During 2005 crews removed blockages, brush and other obstructions from 1,365 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. This work, together with machine reclamation, is most often carried out in the fall and winter.

Finally, we have been tracking response time, which is the time between notice of a mosquito problem and response by one of our inspectors. The complaint response time in the Town of Carver was less than two days with more than 451 complaints answered.

Mosquito Survey. A systematic sampling for the mosquitoes in Carver indicates that *Cx. pipiens/restuans* was the most abundant species. Other important species collected include *Oc. abserratus* and *Cs. melanura*.

We encourage citizens or municipal officials to visit our website at

www.plymouthmosquito.com or call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

Respectfully submitted,

Raymond D. Zucker

POLICE DEPARTMENT

During the past year, your police department has delivered professional police service to the residents and visitors of the town. Whether answering calls for service, examining crashes, responding to medical calls or investigating crimes and arresting offenders, Carver police officers are dedicated professionals who strive to serve our residents in the best way possible.

CRIME and TRAFFIC

During the past year, Carver experienced one of the most heinous crimes that can be committed, the murder of a child. This event shocked our community and reminded us that, yes, it can happen here too. Our police officers responded to this call and despite the difficulties in dealing with the particulars of the situation, handled this incident with thoroughness and true professionalism. An arrest was made and a 2006 trial date is set.

Property crimes and larcenies are often times crimes of opportunity. Our officers investigate these matters and very often learn that doors and windows of homes broken into were left unlocked. Residents are reminded to lock their doors and windows to reduce the chance of becoming the victim of a break-in. Protect yourself and your property. While stolen property is occasionally recovered, this is more an exception than a norm. Protect yourself and your property by practicing prevention.

Several patterns of vandalism were exhibited in town this past year. Property damage caused with BB guns and motor vehicles used to purposely strike mailboxes and town street signs were two such sprees. Apprehending those responsible for committing crimes such as these is difficult. Residents should understand that the police alone cannot solve crime. People must report suspicious activity whenever they see or hear it. They must be willing to provide information about crimes and give testimony in court if it is required. And parents must provide proper guidance and supervision to their children.

Domestic violence and associated crimes are forever constant in Carver. Domestic violence occurs when one person uses force or the threat of force to control another. Our officers respond to domestic violence calls on a regular basis. Restraining orders, obtained to require someone to vacate a residence and/or to keep an abuser away from family members are received and served almost daily by the department. Violations require arrest by law. Domestic abuse is learned behavior. Our officers are trained in domestic abuse response and providing assistance to victims.

Identity Thefts have become a reoccurring event in our community. While there is a perception that the elderly are most often the victims of this crime, the truth is it effects all ages. We have experienced an increase in identity theft crimes and crimes committed via computers. These issues require significant time and expertise to investigate and require the assistance of outside agencies. In the future, we will be required to review our staffing to accommodate investigating these types of crimes.

The department continues to receive traffic related complaints about speeding cars, motor vehicle accidents and commercial truck violations. Speeding, alcohol use and inattentiveness are the three leading causes of traffic crashes. Carver has a significant amount of crashes, many with personal injury. Motor vehicle law enforcement is a proven method in reducing traffic crashes. While the Governor's Highway Safety grant our department received was enormous in funding additional staff to address traffic violations during pre-determined periods, the current department staff does not allow sufficient targeting of traffic complaints. Until staffing levels permit assigning personnel to dedicated traffic enforcement, crash reduction and commercial vehicle enforcement, shift sergeants will assign officers to target problem areas as staffing allows.

Commercial vehicles pose unique problems and challenges. Speeding trucks, many with faulty equipment and overweight, are considerable dangers to the motoring public. Further, overweight trucks cause significant damage to our roadway infrastructure. While our officers can cite outlaw trucks for certain violations, most commercial truck violations cannot be enforced by our officers, as they lack required training and certification. We will be required to address these issues in the near future.

ADMINISTRATION

The department has promulgated and implemented modern, professional Rules and Regulations for Police Department personnel to guide officer conduct and behavior. It is important for department members to know what is expected of them and how to comport themselves. The rules also include a section for commending officers for exemplary and outstanding duty performance.

The department has received several grants during the year. These include funding for traffic enforcement from the Governor's Highway Safety Bureau, the Executive Office of Public Safety Community Policing grant, and a grant from A.D. Makepeace Company for the department to pursue police certification/accreditation. The certification/accreditation requires policy and procedures written to nationally accepted standards. This process will replace current policies that require updating and will continue to increase professionalization of the Carver Police Department.

PERSONNEL

Officer Joseph Ritz of Carver is the department's newest officer. Officer Ritz has served with the department in a part time capacity for a number of years and was the Plymouth Harbormaster prior to graduating from the police academy and serving you fulltime. Dispatcher Bill Kelly is now a part time dispatcher. He brings a good understanding of public safety to the position, along with enthusiasm and knowledge of the town. Both individuals are considered great assets.

PROFESSIONAL STANDARDS & TRAINING

The police are afforded enormous power; power that includes the taking of one's liberty and use of physical and deadly force to enforce our society's laws. As such, citi-

zens must have a recourse that objectively, fairly and thoroughly investigates allegations of police misconduct. Officers too, must have similar faith that a fair and impartial investigation will be conducted when a complaint is made against them, as the very nature of their jobs can subject them to false claims. Maintaining the internal integrity of any police agency is paramount to the balance required for the community’s residents to have credibility and confidence in their police force. The department strives to maintain that balance regarding administrative and internal investigations regarding our members.

While the department will thoroughly investigate complaints against officers and employees, we would much rather commend our staff. Residents are encouraged to submit employee compliment forms for positive officer performance to the department.

Anyone that wishes to file a Compliment/Complaint regarding the department or officer may do so by telephone, mail or in person. Those filing Compliments/Complaints will be requested to complete a form to initiate the administrative review process.

Complaints against members and investigation results in 2005:

	#	Findings	Total
Citizen Initiated Complaints	4		
• Officer Conduct On Duty	2	Not Sustained	2
• Officer Conduct Off Duty	2	Sustained	2
Administrative & Internal Investigations	1		
• Policy Non-Conformance	1	Sustained	1
Complaint–Investigations Resolved – 2005*	3	Upheld	3
		Vacated or Reduced	0
Pending Appeals regarding Disciplines*	6		

* Includes Discipline Appeals from Prior Years

The department has strived to provide required basic, in-service and specialized training for its members and dispatchers. Topics such as Incident Command training and the National Incident Management System training have been completed as required by the Federal government. The mandate to provide updates in criminal law, firearms qualification and CPR and First Aid re-certification remain in effect and has been completed as well.

A number of our officers have also re-certified as Emergency Medical Technicians (EMTs) which prepares them to deliver pre-ambulance care for the sick or injured and assist our EMS ambulance staff. We have also trained our officers as breath test operators and in radar use and enforcement. Additionally, one officer has certified as a firearms instructor and another is a member of the Southeastern Massachusetts Law Enforcement Council (SEMLEC) dive team, a consortium trained in underwater rescue, recovery and crime scene situations.

While personnel costs for training are expensive, we will attempt to expand training opportunities for our members as a means to allow them the knowledge to address crimes and to better serve our community.

I would like to thank the various boards and departments who work closely with us day in and day out. Together, we try to make Carver a better and safer place. I would also like to thank the men and women of our police department who serve our residents daily.

Respectfully submitted,

Arthur A. Parker, Jr.
Chief of Police

COMPLAINTS AND CALLS FOR SERVICE FOR 2005

<u>Type of Complaint</u>	<u>Number of Complaints</u>
Total Calls for Service	9,499
Murder	1
Rape & Sex Crimes	7
Robbery	3
Assault – All	40
Burglary & Breaks including Attempts	54
Break-In Vehicle	18

Motorcycle – ATV Complaints	104
Medical Response – EMS Assist	695
Assist Fire Department	117
Assist Citizen	486
Burglar Alarms	307
Total 911 Calls Received	2,226

The calls and complaints above represent statistics from two separate Records Management Systems that have been combined for this purpose only.

DEPARTMENT OF PUBLIC WORKS

During the past year, the Department of Public Works completed the following major accomplishments:

- Overlay and drainage improvements on Tremont Street – 12,200 ft. from Mayflower Road to the Plymouth Town Line;
- Church Street was leveled and overlaid from Tremont Street to Main Street;
- Fuller Street had some new drainage and a leveling course and top this year;
- Private ways were paved and maintained, and we will continue this maintenance program as it has worked out well for the residents that live in these areas;
- A total of 900,000 feet of 4-inch center and edge lines were painted throughout the Town. Line painting is an important line item that increases every year. Crosswalks, stop bars, directional arrows and painted islands were done in various locations throughout the Town;
- In the cemetery department, there were 10 burials this year, 16 cemetery lots purchased, and 4 cremations. Cemeteries were limed and fertilized, as they are every year, and grub control was applied. A decorative retaining wall in Lakenham Cemetery replacing the old concrete wall;
- Snow removal and ice control was about normal this year, responding thirty-six (36) times for ice control, and we had five plowable storms;
- A considerable amount of tree work was done this year by the DPW. Roadside trimming was done all last Spring and into the Summer, and NSTAR and Verizon have kept up their tree trimming programs, which has helped prevent power and telephone outages;
- Our parks and recreational areas are maintained and cleaned weekly throughout the recreational months. This is one area where we could use more personnel.

Our road miles increase every year with more and more housing developments, therefore, increased maintenance is going to be required. For this reason, we will be asking for more personnel this year.

The DPW has its Chapter 90 projects this year due to the fact that our Chapter 90 money has been on schedule for the last two years. Chapter 90 money takes care of 70% of our road maintenance, so let's hope the Governor keeps it coming. We try, as always,

to keep our roads, cemeteries, and public areas in the best condition possible. This community is growing, and the department will have to grow with it in order to meet these responsibilities.

CARVER PUBLIC SCHOOLS

Report from the Superintendent of Schools

Deep into the 2005 calendar year, the Town Planner hosted a community forum entitled, Carver Visioning Session. At this forum over 140 citizens and town officials came together to plan for the future of Carver. A very clear message was heard from the participants. That message was, "We love our small, rural community atmosphere." This message very accurately reflects the culture in our schools. Our schools are distinguished by enrollments that allow for small classes and a faculty and staff that embraces the uniqueness of providing personalized attention to our students.

Like the town, we too are looking toward the future. The 2005 school year was characterized by future planning in the areas of facilities, technology, curriculum and instruction and staffing. The Space Needs Task Force met throughout the year and commissioned an in-depth demographic study by the New England School Development Council (NESDEC). This study reinforced a 1999 study which projected reasonably stable enrollments for the next five years. In addition to this report, the committee led the development of a proposal to hire a firm to conduct a feasibility study of our buildings and property for the purpose of proposing appropriate solutions to our educational building needs. The firm of Kingscott was hired in the early winter and will complete their assessment and recommendations by the Spring of 2006.

In the area of technology, a very talented Carver resident, Lisa Roe, was hired to replace Forest (Woody) Conrad. Woody was our Director of Technology for seven years. He coordinated significant advancements in our schools during those years and his work will allow Ms. Roe the good fortune of developing a current strategic plan for technology use in teaching, managing, and communicating. Keeping abreast of current advancements and leading our faculty and staff in advancing their usage of technology past our student skills will be an exciting and challenging task. An accompanying challenge will be funding. The technology budget for the Carver Schools has been level funded for over five year and has not allowed us to have an effective process for upgrading and advancing hardware.

In an ever present environment of self-improvement and self-reflection, each of our schools continued efforts toward insuring that all students are academically and socially successful. During the past school year, a unique partnership has blossomed between the administration and faculty of the primary and elementary schools. Both staffs devoted professional development time toward the articulation of clear and consistent teaching and learning standards throughout grades kindergarten through fifth. Significant research and collegial sharing allowed this project to advance to a point of expected completion in 2006. Reflecting the same goals of effective and consistent teaching and learning opportunities for all students, each school offers self-contained, multi-age, looped, and inclusive classroom settings. This broad spectrum of choices supports our "small, rural character" and capitalizes on personalization.

The middle school participated in an independent evaluation of the program and services offered to our sixth, seventh and eighth grade students. The evaluation was completed by the New England League of Middle Schools (NELMS) and consisted of surveys and interviews of staff, students, administration and parents and a three day site visit. The completed evaluation highlighted the sincere dedication of the staff and challenged us to re-examine our beliefs regarding our capacity to hold high expectations for all students. Toward this goal, the middle school mathematics department has adopted a new mathematics curriculum that is highly reliant upon technology. Computer-based lessons, coupled with an interactive white board, provide teachers and students with exciting, motivational, and highly effective learning opportunities. This initiative is a perfect example of future thinking and interdepartmental planning. Another hallmark of Carver!

The high school continues their efforts in finalizing a school-wide, long-term project of clarifying what all students should know and be able to do in all courses of study through their four years. In addition to defining the learning expectations, faculty members are setting standards for instruction and assessment to insure all students learn and succeed. This work once again highlights the benefit of a small high school. Faculty members have created a highly respectful work environment and are tremendously supportive of one another and their students.

District-wide, we celebrated the success of our first Diversity Day. The Diversity Committee worked throughout the year to coordinate an interactive, family-oriented day celebrating cultures through art, music, performance and food. Over 200 people enjoyed the benefits of this no cost Saturday in November.

As a school system, we also wish to acknowledge the many professional development programs that we offered and the significant participation rate by our faculty and administrators. Courses in antiracist teaching, technology integration, mathematics, literacy, writing and science were offered throughout the school year and summer.

As has been my tradition, we celebrate the retirements of Nancy Cronin, Dorita Cunningham, Patricia Kennedy and Dorothy Toselli. Their dedication and commitment to our students sets us apart from many other districts. Finally, we celebrate an icon. In December, we marked the retirement of Ricardo (Rocky) Gomes, our athletic director of 26 years. Rocky was our model of sportsmanship and dedication. He exemplified the essence of the small rural community and the desire to connect to all our students!

Respectfully submitted,

Dr. Patricia B. Grenier
Superintendent of Schools

WIRING INSPECTOR

To the Honorable Selectman of Carver:

Interest rates seem to be low enough to have residents installing additions and swimming pools. Commercial retail properties are filling up and making renovations. Looks nice.

Decas Cranberry Co. installed a large addition for increased production. CVS moved from the old Shaws location to its new home near the new Route 44.

<u>Type of Permit</u>	<u>Number</u>	<u>Fees</u>
Residential	292	\$19,820.00
Commercial	<u>50</u>	<u>\$10,438.50</u>
Total	342	\$30,258.50

Respectfully submitted,

Thomas F. Emord
Wiring Inspector

WOMANSPLACE CRISIS CENTER

Womansplace Crisis Center is a program of Health Care of Southeastern Massachusetts and is a private non-profit agency. The center combines the services of the former Plymouth County Rape Crisis Center and Womansplace Shelter for Battered Women and can be reached at 508-588-8255. The center works hard to eliminate rape, sexual assault and domestic violence in all of our communities. There is no charge for counseling services.

Services:

- 24 Hour Hotline
- Crisis Intervention
- Individual and Group Counseling
- Medical Liaison
- Legal Liaison
- Community Education

TOWN ACCOUNTANT

The following statements are presented to show the Town of Carver's financial condition for the fiscal year ending June 30, 2005. The first statement is a combined balance sheet for all the funds of the Town. In the following paragraphs I have provided a quick synopsis of what these funds are for and why they are segregated:

Property taxes are the major source of funding for the General Fund. The General Fund reflects the financial transactions related to general governmental activities which are not otherwise accounted for in another fund. The General Fund contains the operating budget of the Town and warrant articles that are funded through taxes or by transfers from free cash or stabilization.

In general, only the undesignated fund balance of the General Fund can be used to help fund future budgets. Most other funds contain fund balances that are designated (or restricted) to specific purposes. The balance sheet for the General Fund shows an undesignated fund balance of \$1,509,562. I anticipate the department of revenue will certify \$800,000 of this balance to be used for any purpose town meeting deems appropriate. Amounts not certified are known as the town's reserves. These reserve levels of fund balance are to mitigate current and future risks (e.g., revenue shortfalls and unanticipated expenditures) and to ensure stable tax rates.

Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. These purposes are decided as a matter of law or specific restrictions are placed upon them at an annual or special town meeting.

Capital Project Funds account for the acquisition of capital facilities. These funds are initiated by warrant article at town meeting, but by law, are segregated from the General Fund. Unlike General Fund warrant articles the authorization of bonds or notes to fund these projects puts additional legal restrictions on the unexpended balance of these funds.

Enterprise Funds - Water funds are restricted to the operation of water distribution. These funds are set up to be self-supporting from user charges related to water consumption. The Middleboro Water fund was segregated and moved to a special revenue water surplus fund under M.G.L. Chapter 41, Section 69B. Only the Cranberry Village Water operates as an Enterprise Fund.

Fiduciary Funds - Trust and Agency Funds account for money and securities received and held by the Town as trustee (Trust Funds) or custodian (Agency Funds).

The Town's **Stabilization Fund** is included as an other trust fund.

The **General Long-Term Debt Group** includes the liabilities for Long-term debt. Annual payments of principal and interest are raised each year as part of the operating budget of the Town.

Government financial statements can be difficult to read and comprehend. I am always available to take questions regarding these or any other financial reports of the Town. Please feel free to call or stop by my office at any time.

Respectfully submitted,

John Q. Adams
Town Accountant

39,810.00 Transfers from Old Articles to fund Articles # 8 and # 22

Non - Article Encumbrances

- A Warrant Article
- B Budget Item
- R Assessment from Recap Sheet

This deficit is a direct result of the coverage in the snow and ice account of \$ 239,015.73.
Balance of Appropriations without the snow deficit would be \$198,123.04

TOWN ADMINISTRATOR

In the nine years that I have been Carver's Town Administrator this past year was the most fiscally challenging. So much of my time was dedicated to the effort of building consensus throughout a very difficult budget process. Although Carver has been fortunate to have planned ahead during more favorable fiscal times, the town is at the point where service cuts are inevitable without a substantial local aid commitment from the state. The partnership that allowed cities and towns to rebuild school systems, public safety departments, and other local services after the recession of the early 1990's has all but been abandoned by the state for the past five years. Taking money from one pocket and putting it in another is not local aid, but, this has characterized the local aid program for several years. The cities and towns in Massachusetts operate under one of the most restrictive property tax limitation laws in the United States. This law can, and does work when a dependable local aid program is sustained by the state. Despite this the town's Boards and Committees pulled together "keep the trains running" efficiently once again. The expertise and dedication of Town Accountant John Adams has been of tremendous assistance during this time.

We were successful in establishing a joint purchase group for health insurance that has, and will continue, to save the town hundreds of thousands of dollars in health insurance cost avoidance. The town has joined with three other towns and at the close of the calendar year 2005 several other municipal entities have been approved to join the group for 2006.

In addition to the fiscal matters facing the town, we continue to work to bring closure to the North Carver Landfill. During 2005, the landfill was finally capped after more than a decade of negotiations with the state Department of Environmental Protection. This was accomplished at no cost to the taxpayers thanks to an agreement with BATG Environmental. Much work remains to complete the project including the building of the new animal shelter. It is anticipated that this project will be completed in 2006.

In 2005, I was particularly pleased to have been a part of the efforts with regard to North Carver. I would like to compliment the hard work of Town Planner Jack Hunter whose experience and tenacity have truly enhanced the town's ability to direct its future. All the town's departments deserve credit for their efforts and optimism during another difficult fiscal year.

As always special thanks are extended my Assistant Jean Bouchard for her tireless efforts and the efforts of Elaine Weston and Diane Scully. I wish to express my appreciation to the members of the Board of Selectmen for their support and concern. It remains a privilege to serve the Board and the citizens of Carver.

Respectfully submitted,

Richard J. LaFond
Town Administrator
