## Precinct 2

Warden:	Karen Borbas	( D )
Clerk:	Patricia Richards	( U )
Check In:	Robert Raps	( U )
	Janet Neely	( U )
Check Out:	Roger DeHay	( U )
	Mary Conway	( U )

## Precinct 3

Warden:	Ann Love	( D )
Clerk:	Carol Piper	( U )
Check In:	George Callahan	( R )
	Ruth Roach	( D )
Check Out:	Sallyanne Russell	( D )
	Maryann Andrews	( U )

Police Officers:	Dennis Rizzuto, Jr.
	Derrick Ostiguy
	Sheri Sarmento

# PRESIDENTIAL PRIMARY ELECTION

TUESDAY, MARCH 6, 2012

Absentee ballots, a total of 5,700 Democratic ballots, 3,150 Republican ballots and 150 Green-Rainbow ballots were delivered to the Ballot Clerks by the Town Clerk and Police Officer. The Town Clerk declared the polls open at 7:00 A.M. and announced that the polls would close at 8:00 P.M. The ballot boxes registered zero (0) at the opening of the polls. The keys to the ballot boxes were placed in the custody of the Wardens on duty. The election proceeded without interruptions until 8:00 P.M., at which time the Town Clerk declared the polls closed. At the close of the polls the following totals were reported:

## Precinct 1

The ballot box registered a total of 1,052 ballots cast. Of the 1,052 ballots cast, 644 were Democrat, 407 were Republican and 0 were Green-Rainbow.

## Precinct 2

The ballot box registered a total of 1,066 ballots cast. Of the 1,066 ballots cast, 629 were Democrat, 377 were Republican and 0 were Green-Rainbow.

## Precinct 3

The ballot box registered a total of 1,139 ballots cast. Of the 1,139 ballots cast, 702 were Democratic, 436 were Republican and 1 was Green-Rainbow.

A total of 3,197 votes were cast which is 39% of the total voters. The Grand Total of registered voters at this time is 8,383.

# ANNUAL TOWN ELECTION

SATURDAY, APRIL 28, 2012

A total of 4000 official ballots were delivered to the Ballot Clerks by the Town Clerk and Police Officer. The Town Clerk declared the polls open at 8:00 A.M., and announced that the polls would close at 6:00 P.M. The ballot boxes registered zero (0) at the opening of the polls. The keys to the ballot boxes were placed in the custody of the Wardens on duty. The election proceeded without interruptions until 6:00 P.M., at which time the Town Clerk declared the polls closed. At the closing of the polls the following totals were reported:

Precinct 1:	521
Precinct 2:	590
Precinct 3:	679
Grand Total:	1790

A total of 1,790 votes were cast which is 22.43% of the total voters. The Grand Total of registered voters at this time is 7,981.

Unifirst Corporation.....	<u>88.35</u>
	\$4,018.11

Selectmen Recommended: 4-0-1

Finance Committee: 6-0

Article 2. Upon motion duly made and seconded and motion made by John H. Angley, Chairman, Board of Selectmen, it was Unanimously Voted for the Town to transfer from Free Cash in the treasury the sum of Four Thousand Eight Hundred and Thirty-Two

Dollars and Forty-One Cents (\$4,832.41) to pay the following unpaid bills under the provisions of Chapter 44, § 64.

Kopelman and Paige, P.C. ....	2,159.00
Kopelman and Paige, P.C. ....	1,581.00
Kopelman and Paige, P.C. ....	<u>1,092.41</u>
	\$4,832.41

Article 3. Upon motion duly made and seconded and motion made by John H. Angley, Chairman, Board of Selectmen, it was Unanimously Voted for the Town to transfer from Free Cash, Three Thousand, Nine Hundred (\$3,900.00) Dollars for the purpose of funding the collective bargaining agreement with the Clerical Union.

Selectmen recommended: 5-0  
Finance Committee: 6-0

Article 4. Upon motion duly made and seconded and motion made by John H. Angley, Chairman, Board of Selectmen, it was Unanimously Voted for the Town to transfer from Free Cash, Eight Thousand, Nine Hundred Eighty Four (\$8,984.00) Dollars to fund a new contract with the Fire Chief.

Selectmen recommended: 5-0  
Finance Committee: 6-0

Article 5. PAYMENT IN LIEU OF TAX AGREEMENT –  
0 Plymouth Street

Upon motion duly made and seconded and motion made by John H. Angley, Chairman, Board of Selectmen, it was Unanimously Voted for the Town to approve the terms of a payment in lieu of taxes agreement (PILOT) with Southern Sky Renewable Energy for the purpose of construction and operation of a solar photovoltaic power facility at the site of the Ravenbrook Landfill located at 0 Plymouth Street, upon the terms and conditions set forth in the proposal on file with the Town Clerk, to authorize the Board of Selectmen and Board of Assessors to work with counsel to finalize the business and legal terms of said agreement as it deems in the best interests of the Town, and further to authorize the Board of Selectmen to execute said agreement once finalized and approved by counsel.

Selectmen recommended: 5-0  
Finance Committee: 6-0

Article 6. Upon motion duly made and seconded and motion made by John H. Angley, Chairman, Board of Selectmen and amended by Stephen Pratt, resident/registered voter. It was Unanimously Voted for the Town to request that the Board of Selectmen not negotiate any new solar project or execute any payment in lieu of tax agreements for any new solar project(s) until the end of Fiscal Year 2012, but that this vote shall not affect or take away the authority granted pursuant to the vote under Article 5 of this Special Town Meeting. The article was reconsidered by Paul Johnson, resident/registered voter. It was voted unanimously to change end of fiscal 2012 to end of calendar 2012.

Selectmen recommended: 5-0  
Finance Committee: 5-0-1

Article 7. FAILED: (did not make the 2/3 vote: 106 yes – 84 no)  
Zoning Amendment – Large Scale Ground Mounted Solar Photovoltaic Installations:

Article 7. Upon motion duly made and seconded and motion made by Jack Hunter, Town Planner, it was Unanimously Voted for the Town to amend Article III, Sections 3700 through 3793 of the Town of Carver Zoning By-Laws, "Floodplain District," by deleting Sections 3731; 3732; 3733; 3741; 3776; and 3782 in their entirety and inserting the following new sections 3731; 3732; 3741; 3776; and 3782.

3731. The Floodplain District is herein established as an overlay district. The District includes all special flood hazard areas within the Town of Carver designated as Zone A or AE on the Plymouth County Flood Insurance Rate Map (FIRM) issued by the Federal Emergency Management Agency (FEMA) for the administration of the National

Flood Insurance Program. The map panels of the Plymouth County FIRM that are wholly or partially within the Town of Carver are panel numbers 25023C0333J, 25023C0334J, 25023C0337J, 25023C0339J, 25023C0341J, 25023C0342J, 25023C0343J, 25023C0344J, 25023C0361J, 25023C0363J, 25023C0364J, 25023C0456J, 25023C0457J, 25023C0458J, 25023C0459J, 25023C0467J, 25023C0476J, 25023C0477J, 25023C0478J, 25023C0479J, 25023C0485J, 25023C0486J, and 25023C0487J dated July 17, 2012. The exact boundaries of the District are defined by the 100-year base flood elevations shown on the FIRM and further defined by the Plymouth County Flood Insurance Study (FIS) report dated July 17, 2012.

3732. The FIRM and FIS report are incorporated herein by reference and are on file with the Board of Assessors and Town Clerk.

3741. Floodway Data: In Zones A and AE, along watercourses that have not had a regulatory floodway designated, the best available Federal, State, local, or other floodway data shall be used to prohibit encroachments in floodways which would result in any increase in flood levels within the community during the occurrence of the base flood discharge.

3776. In Zone AE, along watercourses within the Town of Carver that have a regulatory floodway designated on the Plymouth County FIRM encroachments are prohibited in the regulatory floodway which would result in any increase in flood levels within the community during the occurrence of the base flood discharge.

3782. MGL Chapter 131 Section 40; 310 CMR 10.00 (Wetlands Protection Regulations); and 310 CMR 13.00 (Inland Wetlands Restrictions).

Selectmen recommended: 5-0  
Finance Committee: 6-0

Upon motion duly made and seconded and motion made by Robert E. Bentley, Moderator, it was Unanimously Voted to dissolve the meeting at 7:30 P.M.

A true record. Attest:

Jean F. McGillicuddy, CMC/CMMC  
Town Clerk

Section XIII Incurring of Debt:

Within seven (7) days after the date on which the Committee authorized the incurring of debt, other than temporary debt in anticipation of revenue to be received from member towns, the said Committee shall cause written notice of the date of said authorization, the sum authorized, and the general purpose or purposes for authorizing such debt, to be given to the Board of Selectmen of each member town. The notice for which provision is herein made shall be deemed to have been duly given to a Board of Selectmen of a member town if delivered to the Chairman of said Board or if mailed by registered or certified mail within the time specified, postage prepaid and addressed to the Chairman of said Board at the Selectman's Office or at his last known permanent address in such town. Within sixty (60) days after the date on which the Committee authorized the incurring of said debt, each member town shall hold a town meeting for the purpose of expressing approval or disapproval of the amount of said debt and if at such meeting a majority of the voters present and voting thereon express disapproval of the amount authorized by the Committee, the said debt shall not be incurred and the Committee shall thereupon prepare another proposal which may be the same as any prior proposal and an authorization to incur debt therefor. *(Note: The only changes in regard to the Current Section XIII of the Regional Agreement that are included below are a change from three (3) days to seven (7) days in the first sentence, and a change from thirty (30) days to sixty (60) days in the third sentence)*

Town Clerk

**SPECIAL TOWN MEETING**

Thursday, December 6, 2012

The Special Town Meeting of the Inhabitants of the Town of Carver was held on Thursday, December 6, 2012 at the Carver High School Auditorium at 7:00 P.M., pursuant to a Warrant of the Board of Selectmen dated November 14, 2012. The meeting was called to order at 7:10 P.M. by the Moderator, Robert E. Bentley, there being a quorum 75 present. The total registered voters at this time were 104. The Moderator led the voters in the Pledge of Allegiance to the Flag and a moment of silence for our Troops. The appropriate tellers were duly sworn to the faithful performance of their duties by the Town Clerk, Jean F. McGillicuddy. The tellers were as follows:

Robert Belbin, Ellen Blanchard, Michael Paduch and Kevin Walsh

Article 1. Upon motion duly made and seconded and motion made by Michael O'Donnell, Chairman, Board of Selectmen, it was Unanimously Voted for the Town to transfer from Free Cash the specified sum of money to pay the following unpaid bills under the provisions of Chapter 44, §64.

Norfolk Ram Group, LLC	\$6,337.56
OCE Imagistics, Inc.	<u>\$ 247.81</u>
<u>Total</u>	\$6,585.37

Selectmen recommended: 5-0  
Finance Committee: 4-0

Article 2. Upon motion duly made and seconded and motion made by Paul Johnson, North Carver Water Commissioner, it was Unanimously Voted for the Town to transfer from the North Carver Water District Retained Earnings the amount of Fifteen Thousand Three Hundred Fifteen Dollars and Seventy Five Cents (\$15,315.75) to pay the following unpaid bills under the provisions of Chapter 44, § 64..

Kopelman & Paige	\$ 3,653.75
Kopelman & Paige	\$442.00
Small Water Systems	\$11,220.00

Selectmen recommended: 5-0

Finance Committee: 6-0

**Article 3.** Voted Unanimously to pass over this article (defraying the NCWD Budget for FY 2013)

(By the Board of Selectmen)

Article 4. Upon motion duly made and seconded and motion made by Paul Johnson, North Carver Water Commissioner, it was Unanimously Voted for the Town to amend the funding for the North Carver Water District as voted at the 2012 Annual Town Meeting as follows: to appropriate from estimated water receipts the amount of Three Hundred Fifty Four Thousand, Nine Hundred and Fourteen (\$354,914.00) Dollars and to transfer from North Carver Water District Retained Earnings the amount of One Hundred Twenty Five Thousand, Seven Hundred Thirteen (\$125,713.00) Dollars for a total budget appropriation of Four Thousand Eighty, Six Hundred Twenty Seven (\$480,627.00) Dollars.

Selectmen recommended: 5-0

Finance Committee: No-Action

No. Carver Water: 2-0-1

Article 5. Upon motion duly made and seconded and motion made by Michael O'Donnell, Chairman, Board of Selectmen, it was Unanimously Voted for the Town to transfer Six Thousand, Three Hundred (\$6,300.00) Dollars from the Cranberry Village Water District Retained Earnings for the purpose of erecting a fence and purchasing a bulk chemical storage tank; and , to appropriate Seven Thousand (\$7,000.00) Dollars to Cranberry Village Water District Operating Supplies from Cranberry Village Water District Water Revenues for the purchase of additional water treatment chemicals, for a total appropriation of Thirteen Thousand, Three Hundred (\$13,300.00) Dollars.

- a. \$ 6,300.00 for the purpose of erecting a fence and purchasing a bulk chemical storage tank to be funded from Retained Earnings.

- b. \$ 7,000.00 increase to the Operating Supplies budget for additional chemicals to be funded from Water Revenues.  
(By the Board of Selectmen)

Article 6. Withdrawn Unanimously (Fire Department Water Tanker)

Article 7. Upon motion duly made and seconded and motion made by Michael O'Donnell, Chairman, Board of Selectmen, it was So-Passed by Majority Vote for the Town to transfer from Free Cash the sum of One Hundred Thousand (\$100,000.00) Dollars for the purpose of satisfying a court judgment in the case of Raymond Orr vs. the Town of Carver.

Selectmen recommended: 4-0-1  
Finance Committee: 3-1 to reject

Article 8. Upon motion duly made and seconded and motion made by Michael Paduch, Board of Assessors, it was Unanimously Voted for the Town to transfer the sum of Seventy Seven Thousand (\$77,000.00) Dollars from the Overlay Surplus Account in order to pay an abatement to Verizon New England, Inc. for taxes assessed in Fiscal Year 2009 upon poles and wires located in or over public ways in the Town of Carver, and further, to transfer an additional Twenty-One Thousand Three Hundred and Sixty Dollars (\$21,360.00) from the Overlay Surplus Account to the Debt Service Line (Dept. 710, Schedule 0759) for related interest expenses, all as a result of the recent decision of the Massachusetts Appeals Court on this issue.

Selectmen recommended: 5-0  
Finance Committee: 6-0

Article 9. Upon motion duly made and seconded and motion made by Michael O'Donnell, Chairman, Board of Selectmen, it was Unanimously Voted for the Town to authorize the establishment of a Municipal Insurance Revolving Account in accordance with Massachusetts General Laws, Chapter 44, §53E ½ to which shall be deposited reimbursements from insurers for Injured on Duty medical claims, and from which the Town, through the Board of Selectmen,

may make expenditures for the purposes of paying for said claims. Expenditures for FY 2013 from such fund shall not exceed Seventy-Five Thousand (\$75,000.00) Dollars.

Selectmen recommended: 4-0-1

Finance Committee: 6-

Zoning By-Law Amendment:

Article 10. Large Scale Ground Mounted Solar Photovoltaic Installations:

Upon motion duly made and seconded and motion made by Jack Hunter, Town Planner, it was a 2/3 vote (63 yes 17 no) for the Town to amend the Town of Carver Zoning By-Laws, by amending Article II, Section 2230 of the Town of Carver Zoning by-Laws as shown below:

PRINCIPAL USE	RA	HC	GB	VB	V	GBP	IA	IB	IC	AP
C. INDUSTRIAL										
Large-scale ground mounted solar photovoltaic installations	SP	N	N	N	N	SP+	SP	SP	SP	SP+

+ - Denotes Large Scale Ground Mounted Solar Photovoltaic limited to 15% maximum area within the underlying zoning district

3580.00. LARGE-SCALE GROUND MOUNTED SOLAR PHOTOVOLTAIC INSTALLATIONS

3580.10. Purpose. The purpose of this bylaw is to promote the creation of new large-scale ground-mounted solar photovoltaic installations (LSGMSPi) defined as those with a minimum nameplate capacity of 250 kW or greater or covering 1 acre or more of land, by providing standards for the placement, design, construction, operation, monitoring, modification and removal of such installations that address public safety, minimize impacts on scenic, natural and historic resources, and to provide adequate financial assurance for the eventual decommissioning of such installations.

The provisions set forth in this section shall apply to the construction, operation, and/or repair of LSGMSPi proposed to be constructed or materially altered after the effective date of this section. To the extent

that any particular provision of this bylaw is determined to be invalid, such invalidation shall not affect the validity of any other provision.

Smaller scale ground or building-mounted solar electric installations which are an accessory structure to an existing residential or non-residential use do not need to comply with this Section, but must comply with the other provisions of Carver's Zoning Bylaws as applicable.

3580.20. General Requirements for all Large-Scale Solar Power Generation Installations. The following requirements are common to all LSGMSPI to be sited in designated locations:

3580.21. Site Plan Review. All LSGMSPI shall undergo site plan review prior to construction or modification by the Planning Board, prior to issuance of a building permit to ensure conformity with all applicable bylaws.

3580.21.1. General. All plans and maps shall be prepared, stamped and signed by a Professional Engineer licensed to practice in Massachusetts.

3580.21.2. Required Documents. Pursuant to the site plan review process, the project proponent shall provide a site plan showing:

- A) Property lines and physical features, including roads, for the project site;
- B) Proposed changes to the landscape of the site, grading, vegetation clearing and planting, exterior lighting, screening vegetation or structures;
- C) Blueprints or drawings of the solar photovoltaic installation, and one or three line electrical diagrams detailing the solar photovoltaic installation, associated components, and electrical interconnection methods, with all National Electrical Code compliant disconnects and over current devices signed by a Professional Engineer licensed to

practice in the Commonwealth of Massachusetts showing the proposed layout of the system

D) Documentation of the major system components to be used, including makes and models of the PV panels, transformer, inverter, mounting system, and chemicals for cleaning and maintenance of equipment;

E) Name, address, and contact information for proposed system installer, the project proponent (s), and property owners if different;

F) The name, contact information signature of any agents representing the project proponent; and

i) Documentation of actual or prospective access and control of the project site (see also Section 3580.22);

ii) An operation and maintenance plan (see also Section 3580.23);

iii) District designation for the parcel(s) of land comprising the project site (submission of a copy of a zoning map with the parcel(s) identified is suitable for this purpose);

iv) Proof of liability insurance; and

v) Description of financial surety that satisfies Section 3580.53.

The Planning Board may require additional information, data or evidence as it deems necessary pursuant to the site plan review process.

3580.22. Site Control. The project proponent shall submit documentation of prospective access and control of the project site sufficient to allow for construction and operation of the proposed LSGMSPI.

3580.23. Operation & Maintenance Plan. The project proponent shall submit a plan for the operation and maintenance of the LSGMSPI, which shall include measures

for maintaining safe access to the installation, storm water controls, as well as general procedures for operational maintenance of the installation. A ground fuels maintenance plan shall be submitted during the site plan review process and be approved by the Fire Chief. The approved plan shall become a condition of the general site maintenance requirements outlined in section 3580.40.

3580.24. Utility Notification. No proposed LSGMSPI shall be submitted for review until evidence has been given to the Planning Board that the utility company that operates the electrical grid to which the installation is to be connected has been informed of the LSGMSPI owner or operator's intent to install an interconnected customer-owned generator, and that the electrical grid can safely transmit the proposed power output of the installation.

3580.25. Dimension and Density Requirements.

3580.25.1. Setbacks. For LSGMSPI, front, side, and rear setbacks shall be at least 50 feet on the applicant's property; provided, however, that where the lot is located in a Residential-Agricultural district, the setbacks shall not be less than 200 feet on the applicant's property. LSGMSPI shall be provided with 200 foot setbacks on all lot lines abutting the Residential-Agricultural district, regardless of the zoning designated for the proposed site. Vegetated screening shall be provided for a minimum of 50% of the specified setback.

Every abutting property shall be visually and acoustically screened from the installation through either existing vegetation or new plantings of not less than 8 feet in height at the time of planting staggered at a spacing of no more than 8 feet apart throughout the required setback dimensions. All required plantings shall be maintained throughout the project's life, and replaced as necessary. As an alternate to providing the

required screening through vegetation, it is acceptable to increase the setback to 600 feet on the applicant's property while providing an acceptable alternate screening such as a stockade fence and single row of vegetation in close proximity to the project.

The provided screening shall obscure from view on all sides at least 50%, or 100% if the project is located in the Residential-Agricultural zoning district, of the project from adjacent properties, including upper levels of existing structures at the time of construction, within three years of the start of construction or earthwork activities. Security fences, roadways, and equipment shall not be placed within the required setback, except for that which is required to access the site from an adjacent roadway, or to transmit the generated power to the grid. Access roads and transmission lines shall be placed in such a manner as to not create an unobstructed view of the project from adjacent property lines.

3580.25.2. Maximum Site Density. For projects with 10-20 acres within the security fence or the inner limits of screening if no security fence, no more than 50% of the receiving lot may be developed. For projects greater than 20 acres, up to 66% of the receiving lot may be developed. The developed area shall include the area of the project within the security fence of inner limits of screening if no security fence, plus all other existing and proposed structures throughout the site.

3580.25.3. Appurtenant Structures. All appurtenant structures to LSGMSPI shall be subject to regulations concerning the bulk and height of structures, lot area, setbacks, open space, parking and building coverage requirements contained elsewhere within the zoning bylaws. All such appurtenant structures shall be architecturally compatible with each other and be shaded from view by vegetation and/or joined or clustered to avoid adverse visual impacts. The project

shall be designed so that the transformer (s) and inverter (s) are sited in the most remote location practical.

### 3580.26. Design Standards

3580.26.1. Lighting. Lighting of LSGMSPI shall be consistent with local, state and federal law. Lighting of other parts of the installation, such as appurtenant structures, shall be limited to that required for safety and operational purposes, shall be shielded to eliminate glare from abutting properties, shall be directed downward, and shall incorporate cut-off fixtures to reduce light pollution.

3580.26.2. Signage. Signs on LSGMSPI shall comply with the Town of Carver's sign bylaw, Section 3500. Signage at all site entrances shall be required to identify the owner and provide a 24-hour emergency contact phone number. LSGMSPI shall not be used for the display of any advertising.

3580.26.3. Utility Connections. All utility connections from the LSGMSPI shall be placed underground, unless soil conditions, shape, or topography of the site and any requirements of the utility provider dictate above ground installation. Electrical transformers for utility interconnections may be above ground if required by the utility provider.

3580.26.4. Hazardous Materials. Hazardous materials stored, used, or generated on site shall not exceed the amount for a Very Small Quantity Generator of Hazardous Waste as defined by the DEP pursuant to Mass DEP regulations 310 CMR 30.000, and shall meet all requirements of the DEP including storage of hazardous materials in a building with an impervious floor that is not adjacent to any floor drains to prevent discharge to the outdoor environment. If hazardous materials are utilized within the LSGMSPI, including

the photovoltaic panels or transformer (s), then impervious containment areas capable of controlling any release to the environment and to prevent potential contamination of groundwater are required.

### 3580.30. Safety and Environmental Standards.

3580.31. Emergency Services. The LSGMSPI owner or operator shall provide a copy of the project summary, electrical schematic, as built plans, and site plan to the Fire Chief and Emergency Management Director. Upon request, the owner or operator shall cooperate with local emergency services in developing an emergency response plan. All means of shutting down the LSGMSPI shall be clearly marked, and training required to allow emergency response personnel to safely shut down the LSGMSPI in event of an emergency provided at no cost to the Town as requested by the Town. The owner or operator shall identify a responsible person for public inquires throughout the life of the installation, all changes shall immediately be brought to the attention of the Town. Site access to LSGMSPI shall be conducive to emergency vehicle travel to allow for unimpeded access around the site at all times. Access requirements, not limited to gating, road widths and surfaces, etc. will be reviewed during the site plan review process, with approval being at the discretion of the Fire Chief.

3580.32. Land Clearing, Soil Erosion and Habitat Impacts. Prior to any site disturbance and construction, the limits of the approved buffer zones and any other approved site disturbances, shall be surveyed and clearly marked by a Professional Land Surveyor. Upon completion of the survey, the Professional Land Surveyor shall verify to the Planning Board, in writing, that the limit of work, as shown on the approved site plans, has been established on site. Clearing of natural vegetation shall be limited to what is necessary for the construction, operation and maintenance of the LSGMSPI or otherwise prescribed by applicable laws, regulations, and bylaws.

3580.33. Control of Vegetation. Mowing or the use of pervious pavers or geo-textile materials underneath the LSGMSPI is the preferred method of vegetation control. Herbicides may only be used where it can be demonstrated that no danger is posed to groundwater supplies, or to local agricultural activities. The Agricultural Commission and Board of Health are to approve all proposed herbicides.

3580.34. Panel Maintenance. Any and all materials used for maintenance of the LSGMSPI or other structures shall be properly disposed of and no harmful chemicals shall be used.

3580.40. Monitoring and Maintenance.

3580.41. Large-Scale Solar Photovoltaic Installation Conditions. The LSGMSPI owner or operator shall maintain the facility in good condition, including but not be limited to, snow removal, painting, structural repairs, maintenance of landscaping and required screening, and integrity of security measures. Site access shall be maintained to a level acceptable to the local Fire Chief and Emergency Medical Services. The owner or operator shall be responsible for all maintenance.

3580.42. Modifications. All material modifications to a LSGMSPI made after issuance of the required building permit shall require site plan review and approval by the Planning Board for continued compliance of all applicable bylaws.

3580.43. Annual Reporting. The owner or operator of the LSGMSPI shall submit an Annual Report demonstrating and certifying compliance with the Operation and Maintenance Plan and the requirements of this bylaw and their approved site plan including control of vegetation, maintenance of screening, adequacy of road access, information on the maintenance completed during the course of the year, and the amount of electricity generated by the facility. 6 copies of the report shall be submitted to the Board of Selectmen no later than 45 days after the end of the calendar year.

3580.50. Abandonment or Decommissioning.

3580.51. Removal Requirements. Any LSGMSPI which has reached the end of its useful life, or has been abandoned consistent with Section 3580.52 of this bylaw, shall be removed no more than 120 days after the date of discontinued operations. The owner or operator shall notify the Planning Board by certified mail of the proposed date of discontinued operations and plans for removal. Decommissioning shall consist of:

3580.51.1. Physical removal of all LSGMSPI, structures, equipment, security barriers, and transmission lines from the site.

3580.51.2. Disposal of all solid and hazardous waste in accordance with local, state, and federal waste disposal regulations.

3580.51.3. Stabilization or re-vegetation of the site as necessary to minimize erosion and runoff.

3580.52. Abandonment. Absent notice of a proposed date of decommissioning or written notice of extenuating circumstances, the LSGMSPI shall be considered abandoned when it fails to operate for more than sixty days without the written consent of the Board of Selectmen. As a condition of approval, if the owner or operator of the LSGMSPI fails to remove the installation in accordance with the requirements of this section within 120 days of abandonment or the proposed date of decommissioning, the Town may enter the property and physically remove the installation. The costs for the removal may be charged to the property owner in accordance with the provisions of G.L. c. 139, s.3A as a tax lien on the property.

3580.53. Financial Surety. Proponents of LSGMSPI shall provide a form of surety either through escrow account to cover the cost of removal in the event the Town must remove the installation and remediate the landscape, in an amount determined to be reasonable by the Planning Board and form determined to be reasonable by the Treasurer, but in no event to be less than 75 percent nor to exceed more than 125 percent

of the cost of removal and compliance with the additional requirements set forth herein. Such surety will not be required for municipally or state-owned facilities. The project proponent shall submit a fully inclusive estimate of the costs associated with removal, prepared by a qualified expert, which shall include a mechanism for calculating increased removal costs due to inflation.

The financial surety may also be used to replace and maintain all required landscaping and vegetative screening when in the opinion of the Planning Board the owner/operator has failed to do so. All costs incurred by the Town for maintenance activities shall be paid by the property owner within 90 days, or the maintenance costs may be charged to the property owner in accordance with the provisions of G.L. c. 139, s.3A as a tax lien on the property.

3580.60. Special Permit for LSGMPI. In the event that a Special Permit is required for a LSGMPI, the Planning Board may grant a Special Permit if the following conditions are met:

1. Such use will not nullify or substantially derogate from the intent or purpose of this bylaw;
2. Such use will not constitute a nuisance;
3. Such use will not adversely affect the neighborhood in which it is sited;
4. Such use complies with the standards for site plan review as spelled out in this bylaw;
5. The Planning Board may also provide for other conditions that it deems necessary.

(By The Solar By-Law Committee)

Article 11. Withdrawn Unanimously (PILOT) Agreements for any new solar project(s) through December 31, 2013.

Selectmen recommended: 3-2  
Finance Committee: No Action

Article 12. Upon motion duly made and seconded and motion made by Michael O'Donnell, it was So-Passed by Majority Vote for the Town to adopt the following warrant item: No tax breaks shall be granted to renewable energy projects located within the Town of Carver without approval of majority of Town Meeting. Any tax breaks, as approved by majority of Town Meeting, may only be granted to projects in zones which Town Zoning Bylaws specifically authorize renewable energy projects. Tax breaks may be included in agreements such as but not limited to Payments in Lieu of Taxes (PILOT), Power Purchase Agreements (PPA), and all other such agreements which would effectively assess taxes on land at a value lower than that of the underlying zoning district, and on associated equipment including standard depreciation as allowed by state regulations.

(By Petition)

Upon motion duly made and seconded and motion made by the Moderator, Robert Bentley it was Unanimously Voted to adjourn at 9:30 P.M.

A true record. Attest:

Jean F. McGillicuddy, CMC/CMMC  
Town Clerk

## BOARD OF SELECTMEN

The Board of Selectmen welcomed back Sarah Hewins for another term and newly elected Helen Marrone. In doing so, we wish to thank Jack Angley for his service to the Board for several years. Michael O'Donnell was elected Chairman and Jack Franey Vice Chairman.

2012 brought many challenges including the continued difficulty in meeting the fiscal challenges of restricted aid and very little new tax growth. With the cooperation of our department heads, and, in particular, our school committee and school administration we were able to maintain level services while continuing modest investment in our capital outlay plan.

Unfortunately the leadership of the town has not yet been successful in earning the broad support of the community in moving forward with the elementary school building project. The Board will continue to work with school officials and parents to move this project forward as soon as possible. While it is inevitable that a major renovation and addition is necessary, it would be in the town's financial interest for this project to move forward as soon as possible.

The benefits and possible negative effects of solar energy became an issue for the town this past year with three major projects that impacted the town to some degree. The Rt. 44 project that provides power to the North Carver Water District pump facility has been a great success and enjoys great support throughout the town and is only one of two projects like it in the country. The Ravenbrook Landfill project, which is still in development, will bring tax revenue and other benefits to the town. The project proposed for Purchase Street unfortunately has raised the concerns about these types of projects in residential/agricultural areas of town. While it has caused tremendous passion and strong opinions this project has also been the impetus for many citizens to get involved in local government and has precipitated the Solar By-Law Study Committee that has worked to create local rules and regulations that are fair to both residents and developers.

As we know the well-being and success of local government in meeting the many challenges the town faces would not be possible without the outstanding volunteer efforts of private citizens. In that

regard we wish to thank the many people who serve on the numerous boards and committees that make Carver work – far too many to mention. Many of these people perform thankless functions and subject themselves and their families to criticism because they believe in performing their civic duty to their community. Carver is truly fortunate to have such citizens.

Our thanks to Town Administrator Richard LaFond and the staff of the Board of Selectmen's Office as well as our many fine department heads and employees. In particular we wish to recognize the contributions of Jean Bouchard, Assistant to the Town Administrator, who retired at the end of the year. Jean spent approximately eighteen years in the Board of Selectmen's Office and was a true asset to the Board, the Town Administrator, and the town as a whole. We also wish to recognize Town Accountant John Adams and Building Commissioner Mike Mendoza both of whom served the town for many years before advancing their careers in other communities. And, finally, we had the pleasure in October of wishing Police Officer Anthony Luca a very enjoyable retirement as he completed over thirty seven years of service to the town as a police officer.

Respectfully Submitted,

Carver Board of Selectmen  
Michael J. O'Donnell, Chairman  
John K. Franey, Vice Chairman  
Sarah G. Hewins, Member  
Helen Z. Marrone, Member  
Richard F. Ward, Member

## BOARD OF ASSESSORS

Mission Statement: To determine ad valorem valuations of real and personal properties in a fair and equitable manner.

In compliance with M.G.L. Ch. 40 § 56, the Board of Assessors has conducted a comprehensive reassessment of all classes of property in the town of Carver to comply with the requirement of a triennial certification of property values. We cannot stress enough that the mission of the Assessor's Office is to ensure that everyone is paying only their fair share of the tax burden. The staff welcomes questions and is here to serve you.

After serving the town of Carver in various positions, the last 15 years as a member of the Board of Assessors, Karen Bell has left Carver for a warmer climate. Karen's dedication to the town is evidenced by also serving for many years on the School Committee and the Housing Authority. We are very sorry to lose her years of experience, knowledge and commitment to the town. Karen has been an important member of this Board and department since 1997, making herself available to the residents, and generally doing whatever she could to make the assessing department a customer friendly office. With her amiable personality, honesty and integrity, Karen has been a truly remarkable person to know. We will miss you, Karen, and wish you the best in your retirement.

Dorothy "Dee" Vicino, our assessing administrative assistant, has achieved a milestone in her assessing career. Dee was awarded her MAA (Massachusetts Accredited Assessor) designation having completed the requirements this year. Congratulations, Dee!

Director Ellen Blanchard and Administrative Assistant Dee Vicino have been giving instruction to assessors and their clerks, under the auspices of the MAAO (Massachusetts Association of Assessing Officers). This year the topics were Personal Property and Forestry Land. They have been invited by various county assessing groups to provide instruction in other topics for the coming year.

The average single-family assessment for FY2012 is \$261,700.

At the Classification Hearing, held on November 22, 2011, the Board of Assessors recommended and the Board of Selectmen voted to shift the tax levy 30% from the residential class to the CIP (commercial, industrial and personal property) classes.

The Board of Assessors believes in being consistent and impartial in their review of all properties. The Board of Assessors value a property for taxation purposes only. We are mandated by the Department of Revenue to constantly review and update the property record cards through on-site inspections to ensure that the data is accurate. This is referred to as “cyclical recollection” of property data. The Board appreciates the cooperation of the property owners.

Geographic Information Systems (GIS) is an integral part of the assessing function, providing a visual representation of all parcels in the town. The Department of Revenue requires that the assessor’s maps are updated annually. This three year cycle was completed by Coler & Colantonio, of Plymouth.

The Assessors Office prides itself in our commitment to quality customer service. A computer terminal at the front counter is for the public to use, which, in addition to land and building values, includes a GIS module showing the location of each property. You can also log on to the town’s website [www.carverma.org](http://www.carverma.org) and go to the Assessors page to view property record cards and GIS maps, and download any forms you may need to file for exemptions, abatements, returns of personal property, and so on.

Continuing education, while a priority in the Assessors Office, is also a requirement. All staff members who have received their MAA (Massachusetts Accredited Assessor) designation must complete 45 continuing education credits every three years to be re-certified. Director Ellen Blanchard, MAA continues to be an instructor for the Massachusetts Association of Assessing Officers (MAAO), teaching courses to earn an MAA designation, is a member of the MAAO Executive Board, and serves on the MAAO Education and GIS Committees, and continues as Secretary/Treasurer for the Plymouth County Assessors Association. Additionally, all MAAO courses are available to, and approved for, real estate appraisers for continuing education credits.

In collaboration with the Town Administrator and Town Accountant, the Director oversees the Senior Work-off Program, which has now completed 6 years of the program, allowing Seniors (age 60 and over), to work for the town and receive a credit of up to \$600 off their real estate tax bill. To participate in this program, please contact this office.

Statistics of interest include:

Building Permits processed –	171
Plans for sub-division of property processed –	12 plans, 25 parcels
Transfers of property processed -	297

## BOARD OF HEALTH

To the Honorable Board of Selectmen:

The following is the annual report of the Board of Health for 2012:

The Board of Health has a mission to protect the health and safety of the Town of Carver. Inside this mission several factors are necessary. We are to monitor the landfills and the septic plant, inspect all town restaurants and food service providers, approve of all well and septic plans and upgrades, collect applicable fees, provide the public with the knowledge, respect and understanding to deal with various health issues and solve the day to day health disputes where the public is concerned.

The Board of Health has had many accomplishments in the past calendar year. First and Foremost was our ability to provide, for all or our residents, flu vaccinations as soon as they became available. We continue to strengthen our pond-testing program to provide for the safest of beaches for our residents and visitors. We are further working with the town planner and the North Carver Water District to develop a town water supply. We are continuing to work with other town departments to provide the town with the best vision possible for the future of the Town of Carver. We have also strengthened town, county, state and regional understanding of pandemic training, preparing the town for any such pandemic emergency. We have also continued to improve our understanding of West Nile Virus and Eastern Equine Encephalitis (EEE) so as to better educate our citizens and protect them with dusk activity bans.

In 2012 we permitted; 10 new construction septic permits, 41 upgrade septic permits, 104 Title 5 Inspections, 48 well permits. We licensed; 43 septic installers, 14 garbage haulers, 26 septage haulers, 2 campgrounds, 5 day care centers, 5 mobile home parks, 12 tobacco merchants, 54 food establishments, and 44 animal/stables.

We have a few goals for the upcoming year. First, we are looking forward to further assisting the town in the development in the water supply for the North Carver Area. Secondly, we will continue to

aid the Town as best as possible as we face uncertainty in our fiscal future. Thirdly, we will continue to direct and assist the town as the town itself prepares for residential as well as commercial (solar, wind and possible new school) growth. Finally to assist the town planner in the implementation and execution of the community block grant applications. Thank you.

It is with honesty and pride that we serve you.

Respectfully submitted,

Carver Board of Health

Arthur F. Borden, P.L.S., Chairman

Steven D. Crawford, Member

David B. Lawrence, Member

Robert C. Tinkham Jr., Agent

Debra Deneen, Administrative Assistant

## BUILDING COMMISSIONER

To the Honorable Board of Selectmen and the citizens of Carver.

Both new commercial projects and solar panel installation permits increased this year over last year. In addition, new home construction permits also increased dramatically.

I hereby submit the annual report of the Building Department for the calendar year 2012.

NEW DWELLINGS	11
CONDO	0
ADDITIONS/RENOVATIONS, SHEDS, DECKS, ETC.	313
MOBILE HOMES	6
NEW COMMERCIAL	7
ADDITIONS/RENOVATIONS	44
ALL OTHER PERMITS	20
CERTIFICATE OF INSPECTION	34
TOTAL FEES PAID	\$60,791.00
NUMBER OF INSPECTIONS FOR THE YEAR	445
NUMBER OF COURT APPEARANCES	0

Respectfully submitted,

Maureen Nissen  
Assistant to the Inspection Department

## BUILDINGS AND GROUNDS

The Buildings and Grounds Department is made up of a part-time Facilities Consultant who works with two full-time and one part-time custodian. In addition, a clerk in the Selectmen's office performs some of the clerical duties. This department oversees the maintenance, grounds keeping, and custodial services of several buildings including the Town Hall, Library, Police Station, Fire Station, EMS Building, DPW Facility, and the Municipal Well Complex.

The Buildings and Grounds Department also maintains the Purchase Street athletic fields and the softball fields behind the police station.

The Buildings and Grounds Department spends a great deal of time on preventive maintenance to minimize the cost and frequency of breakdowns in the town buildings.

This past year we installed a new roof on Fire Station # 3 in South Carver and also replaced worn carpets in the town hall.

The Buildings and Grounds maintenance crew did an outstanding job getting the Village Green grounds looking beautiful for the Fox 25 live broadcast in the fall.

We employed a senior from the senior work off program with great results. This senior was a Master Gardner and was able to prune the roses at the Gazebo and all of the shrubbery at the Town Hall and Library. He also showed our Maintenance staff how to prune shrubbery.

I would like to thank the Town Administrator and the Board of Selectmen for their assistance and support of this department.

Respectfully submitted,

Gerald Farquharson  
Facilities Consultant

# CARVER REDEVELOPMENT AUTHORITY

## **Mission**

The Carver Redevelopment Authority (CRA) was established by Carver Town Meeting in 2006 to provide the Town with another useful tool in increasing the Town commercial/industrial tax base.

To that end, the mission of the CRA is:

- to foster and promote business expansion;
- to redevelop town owned properties that are no longer on the tax rolls;
- to develop said properties back into tax production status, and;
- to facilitate new housing and business development.

All to encourage balanced growth and work toward a better community as a whole.

## **Progress – Financial Results**

Working in tandem with the Town of Carver Planning and Community Development Department, the CRA continues its redevelopment activities aimed principally at reuse and development of property, providing advocacy for ongoing economic development projects and by seeking out funding opportunities for Economic Development in the Town.

During the years from 2007 – 2011, the Redevelopment Authority has returned over \$500,000 back to the town and this year nearly \$200,000. This was due to properties owned by the town and conveyed by town meeting and the Board of Selectman to the CRA.

One of our proudest moments was the sale of the Ben Ellis School. For 2 ½ years we owned and maintained the school instead of placing it into mothballs. In 2011, the school was sold to local grower Clark Griffith. Clark then established a committee to turn the school into a future Boys & Girls club. The CRA would like to thank Clark Griffith for giving this important landmark back to the community.

The CRA partnered with the North Carver Water District (NCWD) to help fund a water project at 96 N. Main Street. This project sought to

increase water flow, provide revenue to the NCWD and allow the development of a blighted parcel in North Carver.

Taking a different turn, the CRA worked with the Local Housing Partnership to assist one of their projects to come up with the additional funding necessary to make this property a healthier and safer home for a family in our community. In addition, the result of this project allowed the property to be increased in value and thus the neighborhoods total value will also increase. We thank the Local Housing Partnership for bringing this to our attention.

**Officers of the Carver Redevelopment Authority**

- William Sinclair, Chair
- Johanna Leighton, Vice Chair
- John K. Franey, Treasurer
- Robert Belbin, Secretary
- Open, Governor's Appointment

## COMMISSION ON DISABILITIES

To the Honorable Board of Selectmen and the Town's People of Carver:

I hereby submit the Annual Report of the Commission on Disabilities for the calendar year 2012.

The Commission made periodic visits to the renovation project for the Atwood House and commented on compliance issues.

This year, we once again set up an Informational Table at both the Annual Triad Health Fair and at the Farmers Market to help educate the community of who we are and how they can help.

We continued meeting with MCI officials as well as town officials to exchange ideas on how to serve our community in the area of assistance.

Respectfully submitted,

Bernadette Hemingway

## CONSERVATION COMMISSION

To the Honorable Board of Selectmen:

The Carver Conservation Commission is charged under M. G. L. Ch. 40 section 8C with several primary functions: acquiring and managing open space; and the general protection and stewardship of our town's natural resources and, under M. G. L. Ch. 131 section 40, administering the Massachusetts Wetlands Protection Act. More specifically, we are charged with open space protection and wetlands protection. Open space is important to our town for several reasons: it improves a town's bond rating; slows residential growth, thereby helping to reduce future property tax increases; protects our drinking water quality by preventing storm-water runoff; protects our drinking water quantity by providing recharge to our aquifer; increases property values; and provides a high quality of life. The Commission also administers the Carver Wetlands Protection Bylaw. Wetlands are especially important to our town: they provide flood and pollution control; recharge and purify our groundwater and aquifer; provide habitat, food, and cover for wildlife; and maintain high-quality fish and shellfish environments both locally and downstream. Clean pure groundwater is vital to Carver because most residents and many businesses—including our primary industry, cranberry production—depend on private well water. In addition, the town lies over one of the largest sole-source aquifers in the state. About fifty percent of the Town of Carver is wetlands and about eighty-five percent of the town is open space. Although we have permanently protected almost 577 acres of open space, most of our open space—almost 12,656 acres—is not permanently protected.

The Commission is authorized by the Wetlands Protection Act and the Carver Wetlands Protection Bylaw to hold public hearings on all projects within 100 feet of any wetland, including cranberry bogs, and within 200 feet of a perennial river or stream. In 2012, the Commission held public hearings for 21 new requests for permits and projects near wetlands (up from 18 and 11 in the previous two years). All applications were permitted. All permits and Certificates of Compliance are recorded at the Plymouth County Registry of Deeds by our staff, ensuring timely recordation of legal documents and available information for landowners, and preventing delays for

landowners who may be refinancing or selling their properties. Our staff consults with the DEP (Department of Environmental Protection), the Environmental Protection Agency (EPA), and the Army Corps of Engineers re: permits / regulations, keeping up-to-date with current laws. One Emergency Certification was issued to a North Carver business that needed access to the North Carver Water District's public water supply.

Our Commission meetings are broadcast on Carver's cable TV channel 15 on CCAT for those residents who are unable to attend. These meetings are also posted by CCAT staff on YouTube and again on Carver's official website at [www.carverma.org](http://www.carverma.org) . For more information about Conservation, our web-site can be viewed by going to the home page, looking to the left, and clicking on "Conservation" under "Town Hall." We welcome public input on what information should be available.

In 2012 we continued to work collaboratively, through our Agent, with other town departments, to complete certain mandates or public service projects. Our Agent reviewed, commented on, and in some cases, wrote interdepartmental documents on behalf of the Commission and at the request of various other town departments: reviewed five Technical Review Committee reviews of site plan proposals for commercial, utility, or residential project proposals for the Planning Dept.; reviewed two Inspection and Evaluation Reports for the Tremont Street dam for the DPW; wrote portions of the Pre-Disaster Mitigation Plan (PDM) for the Emergency Operations Dept.; wrote the Cole Bog Management Cost Solicitation for the Agricultural Commission; and secured the Town's National Flood Insurance Program Certification with FEMA for the Board of Selectmen. On behalf of the Commission, our Agent produced Flood Plain Zone digital maps for the Emergency Operations Director's PDM Plan. Our Agent also began work on digital mapping of all impervious surfaces in town for the Commission and for the DPW per EPA requirements and is up-dating the town's storm drainage digital maps for Conservation and the DPW's use. Our Agent reviewed and wrote site evaluations for 15 sites under the Carver/Halifax Rehabilitation federal grant program requirements for the Planning Dept., continued our participation in the town's Department of Environmental Protection (DEP) 604(b) grant with other non-profit partners on water quality

management planning, and applied with the DPW for the DEP's 319 grant for non-point source pollution mitigation to remediate stormwater and run-off into the Weweantic River.

Agent/Commission continued to produce educational material for the general public: water conservation brochures; posting documents on the Conservation page of the town website; and three educational conservation programs on the local cable station. The Conservation Dept. also held two joint Tree and Shrub Give-Away Days with the DPW and one Home Firewood Program at Camden Trail in South Carver.

Our Agent has been asked to serve in an administrative and coordinating capacity for the Town's Energy Program, Green Communities Program, and Stormwater Program Committee, as well as coordinating for other general, some regional, conservation issues. These include general conservation efforts of the Town, waste reduction actions initiated through the Town, energy and green communities issues initiated through the Town, and environmental compliance for issues outside the general authority of the Conservation Commission, as well as some recreational goals of town. The Town is represented by our Agent on the regional Plymouth / Carver Aquifer Advisory Committee as Carver's Delegate and the Committee's Chair. She also represents us on the in-house Local Emergency Planning Committee and the Town-Owned Properties committee. The Commission and Agent continue to review any Town-owned contaminated MGL 21E sites as well as other 21E properties that are contaminating wetlands and waterways resources and, potentially, the Plymouth / Carver Aquifer, to assure groundwater and surface water quality. The Agent produced digital maps for the general public, site-specific flood plain digital maps for individual members of the public, and digital trail maps for the general public for the three largest Conservation lands in town. The Commission and Agent also use digital mapping to compile a database of Conservation-owned parcels for land management use, for inter-departmental use at town hall, and for public information. The Agent and Commission worked with students and Scouts on Eagle Scout conservation projects; three of these installed information kiosks and marked trails, while two of the three also identified species on Conservation Land.

The town-owned Cole Property in North Carver is frequently visited by the public. State rules and regulations regarding hunting and fishing must be followed at the Cole Property, including the law that no hunting is allowed within 500 feet of a dwelling or building in use, including the public drinking water supply well-house that is sited on the property. Motor vehicles are also prohibited on the property. The Commission was proud to do its part in preserving this important property for future generations by providing the down payment on the property, and other acquisition costs, through its Conservation Trust Fund.

On the whole, however, land in Carver is still disappearing, albeit at a slower rate than in previous years. We see the current housing slump as an opportunity for land preservation. As Carver continues to grow, we expect wetland permit filings to increase again as houses and subdivisions are built closer and closer to wetlands. For Carver, in particular, taking more land out of residential development will reduce the need for more town services and reduce your future residential property tax increases. If we value our town's resources *and* want to reduce future property tax increases, we need to continue to protect our remaining open space before there is nothing left to protect.

We welcomed our newest Commissioner, Jennifer Vaillancourt, this year and thank her for stepping up to serve our town. We thank part-time staff, Peg Blackwell and Helga Stottmeier, for their dedication, deep interest in conservation, and high organizational skills. We would like to thank all who filed with the Commission over the past year as well as those who called or stopped by with questions. The Commission works with the public to protect the resources that, in turn, protect our town. We take our public service responsibilities seriously and we welcome your questions and comments.

February 2013

James Nauen, Chair

Margaret Blackwell, member

David Eldredge, member

## COUNCIL ON AGING

The Council on Aging, housed in the Marcus Atwood House in South Carver, is charged with providing services for the senior population of Carver. The staff and volunteers at the COA work tirelessly to bring essential services to this segment of our community.

In 2012, the staff and volunteers at the COA continued to administer and provide Meals on Wheels, daily lunches, assistance with social programs and outreach, the monthly newsletter, loaning of medical supplies, and more. The GATRA bus services continued to be well used, providing almost 7,000 rides for seniors and disabled individuals for doctor's visits, appointments, shopping trips and excursions. The Emergency Food Pantry, available to all Carver residents, provided nearly 2,000 individuals with food and supplies throughout the year. We are extremely grateful for the support the food pantry receives from the community and wish to especially thank Eagle Scout Alec Carrara, Dawn Padovani, Dan Neil, Manager of the Shaw's Supermarket in Carver, and the Greater Plymouth Food Resources Group. Monthly themed lunches continued this year, and they remain very popular, often selling out within days. The annual and always delicious St. Patrick's Day Dinner also sold out quickly and is our most popular event of the year! We also hosted a weekly blood pressure clinic with the support of the Board of Health, the SHINE coordinator was available weekly to provide seniors with assistance in navigating the aspects of health insurance, and Attorney Lawrence Hale provided legal assistance on a monthly basis. Thanksgiving and Christmas Baskets were delivered in November and December, providing assistance and relief to 25 families in Carver.

Many new programs were introduced and they have been met with great enthusiasm. We now host weekly exercise classes, monthly birthday celebrations, themed arts & crafts sessions, board and card games, monthly foot care clinics and more. Bingo is back and is played every Friday and it has proven to be one of our more popular programs. In addition to our regular programs, special events were held throughout the year to encourage seniors to visit the Council on Aging. We held a Bake Sale, a Yard Sale and an Apple Pie Contest and Sale. We also sponsored a program on the History of the Plymouth House of Corrections, the AARP Driver Safety Course

thanks to Ed O'Connor, Will and Estate Planning thanks to Atty Lawrence Hale, a Gardening Program thanks to Mike Paduch, a musical performance from Steve Caddick, an Ernest Hemingway performance by Richard Clark which was funded by the Carver Cultural Council, a Diabetes Education Series, a Tree Trimming Party and Cookie swap, along with other programs. For the first time in many years we also began offering day trips. Some of the places visited were Heritage Museum in Sandwich, the Duxbury Art Complex, the Ft Tabor Military Museum, baseball games in Wareham, the Mass Audubon Visual Arts Center, the Fuller Craft Museum, the Edward Gorey House, Plimoth Plantation, Patriot Place, the Sysco Warehouse and East Hill Farms in Troy, NH.

The programs and services offered at the COA would not be what they are without the assistance of the Carver community. We wish to thank Ronald Clarke for his years of service to the Board of Directors; his energy and enthusiasm will be missed. We also wish to extend our thanks to our many volunteers, our Meals on Wheels drivers, the Friends of the Council on Aging, the members of the Carver Lions Club, Carver Girl Scouts, South Meadow Village Crafters and the countless individuals and businesses in our community who donated their time and money to our program. Your contributions improve the lives of our senior population greatly and we are grateful that this allows us to serve the community as we do.

Respectfully submitted,

## DEPARTMENT OF PUBLIC WORKS

To the Honorable Board of Selectmen

Dear Sirs:

During the past year the Department of Public Works completed the following major accomplishments:

Chapter #90 work was done on the following streets: Great Meadow Drive from Purchase Street to Forest Street they were resurfaced and also the sidewalks were resurfaced. This was 5,280' feet long and at a width of 26' feet with a 5' foot sidewalk. Forest Street was also resurfaced from Purchase Street to Main Street (Route#58) 4,900' feet long at a width of 18' feet wide. Mazzilli Drive was also resurfaced this development is 1,400' feet long at a width of 26' feet wide. Crescent Street 800' feet in length and 20' feet in width was also resurfaced.

Our Earth Removal Committee has been providing us with some funds for Highway Maintenance. This year we overlaid Pond Street at a length of 2,500' feet and a width of 28' feet also Ward Street was resurfaced at a length of 2,100' feet and a width of 22' feet. This extra funding is greatly appreciated and we would like to thank the Earth Removal Committee for doing this.

Private ways were maintained as usual, and we will continue to pave and do as much tree work as possible with the allotted funds available to our department.

Line Painting was done as always, this year 521,000 linear feet of 4" center and edge lines were painted also some thermo plastic intersections were done. The DPW tries to do all our own stencil work. We feel that this is an important line item for Traffic Control & Safety.

Cemeteries were maintained fertilized and groomed as usual. There were 14 cemetery lots purchased, 13 burials and 6 cremations and 13 foundations installed. We hope to be adding acreage to Central Cemetery soon. We will be in need for more room very soon.

Snow removal and ice control this year was going great until February 8 & 9<sup>th</sup>.

When the Blizzard “NEMO” rolled into Town. We had a budget of \$100,000.00 left

In our budget and now we are about \$10,000.00 over budget. Let’s hope that we get through the rest of the winter without anymore severe storms like that one.

Tree work is going to be brutal due to that storm as well. We had the Town looking good until that storm has taken down well over 100 large trees. We will be well into the beginning of June before we get completely cleaned up.

Our parks are in the same situation trees down and some roof damage in Shurtleff Park. We will try to clean up and repair as soon as snow disappears.

Chapter 90 projects funds are nearly 75% of our roadwork funds every year. We have been pursuing a project for Route #58 with the Mass DOT for 2 years now. Our 75% plans are almost complete and we will move on to the next stage soon. This takes some of our Chapter 90 funds for the design. But it will be worth it when completed. As always we stay in close touch with our State Aid Representative.

We will try as always to keep our roads cemeteries and public areas in the best possible condition, and will continue to do so to the best of our ability.

Respectfully submitted,

CARVER BOARD OF PUBLIC WORKS

Peter Donnelly

Richard S. Ellis Sr.

John Kelley

## EARTH REMOVAL COMMITTEE

To the Honorable Board of Selectmen:

The following is the annual report of the Earth Removal Committee for 2012:

The Earth Removal Committee met 11 times in 2012. We meet with regularity on the last Wednesday of every month. There are 11 active projects in town. All of the projects received on site inspections by the committee during the year. The number of projects has remained constant for the last two years.

The Committee has also collected \$47,303.40 in fees. The DPW used \$74,111.00 from the fee account to repave Ward St. and Pond St.

For the upcoming year, the Earth Removal Committee will continue to manage removal projects to the benefit of the community.

It is with honesty and pride that we serve you.

Respectfully submitted,

Carver Earth Removal Committee  
John H. Garretson, III, Chairman  
Michael Harrison  
James Nauen  
Bob Ieronimo  
John Shurtleff  
Richard Ward

## EMERGENCY MANAGEMENT AGENCY

The Emergency Management Agency and the Emergency Operations Center (EOC) are located in the basement of the Town Hall. The year 2012 was a very busy year. Training in our Nuclear Emergency Response program was coordinated by Emergency Management for all Town Emergency personnel with more than 200 people being trained.

During 2012 the agency continued communication and education efforts to the community regarding preparation for Hurricanes and other natural disasters.

The Local Emergency Planning Committee (LEPC) met in April of 2012 and re-elected Emergency Management Director, Thomas Walsh, as its Chairman. The LEPC met again in October and successfully completed its annual exercise requirement. The community continues to be a Fully Certified Local Emergency Planning Committee (LEPC).

Hurricane Sandy resulted in a Disaster Declaration and coordination of the FEMA Disaster recovery effort is being performed by the Emergency Management Agency. Hurricane Sandy also caused the postponement of the Graded Nuclear Exercise which will occur on March 21, 2013.

The Agency wishes to extend our thanks to all Town personnel, residents of Carver, the Carver Board of Selectmen and Town Administrator, MEMA – Region II and all volunteers for their cooperation and support.

A special thanks to Deputy Director Kenneth Morrison and Helen Copello for their support and proficiency in carrying out their duties.

Thomas M. Walsh  
Emergency Management Director

## EMERGENCY MEDICAL SERVICES

During the calendar year ending December 31, 2012 the Town of Carver EMS Department responded to 1315 calls. These calls were broken down as follows:

Medical Emergencies:	936
Motor Vehicle Accidents:	83
Non MVA Trauma:	283
Miscellaneous:	13

Carver EMS has operated an Advanced Life Support ambulance service since October of 2005.

I am pleased to report that our system that utilizes both Paramedics and EMTs on a "Call" or "Per-Diem" basis (no fulltime personnel) continues to function very effectively. All State and regional licensing requirements continue to be accomplished and Carver EMS successfully renewed its state ALS license in May of 2012. Operations as an ALS service with an EMS crew comprised of at least one Paramedic and an EMT on duty 24 hours a day began on October 1, 2005 and has continued without interruption.

Operation of the EMS Department has always been funded primarily by fees received for services rendered, mostly from insurance payments, and it appears that receipts will allow this to continue in future years.

Finally, I would like to commend and thank the members of the Carver Emergency Medical Services Department for their cooperation, professionalism and dedication to duty during the past year. It is through their efforts and professionalism that we are able to provide a level of Emergency Medical Services to our residents that we can all be proud of.

A special thanks to Deputy EMS Director Karen Fein who will complete 25 years of faithful service to the Carver EMS department this year. Her support, dedication and proficiency in carrying out her duties are commendable and have been critical to the department's success over these decades.

Respectfully submitted:

Thomas M. Walsh  
Director of EMS

## FINANCE COMMITTEE

Over the course of the year, discussions have focused around the need to develop a strong Financial Master Plan that involves multiple year forecasting and a disciplined approach to using and replenishing our stabilization funds. We need a plan to address not only our current financial obligations but our future commitments as well such as Unfunded Pension and Health Care liabilities.

The town needs to develop a comprehensive long term strategy that takes into consideration the best way to pay for repairing or rebuilding town owned properties as well as the capital needs for each department. Over the past few years, taxpayers have become very vocal when faced with the proposition of funding projects through a debt exclusion or override. Taking advantage of a down economy to achieve the best results for the town will be a high priority in the future. Multiple financing options should be addressed as well as the impact to town services.

During the budgetary process, the Finance Committee reviewed the detailed departmental budgets for all divisions. It is our opinion that non-salaried departmental expenditures are running lean or are in line with prior year expenditures.

It is no surprise that contractual obligations to employees for both salaries and benefits remain the biggest expenditure to any municipality. Combining the need to rebuild our town's infrastructure while maintaining adequate levels of services, will be a significant challenge.

All recessions operate within a cycle and while economic indicators may vary from time to time, we have an opportunity to plan for the future. Until state aid is brought back to sufficient levels, it is crucial that we control discretionary spending whenever possible.

## FIRE DEPARTMENT

Your Carver Fire Department is a goal-orientated organization that prides itself in providing a superior level of service to our community at the lowest possible cost to each taxpayer.

The mission statement of the Carver Fire Department is “To be a leading Emergency Service Organization by meeting or exceeding the needs of our community in Fire Prevention, Fire Suppression, and Rescue Operations” and has become the benchmark from which our goals are derived each year.

Last year, one of our goals was to seek creative methods of funding for essential equipment and facility needs. Two of the more significant items being interior and exterior renovations of our North Carver Fire Station, interior renovations of our South Carver Fire Station and a major rehab of our maze building located at our Training Facility in the center of Town. Firefighters donated their time and materials to re-landscape the exterior of Station 2, while at the same time, Firefighters worked for several days to epoxy paint the apparatus floors inside the Station. Firefighters from our Station 3 in South Carver also worked for several days to epoxy the apparatus floor and work on improvements inside Station 3.

This winter, a Team of Firefighters spent over 300 hours of donated time to completely rehab our training maze building located at our Training Facility in the center of Town. Firefighters completely gutted the building, reframed walls, painted the interior, designed and built maze training structures, all to provide our Firefighting team a great training opportunity for years to come. As the Chief of the Department, I am very proud of the continued unselfish dedication our Team provides to the community!

The Carver Fire Department continues to be one of the lowest funded Fire Departments in the Commonwealth, at an annual cost of \$447,000 or about \$37 per resident. The dedication of our 75 member team is at the center of our flourishing Call Firefighting System that was nationally recognized in 2008 as showcased in Firehouse Magazine, a National Fire Service periodical. Our system has been used as a model

for several Fire Departments across the country, something that we can all be proud of.

### **Blizzard of 2013**

With the help of your Firefighters unselfishness efforts, during the most recent Blizzard of 2013, roadways were kept open for emergency vehicles, ambulances were escorted to and from hospitals transporting patients, fires were extinguished, people were comforted and lives were saved!

During the Blizzard, and as a TEAM, Carver Fire responded to over 70 separate fire incidents, including 3 structure fires, 3 mutual aid Engine and Tanker requests, 12 assist the ambulance calls, transports of people to the emergency shelter, numerous trees on homes, wires down calls, electrical fires, chimney fires and many calls for help to keep roadways open.

As a TEAM, over 60 Carver Firefighters answered the calls for help from our residents. Firefighters were distributed throughout the Town, operating snow plows, assisting at the High School shelter, working at Carver EMS, staffing our Public Safety and Fire Dispatch Centers and fighting fires. Your Firefighters tried to help everywhere!

Our Department utilized 14 pieces of fire apparatus, making sure that not one call for help went unanswered. Thankfully, not one our Firefighters reported any injuries while facing adverse conditions on every call they responded to.

### **MILESTONES OF 2012:**

- We continue to write and secure additional grant funds for replacement and additional equipment, securing 33 grants for over \$830,000 in grant money for FY 06 - FY 13.
- By design, we continue to be one of the lowest funded Firefighter Departments in the State, (\$37/resident) with 1.3% of Town budget being directed to Fire Department.
- Our Firefighters completed in-house rehab of our Rescue 2 Command / Dive / Rehab Vehicle donated by Carver EMS.
- We completely revamped our Fire Department web site.

- We successfully hired and trained four new Carver Firefighters.
- We continue to be nationally recognized as a model for other Fire Departments across the country.
- We continue to have one of the highest ratios of Nationally Certified Firefighters, Fire Officers and Fire Instructors of any Fire Department in the Commonwealth. Currently, we have 54 Firefighters certified to Firefighter I/II, 21 Fire Officer I, 13 Fire Officer II, 27 Fire Instructor I, 2 Fire Instructor II and 14 Fire Safety Officers.
- We successfully manage and maintain a Professional Call Firefighting force that excels in regards to manpower for the critical daytime responses. We successfully maintain our Departments Daytime Call Firefighting force, averaging a 5.4 minute response time with 17 Firefighters on scene.
- We continue to give minor facelifts to our Stations 1, 2, 3 and the Training Center at a very minimal cost. New side entry doors were installed at our Station 1. Firefighters donated their time to re-landscape and epoxy paint the apparatus floor at Station 2. A new roof and gutters were installed at our Station 3. Our Training Center Team donated over 300 hours of time and materials to completely rehab our Training Facility Maze Building. We built and installed a dumpster fire and car fire simulator training prop and did an overall cleanup of the training site area.
- We successfully implemented several programs in an effort to remain proactive in the Recruitment and Retention woes that are plaguing Fire Departments across the nation.
- We consider ourselves to be innovators of training. We continually explore and employ cutting edge practices in an effort to remain ahead of the curve in regards to training and personal safety.
- We educated a record number of school children and Town residents in the subjects associated with Ice Safety, Fire Prevention and Home Safety.
- We successfully managed a Rapid Intervention Committee, Wage and Benefit Committee, I AM RESPONDING Committee, Photo Team Committee, Fire Station Committee, Brush Breaker Design Committee and Accountability

Committee. All of these Committees are all TEAM oriented and focused on staying proactive in maintaining a Call Firefighting System.

**2012 YEAR END REPORT:**

The following is the report of the Fire Chief for the year ending December 31, 2012.

Structure Fires.....	10
Motor Vehicle Fires.....	5
Brush, Woods, & Grass.....	34
Chimney Fires.....	2

Ambulance Assist.....	1
Mutual Aid to other Towns.....	28
<b>Total responses.....</b>	<b>316</b>

Although I am Proud of each one of our Firefighters, I am equally as proud of their family's. Their spouses, children, significant others and pets all sacrifice a tremendous amount for them to answer the call of duty. I recognize the stress that this causes on their family and I am forever thankful for their support in allowing each one of our Firefighters to respond to help another.

We would like to take this opportunity to thank the citizens of our community for your support and investment in the Carver Fire Department during the past year. As you are aware, our community is feeling the negative effects of a struggling economy, from each individual citizen up to and including your Town government department. Unprecedented budget shortfalls threaten to affect the levels of service that individual departments can provide.

Although we are not immune to these budget woes, our department is designed and managed to persevere in tough economic times. With your continued support, we will rise to the occasion and weather the storm, providing unparalleled Fire Protection services to the residents of Carver.

We would also like to thank all Departments and Boards of the Town for their cooperation and assistance over the past year. A special thanks to all of the members of the *Carver Fire Department* for the dedication and proficiency displayed in the performance of their duties over the past year. Your efforts maintain a level of Fire Protection in the Town of Carver that we can all be proud of.

We continue to remind ourselves where we have come from, where we are and where we need to be ... never forgetting the one's that got us here!

Visit us our new Fire Department Web site at [www.carverfire.org](http://www.carverfire.org)

Respectfully submitted,

Craig F. Weston

*On Call Professionals Serving Carver with Pride*

## HISTORIC DISTRICT COMMISSION

This Commission continues its work to maintain the historic integrity of our two Historic Districts – Lakenham and Savery.

We continue to suggest that homeowners and builders meet with us informally prior to filing an application to ensure that materials and designs are appropriate and in compliance with our historic districts. This makes the process much easier and faster for all involved. We have received applications for improvements to existing structures in these districts and none have been refused.

We would like to extend our thanks to the staff of the Inspections Department for their assistance and guidance. We greatly appreciate their help.

We wish to compliment Jan Tracey, Chair of the Lakenham Green Restoration Committee and its members for their continued work towards the restoration of The Green.

We are also exploring options to help repair and maintain the church across from the Lakenham Green. Jan Tracey was able to make contact with the owners of the church and a meeting was held with them this past spring. Unfortunately, little progress has been made, but we will continue to pursue all options in an attempt to save this landmark.

We all look forward to continuing to work on preserving Carver's history.

Respectfully submitted,

Peg Blackwell, Chair  
Jason Pecorelli  
Ellen Blanchard  
Rick Phillips  
Lynn Proudler  
Connie Shaw  
Jan Tracey  
Dave Wainio

## HISTORICAL COMMISSION

In 2002 and 2004, interviews with prominent Carver citizens were taped. These also included photos of historical buildings and sites in Carver. At the time, they were shown from CCAT's studio. CCAT has made DVDs of these interviews and they are now available to the public on loan at the Carver Public Library.

As there were numerous requests for Wilho Harju's book, "Finnish Settlers of Carver", we found it necessary to have more of these books printed. They should be available this spring.

A year ago, we were contacted by John Buckley, Plymouth County Registrar of Deeds, to see if Carver would be interested in displaying some of our historical artifacts and general Carver history information in the new building in Plymouth. Our commission voted to do this, as it seemed a very positive way to represent our town. The Carver display will follow Plympton and Duxbury displays and will be shown there for six months starting in January, 2013.

This past year, we purchased a copy machine for the Carver Room in order to aid us in our responsibility to preserve and protect original historical photos and documents.

On Carver Old Home Day several artifacts were shown in our antique display cabinet. People also enjoyed looking through albums that contain photos and articles about Carver's past.

We would like to thank those who have donated small artifacts, photos and documents to the Carver Room this past year, as it assures they will remain in Carver, available for all to see for generations to come.

We encourage people to visit the Carver Room. Amy Sheperdson, Reference Librarian, is available most days to help anyone interested in learning more about Carver's interesting history.

Respectfully submitted,

Constance Shaw, Chair  
Peg Blackwell, Co-Chair  
Barbara Butler, Clerk.  
Jan Tracey, Treas.

Jason Pecorelli  
Russell Mazzilli

## LAKENHAM GREEN PRESERVATION COMMITTEE

This Committee has continued to work on the restoration of Lakenham Green. Special attention has been given to the Veterans' Memorial. Bill Halunen and the DPW have continued to assist with work on The Green. Elm trees have been added facing Braddock Way. Elm trees originally circled The Green, but were destroyed due to Dutch elm disease.

We continued with our volunteer efforts to maintain The Green. With the help of committee members and volunteers, spring clean up as well as autumn and Christmas decorating was done. Due to the fact that work is being completed on The Green, we have not done as much decorating and planting as in past years.

We continue to sell memorial bricks for the new walks within The Green. Some of the bricks have already been installed. Although, sales have been slow, we expect a better response once more work is done on The Green.

The *Carveropoly* game is still being sold at multiple locations in Carver as well as on the Internet.

We are also exploring options to help repair and maintain the church across from the Lakenham Green. Jan Tracey was able to make contact with the owners of the church and a meeting was held with them this past spring. Unfortunately, little progress has been made, but we will continue to pursue all options in an attempt to save this landmark

We all look forward to continued progress and working towards further improvements on The Green.

Respectfully submitted,

Jan Tracey, Chair

Total Registered Patrons	9,320
Total Attendance	79,054
Attendance at Children's Programs	4,525
Meeting Room Uses	1,378

The Carver Public Library was a place of bustling activity in 2012. Carver residents checked out books and music, listened to books on tape and compact disc, used the computers to go online and write documents, attended programs, downloaded music and audio books, asked questions, and much, much more.

The Reference Department at the library was very busy throughout the year. In addition to our everyday requests for computer assistance, help finding books and Internet sites for people or even help locating information for papers for school, we also processed many, many passports. The patrons that use our computers most often need help with logging on to the computers, finding specific web pages and information and help with printing their documents. Another popular request is for local history research as many residents are interested in viewing the historic maps of Carver, as well as learning the history and age of their homes. Tax forms, directions for travel and employment information are other common requests. All Virtual Catalog and Interlibrary Loan materials are processed by the

Reference Librarian. This service enables patrons to borrow items from other networks in Massachusetts as well as libraries across the country. Additional work by the Reference Librarian included working on cataloging information for the digitized cranberry labels, ordering new fiction and nonfiction books for the adult collection, assisting the Historical Commission with the packaging and labeling of the circulating CCAT interviews of Carver residents as well as the processing of local history materials. A handful of students requested the time of the reference staff to proctor their exams. All of these requests, whether for book information, general information, or local history information are important to us and we are glad to help and provide the residents of Carver with the information they need.

The library was extremely pleased to receive a grant from the Boston Public Library by the Massachusetts Board of Library Commissioners and funded by the Library Services and Technology Act. This grant funded the digitization of the 1989-2011 Carver High School yearbooks as well as over 200 cranberry labels that were donated to the Carver Room by Clark Griffiths by a highly specialized team of archivists from the Boston Public Library. Our grateful thanks go to the Boston Public Library, the Massachusetts Board of Library Commissioners and the Library Services and Technology Act for this opportunity. The yearbooks can be found at the Internet Archive and our website under 24/7 Resources. The cranberry labels are hosted by SAILS, our library network, and the link can be found on the Carver Room page at [www.carverpl.org](http://www.carverpl.org), the Carver Public Library website.

In 2012 the Children's Department, in conjunction with community groups and businesses, hosted over 300 programs for children and their families. We continued to work with area schools, scout groups and care providers to offer library orientation opportunities, and with individual families who visit the library to ensure that all service needs are being met. In addition to providing traditional library programs like storytimes and literature based events, we also sought to combine fun and education in unique offerings like CSI Saturdays, where children explored forensics over the course of several weeks then applied their acquired knowledge and analytic skills to solve a crime scene. Other seasonal and culturally themed programs offered children

and families the opportunity to explore their physical and social environments through stories, songs and activities, or to be exposed to new concepts and practices. We had some help in providing these opportunities for families to engage, and so we have some acknowledgements to make.

Once again South Shore Community Action Council sponsored storyteller Ryan Racette, this year not only for his performances, but also to host a special month long series of writing workshops for 2 different age groups. Southeast Septic Services sponsored Mad Science during the summer reading program, in addition to providing summer reading participants with Frisbees, while Frosty Dog, Shaw's Supermarkets and Panera Bread offered incentives and the Carver Cultural Council sponsored Bubble-ology and musician Jay Mankita. Residents Larry Carlson, Marilyn Thayer and Bonnie Lee Medeiros also volunteered their time and talents to help provide music, stories and activity programs for local families, while Sarah Hewins continues to host Toddler Storytime on Tuesday mornings. In addition, Cumberland Farms hosted a special fundraiser with proceeds going to support the Children's Department for future programming and supply costs. A generous amount of gratitude is offered to all the organizations, businesses, individuals and families who support the library and who continuously express to the staff how much they appreciate the scope and quality of the programming and services we offer.

While it's natural to think of storytime as the library's most well attended program, there were also many other events throughout the year. The Carver Public Library Book Club continued to meet on the second Wednesday of all months except during the summer and December. The group meets for 90 minutes, spending that time discussing the month's book and enjoying a snack. At the end of the meeting the book for the upcoming month is chosen by the members of the club. Conversation at these meetings is lively and the group welcomes new member. A grant from the Carver Cultural Council which allowed us to invite Edward Lodi to present his program, "Give Life to the Writer Within You" on April 3. The presentation was well attended and Ed was generous with his time answering questions at the

end of the program. He also donated a copy of his book *Secrets and Shortcuts for Successful Writing : You Can Learn From My Mistakes* to each of the attendees. The third graders visited different town departments at the end of May including the Carver Room at the library. They enjoyed the tour of the historic family portraits in the fiction area and the information session in the Carver Room where they asked questions and learned about the town's history. Their enthusiasm and interest is wonderful and a compliment to their teachers and families. The annual Home Alone/Babysitting Class was held in the fall and thanks to our dedicated guest speakers, Fire Chief Craig Weston and John Bandzul EMT-P Training Coordinator, the participants learned vital information which will help them stay home alone and/or babysit for their siblings or other children.

Working with all of these groups, individuals and organizations keeps the library at the center of the community and ensures that we offer a broad range of programs and services to fit the diverse needs of our patrons. We look forward to serving the Carver community throughout the years to come and thank everyone for their continued support and patronage.

Respectfully submitted,

## MARCUS ATWOOD HOUSE TRUSTEES

The Marcus Atwood House was acquired by the town in 1975, to be used as a community building. The Board of Trustees was formed to be the caretakers of this historic building. It is our responsibility to see to the maintenance and repairs of both the exterior and interior of the property and also includes seeing that it is used in the best possible way.

At present the Council on Aging, their Nutrition site, Food Pantry, GATRA Transportation and the Public Health Nurses occupy the building. Residents and non-residents can rent the nutrition area for functions.

Each year the Marcus Atwood House submits articles to Town Meeting to fund routine maintenance and repairs. As it is an old building, many repairs have been needed over the years and gradually things are being replaced with new to assure that the seniors who use the building can enjoy it in a safe and comfortable environment.

We are grateful for CPA funding which has made it possible to renovate parts of the building and make it more handicapped accessible. Keeping the historic integrity of the building and also complying with handicap regulations was no easy task. Despite many hours of meetings with the historical architect, construction manager and the COA, some things were over looked. There are problems with the Nutrition Center door which we will correct. We hope to have MCI prisoners help in repainting fencing, which will help eliminate any additional costs to the town.

This past year a Trustee, Peter Blatchford, resigned. He will be missed as he was very helpful as clerk and taking part in all the decisions that had to be made during the first phase of renovations to the Marcus Atwood House. We thank him for his time and dedication.

Respectfully submitted,  
Marcus Atwood Trustees

Jean Bouchard, Chairman  
Constance Shaw, Vice Chairman

Leonard Roby, Member  
Patricia Martin, Member

## PLANNING AND COMMUNITY DEVELOPMENT

To The Honorable Selectmen:

The number one challenge facing Carver is protecting the town's rural character, while proactively managing growth and developing a sound economic tax base. We have effectively embarked upon this work with the help from our professional staff. Our Director of Planning and Community Development, the main liaison between all land use departments, the development community and Town Boards and Commissions, has productively completed 2012, strategizing for the future while dealing with continued development activity (both residential and non-residential) throughout the Town. The Office of Planning and Community Department staffs the Town's Planning Board, Business Development Commission, the Redevelopment Authority, the North Carver Water District, the Local Housing Partnership and the Carver Housing Trust along with numerous ad hoc committees throughout the calendar year. Most importantly, the Director has staffed the on going North Carver Water project by coordinating efforts in the development of the North Carver Water System. The Director has helped implement, through the BDC the highly successful Business Roundtable meetings which brings together Carver Businesses to discuss issues and common goals, along with providing professional development for the Business Community. From these meetings evolved the Buy Carver, Buy Local campaign which allows one stop shopping for Carver businesses and residents to find the appropriate Carver business for their various needs.

In addition, the BDC helped to implement "Expedited Permitting" the process, as well as the development of permit tracking software to help aide good sound development particularly in North Carver.

The North Carver Water District Commission was officially formed in June 2008. The Commission has directed the finalization of the North Carver Water System including final plans, bid documents, permits and funding all coming to fruition in late 2008. Construction commenced in May 2009 and was completed March 2011. Of particular interest is the completion of the Route 44 Solar Array which now provides power to the North Carver Treatment Plant, and

provides reduced energy costs to the District at no additional cost to the town or the NCWD.

In the calendar year 2012, the Planning Board has processed 14 Form A's (Approval Not Required), 2 Form B (Preliminary Subdivision), 9 Special Permits, 5 Site Plan Reviews, 3 Minor Modifications and 16 Sign Permits. The Planning Department continues to utilize the Technical Review Committee process to review projects submitted for the Board's approval. This has created a mechanism to communicate issues and concerns freely between the various departments, Boards and applicants, thus streamlining the review process while thoroughly addressing all related issues.

The department has also completed the \$680,000 FY 12 Community Development Block grant (CDBG) for with the Town of Halifax for home improvements in the Bates Pond and Crystal Lake neighborhoods. This program has helped renovate 17 homes, 11 of which are in Carver. In fact, both towns have now applied for a new CDBG grant and look forward to continuing this program in other areas of town.

It should also be noted that the Director has continued to apply and receive grants for the Town to help the Farmers Market, enhance tourism and staff the Department with an intern within the Town of Carver.

In the coming year, the Office of Planning and Community Development needs your support to bring about the necessary changes to our by-laws and regulations in order to preserve our rural character and promote growth in the appropriate areas of our town. It also needs backing in its continuous efforts to develop North Carver as the primary location for an expanding tax base; and lastly will continue to look for funding opportunities to enhance all the efforts of every department in the Town of Carver.

Finally, we would like to thank the applicants and public for working with us to make Carver the great place we are all so proud to be part of.

**PLYMOUTH COUNTY COOPERATIVE EXTENSION  
ANNUAL REPORT  
July 1, 2011 - June 30, 2012**

The role of Plymouth County Cooperative Extension is to deliver research-based information to Plymouth County residents through non-formal methods. The Plymouth County Extension staff work on behalf of Plymouth County residents, in concert with UMass Amherst faculty and Extension staff, and the United States Department of Agriculture, to provide valuable information in the program areas of '4-H Youth and Family Development'. The Extension System is supported by County, Federal and State funds, and operates under Federal and State laws and agreements. Local citizens, appointed by the Plymouth County Commissioners, serve as Plymouth County Cooperative Extension Trustees, directing the overall program. Volunteer advisory groups work with Extension staff on developing programs.

Cooperative Extension resources and programs for Plymouth County residents include: 4-H Science and Technology workshops in the areas of embryology and plant science; accredited overnight 4-H summer camps; 4-H animal science summer day-workshops; 4-H Life Skills Training, 4-H Community Service Projects, 4-H Public Speaking Training, 4-H Babysitting Program and 4-H partnerships with local farms and agricultural enterprises. New research findings are translated into practical applications and shared with residents and communities through workshops, lectures, conferences, office visits, phone calls, field demonstrations, radio, television, local libraries, technical assistance, and newspaper articles. Publications such as newsletters, booklets, and fact sheets bring information directly to those who need it. Additional information is delivered through UMass-Amherst Extension web access [www.umassextension.org](http://www.umassextension.org).

**Members of the Plymouth County Extension Staff:**

Hanson MA 02341 (781-293-3541; fax: 781-293-3916)

## PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 2012.

The Project is a special district created by the State Legislature in 1957, and is now composed of all Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. The Project is a regional response to a regional problem, and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

As a result of a mild winter with little snow cover, the 2012 season began with a low water table and below average number of spring mosquitoes. Detection and treating larval mosquitoes was limited with the spring brood, because of the low water table, lack of larvae and budget constraints. The normal acreage aerial larviciding using the Project plane was reduced and ground larviciding was accomplished using B.t.i., an environmentally selective bacterial agent. Upon emergence of the spring brood of mosquitoes, ultra-low volume adulticiding began on June 8, 2012 and ended on September 21, 2012. The Project responded to 13,698 spray requests for service from residents. As part of our West Nile Virus control strategy a total of 59,935 catch basins were treated with larvicide in all of our towns to prevent West Nile Virus (WNV).

In response to the continued threat of mosquito borne diseases in the district, we increased our surveillance trapping and ground larviciding, and adult spraying in areas of concern to protect public health.

The first virus isolations identified in Plymouth County was on July 10, 2012 by the Massachusetts Department of Public Health, a *Coquillettidia perturbans*, a mammal biting species was found to have (EEE) Eastern Equine Encephalitis virus in the town of Carver. West Nile Virus (WNV) from a *Coquillettidia perturbans*, a mammal biting species was found in the town of Hanover on July 22, 2012.

The 2012 season had a total of 126 EEE positive pools (50 or less mosquitoes) isolates, and 30 WNV positive pools trapped in Plymouth County as follows:

WNV 30 positive pools

BROCKTON	3
COHASSET	1
HALIFAX	1
HANOVER	2
HANSON	3
LAKEVILLE	2
MIDDLEBOROUGH	2
ROCHESTER	1
SCITUATE	2
WEST BRIDGEWATER	12
WHITMAN	1

EEE 126 positive pools

BRIDGEWATER	8
BROCKTON	1
CARVER	7
DUXBURY	2
HALIFAX	9
HANOVER	1
HANSON	4
KINGSTON	7
LAKEVILLE	8
MATTAPOISETT	10
MIDDLEBOROUGH	22
PLYMPTON	8
WEST BRIDGEWATER	38
WHITMAN	1

Based on guidelines defined by the Massachusetts Department of Public Health's "Vector Control Plan to Prevent WNV and EEE in Massachusetts", the season began with 24 Plymouth County towns at "Low Risk Level" and four towns at the "Moderate Risk Level" for WNV and EEE. The season ended with no Plymouth County towns at "Low Level", 8 towns at the "Moderate Level" for WNV and EEE risk, 15 towns at "high level" WNV and EEE risk category and 5 towns at "Critical" WNV and EEE risk level category. Two aerial interventions were needed to effectively reduce human biting bridge vector mosquitoes as well as enzootic transmission of EEE. Governor Patrick announced aerial spraying would take place on July 20, 2012 in southeastern Massachusetts. Communities sprayed within the district included Lakeville, Bridgewater, Carver, East Bridgewater, Halifax, Hanson, Pembroke, Kingston, Plympton, Middleboro, Rochester and West Bridgewater to help prevent further spread of EEE infected mosquitoes. The second aerial spray was focused on the six towns around the Hockomock swamp to reduce amplification of the EEE virus including Bridgewater and West Bridgewater on August 13, 2012.

There were two human cases (outside the aerial spray zone) and 4 animal cases as a result of contracting EEEV and 1 WNV human case in Plymouth County.

The public health problem of EEE and WNV continues to ensure cooperation between the Plymouth County Mosquito Control Project, local Boards of Health and the Massachusetts Department of Public Health. In an effort to keep the public informed, EEE and WNV activity updates are regularly posted on The Plymouth County Mosquito Control Project website [www.plymouthmosquito.org](http://www.plymouthmosquito.org) and the Massachusetts Department of Public Health website at [www.state.ma.us/dph/wnv/wnv1.htm](http://www.state.ma.us/dph/wnv/wnv1.htm).

The figures specific to the Town of Carver are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Carver residents.

Insecticide Application. 5,447 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in June and the last in September.

During the summer 1,599 catch basins were treated to prevent the emergence of *Culex pipiens*, a known mosquito vector in West Nile Virus transmission.

Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes and other standing water areas. Inspectors continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present. Last year a total of 184 inspections were made to catalogued breeding sites.

Water Management. During 2012 crews removed blockages, brush and other obstructions from 2,875 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. This work, together with machine reclamation, is most often carried out in the fall and winter.

Finally, we have been tracking response time, which is the time between notice of a mosquito problem and response by one of our inspectors. The complaint response time in the Town of Carver was less than three days with more than 489 complaints answered.

Mosquito Survey. Our surveillance showed that the dominant mosquitoes throughout the district were generally *Oc. canadensis* and *Coquillettidia perturbans*. In the Town of Carver the three most common mosquitoes were *Ae. vexans*, *Cq. perturbans* and *Cs. melanura*.

We encourage citizens or municipal officials to visit our website at [www.plymouthmosquito.org](http://www.plymouthmosquito.org) or call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

Anthony Texeira  
Superintendent

Commissioners:  
Carolyn Brennan, Chairman  
Leighton F. Peck, Vice-Chairman/Secretary  
Kimberly King  
Michael F. Valenti  
John Kenney

## **POLICE DEPARTMENT**

To the Honorable Board of Selectmen and the Citizens of Carver,

The Mission of the Carver Police Department is to protect the lives and property of all citizens while preserving the peace and upholding individual rights and freedoms. Working in partnership with the citizens of Carver, the men and women of the Carver Police Department will dedicate themselves to enhancing the quality of life and reducing the incidence of fear while maintaining the highest ethical standards.

The 2012 was once again a challenging year for the department. The difficult economic times we continue to face have caused the reduction in staffing and programs over the past few years. The department has been reduced from 18 officers to 15 officers. This figure is well below the national standard for police staffing for the size of our community. Despite this, the men and women of the Carver Police Department strive to meet the needs and demands of the community in a professional and ethical manner.

A review of the department's activity for 2012 is listed below. The incidents of violent crimes have dropped slightly in the past year. The incidents of property crimes have risen. The rise in property crimes is not unusual during difficult economic times. I attribute most of the property crimes to the rise in opiate abuse in South Eastern Massachusetts. The rise can also be attributed to our more accurate record keeping and reporting that began two years ago.

The most noticeable decrease in calls for service has been in the area Domestic Disturbances. Over the past year we have reestablished a partnership with the South Shore Women's Center and the Plymouth County District Attorney's Office to follow up with counseling and enforcement involving domestic violence. We have also retrained all the Officers in investigating Domestic Violence cases.

In the past year the Carver Police have said good bye to three long time employees. Officer Anthony Luca retired in September with over 36 years of service to the Town of Carver. Dispatcher Charlotte Marando and Records Clerk Jean Tracy also retired in 2012.

We also welcomed some new employees. Officer William Kelly, Officer Glenn Gillen, and Records Clerk Amy Dowler joined the Carver Police this past year.

I would like to thank you, the citizens of Carver, for the honor of serving as your Chief of Police. I also wish to thank the members of the Police Department for their hard work and dedicated service to the community. We look forward to serving you in the coming year.

Respectfully Submitted,

Michael R. Miksch  
Chief of Police

FOOD – LOCALLY GROWN FRUITS, VEGETABLES AND OTHER FOOD DISTRIBUTED TO THE COUNCIL ON AGING AND HEAD START EQUALED 6,200 LBS., APPROXIMATELY 4,769 MEALS.

## SUPERINTENDENT OF SCHOOLS

### *Mission Statement*

*The mission of the Carver Public Schools  
is to provide a challenging, comprehensive education  
in a safe environment where all students  
are respected as individuals.*

The Carver Public Schools continually strives to achieve the goals of the mission statement. In September, we welcomed the faculty and staff with the fourth annual Celebration and Recognition Breakfast. Teachers and staff were recognized for perfect attendance, years of service, new degrees. Not only did we celebrate a high performing staff but also tremendous progress in student achievement. The student graduation rate continues to rise and is 10% higher than the national average. The SAT and MCAS scores are among the highest scores found in South Shore Schools. The class of 2012 received over \$ 56,000 in scholarships donated by this generous community. In the past year Carver students earned academic awards and students were selected for regional music awards. Carver athletes earned South Shore League All Stars recognition and many post season playoff and state tournament appearances.

Through a substantial grant of \$13,000 from the A.D. Makepeace Company, The Makepeace Literacy Leadership Center (MLLC) continues to provide literacy professional development for Carver teachers and other districts in southeastern Massachusetts.

The school department continues to face the challenge of providing a continuously improving educational environment in two aging buildings that are deemed *educationally deficient* by the Massachusetts School Building Authority. In March, 2013, the Carver School Committee and the Carver Board of Selectmen submitted a Statement of Interest for the renovation/new construction of the two elementary buildings. The school department looks forward to working with the town of Carver to find a mutually agreeable solution to address the educational deficiencies of the Erwin K Washburn and Governor John Carver buildings.

In the fall of 2012, the Carver Middle High School received continued accreditation from the New England Association of Schools and Colleges (NEASC). There were many commendations for our educational programs at the Carver Middle High School. In April of 2013, the Carver Elementary School received continued accreditation for the full day Kindergarten Program from the National Association for the Education of Young Children (NAEYC). The Carver community has many reasons to celebrate the success of their schools.

## TOWN ADMINISTRATOR

In several ways 2012 was a particularly challenging year. The loss of our outstanding long-serving Town Accountant John Quincy Adams to another town, as well as the loss of our Building Commissioner Mike Mendoza, not only caused operational disruption but left me and the town departments and staff with a significant personal loss. Both Adams and Mendoza served the town with great dedication and professionalism for many years and we miss them personally and professionally. Looking forward to 2013 it will be a challenge to replace both positions at the performance level that these gentlemen brought to Carver.

I was pleased to work with our elected and appointed officials, particularly the leadership of our school department and capital outlay committee to continue to provide a responsible budget and spending plan for the town even during a continued stretch of little or no growth in state aid and new growth taxes. Our officials, department heads, and employee groups are to be commended for working together, making concessions, and doing more with less. Carver continues to have one of the lowest per capita costs for in the entire region for the services provided. This would not be possible without the dedication and creativity of our department heads and employees. The town should be proud of them.

I would like to thank Elaine Weston and Diane Scully of the Board of Selectmen/Town Administrator's Office for their efforts this very challenging year. The dedication and good humor that they bring to the office and the public is a true asset particularly in this very challenging environment. Finally, I would like to recognize my Assistant, Jean Bouchard, as she moves toward a well earned retirement. Jean has been my assistant for ten years and an employee in this office for approximately eight more. Jean has managed the operation of the Board of Selectmen's Office and the countless duties associated with her title with tremendous competence, dedication, and true concern for her fellow employees and the public. She has certainly earned a long and happy retirement but will be missed by all.

Respectfully Submitted,

Richard J. LaFond  
Town Administrator

## TREASURER/COLLECTOR

The Treasurer/Collector's Office processes the collection of real estate taxes, personal property taxes, motor vehicle and trailer excise taxes, betterments and water liens. In addition the office also receives all departmental revenues such as fees, licenses, etc. and administers payroll and employee benefits, short and long term investments, borrowing and debt management and reconciliation of cash and receivables.

The office is staffed by three full time employees. Paula Nute, Assistant Tax Collector, performs most of the duties in tax collection as well as processing delinquent taxes through the Deputy Tax Collector and pursuing tax title and tax foreclosures. Peggy McLaughlin, Payroll/Benefits Coordinator, processes weekly and biweekly payroll and manages benefits as well as assisting in collections of taxes and departmental receipts. Ann Maddeford, Treasurer/Tax Clerk, collects taxes and departmental receipts and assists the Assistant Tax Collector and Payroll/Benefits Coordinator as needed. The Assistant Treasurer position, which would normally prepare the cash books, reconcile bank accounts and collect and deposit departmental receipts has not been funded since FY2004.

Since quarterly tax billing for real and personal property taxes was commenced in Fiscal Year 2010, improved cash flow has provided increased cash balances; eliminating the need for short term borrowing to pay bills. The Report of the Tax Collector for Fiscal Year 2012 reflects subsequent fiscal year commitments for real estate, personal property and so called CPA taxes (Fiscal Year 2013) contained on the first and second quarterly billings. These billings were prepared at the end of June 2012.

The Town's bond rating has continued to reflect a AA- rating by Standard and Poor.

This annual report includes treasury information such as cash and the schedule of long and short term indebtedness as well as a recap of tax collections. Cash Balances reflects a stabilization fund of \$955,476.32.

On the Schedule of Indebtedness \$ 421,801.57 in long term debt was repaid. In March 2012 short term financing for the balances of the Elementary School Feasibility Study (\$ 58,702.00) and the Schematic Design for a proposed Elementary School project (\$ 450,000.00) was renewed. The Feasibility Study portion of the short term note has two payments of \$ 29,351.33 remaining and the Schematic Design portion has three payments of \$ 150,000.00 remaining. In June 2012 \$349,480.00 in short term notes were issued to pay for various pieces of equipment and vehicles voted via Article # 8 of the June 14, 2010 Annual Town Meeting. Payment of these notes will be paid through out the next three fiscal years.

The Authorized and Unissued Debt refers to debt authorized by town meeting which has not been permanently financed (long term debt). Parts of the balances are being financed using the short term notes referenced in the paragraph above.

Respectively submitted,

John K. Franey, C.P.A.  
Treasurer/Collector

## TOWN ACCOUNTANT

The following statements are presented to show the Town of Carver's financial condition for the fiscal year ending June 30, 2012. The first statement is a combined balance sheet for all the funds of the Town. In the following paragraphs I have provided a quick synopsis of what these funds are for and why they are segregated:

Property taxes are the major source of funding for the General Fund. The General Fund reflects the financial transactions related to general governmental activities which are not otherwise accounted for in another fund. The General Fund contains the operating budget of the Town and warrant articles that are funded through taxes or by transfers from free cash or stabilization. In general, only the undesignated fund balance of the General Fund can be used to help fund future budgets. Most other funds contain fund balances that are designated (or restricted) to specific purposes. The balance sheet for the General Fund shows an undesignated fund balance of \$ 1,636,519. The Department of Revenue has certified \$ 706,948 of this balance to be used for any purpose town meeting deems appropriate. Amounts not certified are known as the town's reserves. These reserve levels of fund balance are to mitigate current and future risks (e.g., revenue shortfalls and unanticipated expenditures) and to ensure stable tax rates.

Special Revenue funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. These purposes are decided as a matter of law or specific restrictions are placed upon them at an annual or special town meeting.

Capital Project Funds account for the acquisition of capital facilities. These funds are initiated by warrant article at town meeting, but by law, are segregated from the General Fund. Unlike General Fund warrant articles the authorization of bonds or notes to fund these projects puts additional legal restrictions on the unexpended balance of these funds.

Enterprise Funds - Water funds are restricted to the operation of water distribution. These funds are set up to be self-supporting from user charges related to water consumption. The Middleboro

Water fund merged into the NCWD. The Cranberry Village Water and the North Carver Water District operate as Enterprise Funds with the Board of Selectmen acting as Water Commissioners for Cranberry Village and the NCWD have separately elected Water Commissioners.

Fiduciary Funds - Trust and Agency Funds account for money and securities received and held by the Town as trustee (Trust Funds) or custodian (Agency Funds). The Towns Stabilization fund is included as another trust fund.

The General Long-Term Debt Group includes the liabilities for Long-term debt. Annual payments of principal and interest are raised each year as part of the operating budget of the Town.

Government financial statements can be difficult to read and comprehend. As always, I am available to take questions regarding these or any other financial reports of the Town. Please feel free to call or stop by my office at any time.

Respectfully Submitted,

John Q. Adams

Town Accountant
